Preface

This volume contains the general laws of a permanent nature enacted by the General Assembly through the 2009 Regular Session that are within Chapters 115C through 122C, and brings to date the annotations included therein.

A majority of the Session Laws are made effective upon becoming law, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 60 days after the adjournment of the session" in which passed.

A ready reference index is included at the back of this volume. This index is intended to give the user a quick reference to larger bodies of statutes within this volume only. For detailed research on any subject, both within this volume and the General Statutes as a whole, see the General Index to the General Statutes.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, selected opinions which construe a specific statute are cited in the annotations to that statute. For a copy of an opinion or of its headnotes, write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

This recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any suggestions they may have for improving the General Statutes to the Department, or to LexisNexis, Charlottesville, Virginia.

Roy Cooper
Attorney General

The State Board of Education shall report this information annually by October 31 to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division."

Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade-level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

"The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

"(b) Funds are appropriated in this act to evaluate the Disadvantaged Student Supplemental Funding Initiatives and Low-Wealth Initiatives. The State Board of Education shall use these funds to:

"(1) Evaluate the strategies implemented by local school administrative units with Disadvantaged Student Supplemental Funds and Low-Wealth Funds and assess their impact on student performance; and

"For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

"(d) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year."

Dropout Prevention Grants. — Session Laws 2007-323, s. 7.32(a)-(f), as amended by Session Laws 2008-107, ss. 7.14(a) and 7.14A, and as amended by Session Laws 2008-181, s. 35.1, provides: "(a) Findings. — The General Assembly finds that:

"(1) North Carolina's schools recorded 22,180 dropout events in grades 9-12 for 2005-2006, a nine and nine-tenths percent (9.9%) increase from the count reported in 2004-2005. It is the highest count of dropouts since 1999-2000.

"(2) A disproportionate share of the increase in dropout rates occurred in large local school administrative units.

"(3) Black males accounted for a disproportionate amount of the increase in dropout count, and the dropout rate for black males increased to seven and one-hundredths percent (7.01%), an eight and four-tenths percent (8.4%) increase over the 2004-2005 rate.

"(4) Students drop out of school for a variety of reasons, including academic issues, family and other personal reasons, discipline issues, drug abuse, the need to work, school size, and school climate.

"(5) Students who drop out of school without graduating are more likely to be unemployed, receive public assistance, and have a higher incarceration rate than those who graduate.

"(6) In order for our citizens and State to thrive in a global, knowledge-based economy, it is imperative that more of our students graduate from high school with the knowledge and skills needed for postsecondary education or high-skilled employment.

"(7) Differing local needs and local resources necessitate the development of locally generated programs and initiatives that target dropouts and high school retention.

"(b) Purpose. — Recognizing that having an unacceptable dropout rate is not a new development in North Carolina, or in the rest of the country, and that over the years there have been, and continue to be, many programs and initiatives that have strived to address this issue, the purpose of this section is to focus attention and resources on innovative programs and initiatives that succeed in keeping students in school when other conflicting factors are pushing them to drop out before they are prepared to further their postsecondary education or enter the workforce.

"(c) Committee. — There is established the Committee on Dropout Prevention. The Committee shall be located administratively in the Department of Public Instruction but shall exercise its powers and duties independently of the Department of Public Instruction. The Department of Public Instruction shall provide for the administrative costs of the Committee and shall provide staff to the Committee.

"The Committee shall determine which local school administrative units, schools, agencies, and nonprofits shall receive dropout prevention grants under subsection (d) of this section, the amount of each grant, and eligible uses of the grant funding. The Committee shall consist of the following 15 members:

"(1) The Governor shall appoint five members, of whom one is a superintendent of schools, one is a representative of a nonprofit, and one is a school social worker;

"(2) The General Assembly upon the recommendation of the President Pro Tempore of the Senate shall appoint five members, of whom one is a principal, one is a representative of a school of education, and one is a school counselor; and

"(3) The General Assembly upon the recommendation of the Speaker of the House of Representatives shall appoint five members, of whom one is a teacher, one is a member of the business community, and one is a representative of the juvenile justice system.

"The President Pro Tempore of the Senate

State Library of North Carolina

"(d) Dropout Prevention Grants. — The following criteria apply to dropout prevention grants approved by the Committee established under subsection (c) of this section.

"(1) Grants shall be issued in varying amounts up to a maximum of one hundred fifty thousand dollars ($150,000).

"(2) These grants shall be provided to innovative programs and initiatives that target students at risk of dropping out of school and that demonstrate the potential to (i) be developed into effective, sustainable, and coordinated dropout prevention and reentry programs in middle schools and high schools and (ii) serve as effective models for other programs.

"(3) Priority shall be given to new programs and initiatives or to those that have begun within the last five school years.

"(4) Grants shall be distributed geographically throughout the State.

"(5) Grants may be made to local school administrative units, schools, local agencies, or nonprofit organizations.

"(6) Grants shall be to programs and initiatives that hold all students to high academic and personal standards.

"(7) Grant applications shall state (i) how grant funds will be used, (ii) what, if any, other resources will be used in conjunction with the grant funds, (iii) how the program or initiative will be coordinated to enhance the effectiveness of existing programs, initiatives, or services in the community, and (iv) a process for evaluating the success of the program or initiative.

"(8) Programs and initiatives that receive grants under this subsection shall be based on best practices for preventing students from dropping out of school or for increasing the high school completion rate for those students who already have dropped out of school.

"(9) Priority for grants shall be given to proposals that demonstrate input from the local community and coordination with other available programs or resources.

"(10) Grantees shall assure their compliance with applicable laws and rules regulating conflicts of interest.

"(12) Grants shall be made no later than November 1, 2007.

"(e) Report. — The Committee shall report to the Joint Legislative Commission on Dropout Prevention and High School Graduation created in subsection (f) of this section by December 1, 2007, on the grants awarded under subsection (d) of this section. The Committee shall terminate on December 31, 2010

"(f) Joint Legislative Commission on Dropout Prevention and High School Graduation. —

"(1) There is created the Joint Legislative Commission on Dropout Prevention and High School Graduation (Commission) to be composed of 16 members, eight appointed by the President Pro Tempore of the Senate and eight appointed by the Speaker of the House of Representatives. The President Pro Tempore and the Speaker shall each designate a cochair from their appointees. Vacancies shall be filled in the same manner as the original appointments were made.

"(2) The cochairs shall jointly call the first meeting of the Commission. A quorum of the Commission is a majority of its members.

"(3) The Commission shall:

"a. Evaluate initiatives and programs designed to reduce the dropout rate and increase the number of students who graduate from high school prepared to further their postsecondary education or enter the workforce.

"b. Review the research on factors related to students' success in school.

"d. Study the emergence of major middle school and high school reform efforts, including Learn and Earn Programs, the New Schools Initiative, and 21st Century Schools, and the impact they may have on the dropout rate.

"e. Examine strategies, programs, and support services that should be provided if the compulsory school attendance age is raised to enable students to graduate from high school and time lines for implementing those strategies, programs, and support services.

"f. Following a review of the courses required for graduation and the current system of awarding credit for those courses, determine whether changes should be made that better recognize the different learning rates and other needs of students.

"g. Determine which interventions and other strategies, such as accelerated learning, tutoring, mentoring, or small class sizes, when employed as a substitute to grade retention or as a subsequent measure to grade retention, are the most effective at enabling these students to remain in school and graduate.

"h. Study any other issue that the Commission considers relevant and appropriate.

"(4) The Legislative Services Commission, through the Legislative Services Officer, shall assign professional and clerical staff to assist in the work of the Joint Legislative Commission on Dropout Prevention and High School Graduation. The expenses of employment of the clerical staff shall be borne by the Joint Legislative Commission on Dropout Prevention and High School Graduation.

"(5) The Commission may meet at various locations around the State in order to promote greater public participation in its deliberations. The Legislative Services Commission, through the Legislative Services Officer, shall grant to the Joint Legislative Commission on Dropout Prevention and High School Graduation adequate meeting space in the State Legislative Building or the Legislative Office Building.

"(8) The Commission shall submit an interim written report of its findings and recommendations on or before the convening of the 2009 Session of the General Assembly. The Commission may submit an interim report, including any recommendations and proposed legislation, to the Joint Legislative Education Oversight Committee and the General Assembly by May 1, 2010, and shall submit a final written report of its findings and recommendations on or before the convening of the 2011 Session of the General Assembly. All reports shall be filed with the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Legislative Librarian. Upon filing its final report, the Commission shall terminate."

Session Laws 2008-107, s. 7.14(b), provides: "Committee. — The Committee on Dropout Prevention, as created in Section 7.32 of S.L. 2007-323, is reestablished to determine which local school administrative units, schools, agencies, and nonprofits shall receive dropout prevention grants under this section, the amount of each grant, and eligible uses of the grant funding. When utilizing outside grant reviewers and raters, the Committee is encouraged to utilize individuals who represent public schools, universities, and community-based organizations.

"The members of the Committee shall assure they are in compliance with laws and rules governing conflicts of interest. The Committee shall meet on the call of the cochairs provided that the Committee shall meet at least once every three months.

"In the event of a vacancy on the Committee, the appointing authorities are encouraged to provide representation on the Committee from each of the eight educational districts as defined in G.S. 115C-65."

If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

"(c) Eligibility for Funds. — Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

"(d) Allocation of Funds. — Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. "(f) Minimum Effort Required. — Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

"(g) Nonsupplant Requirement. — A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

"(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

"(2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

"(h) Reports. — The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

"(i) Department of Revenue Reports. — The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property."

For similar prior provisions, see Session Laws 1999-237, s. 8.5(a)-(j), Session Laws 2001-424, s. 28.6(a)-(j), Session Laws 2003-284, s. 7.6(a)-(j), Session Laws 2005-276, s. 7.6(a)-(j), and Session Laws 2007-323, s. 7.6(a)-(j).

The allocation formula shall:

"(1) Round all fractions of positions to the next whole position.

"(2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.

"(3) Provide additional program enhancement teachers adequate to offer the standard course of study.

"(4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.

"(5) Provide a base for the consolidated funds allotment of at least seven hundred eighty-eight thousand seven hundred eighty-nine dollars ($788,789), excluding textbooks, for the 2009-2010 fiscal year and a base of seven hundred eighty-eight thousand seven hundred eighty-nine dollars ($788,789) for the 2010-2011 fiscal year.

"(6) Allot vocational education funds for grade 6 as well as for grades 7-12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula also is not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

"(b) Nonsupplant Requirement. — A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

"(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

"(2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

"(c) Phase-Out Provisions. — If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for seven years after the unit becomes ineligible.

"(d) Definitions. — As used in this section:

"(1) 'Average daily membership' means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.

"(3) 'Local current expense funds' means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

"(4) 'Sales assessment ratio studies' means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

"(6) 'Supplant' means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

"(7) 'Weighted average of the three most recent annual sales assessment ratio studies' means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

"(e) Reports. — The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

"(f) Use of Funds. — Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7."

CASE NOTES

Minimum Quantum of Educational Instruction Required. — G.S. 115C-1, consistent with the purpose of the constitutional provision it was designed to implement, does not mandate equal access to a school term of nine consecutive months, but rather refers to the minimum quantum of educational instruction required. How that minimum quantum of instruction is translated into an annual school calendar is then prescribed by G.S. 115C-84.2, which sets out certain requirements, but otherwise mandates that the local board shall designate when the 180 instructional days shall occur and specifically recognizes year-round schools as a permissible calendaring scheme. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Board of Education Has Authority to Assign Students to Year-Round Schools. — G.S. 115C-1 does not limit the authority of a county board of education to assign students to year-round schools because G.S. 115C-1, consistent with the purpose of the constitutional provision it was designed to implement, N.C. Const. art. IX, § 2, does not mandate equal access to a school term of nine consecutive months but rather refers to the minimum quantum of educational instruction required; G.S. 115C-1 merely codifies the State's constitutional requirement of a general and uniform system of free public schools, which shall be maintained at least nine months in every year, N.C. Const. art. IX, § 2, and while the educational opportunities available to children attending year-round schools may differ from those available to pupils at traditional schools, these differences do not remove year-round calendar schools from the "uniform system" of public schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

§ 115C-2. Administrative procedure.

All action of agencies taken pursuant to this Chapter, as agency is defined in G.S. 150B-2, is subject to the requirements of the Administrative Procedure Act, Chapter 150B of the General Statutes. (1981, c. 423, s. 1; 1987, c. 827, s. 1.)

§ 115C-3. Access to information and public records.

Except as otherwise provided in this Chapter, access to information gathered and public records made pursuant to the provisions of this Chapter must be in conformity with the requirements of Chapter 132 of the General Statutes. (1981, c. 423, s. 1.)

§ 115C-4. Open meetings law.

Meetings of governmental bodies held pursuant to the provisions of this Chapter must be in conformity with the requirements of Article 33C of Chapter 143 of the General Statutes. (1981, c. 423, s. 1.)

CASE NOTES

Claims Against Education Board Properly Dismissed. — Alamance-Burlington Board of Education was a local board of education as defined in G.S. 115C-5(5); a trial court's dismissal of a father's claims arising from the death of a student who was struck by a school bus was proper because the claims were inseparably connected to events occurring at the time the driver was operating the bus in the course of his employment, and thus fell within G.S. 143-300.1. The North Carolina Industrial Commission therefore had exclusive jurisdiction. Stacy v. Merrill, 191 N.C. App. 131, 664 S.E.2d 565, 2008 N.C. App. LEXIS 1156 (2008).

Joint Legislative JOBS (Joining Our Businesses and Schools) Study Commission. — Session Laws 2009-339 preamble and ss. 1 through 11, provide: "Whereas, the Innovative Education Initiatives Act became law in 2003; and

"Whereas, as a result of this act, 52 Early and Middle College programs have been developed as a collaboration between the public schools, the community colleges, and private business; and

"Whereas, these schools have generally evidenced a decrease in their dropout rates and, as a result, have won national awards; and

"Whereas, North Carolina has seven identified economic development regions, each with its own challenges in today's changing and demanding job market; and

"Whereas, North Carolina has numerous innovative public and private programs based in Science, Technology, Engineering, and Mathematics (STEM); and

"Whereas, to be efficient with the taxpayers' dollars, to continue to increase the graduation rate, and to prepare our students for twenty-first century jobs, it would be beneficial to map these innovative education programs, including the development of additional Early and Middle College programs and STEM programs, and other public and private education programs that have instructional programs that prepare students to meet the particular employment and workforce preparation needs of the respective economic development regions. In addition, it would be beneficial to develop curriculum frameworks that reflect innovative design principles in some of these schools that would address both regional and statewide employment needs; and

"Whereas, the United States Department of Education has identified 16 career clusters as a tool to connect career technical education (CTE) to education, workforce preparation, and economic development; and

"Whereas, the North Carolina STEM Community Collaborative/MCNC is supporting the creation of a replicable community visioning process, engaging business, policy, education, and community stakeholders in mapping their local needs and producing a plan for sustainable, local education innovation based in science, technology, engineering, and mathematics; and

"Whereas, it would be beneficial to position each region and the State to compete in the regional, national, and global economy by creating a joint legislative study commission to review the vision plans and overall needs of each economic development region as well as the overall needs of the State; and

"Whereas, the Commission should advise the North Carolina Education Cabinet and specifically the Department of Public Instruction as they develop standard instructional programs for twenty-first century career paths in accordance with the Early and Middle College and STEM models and study the implementation of pilot programs in these respective regions that will best suit the potential of the region and better prepare students for the increased academic demands of a global economy; Now, therefore,

(1) Financial Powers. — The financial powers of the Board are set forth in Article 30 of this Chapter.

(1a) To Submit a Budget Request to the Director of the Budget. — The Board shall submit a budget request to the Director of the Budget in accordance with G.S. 143C-3-3. In addition to the information requested by the Director of the Budget, the Board shall provide an analysis relating each of its requests for expansion funds to anticipated improvements in student performance.

(2) Repealed by Session Laws 1985 (Regular Session, 1986), c. 975, s. 24.

(5) Apportionment of Funds. — The Board shall have authority to apportion and equalize over the State all State school funds and all federal funds granted to the State for assistance to educational programs administered within or sponsored by the public school system of the State.

(6) Power to Demand Refund for Inaccurate Apportionment Due to False Attendance Records. — When it shall be found by the State Board of Education that inaccurate attendance records have been filed with the State Board of Education which resulted in an excess allotment of funds for teacher salaries in any school unit in any school year, the school unit concerned may be required to refund to the State Board the amount allotted to said unit in excess of the amount an accurate attendance record would have justified.

(7) Power to Alter the Boundaries of City School Administrative Units and to Approve Agreements for the Consolidation and Merger of School Administrative Units Located in the Same County. — The Board shall have authority, in its discretion, to alter the boundaries of city school administrative units and to approve agreements submitted by county and city boards of education requesting the merger of two or more contiguous city school administrative units and the merger of city school administrative units with county school administrative units and the consolidation of all the public schools in the respective units under the administration of one board of education: Provided, that such merger of units and reorganization of school units shall not have the effect of abolishing any special taxes that may have been voted in any such units.

(8) Power to Make Provisions for Sick Leave and for Substitute Teachers. — The Board shall provide for sick leave with pay for all public school employees in accordance with the provisions of this Chapter and shall promulgate rules and regulations providing for necessary substitutes on account of sick leave and other teacher absences.

The minimum pay for a substitute teacher who does not hold a teaching certificate shall be fifty percent (50%) of the daily pay rate of an entry-level teacher with an "A" certificate. The pay for noncertified substitutes shall not exceed the pay of certified substitutes.

Local boards may use State funds allocated for substitute teachers to hire full-time substitute teachers.

(9) Miscellaneous Powers and Duties. — All the powers and duties exercised by the State Board of Education shall be in conformity with the Constitution and subject to such laws as may be enacted from time to time by the General Assembly. Among such duties are:

a. To certify and regulate the grade and salary of teachers and other school employees.

b. To adopt and supply textbooks.

c. To adopt rules requiring all local boards of education to implement the Basic Education Program on an incremental basis within funds appropriated for that purpose by the General Assembly and by units of local government. Beginning with the 1991-92 school year, the rules shall require each local school administrative unit to implement fully the standard course of study in every school in the State in accordance with the Basic Education Program so that every student in the State shall have equal access to the curriculum as provided in the Basic Education Program and the standard course of study.

The Board shall establish benchmarks by which to measure the progress that each local board of education has made in implementing the Basic Education Program.

c1. To issue an annual "report card" for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance.

c2. Repealed by Session Laws 1995 (Regular Session, 1996), c. 716, s. 1.

c3. To develop a system of school building improvement reports for each school building. The purpose of school building improvement reports is to measure improvement in the growth in student performance at each school building from year to year, not to compare school buildings. The Board shall include in the building reports any factors shown to affect student performance that the Board considers relevant to assess a school's efforts to improve student performance. Local school administrative units shall produce and make public their school building improvement reports by March 15, 1997, for the 1995-96 school year, by October 15, 1997, for the 1996-97 school year, and annually thereafter. Each report shall be based on building-level data for the prior school year.

d. To formulate rules and regulations for the enforcement of the compulsory attendance law.

e. To manage and operate a system of insurance for public school property, as provided in Article 38 of this Chapter.

In making substantial policy changes in administration, curriculum, or programs the Board should conduct hearings throughout the regions of the State, whenever feasible, in order that the public may be heard regarding these matters.

The Board shall involve and survey a representative sample of parents, teachers, and the public to help determine academic content standard priorities and usefulness of the content standards. A full review of available and relevant academic content standards that are rigorous, specific, sequenced, clear, focused, and measurable, whenever possible, shall be a part of the process of the development of content standards. The revised content standards developed in the core academic areas shall (i) reflect high expectations for students and an in-depth mastery of the content; (ii) be clearly grounded in the content of each academic area; (iii) be defined grade-by-grade and course-by-course; (iv) be understandable to parents and teachers; (v) be developed in full recognition of the time available to teach the core academic areas at each grade level; and (vi) be measurable, whenever possible, in a reliable, valid, and efficient manner for accountability purposes.

High school course content standards shall include the knowledge and skills necessary to pursue further postsecondary education or to attain employment in the 21st century economy. The high school course content standards also shall be aligned with the minimum undergraduate course requirements for admission to the constituent institutions of The University of North Carolina. The Board may develop exit standards that will be required for high school graduation.

The Board also shall develop and implement an ongoing process to align State programs and support materials with the revised academic content standards for each core academic area on a regular basis. Alignment shall include revising textbook criteria, support materials, State tests, teacher and school administrator preparation, and ongoing professional development programs to be compatible with content standards. The Board shall develop and make available to teachers and parents support materials, including teacher and parent guides, for academic content standards. The State Board of Education shall work in collaboration with the Board of Governors of

The University of North Carolina to ensure that teacher and school administrator degree programs, ongoing professional development, and other university activity in the State's public schools align with the State Board's priorities.

(10) Power to Provide for Programs or Projects in the Cultural and Fine Arts Areas. — The Board is authorized and empowered, in its discretion, to make provisions for special programs or projects of a cultural and fine arts nature for the enrichment and strengthening of educational opportunities for the children of the State.

(11) Power to Conduct Education Research. — The Board is authorized to sponsor or conduct education research and special school projects considered important by the Board for improving the public schools of the State. Such research or projects may be conducted during the summer months and involve one or more local school units as the Board may determine. The Board may use any available funds for such purposes.

(12) Duty to Provide for Sports Medicine and Emergency Paramedical Program. — The State Board of Education is authorized and directed to develop a comprehensive plan to train and make available to the public schools personnel who shall have major responsibility for exercising preventive measures against sports related deaths and injuries and for providing sports medicine and emergency paramedical services for injuries that occur in school related activities. The plan shall include, but is not limited to, the training, assignment of responsibilities, and appropriate additional reimbursement for individuals participating in the program.

The State Board of Education is authorized and directed to develop an implementation schedule and a program funding formula that will enable each high school to have a qualified sports medicine and emergency paramedical program by July 1, 1984.

The State Board of Education is authorized and directed to establish minimum educational standards necessary to enable individuals serving as sports medicine and emergency paramedical staff to provide such services, including first aid and emergency life saving skills, to students participating in school activities.

(13) Power to Purchase Liability Insurance. — The Board is authorized to purchase insurance to protect board members from liability incurred in the exercise of their duty as members of the Board.

(15) Duty to Develop Noncertified Personnel Position Evaluation Descriptions. — The Board is authorized and directed to develop position evaluation descriptions covering those positions in local school administrative units for which certification by the State Board of Education is not normally a prerequisite. The position evaluation descriptions required in this subdivision are to be used by local boards of education

as the basis for assignment of noncertified employees to an appropriate pay grade in accordance with salary grades and ranges adopted by the State Board of Education. No appropriations are required by this subdivision.

(16) Power with Regard to Salary Schedules. — The Board shall provide for sick leave with pay for all public school employees in accordance with the provisions of this Chapter and shall promulgate rules and regulations providing for necessary substitutes on account of sick leave and other teacher absences.

The Board shall classify these support positions in terms of uniform pay grades included in the salary schedule of the State Personnel Commission.

By the end of the third payroll period of the 1995-96 fiscal year, local boards of education shall place State-allotted office support personnel, teacher assistants, and custodial personnel on the salary schedule adopted by the State Board of Education so that the average salary paid is the State-allotted amount for the category. In placing employees on the salary schedule, the local board shall consider the education, training, and experience of each employee, including experience in other local school administrative units. It is the intent of the General Assembly that a local school administrative unit not fail to employ an employee who was employed for the prior school year in order to implement the provisions of this sub-subdivision. A local board of education is in compliance with this sub-subdivision if the average salary paid is at least ninety-five percent (95%) of the State-allotted amount for the category at the end of the third payroll period of the 1995-96 fiscal year, and at least ninety-eight percent (98%) of the State-allotted amount for the category at the end of the third payroll period of each subsequent fiscal year. The Department of Public Instruction shall provide technical assistance to local school administrative units regarding the implementation of this sub-subdivision.

c. Salary schedules for other support personnel, including but not limited to maintenance and school food service personnel, shall be adopted by the State Board of Education. The Board shall classify these support positions in terms of uniform pay grades included in the salary schedule of the State Personnel Commission. These schedules shall apply if the local board of education does not adopt a salary schedule of its own for personnel paid from other than State appropriations.

(17) Power to provide for school transportation programs. The State Board of Education is authorized and empowered to promulgate such policies, rules, and regulations as it may deem necessary and desirable for the operation of a public school transportation system by each local administrative unit in the State. Such policies, rules, and

regulations shall include, but are not limited to, fund allocations and fiscal support to assure the effective and efficient use of funds appropriated by the General Assembly in support of the school transportation system. Nothing herein shall be construed to affect in any way or to lessen in any way the full and complete authority of local boards of education to assign pupils to schools in accordance with G.S. 115C-366.

(18) Duty to Develop and Implement a Uniform Education Reporting System, Which Shall Include Standards and Procedures for Collecting Fiscal and Personnel Information.

The plan shall provide information that will enable the General Assembly to determine State, local, and federal expenditures for personnel at the unit and school level. The plan also shall allow the tracking of expenditures for textbooks, educational supplies and equipment, capital outlay, at-risk students, and other purposes. The revised Uniform Education Reporting System shall be implemented beginning with the 1999-2000 school year.

(19) Duty to Identify Required Reports and to Eliminate Unnecessary Reports and Paperwork. — Prior to the beginning of each school year, the State Board of Education shall identify all reports that are required at the State level for the school year.

The State Board of Education shall adopt policies to ensure that local school administrative units are not required by the State Board of Education, the State Superintendent, or the Department of Public Instruction staff to (i) provide information that is already available on the student information management system or housed within the Department of Public Instruction; (ii) provide the same written information more than once during a school year unless the information has changed during the ensuing period; or (iii) complete forms, for children with disabilities, that are not necessary to ensure compliance with the federal Individuals with Disabilities Education Act (IDEA). Notwithstanding the foregoing, the State Board may require information available on its student information management system or require the same information twice if the State Board can demonstrate a compelling need and can demonstrate there is not a more expeditious manner of getting the information.

(20) Duty to Report Appointment of Caretaker Administrators and Boards. — Pursuant to G.S. 120-30.9G the State Board of Education shall submit to the Attorney General of the United States within 30 days any rules, policies, procedures, or actions taken pursuant to G.S. 115C-64.4 which could result in the appointment of a caretaker administrator or board to perform any of the powers and duties of a local board of education where that school administrative unit is covered by the Voting Rights Act of 1965.

(24) Duty to Develop Standards for Alternative Learning Programs, Provide Technical Assistance on Implementation of Programs, and Evaluate Programs. — The State Board of Education shall adopt standards for assigning students to alternative learning programs. These standards shall include (i) a description of the programs and services that are recommended to be provided in alternative learning programs and (ii) a process for ensuring that an assignment is appropriate for the student and that the student's parents are involved in the decision. The State Board also shall adopt policies that define what constitutes an alternative school and an alternative learning program.

The State Board of Education shall also adopt standards to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans and proposals for alternative learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. As part of its evaluation of the effectiveness of these programs, the State Board shall, through the application of the accountability system developed under G.S. 115C-105.35, measure the educational performance and growth of students placed in alternative schools and alternative programs. If appropriate, the Board may modify this system to adapt to the specific characteristics of these schools. Also as part of its evaluation, the State Board shall evaluate its standards adopted under this subdivision and make any necessary changes to those standards based on strategies that have been proven successful in improving student achievement and shall report to the Joint Legislative Education Oversight Committee by April 15, 2006 to determine if any changes are necessary to improve the implementation of successful alternative learning programs and alternative schools.

(25) Duty to Report to Joint Legislative Education Oversight Committee. — Upon the request of the Joint Legislative Education Oversight Committee, the State Board shall examine and evaluate issues, programs, policies, and fiscal information, and shall make reports to that Committee. Furthermore, beginning October 15, 1997, and annually thereafter, the State Board shall submit reports to that Committee regarding the continued implementation of Chapter 716 of the 1995 Session Laws, 1996 Regular Session. The plan shall include, at a minimum, how dropouts are counted and the methodology for calculating the dropout rate, the ability to track students movements among schools and districts, and the ability to provide information on who drops out and why.

(28) Duty to Develop Rules for Issuance of Driving Eligibility Certificates. — The State Board of Education shall adopt the following rules to assist schools in their administration of procedures necessary to implement G.S. 20-11 and G.S. 20-13.2:

The State Board also shall develop policies as to when it is appropriate to notify the Division of Motor Vehicles that a person who is or was enrolled in a public school or in a charter school no longer meets the requirements for a driving eligibility certificate.

The State Board shall develop a form for parents, guardians, or emancipated juveniles, as appropriate, to provide their written, irrevocable consent for a school to disclose to the Division of Motor Vehicles that the student no longer meets the conditions for a driving eligibility certificate under G.S. 20-11(n)(1) or G.S. 20-11(n1), if applicable, in the event that this disclosure is necessary to comply with G.S. 20-11 or G.S. 20-13.2. Other than identifying under which statutory subsection the student is no longer eligible, no other details or information concerning the student's school record shall be released pursuant to this consent. This form shall be used for students enrolled in public schools or charter schools.

The State Board of Education may use funds appropriated for drivers education to cover the costs of driving eligibility certificates.

In the study, particular consideration is to be given to whether or not to eliminate, continue, or change the emphasis placed on the Scholastic Aptitude Test (SAT) and ACT Assessment for North Carolina students as a mandatory university admissions measure. The study is also to review incorporating the State's testing program into admissions, placement, and advanced placement decisions. Based on its findings, the Board of Governors of The University of North Carolina, in cooperation with the State Board of Education and the State Board of Community Colleges, is authorized to develop recommendations to improve the measures used to assess a student's academic performance, to adopt alternative measures, or to use various combinations of both to determine more accurately a student's academic knowledge and performance. The Board of Governors may make an interim report to the Joint Legislative Education Oversight Committee no later than March 1, 2002, and shall submit a final report by December 1, 2003. It is recommended that the study continue beyond the final report date.

Study and Report on School Counselor's Role in Providing Dropout Prevention and Intervention Services. — Session Laws 2006-176, ss. 1, 2, provide: "1. Research shows that school counselors can provide effective services to students that encourage them to stay in school, succeed in school, and graduate from high school. Research also shows that middle school is a critical time for students who are at risk of dropping out of school. The General Assembly currently provides funding that local school administrative units may use to hire school counselors; it is unclear, however, what role school counselors play in providing effective and efficient dropout prevention and intervention services to students in middle and high school. The General Assembly needs additional information to determine whether adjustments should be made in funding for school counselors or assignment of duties to school counselors; therefore, the State Board of Education shall report the following information to the Joint Legislative Education Oversight Committee prior to March 15, 2007.

"(1) The counselor-to-student ratio in schools with a sixth grade or higher grade;

"(2) The source of funds used for each of these counselors;

"(3) A review and analysis of the counselors' primary duties by school;

"(4) A summary and description of school-based dropout prevention and intervention services provided directly to students in the sixth grade and higher grades, including the role of school counselors in providing the services; and

"(5) The number of school counselors and other individuals per local school administrative unit whose primary responsibility is to provide school-based dropout prevention and intervention services and the percentage of their time spent providing these services.

"2. The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to November 1, 2007, on the implementation of State Board Policy QP-C-012, Policy Delineating the Job Description and Performance Criteria for School Counselors."

CASE NOTES

Editor's Note. *— Some of the cases below were decided under corresponding provisions of former Chapter 115.*

Constitutionality. — No question arises under the Constitution of the United States with reference to the validity of delegation of authority to the State Board of Education. Guthrie v. Taylor, 279 N.C. 703, 185 S.E.2d 193 (1971), cert. denied, 406 U.S. 920, 92 S. Ct. 1774, 32 L. Ed. 2d 119 (1972).

Construction with Constitutional Mandates. — G.S. 115C-12, especially as a codification of the N.C. Const., Art. IX, § 5, can be read as setting a floor for the quantum of education required. Any other construction of the statute would place G.S. 115C-12 in conflict with G.S. 115C-84.2(a)(1)'s requirement that a school calendar include a minimum of 180 days and 1,000 hours of instruction covering at least 9 calendar months. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Taken together, under G.S. 115C-12, 115C-408, and 115C-451, the powers of the North Carolina Board of Education (BOE) are limited to the control, administration, and disbursement of state and federal moneys, while the state superior courts maintain jurisdiction to hear disputes between charter schools and their local boards of education; thus, a superior court and not the BOE had jurisdiction to consider the claim of a group of charter schools that a local board of education and its superintendent had violated G.S. 115C-238.29H(b) by failing to transfer to the charter schools a pro rata share of the per pupil moneys included in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Delegation of Power. — The principle forbidding delegation of legislative powers without the establishment of appropriate standards applies to the powers conferred upon the Board by statute; it does not apply to the powers conferred upon the Board by the Constitution. Guthrie v. Taylor, 279 N.C. 703, 185 S.E.2d 193 (1971), cert. denied, 406 U.S. 920, 92 S. Ct. 1774, 32 L. Ed. 2d 119 (1972).

Derivation of Board Powers. — The State Board of Education derives powers both from the Constitution and from acts of the General Assembly. Guthrie v. Taylor, 279 N.C. 703, 185 S.E.2d 193 (1971), cert. denied, 406 U.S. 920, 92 S. Ct. 1774, 32 L. Ed. 2d 119 (1972).

OPINIONS OF ATTORNEY GENERAL

Salary and Hours of Certified Employees. — N.C. Const., Art. IX, § 5 and G.S. 115C-272(a), 115C-284(c), 115C-296, 115C-315(d) and subsection (9) of this section give the State Board of Education the authority to establish salary schedules for all certified employees and to establish the amount of work required to earn those salaries. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

Hours of Noncertified Employees of Local Board. — The State Board of Education has the power to prescribe the number of hours which noncertified employees of a local board of education must work in order to receive the salary provided by the State and set forth in the State Board's Salary Schedule. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

Educational programs operated by public schools for three- and four-year-old children are not subject to licensure and regulation by the Child Day Care Commission. See opinion of Attorney General to Mr. Harry E. Wilson, Legal Specialist, North Carolina Department of Public Instruction, 60 N.C.A.G. 36 (1990).

Educational programs for three- and four-year-old children housed in public school buildings but operated by private providers are subject to licensure and regulations by the Child Day Care Commission. See opinion of Attorney General to Mr. Harry E. Wilson, Legal Specialist, North Carolina Department of Public Instruction, 60 N.C.A.G. 36 (1990).

State is not prohibited from purchasing day care services from day care programs operated by public schools, even though those programs are not licensed by the Child Day Care Commission. See opinion of Attorney General to Mr. Harry E. Wilson, Legal Specialist, North Carolina Department of Public Instruction, 60 N.C.A.G. 36 (1990).

§ 115C-12.1. Training of State Board members.

The State Board of Education shall establish minimum training requirements for members of the State Board of Education. All board members shall participate in training programs, as required by the State Board. (1991, c. 689, s. 200(c).)

§ 115C-12.2. Voluntary shared leave.

The State Board of Education, in cooperation with the State Board of Community Colleges and the State Personnel Commission, shall adopt rules and policies to allow any employee at a public school to share leave voluntarily with an immediate family member who is an employee of a public school, community college, or State agency; and with a coworker's immediate family member who is an employee of a public school, community college, or State agency. For the purposes of this section, the term "immediate family member" means a spouse, parent, child, brother, sister, grandparent, or grandchild. The term includes the step, half, and in-law relationships. The term "coworker" means that the employee donating the leave is employed by the same agency, department, institution, university, local school administrative unit, or community college as the employee whose immediate family member is receiving the leave. (1999-170, s. 2; 2003-9, s. 2; 2003-284, s. 30.14A(b).)

Editor's Note. — Session Laws 2003-9, s. 4, provides: "Prior to the adoption of any rules pursuant to this Act:

"(a) The president of any community college shall allow any employee of that community college to share leave voluntarily with an immediate family member, as defined in Section 3 of this Act, who is an employee of a community college, public school, or State agency; and

"(b) Community colleges, public schools, and State agencies shall permit eligible employees to receive leave pursuant to this Act."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5, is a severability clause.

§ 115C-13. Duty to maintain confidentiality of certain records.

Except as otherwise provided by federal law, local boards of education and their officers and employees shall provide to the State Board and to the Superintendent all information needed to carry out their duties. It is unlawful for any member of the State Board of Education, the Superintendent of Public Instruction, or any employee or officer of the State Board of Education or the Department of Public Instruction to disclose any of this information that the local board or its officers or employees could not lawfully disclose. This disclosure is a Class 1 misdemeanor. (1985, c. 757, s. 145(j); 1993, c. 539, s. 880; 1994, Ex. Sess., c. 24, s. 14(c).)

OPINIONS OF ATTORNEY GENERAL

The licensure status of teachers is public information that the State Board of Education and DPI create pursuant to the State Board of Education's constitutional and statutory authority to license or certify public school employees and is, therefore, not subject to the protections of this section. See opinion of Attorney General to Lowell Harris, Director Exceptional Children Division N. C. Department of Public Instruction, 1998 N.C.A.G. 47 (11/20/98).

§ 115C-14: Repealed by Session Laws 1987, c. 414, s. 11.

§ 115C-15: Repealed by Session Laws 1997-18, s. 1.

§ 115C-16. Authorization for school uniform pilot program.

The State Board of Education may authorize up to five local school administrative units to implement pilot programs in which students are required to wear uniforms in public schools.

Prior to selecting the pilot units, the State Board of Education shall develop guidelines for local boards of education to use when establishing requirements for students to wear uniforms in public schools. In developing these guidelines, the State Board shall consider (i) ways to promote parental and community involvement in the pilot programs, (ii) relevant State and federal constitutional concerns such as freedom of religion and freedom of speech, and (iii) the ability of students to purchase the uniforms.

Local boards in the pilot units shall establish requirements, consistent with the State Board's guidelines, for students enrolled in any of their schools to wear uniforms at school during the regular school day.

No State funds shall be used for the uniforms. (1995, c. 334, s. 1.)

Editor's Note. — Session Laws 1995, c. 334, s. 1 was codified as this section at the direction of the Revisor of Statutes.

CASE NOTES

General County Authority. — Where the county's uniform policy was implemented pursuant to its "general control and supervision" authority under G.S. 15C-36, the enactment of that uniform policy did not contravene this section. Hicks v. Halifax County Bd. of Educ., 93 F. Supp. 2d 649, 1999 U.S. Dist. LEXIS 21240 (E.D.N.C. 1999).

Construction with Other Laws. — This section did not limit the authority of the County School Board to adopt a uniform policy for its students, which was implemented pursuant to its "general control and supervision" authority under G.S. 115C-36. Hicks v. Halifax County Bd. of Educ., 93 F. Supp. 2d 649, 1999 U.S. Dist. LEXIS 21240 (E.D.N.C. 1999).

This section does not limit the authority of a county school board to adopt a uniform policy; it merely authorizes the State Board of Education to implement a pilot program, and the State Board chose not to do so, but instead to allow local authorities to adopt uniform policies in accordance with guidelines provided by the State Board. Hicks v. Halifax County Bd. of Educ., 93 F. Supp. 2d 649, 1999 U.S. Dist. LEXIS 21240 (E.D.N.C. 1999).

§ 115C-17. Rulemaking to implement ABC's Plan.

(a) G.S. 150B-21.2(a)(1) shall not apply to proposed rules adopted by the State Board of Education if the proposed rules are directly related to the implementation of this act [1995 (Reg. Sess., 1996), c. 716, s. 28].

(b) Notwithstanding G.S. 150B-21.3(b), a permanent rule that is adopted by the State Board of Education, is approved by the Rules Review Commission, and is directly related to the implementation of this act, shall become effective five business days after the Commission delivers the rule to the Codifier of Rules, unless the rule specifies a later effective date. If the State Board of Education specifies a later effective date, the rule becomes effective upon that date. A permanent rule that is adopted by the State Board of Education that is directly related to the implementation of this act, but is not approved by the Rules Review Commission, shall not become effective.

(c) G.S. 150B-21.4(b1) shall not apply to permanent rules the State Board of Education proposes to adopt if those rules are directly related to the implementation of this act [1995 (Reg. Sess., 1996), c. 716, s. 28].

(d) The State Board of Education shall determine whether a proposed rule is directly related to this act based upon a finding that there is a rational relationship between the proposed rule and specific provisions of this act. A proposed rule may create, amend, or repeal a rule. The State Board shall indicate in the notice of proposed text that the rule is directly related to the implementation of this act and that the Board is proceeding under the authority granted by this act.

(e) The State Board of Education shall provide written notice to all boards of county commissioners and all local boards of education of proposed rules that are directly related to the implementation of this act and that would affect the expenditures or revenues of a unit of local government under G.S. 150B-21.4(b). The notice shall state that a copy of the fiscal note may be obtained from the State Board. (1995 (Reg. Sess., 1996), c. 716, s. 28.)

Editor's Note. — Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 28, implementing the ABC's plan, was codified as this section at the direction of the Revisor of Statutes.

Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 28(f), provides that this section does not apply to sections 11 to 15.1 of that act [G.S. 115C-47, 115C-522, 115C-522.1, 115C-528, and 115C-529].

The time of the election of the Superintendent of Public Instruction shall be in accordance with the provisions of Article 1 of Subchapter I of Chapter 163 of the General Statutes.

The Department shall report to the Joint Legislative Commission on Governmental Operations on the reorganization."

Session Laws 2007-323, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2007'."

"A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

"(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year.

More at Four Program and Office of School Readiness. — Session Laws 2007-323, s. 7.24(a)-(f), as amended by Session Laws 2008-107, s. 7.17(c), and as amended by Session Laws 2008-181, s. 49.1, provides: "(a) The Department of Public Instruction shall continue the implementation of the 'More at Four' prekindergarten program for at-risk four-year-olds who are at risk of failure in kindergarten. The program is available statewide to all counties that choose to participate, including underserved areas. The goal of the program is to provide quality prekindergarten services to a greater number of at-risk children in order to enhance kindergarten readiness for these children. The program shall be consistent with standards and assessments established jointly by the Department of Health and Human Services and the Department of Public Instruction. The program shall include:

"(1) A process and system for identifying children at risk of academic failure.

"(2) A process and system for identifying children who are not being served in formal early education programs, such as child care, public or private preschools, Head Start, Early Head Start, early intervention programs, or other such programs, who demonstrate educational needs, and who are eligible to enter kindergarten the next school year, as well as children who are underserved.

"(3) A curriculum or several curricula that are research-based and/or built on sound instructional theory. These curricula shall: (i) focus primarily on oral language and emergent literacy; (ii) engage children through key experiences and provide background knowledge requisite for formal learning and successful reading in the early elementary years; (iii) involve active learning; (iv) promote measurable kindergarten language-readiness skills that focus on emergent literacy and mathematical skills; and (v) develop skills that will prepare children emotionally and socially for kindergarten.

"(4) An emphasis on ongoing family involvement with the prekindergarten program.

"(5) Evaluation of child progress through a statewide evaluation, as well as ongoing assessment of the children by teachers.

"(6) Guidelines for a system to reimburse local school boards and systems, private child care providers, and other entities willing to establish and provide prekindergarten programs to serve at-risk children.

"(7) A system built upon existing local school boards and systems, private child care providers, and other entities that demonstrate the ability to establish or expand prekindergarten capacity.

"(8) A quality-control system. Participating providers shall comply with standards and guidelines as established by the Department of Health and Human Services and the Department of Public Instruction. The Department may use the child care rating system to assist in determining program participation.

"(9) Standards for minimum teacher qualifications. A portion of the classroom sites initially funded shall have at least one teacher who is certified or provisionally certified in birth-to-kindergarten education.

"(10) A local contribution. Programs must demonstrate that they are accessing resources other than 'More at Four.'

"(11) A system of accountability to include a yearly review. The Department shall contract with an independent research organization to produce an annual report to include longitudinal review of the program and academic, behavioral, and other child specific outcomes. The review shall also include a test of the feasibility of conducting a quasi experimental research design with a representative sample or samples of children who complete the More at Four program every year and children of comparable demographics and grade levels that do not participate in a More at Four program. The review shall be presented to the Joint Legislative Oversight Committee on Education by January 31 of every year.

"(12) Consideration of the reallocation of existing funds. In order to maximize current funding and resources, the Department of Health and Human Services and the Department of Public Instruction shall consider the reallocation of existing funds from State and local programs that provide prekindergarten-related care and services.

"(b) The Department of Public Instruction shall implement a plan to expand 'More at Four' program standards within existing resources to include four- and five-star-rated centers and schools serving four-year-olds and develop guidelines for these programs. The 'NC Prekindergarten Program Standards' initiative shall recognize four- and five-star-rated centers that choose to apply and meet equivalent 'More at Four' program standards as high quality pre-k classrooms. Classrooms meeting these standards shall have access to training and workshops for 'More at Four' programs. Whenever expansion slots are available, these classrooms shall have first priority to receive them.

"The 'More at Four' program shall review the number of slots filled by counties on a monthly basis and shift the unfilled slots to counties with waiting lists. The shifting of slots shall occur through January 31 of each year, at which time any remaining funds for slots unfilled shall be used to meet the needs of the waiting list for subsidized child care.

"(c) The Department of Public Instruction shall submit a report by February 1, 2008, to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education, the House of Representatives Appropriations Subcommittee on Education, and the Fiscal Research Division. This final report shall include the following:

"(1) The number of children participating in the program.

"(2) The number of children participating in the program who have never been served in other early education programs, such as child care, public or private preschool, Head Start, Early Head Start, or early intervention programs.

"(3) The expected expenditures for the programs and the source of the local match for each grantee.

"(4) The location of program sites and the corresponding number of children participating in the program at each site.

"(5) A comprehensive cost analysis of the program, including the cost per child served by the program.

"(6) The status of the NC Prekindergarten initiatives as outlined in this section.

"(d) For the 2007-2008 and the 2008-2009 fiscal years, the 'More at Four' program shall establish income eligibility requirements for the program not to exceed seventy-five percent (75%) of the State median income. Up to twenty percent (20%) of children enrolled may have family incomes in excess of seventy-five percent (75%) of median income if they have other designated risk factors. Furthermore, any age-eligible child of (i) an active duty member of the armed forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the armed forces, who is ordered to active duty by the proper authority within the last 18 months or expected to be ordered within the next 18 months, or (ii) a member of the armed forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the armed forces, who was injured or killed while serving on active duty, shall be eligible for the program.

"(e) The 'More at Four' program funding shall not supplant any funding for classrooms serving four-year-olds as of the 2005-2006 fiscal year. Support of existing four-year-old classrooms with 'More at Four' program funding shall be permitted when current funding is eliminated, reduced, or redirected as required to meet other specified federal or State educational mandates.

"(f) If a county is unable to increase 'More at Four' slots because of a documented lack of available resources necessary to provide the required local contribution for the additional slots allocated to the county for the 2007-2008 fiscal year, the contract agency for that county may appeal to the Office of School Readiness for an exception to the required local amount for those additional slots. The Office of School Readiness may grant an exception and allot funds to pay up to ninety percent (90%) of the full cost of the additional slots for that county if it finds that (i) there is in fact a documented lack of available resources in the county and (ii) granting the exception will not reduce access statewide to 'More at Four' slots."

Article 5.

Local Boards of Education.

§ 115C-35. How constituted.

(a) The county board of education in each county shall consist of five members elected by the voters of the county at large for terms of four years: Provided, that where there are multiple local school administrative units located within the county, and unless the county board is responsible for appointing members of the board of education of a city administrative unit located within the county, only those voters who reside within the county school administrative unit boundary lines shall be eligible to vote for members of the county board of education. Where the county board is responsible for appointing members of the board of education of a city administrative unit located within the county, the voters residing within that city school administrative unit shall be eligible to vote for members of the county board of education.

The terms of office of the members of boards of education of all school administrative units in this State, who serve on June 25, 1975, shall continue until members are elected and qualified as provided in this section unless modified by local legislation.

(b) No person residing in a local school administrative unit shall be eligible for election to the board of education of that local school administrative unit unless such person resides within the boundary lines of that local school administrative unit. § 115C-36. Designation of board.

All powers and duties conferred and imposed by law respecting public schools, which are not expressly conferred and imposed upon some other official, are conferred and imposed upon local boards of education. Said boards of education shall have general control and supervision of all matters pertaining to the public schools in their respective administrative units and they shall enforce the school law in their respective units. CASE NOTES

Sovereign Immunity of Boards. — The county board of education was held to be more akin to a county in North Carolina than to an arm of the State for purposes of sovereign immunity, where this provision expressly excludes local school boards from the definition of a State agency, where the State would not be liable for any costs associated with the plaintiff-disgruntled employee's suit for overtime pay, and where a judgment rendered against the local school board would not affront the State's dignity. Cash v. Granville County Board of Educ., 242 F.3d 219, 2001 U.S. App. LEXIS 2976 (4th Cir. 2001).

General County Authority. — Where the county's uniform policy was implemented pursuant to its "general control and supervision" authority under this section, the enactment of that uniform policy did not contravene G.S. 115C-16. Hicks v. Halifax County Bd. of Educ., 93 F. Supp. 2d 649, 1999 U.S. Dist. LEXIS 21240 (E.D.N.C. 1999).

Board of education's resolution to authorize its chairman to approve an interlocal agreement was afforded a presumption of legality and correctness: (1) G.S. 160A-274, G.S. 153A-158, G.S. 115C-36, and G.S. 115C-518 authorized the board, upon such terms and conditions as it deemed wise, to exchange property owned by the board, based upon a determination that the property was no longer suitable and necessary for public school purposes; (2) the board determined that the replacement office space in the Government Center was more suitable for its needs; (3) this determination was adequate to meet the unnecessary or unsuitable requirement of G.S. 115C-518, (4) plaintiff failed to overcome the presumption of legality afforded public officials; therefore (5) plaintiff's complaint did not state a cause of action, as required by G.S. 1A-1, N.C. R. Civ. P. 8(a), for which relief could be granted. Reese v. Charlotte-Mecklenburg Bd. of Educ. & Mecklenburg, — N.C. App. —, 676 S.E.2d 481, 2009 N.C. App. LEXIS 532 (2009).

Adoption of School Uniform Policy. — This section did not limit the authority of the County School Board to adopt a uniform policy for its students, which was implemented pursuant to its "general control and supervision" authority under this section. Hicks v. Halifax County Bd. of Educ., 93 F. Supp. 2d 649, 1999 U.S. Dist. LEXIS 21240 (E.D.N.C. 1999).

OPINIONS OF ATTORNEY GENERAL

School System Can Transfer Qualified Employees from Locally Funded Positions to State Funded Positions. — The power to assign teachers to either state or locally funded positions rests with local boards of education and, therefore, a school system could properly transfer qualified employees from locally funded positions to state funded positions in order to maximize its use of state funds. See opinion of Attorney General to Leslie Winner, Charlotte-Mecklenburg Board of Education, 1999 N.C. AG LEXIS 21 (5/26/99).

§ 115C-37. Election of board members.

(a) Method of Election. — The county boards of education shall be elected on a nonpartisan basis at the time of the primary election in 1970 and biennially thereafter. The names of the candidates shall be printed on the ballots without reference to any party affiliation and any qualified voter residing in the county shall be entitled to vote such ballots. Except as otherwise provided herein, the election shall be conducted according to the provisions of Chapter 163 of the General Statutes then governing primary elections.

The terms of office of the members shall be staggered so as nearly equal to one half as possible shall expire every two years.

(b) County Board of Elections to Provide for Elections. — The county board of elections under the direction of the State Board of Elections, shall make all necessary provisions for elections of county boards of education as are herein provided for. The county board of elections of each county shall file with the State Board of Elections a statement specifying the size and method of election of members of its county board of education.

(c) City Board of Education. — The board of education for any city administrative unit shall be appointed or elected as now provided by law. If no provision is now made by the law for the filling of vacancies in the membership of any city board of education, such vacancy may be filled by the governing body of the city or town embraced by said administrative unit. In the event that any such vacancy is not filled in this manner within 30 days, the State Board of Education may fill such vacancy.

(d) Members to Qualify. — Each county board of education shall hold a meeting in December following the election. At that meeting, newly elected members of the board of education shall qualify by taking the oath of office prescribed in Article VI, Sec. 7 of the Constitution.

This subsection shall not have the effect of repealing any local or special acts relating to boards of education of any particular counties whose membership to said boards is chosen by a vote of the people.

(e) Vacancies in Nominations for Membership on County Boards. — If any candidate nominated on a partisan basis shall die, resign, or for any reason become ineligible or disqualified between the date of his nomination and the time for the election, such vacancy caused thereby may be filled by the actions of the county executive committee of the political party of such candidate.

(f) Vacancies in Office. — All vacancies in the membership of the boards of education whose members are elected pursuant to the provisions of subsection (a) of this section by death, resignation, or other causes shall be filled by appointment by the remaining members of the board, of a person to serve until the next election of members of such board, at which time the remaining unexpired term of the office in which the vacancy occurs shall be filled by election.

(g) Eligibility for Board Membership; Holding Other Offices. — Any person possessing the qualifications for election to public office set forth in Article VI, Sec. 6 of the Constitution of North Carolina shall be eligible to serve as a member of a local board of education: Provided, however, that any person elected or appointed to a local board of education, and also employed by that board of education, shall resign his employment before taking office as a member of that board of education.

Membership on a board of education is hereby declared to be an office that, with the exceptions provided above, may be held concurrently with any appointive office, pursuant to Article VI, Sec. 9 of the Constitution, but any person holding an elective office shall not be eligible to serve as a member of a local board of education.

(h) Death or Disqualification of Candidate in Nonpartisan Election. — If a candidate dies or becomes disqualified after the filing period has closed and before the election, and the ballots have not been printed, the county board of elections shall immediately reopen the filing period for five days so that additional candidates may file for election. If the ballots have been printed at the time the board of elections receives notice of the death or disqualification, the board shall reopen the filing period for three days if the board determines it will have time to reprint the ballots before the election.

In the event the board of elections determines that there is not time enough to reopen the filing period for three days and to reprint the ballots, then the ballots shall not be reprinted and the name of the deceased or disqualified candidate shall remain on the ballot. Votes cast for such candidate shall not be considered and the candidates receiving the highest number of votes equal to the number of positions to be filled shall be elected.

(i) The local board of education shall revise electoral district boundaries from time to time as provided by this subsection. If district boundaries are set by local act or court order and the act or order does not provide a method for revising them, the local board of education shall revise them only for the purpose of (i) accounting for territory annexed to or excluded from the school administrative unit, and (ii) correcting population imbalances among the districts shown by a new federal census or caused by exclusions or annexations. After the General Assembly has ratified an act establishing district boundaries, the local board of education shall not revise them again until a new federal census of population is taken or territory is annexed to or excluded from the school administrative unit, whichever event first occurs. After the local board of education has revised district boundaries in conformity with this act, the local board of education shall not revise them again until a new federal census of population is taken or territory is annexed to or excluded from the school administrative unit, whichever event occurs first, except that the board may make an earlier revision of district boundaries it has drawn if it must do so to comply with a court order or to gain approval of a district-revision plan by the U.S. Justice Department under Section 5 of the Voting Rights Act. In establishing district boundaries, the local board of education shall use data derived from the most recent federal census. CASE NOTES

Editor's Note. *— Most of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Effect of Failure to Qualify on Day Prescribed. — A county board of education is a body politic and corporate, and is authorized to prosecute and defend suits in its own name, and to discharge certain duties imposed by statute, and where the members of a board appointed by the General Assembly failed to take the oath of office on the date prescribed by statute, but took oath on the next succeeding day, their failure to qualify on the day prescribed did not impair the existence of the corporate body, and where they had discharged the statutory duties imposed upon them, and no vacancy had been declared by the State Board of Education, and no proceedings in the nature of quo warranto had been instituted to determine their right to office, the acts of the appointees as members of the board could not be annulled by a proceeding to restrain the board from purchasing a school site in discharge of its statutory duties. Crabtree v. Board of Educ., 199 N.C. 645, 155 S.E. 550 (1930).

Purpose of Former Statute as to Filling Vacancies. — See Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

Unexpired Term Divided into Two Parts. — See State ex rel. Atkins v. Fortner, 236 N.C. 264, 72 S.E.2d 594 (1952), decided under former § 115-24.

A member of the county board of education holds a public office under the State and was thus subject to the prohibition against double office holding contained in former N.C. Const., Art. XIV, § 7 (see now N.C. Const., Art. VI, § 9). Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

Under former N.C. Const., Art. XIV, § 7 (see now N.C. Const., Art. VI, § 9) one person could not hold the office of county commissioner and also be a member of the county board of education. State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898).

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— Most of the opinions below were rendered under corresponding provisions of former Chapter 115.*

This section did not supercede local legislation which provided that members of the County Board of Education, appointed to fill mid-term vacancies, would serve the remainder of the term of the office to which they were appointed. See opinion of Attorney General to Mr. Charles S. Rountree, III, Chairman, Edgecombe County Board of Elections, 1998 N.C.A.G. 2 (1/14/98).

Former §§ 115-18 and 115-19 Not Applicable to New Hanover County. — See opinion of Attorney General to Mr. William L. Hill, II, Attorney, New Hanover County Board of Education, 40 N.C.A.G. 230 (1969).

Former Statute Superseded by Special Act for Designated Boards of Education. — See opinion of Attorney General to Mr. John G. Mills, Jr., Attorney for Wake County Board of Education, 40 N.C.A.G. 226 (1970).

"Single-Shot" Voting Regulations Not Applicable to County Boards of Education. — See opinion of Attorney General to Mr. Thomas H. Morris, Chairman, Lenoir County Board of Elections, 40 N.C.A.G. 293 (1970).

Nonpartisan Election Requires Plurality of Votes Only. — See opinion of Attorney General to Mr. R. V. Biberstein, Jr., Pender County Board of Education Attorney, 40 N.C.A.G. 238 (1970).

As to filling vacancies on board whose members are elected on a nonpartisan basis, see opinion of Attorney General to Mr. Jesse C. Carson, Jr., Superintendent, County Schools, 40 N.C.A.G. 235 (1970).

As to former statute relating to eligibility applicable to technical institute personnel, see opinion of Attorney General to Mr. Holland McSwain, President, Tri-County Technical Institute, 40 N.C.A.G. 279 (1970).

Term of Appointments to Fill Vacancies. — Persons appointed to vacancies on the Brunswick County Board of Education are to serve until the next election of members of such board, at which time the remaining unexpired term of the office in which the vacancy occurred must be filled by election. See opinion of Attorney General to Mr. B. Joseph Causey, Jr. and Mr. Huey Marshall, 2004 N.C.A.G. 3 (4/13/04).

Because 1967 N.C. Sess. Laws c. 29 remains the controlling law for the Elizabeth City — Pasquotank Board of Education, any vacancies on the Board are to be filled by the remaining members of the Board and the persons so selected are to serve the complete unexpired term of the member whose death, resignation or disqualification from office created the vacancy. See opinion of Attorney General to Mr. L.P. Hornthal, Jr., Hornthal, Riley, Ellis & Maland, L.L.P., 2004 N.C.A.G. 9 (5/6/04).

Qualification of New Members. — If a person elected to the board of education who is also employed by the board does not resign before the second Monday in December following the election due to his continued employment with the board, a vacancy on the board will occur on that date. See opinion of Attorney General to L. Wardlaw Lamar, Valentine, Adams, and Lamar, L.L.P., 2004 N.C. AG LEXIS 13 (12/2/04).

There is no conflict between subsection (g) of this section and the Nash-Rocky Mount Local Act; therefore any person elected to the board of education who is also employed by the board is required to resign his employment before taking his seat. See opinion of Attorney General to L. Wardlaw Lamar, Valentine, Adams, and Lamar, L.L.P., 2004 N.C. AG LEXIS 13 (12/2/04).

There is no conflict between subsection (d) of this section and the Nash-Rocky Mount Local Act; therefore, new members of the board qualify for office by taking the oath at a meeting held on the second Monday in December following their election. See opinion of Attorney General to L. Wardlaw Lamar, Valentine, Adams, and Lamar, L.L.P., 2004 N.C. AG LEXIS 13 (12/2/04).

A person elected to the board of education who is also employed by the board who does not resign before the second Monday in December following the election due to his continued employment with the board, may qualify for appointment to a vacancy on the board when he does resign, but he will not qualify to hold the office by virtue of his election. See opinion of Attorney General to L. Wardlaw Lamar, Valentine, Adams, and Lamar, L.L.P., 2004 N.C. AG LEXIS 13 (12/2/04).

In the case of a vacancy on the district court, the appointment of a new judge is for the entire unexpired term. See opinion of Attorney General to The Honorable Christopher W. Bragg, Union County Courthouse, 2004 N.C. AG LEXIS 12 (11/18/04).

§ 115C-37.1. Vacancies in offices of county boards elected on partisan basis in certain counties.

(a) All vacancies in the membership of county boards of education which are elected by public or local act on a partisan basis shall be filled by appointment of the person, board, or commission specified in the act, except that if the act specifies that appointment shall be made by a party executive committee, then the appointment shall be made instead by the remaining members of the board.

(b) If the vacating member was elected as the nominee of a political party, then the person, board, or commission required to fill the vacancy shall consult with the county executive committee of that party and appoint the person recommended by that party executive committee, if the party executive committee makes a recommendation within 30 days of the occurrence of the vacancy.

(c) Whenever only the qualified voters of less than the entire county were eligible to vote for the member whose seat is vacant (either because the county administrative unit was less than countywide or only residents of certain areas of the administrative unit could vote in the general election for a district seat), the appointing authority must accept the recommendation only if the county executive committee restricted voting to committee members who represent precincts all or part of which were within the territory of the vacating school board member.

(d) **(Effective until December 1, 2010)** This section shall apply only in the following counties: Alleghany, Brunswick, Forsyth, Graham, New Hanover, Vance, and Washington.

(d) **(Effective December 1, 2010)** This section shall apply only in the following counties: Alleghany, Brunswick, Graham, New Hanover, Vance, and

Subsection (d) Set Out Twice. — The first version of subsection (d) set out above is effective until December 1, 2010. The second version of subsection (d) set out above is effective December 1, 2010.

Effect of Amendments. — Session Laws 2009-277, s. 1, effective July 10, 2009, substituted "Alleghany, Brunswick, Forsyth, Graham, New Hanover, Vance, and Washington" for "Alamance, Alleghany, Avery, Beaufort, Brunswick, Buncombe, Burke, Cabarrus, Caldwell, Carteret, Cherokee, Clay, Cleveland, Davidson, Davie, Forsyth, Graham, Guilford, Haywood, Henderson, Jackson, Madison, McDowell, Mecklenburg, Moore, New Hanover, Polk, Randolph, Rockingham, Rutherford, Stanly, Stokes, Transylvania, Vance, Wake, Washington, and Yancey" in subsection (d).

Session Laws 2009-277, s. 2, effective December 1, 2010, deleted "Forsyth" preceding "Graham" in subsection (d).

§ 115C-38. Compensation of board members.

The tax-levying authority for a local school administrative unit may, under the procedures of G.S. 153A-92, fix the compensation and expense allowances paid members of the board of education of that local school administrative unit.

Funds for the per diem, subsistence, and mileage for all meetings of county and city boards of education shall be provided from the current expense fund budget of the particular county or city.

The compensation and expense allowances of members of boards of education shall continue at the same levels as paid on July 1, 1975, until changed by or pursuant to local act or pursuant to this section. (1955, c. 1372, art. 5, s. 12; 1975, c. 569, ss. 1-3; 1977, c. 802, s. 39.5; 1981, c. 423, s. 1.)

§ 115C-39. Suspension of duties by State Board.

(a) Repealed by Session Laws 2007-498, s. 1, effective August 30, 2007.

(b) In the event the State Board of Education has appointed an interim superintendent under G.S. 115C-105.39 and the State Board determines that the local board of education has failed to cooperate with the interim superintendent, the State Board shall have the authority to suspend any of the powers and duties of the local board and to act on its behalf under G.S. 115C-105.39. (1955, c. 1372, art. 5, s. 13; 1981, c. 423, s. 1; 1995 (Reg. Sess., 1996), c. 716, s. 5; 2007-498, s. 1.)

§ 115C-40. Board a body corporate.

The board of education of each county in the State shall be a body corporate by the name and style of "The __________ County Board of Education," and the board of education of each city administrative school unit in the State shall be a body corporate by the name and style of "The __________ City Board of Education." The several boards of education, both county and city, shall hold all school property and be capable of purchasing and holding real and personal property, of building and repairing schoolhouses, of selling and transferring the same for school purposes, and of prosecuting and defending suits for or against the corporation.

Local boards of education, subject to any paramount powers vested by law in the State Board of Education or any other authorized agency shall have general control and supervision of all matters pertaining to the public schools in their respective local school administrative units; they shall execute the school laws in their units; and shall have authority to make agreements with other boards of education to transfer pupils from one local school administrative unit to another unit when the administration of the schools can be thereby more efficiently and more economically accomplished. (1955, c. 1372, art. 5, s. 10; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 24.)

CASE NOTES

Editor's Note. *— Most of the cases below were decided under corresponding provisions of former Chapter 115.*

Board Has Legal Existence Apart from Members. — Since the county board of education is a corporate body, it necessarily has a legal existence separate and apart from its members. Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952); McLaughlin v. Beasley, 250 N.C. 221, 108 S.E.2d 226 (1959).

County board of education is a corporate body which has a legal existence separate and apart from its members. Miller v. Henderson, 71 N.C. App. 366, 322 S.E.2d 594 (1984).

Claims Against Individual Members of Boards Failed. — Where plaintiffs did not specifically allege any acts corrupt, malicious, or outside the scope of duty by any individual member of either board, and instead, all the allegations were as to acts of the two boards qua boards, since a county board of education is a corporate body with a legal existence of its members, plaintiffs' claims against the individual members of the two boards had to fail. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

Committees are not given final authority. Their acts are under, subordinate to, and controlled by, the county or city boards. Revels v. Oxendine, 263 N.C. 510, 139 S.E.2d 737 (1965).

City voters' interest in functions performed by county board for the benefit of it and city boards — student transportation, the educational resource center, and the projects for special students — individually or collectively, did not amount to a compelling State interest that city voters participate in the election of certain county school board members. Locklear v. North Carolina State Bd. of Elections, 514 F.2d 1152 (4th Cir. 1975).

Need for and Location of New School Buildings. — The board of education determines whether new school buildings are needed and, if so, where they shall be located. Such decisions are vested in the sound discretion of the board, and its discretion with reference thereto cannot be restrained by the courts absent a manifest abuse of discretion or a disregard of law. Painter v. Wake County Bd. of Educ., 288 N.C. 165, 217 S.E.2d 650 (1975).

Board of County Commissioners Not Authorized to Devise and Fund School for Dyslexic Children, Absent Prior School Board Action. — Since, under the scheme for public education devised by the General Assembly, the board of county commissioners is empowered to appropriate funds only for items that are included by the board of education in its annual school budget, the board of county commissioners, absent statutory authority, cannot on its own initiative devise and fund programs for the school system. Therefore, a program of aid for the Dyslexia School of North Carolina devised and funded by the Gaston County Board of Commissioners on its own initiative and made directly to the school by that Board was not authorized under the statutory scheme for public education adopted by the General Assembly. Hughey v. Cloninger, 297 N.C. 86, 253 S.E.2d 898 (1979).

Disposition of Property Claim Would Not Lie Against Board of Commissioners. — The court did not err in determining complaint failed to state a claim as to the proposed sale of school and its adjacent property; the county board of education, not the board of commissioners, holds all school property and is capable of selling and transferring the same for school purposes; applying this law to the case under review, no claim with respect to disposition of the school property would lie against defendant board of commissioners. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

Actions Against Board. — A county school board is a body corporate, and while it may sue and be sued in its corporate name, this fact, standing alone, is not determinative as to what actions may be maintained against it. Eller v. Board of Educ., 242 N.C. 584, 89 S.E.2d 144 (1955).

Same — Tort Immunity. — A county school board of education has immunity from liability for torts of its members or agents except such liability as may be established under the Tort Claims Act, G.S. 143-291 et seq. Eller v. Board of Educ., 242 N.C. 584, 89 S.E.2d 144 (1955); Fields v. Durham City Bd. of Educ., 251 N.C. 699, 111 S.E.2d 910 (1960). But see § 115C-42 et seq.

The Tort Claims Act, G.S. 143-291 et seq., applicable to the State Board of Education and to State departments and agencies, except as amended by G.S. 143-300.1, does not include local units such as county and city boards of education. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959). But see § 115C-42 et seq.

For case in which a tort action against city school board based on negligence of employee was not allowed on grounds of governmental immunity, see Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959). But see § 115C-42 et seq.

Same — Taking of Property. — An adjoining property owner was entitled to maintain an action against county school board for recovery of compensation for an alleged taking of plaintiff's land arising out of the construction and operation of a sewage disposal device by the school board which allegedly rendered plaintiff's spring unfit for use and his dwelling unfit for habitation, since complaint did not allege or attempt to allege a cause of action in tort. Eller v. Board of Educ., 242 N.C. 584, 89 S.E.2d 144 (1955).

Same — Teacher's Contract. — An action may be maintained against a county board of education on a teacher's contract. Kirby v. Stokes County Bd. of Educ., 230 N.C. 619, 55 S.E.2d 322 (1949).

No Error in Dismissal of Plaintiffs' Claims for Preliminary Injunctive Relief. — Court did not err in dismissing plaintiffs' claims for preliminary injunctive relief; under a fair reading of plaintiffs' prayer for relief, the only preliminary injunctive relief requested was the enjoining of the disposal of the school property; while allegations may have been sufficient to show with particularity irreparable harm resulting from the expenditure of bond monies for the purchase of the facility, plaintiffs did not seek to enjoin that purchase. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

OPINIONS OF ATTORNEY GENERAL

Release to Attend Private School. — Local boards of education have the discretionary authority to release students from school for a part of the school day to attend a private school so long as the private school meets compulsory attendance requirements. A school board that elects to deny such permission does not violate the constitutional rights of parents or students. A board that elects to grant such permission should recognize, and should advise parents, that the absence from school may affect the student's academic progress. See opinion of Attorney General to Mr. W. Max Walser, Superintendent, Davidson County Schools, 57 N.C.A.G. 26 (1987).

§ 115C-41. Organization of board.

(a) Unless otherwise provided by local law, all local boards of education shall have an organizational meeting no later than 60 days after the swearing in of members following election or appointment and as often thereafter as the board shall determine appropriate. The board may fix the date and time of its organizational meeting. At the organizational meeting the members of all boards shall elect one of their members as chairman for a period of one year, or until his successor is elected and qualified. The chairman of the local board of education shall preside at the meetings of the board, and in the event of his absence or sickness, the board may appoint one of its members temporary chairman. The superintendent of schools, whether a county or city superintendent, shall be ex officio secretary to his respective board. He shall keep the minutes of the meetings of the board but shall have no vote: Provided, that in the event of a vacancy in the superintendency, the board may elect one of its members to serve temporarily as secretary to the board.

(b) All local boards of education shall meet on the first Monday in January, April, July, and October of each year, or as soon thereafter as practicable. A board may elect to hold regular monthly meetings, and to meet in special session upon the call of the chairman or of the secretary as often as the school business of the local school administrative unit may require. (1955, c. 1372, art. 5, ss. 9, 11; 1981, c. 423, s. 1; 1983, c. 408.)

Local Modification. — Cumberland: 1983, c. 99.

CASE NOTES

Editor's Note. — The cases below were decided under corresponding provisions of former Chapter 115.

A county board of education has no authority to transact business except at a regular or special meeting, and statements or promises made by the individual members thereof have no binding effect on the board unless it expressly authorizes them. Kistler v. Randolph County Bd. of Educ., 233 N.C. 400, 64 S.E.2d 403 (1951).

Attended by a Quorum. — A county board of education can exercise its power only in a regular or special meeting attended by at least a quorum of its members. It cannot perform its functions through its members acting individually, informally, and separately. Iredell County Bd. of Educ. v. Dickson, 235 N.C. 359, 70 S.E.2d 14 (1952).

The statute creating the county board of education does not specify in terms the number of members competent to transact its corporate business in the absence of other members. As a consequence, the common-law rule that a majority of the whole membership is necessary to constitute a quorum applies. Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

Fact that action by a board of education was taken at a special meeting rather than a regular meeting had no bearing on the question of bad faith or abuse of discretion in taking such action, since special meetings are permitted by statute. Kistler v. Randolph County Bd. of Educ., 233 N.C. 400, 64 S.E.2d 403 (1951).

OPINIONS OF ATTORNEY GENERAL

Member of Board of Education May Not Give Proxy to Cast Vote. — See opinion of Attorney General to Mr. Robert L. Edwards, Superintendent, Madison County Public Schools, 40 N.C.A.G. 203 (1969), rendered under former Chapter 115.

§ 115C-42. Liability insurance and immunity.

Any local board of education, by securing liability insurance as hereinafter provided, is hereby authorized and empowered to waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent or employee of such board of education when acting within the scope of his authority or within the course of his employment. Such immunity shall be deemed to have been waived by the act of obtaining such insurance, but such immunity is waived only to the extent that said board of education is indemnified by insurance for such negligence or tort.

Any contract of insurance purchased pursuant to this section shall be issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State or by a qualified insurer as determined by the Department of Insurance and shall by its terms adequately insure the local board of education against liability for damages by reason of death or injury to person or property proximately caused by the negligent act or torts of the agents and employees of said board of education or the agents and employees of a particular school in a local administrative unit when acting within the scope of their authority. The local board of education shall determine what liabilities and what officers, agents and employees shall be covered by any insurance purchased pursuant to this section. Any company or corporation which enters into a contract of insurance as above described with a local board of education, by such act waives any defense based upon the governmental immunity of such local board of education.

Every local board of education in this State is authorized and empowered to pay as a necessary expense the lawful premiums for such insurance.

Any person sustaining damages, or in case of death, his personal representative may sue a local board of education insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in the county of such board of education; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of governmental, municipal or discretionary function of such local board of education if, and to the extent, such local board of education has insurance coverage as provided by this section.

Except as hereinbefore expressly provided, nothing in this section shall be construed to deprive any local board of education of any defense whatsoever to any such action for damages or to restrict, limit, or otherwise affect any such defense which said board of education may have at common law or by virtue of any statute; and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to said local board of education or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

A local board of education may incur liability pursuant to this section only with respect to a claim arising after such board of education has procured liability insurance pursuant to this section and during the time when such insurance is in force.

No part of the pleadings which relate to or allege facts as to a defendant's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Such liability shall not attach unless the plaintiff shall waive the right to have all issues of law or fact relating to insurance in such an action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law with respect thereto unless the defendant shall request a jury trial thereon: Provided, that this section shall not apply to claims for damages caused by the negligent acts or torts of public school bus, or school transportation service vehicle drivers, while driving school buses and school transportation service vehicles when the operation of such school buses and service vehicles is paid from the State Public School Fund. (1955, c. 1256; 1957, c. 685; 1959, c. 573, s. 2; 1961, c. 1102, s. 4; 1977, 2nd Sess., c. 1280, s. 3; 1981, c. 423, s. 1; 1985, c. 527.)

CASE NOTES

***Editor's Note.** — Many of the cases below were decided under corresponding provisions of former Chapter 115.*

Applicability of Section. — This section does not apply to the type of claims which are covered by G.S. 143-300.1. Smith v. McDowell County Bd. of Educ., 68 N.C. App. 541, 316 S.E.2d 108 (1984).

Statute Not Retroactive. — Former G.S. 115-53, corresponding to this section, was, in its nature, not retroactive. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959).

Construction. — As with all state statutes waiving sovereign immunity, this section must be strictly construed. Mullis v. Sechrest, 126 N.C. App. 91, 484 S.E.2d 423 (1997), cert. granted, 346 N.C. 548, 488 S.E.2d 806 (1997), rev'd on other grounds, 347 N.C. 548, 495 S.E.2d 721 (1998).

Waiver of Tort Immunity Depends on Action of Board. — The legislature has not waived immunity from tort liability as to county and city boards of education, except as to such liability as may be established under the Tort Claims Act, G.S. 143-291 et seq., but has left the waiver of immunity from liability for torts to the respective boards, and then only to the extent such board has obtained liability insurance to cover negligence or torts. Fields v. Durham City Bd. of Educ., 251 N.C. 699, 111 S.E.2d 910 (1960). See G.S. 143-300.1.

Waiver of immunity under this section extends only to injuries specifically covered by insurance policy. Overcash v. Statesville City Bd. of Educ., 83 N.C. App. 21, 348 S.E.2d 524 (1986).

The defendants/county board of education did not waive their sovereign immunity through the purchase of liability insurance under this section where every one of three insurance policies precluded coverage for the injuries received by the minor plaintiff who was hit by a car five months after the assistant principal of her elementary school changed her bus stop in response to a complaint that she had been assaulted by several boys while on a school bus. Herring ex rel. Marshall v. Winston-Salem/Forsyth County Bd. of Educ., 137 N.C. App. 680, 529 S.E.2d 458, 2000 N.C. App. LEXIS 500 (2000).

As a county board of education's insurance policy excluded any claims that a mother could have asserted on behalf of her son that sounded in common-law negligence, arising from the mainstream middle school's decision to deny him further placement there for the remainder of a school year due to an assault incident, the board did not waive immunity and the mother's claims failed. Craig v. New Hanover County Bd. of Educ., 185 N.C. App. 651, 648 S.E.2d 923, 2007 N.C. App. LEXIS 1941 (2007).

School board's risk-management agreement with North Carolina School Board's Trust (NCSBT) does not waive governmental immunity because NCSBT does not qualify as liability insurance under G.S.115C-42. Frye v. Brunswick County Bd. of Educ., 612 F. Supp. 2d 694, 2009 U.S. Dist. LEXIS 18084 (E.D.N.C. 2009).

Without Waiver Liability Limited to Tort Claims Act. — A county board of education, unless it has duly waived immunity from tort liability, as authorized in former G.S. 115-53 (now this section), is not liable in a tort action or proceeding involving a tort, except as may be established under the Tort Claims Act, G.S. 143-291 et seq. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963); Brown v. Charlotte-Mecklenburg Bd. of Educ., 267 N.C. 740, 149 S.E.2d 10 (1966). See G.S. 143-300.1.

This section must be strictly construed against waiver. Hallman v. Charlotte-Mecklenburg Bd. of Educ., 124 N.C. App. 435, 477 S.E.2d 179 (1996).

The purchase of tort liability insurance constitutes a waiver of governmental immunity by board of education. James v. Charlotte-Mecklenburg Bd. of Educ., 60 N.C. App. 642, 300 S.E.2d 21 (1983).

Excess Insurance Policy Did Not Constitute Waiver of Immunity. — Education board did not waive tort immunity by purchasing a liability insurance policy providing coverage in excess of the board's self-insured retention of $1,000,000 because the board had immunity from tort claims, and thus it could not have been required to pay any part of the $1,000,000 self-insured amount; therefore, the excess policy provided no indemnification. Magana v. Charlotte-Mecklenburg Bd. of Educ., 183 N.C. App. 146, 645 S.E.2d 91, 2007 N.C. App. LEXIS 830 (2007).

Limitation of School Board's Waiver of Governmental Immunity. — The school board's waiver of governmental immunity was limited to the Insurance Guaranty Association's responsibility to pay $300,000, less set-off, for a covered claim under a policy issued to the board by an insolvent insurer, since the waiver was effective only to the amount that the board was indemnified. North Carolina Ins. Guar. Ass'n v. Burnette, 131 N.C. App. 840, 508 S.E.2d 837 (1998).

School Board Did Waive Sovereign Immunity to Extent of Excess Insurance Coverage. — Where a school board had participated in the North Carolina Schools Board Trust insurance plan, which insurance plan constituted an excess insurance policy, the school board was found to have waived immunity to the extent of such coverage in an action by a student and her parents arising from injury sustained when a traffic crossing gate came down on the student's car. Ripellino v. N.C. Sch. Bds. Ass'n, 158 N.C. App. 423, 581 S.E.2d 88, 2003 N.C. App. LEXIS 1184 (2003), cert. denied, 358 N.C. 156, 592 S.E.2d 694 (2004).

County board of education waived its governmental immunity under G.S. 115C-42 with respect to claims in excess of $150,000, but less than $1,000,000, by procuring an excess policy, which provided coverage of a cheerleader's claims, as it specifically incorporated one exclusion and failed to include the cheerleading exclusion of a coverage agreement with the North Carolina School Boards Trust. Lail v. Cleveland County Bd. of Educ., — N.C. App. —, 645 S.E.2d 180, 2007 N.C. App. LEXIS 1153 (2007).

Non-School Use of School Facilities. — The school district was not entitled to immunity for a personal injury claim suffered during a non-school sponsored event, where the school district had waived sovereign immunity by obtaining liability insurance, and it also had failed to comply with district procedures in allowing the non-school group to hold the event. Seipp v. Wake County Bd. of Educ., 132 N.C. App. 119, 510 S.E.2d 193 (1999).

After-School Program as Traditional Government Activity. — In personal injury case, court disagreed with plaintiff's contention that after-school program was a day-care facility and a non-traditional governmental activity not entitled to governmental immunity under this section, because the program failed to meet the statutory definition of a day-care facility under G.S. 110-86, the record revealed no evidence of profits, and the fees were insubstantial. Schmidt v. Breeden, 134 N.C. App. 248, 517 S.E.2d 171 (1999).

Where city, county and board of Education entered into an agreement creating a division of insurance and risk management to handle liability claims against the three entities, the risk management agreement was not a contract of insurance; therefore, under a strict construction of this section, the Board did not waive immunity by purchasing a contract of insurance. Mullis v. Sechrest, 126 N.C. App. 91, 484 S.E.2d 423 (1997), cert. granted, 346 N.C. 548, 488 S.E.2d 806 (1997), rev'd on other grounds, 347 N.C. 548, 495 S.E.2d 721 (1998).

Sufficiency of Complaint. — In the absence of an allegation in the complaint in a tort action against a city board of education, to the effect that such board has waived its immunity by the procurement of liability insurance to cover such alleged negligence or tort, or that such board has waived its immunity as authorized in this section, such complaint does not state a cause of action. Fields v. Durham City Bd. of Educ., 251 N.C. 699, 111 S.E.2d 910 (1960).

Motion to Amend Complaint Denied. — Motion to amend complaint denied where plaintiffs knew of the purchase of insurance for nearly two and a half years, and failed to amend their complaint to allege this until the motions hearing when defendants moved to dismiss the action based on plaintiffs' failure to so plead. Gunter v. Anders, 115 N.C. App. 331, 444 S.E.2d 685 (1994), cert. denied, 339 N.C. 612, 454 S.E.2d 250, cert. dismissed, 339 N.C. 738, 454 S.E.2d 651 (1995).

Effect of Purchase of Insurance on Motion for Directed Verdict. — Waiver of governmental immunity to any extent by the purchase of liability insurance is sufficient to preclude the granting of a motion for a directed verdict on the ground of governmental immunity. Clary v. Alexander County Bd. of Educ., 286 N.C. 525, 212 S.E.2d 160 (1975).

Subject Matter Jurisdiction. — Where sovereign immunity is waived by the purchase of liability insurance, subject matter jurisdiction is statutorily vested in the superior court. Meyer v. Walls, 122 N.C. App. 507, 471 S.E.2d 422 (1996), aff'd in part and rev'd in part, 347 N.C. 97, 489 S.E.2d 880 (1997).

Trial court properly dismissed assault victims' negligence claim against a city education board, which was based on the alleged acts of a school bus monitor and driver in not reporting a conversation between two teenagers on the bus that they would rob someone with a gun, because the North Carolina Industrial Commission had exclusive jurisdiction over the claim. Stein v. Asheville City Bd. of Educ., 168 N.C.

App. 243, 608 S.E.2d 80, 2005 N.C. App. LEXIS 263 (2005), rev'd on other grounds, 360 N.C. 321, 626 S.E.2d 263 (2006).

Exclusionary Clause of Insurance Policy Covering School Bus Liability Construed. — Construing exclusionary insurance clause, court held that clause excluded liability for injuries suffered by pupils while being transported by school bus or in the process of boarding or disembarking from a school bus, as well as excluding injuries associated with design of bus route or location of bus stop, even though latter exclusion was not specifically stated in policy. Beatty v. Charlotte-Mecklenburg Bd. of Educ., 99 N.C. App. 753, 394 S.E.2d 242 (1990), appeal dismissed, 329 N.C. 691, 406 S.E.2d 579 (1991).

When an assistant principal was sued for a student's injuries when an automobile struck the student as she walked to her school bus stop, assistant principal was entitled to summary judgment because, under G.S. 115C-42, he only waived sovereign immunity to the extent he purchased liability coverage, his insurance policy contained an exclusion of coverage for incidents arising from the use of a motor vehicle, and an exception to this exclusion for supervising students entering and exiting a school bus required the assistant principal's personal presence before his sovereign immunity was waived, and, as he was not present when the student was injured, his sovereign immunity was not waived, whether or not he changed the student's bus stop after she was assaulted on the school bus. Herring v. Liner, 163 N.C. App. 534, 594 S.E.2d 117, 2004 N.C. App. LEXIS 422 (2004).

Dismissal of a father's claims arising from the death of a student struck by a school bus was proper because, even if the North Carolina Industrial Commission did not have exclusive jurisdiction, the education board did not waive governmental immunity through the purchase of liability insurance; the relevant insurance agreements included exclusions for claims arising out of or in connection with, inter alia, and operation and use of a school bus. Although the operative complaint included allegations of, inter alia, failure to provide proper paths, and failure to supervise students, strict construction of G.S. 115C-42 and the insurance agreements compelled the conclusion that the alleged damages were caused, at least in part, by the negligence of a school bus driver and were exempt from coverage. Stacy v. Merrill, 191 N.C. App. 131, 664 S.E.2d 565, 2008 N.C. App. LEXIS 1156 (2008).

Vicarious Liability of Board. — County Board of Education's vice-chairman was not acting as an agent of the board when he made statements concerning plaintiff in action against board to newspaper editor; therefore, the board was not vicariously liable for vice-chairman's conduct. Phillips v. Winston-Salem/Forsyth County Bd. of Educ., 117 N.C. App. 274, 450 S.E.2d 753 (1994).

Board of education did not waive sovereign immunity by entering into an agreement with the North Carolina School Boards Trust which required the Trust to pay damages resulting from claims against the board for bodily injury up to $100,000; however because the Trust purchased insurance from an insurance company meeting at least one of the requirements of G.S. 115C-42 for claims over $100,000 but less than $1 million, the board had waived sovereign immunity as to those claims. Lucas v. Swain County Bd. of Educ., 154 N.C. App. 357, 573 S.E.2d 538, 2002 N.C. App. LEXIS 1458 (2002).

Applied in Durham City Bd. of Educ. v. National Union Fire Ins. Co., 109 N.C. App. 152, 426 S.E.2d 451 (1993); Cash v. Granville County Board of Educ., 242 F.3d 219, 2001 U.S. App. LEXIS 2976 (4th Cir. 2001).

OPINIONS OF ATTORNEY GENERAL

Agreements Establishing Self-Insurance Programs. — Local boards of education have authority under Article 20 of Chapter 160A, G.S. 160A-460 et seq., to make agreements establishing a self-insurance program, provided (1) the contracts establishing such program contain the provisions required by G.S. 160A-464, and (2) the contracts incorporate certain limitations set forth in this section and G.S. 115C-43. See opinion of Attorney General to Mr. Gene Causby, Executive Director, North Carolina School Boards Association, 55 N.C.A.G. 77 (1986).

Local boards of education may enter into interlocal agreements to form the North Carolina School Boards Trust. See opinion of Attorney General to Edwin Dunlap, Jr., Executive Director, North Carolina School Boards Association, 2002 N.C. AG LEXIS 12 (2/20/02).

A Local Board of Education's Participation in the Self Retained Component Does Not Waive Immunity. — A local board of education's participation in the self retained component of the North Carolina School Boards Trust's risk management program does not constitute a waiver of governmental immunity under the statute, however, local boards waive their governmental immunity to the extent that the boards themselves are named insureds under any excess insurance policies that the trust has purchased. 2002 N.C. AG LEXIS 12 (2/20/02).

§ 115C-43. Defense of board of education members and employees.

(a) Upon request made by or in behalf of any member or employee or former member or employee, any local board of education may provide for the defense of any civil or criminal action or proceeding brought against him either in his official or in his individual capacity, or both, on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as a member of or employee of the local board of education. The defense may be provided by the local board of education by its own counsel, or by employing other counsel, or by purchasing insurance which requires that the insurer provide the defense. Nothing in this section shall be deemed to require any local board of education to provide for the defense of any action or proceeding of any nature.

(b) Any local board of education may budget funds for the purpose of paying all or part of a claim made or any civil judgment entered against any of its members or employees or former members and employees, when such claim is made or such judgment is rendered as damages on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as a member of the local board of education or as an employee. Nothing in this section shall authorize any local board of education to budget funds for the purpose of paying any claim made or civil judgment entered against any of its members or employees or former members and employees if the local board of education finds that such member or employee acted or failed to act because of actual fraud, corruption or actual malice on his part. Any local board of education may budget for and purchase insurance coverage for payment of claims or judgments pursuant to this section. Nothing in this section shall be deemed to require any local board of education to pay any claim or judgment referred to herein, and the purchase of insurance coverage for payment of any such claim or judgment shall not be deemed an assumption of any liability not covered by such insurance contract, and shall not be deemed an assumption of liability for payment of any claim or judgment in excess of the limits of coverage in such insurance contract.

(c) Subsection (b) of this section shall not authorize any local board of education to pay all or part of a claim made or civil judgment entered or to provide a defense to a criminal charge unless (i) notice of the claim or litigation is given to the local board of education prior to the time that the claim is settled or civil judgment is entered and (ii) the local board of education shall have adopted, and made available for public inspection, uniform standards under which claims made, civil judgments entered, or criminal charges against members or employees or former members and employees shall be defended or paid. (1979, c. 1074, s. 1; 1981, c. 423, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Agreements Establishing Self-Insurance Programs. — Local boards of education have authority under Article 20 of Chapter 160A, G.S. 160A-460 et seq., to make agreements establishing a self-insurance program, provided (1) the contracts establishing such program contain the provisions required by G.S. 160A-464, and (2) the contracts incorporate certain limitations set forth in G.S. 115C-42 and this section. See opinion of Attorney General to Mr. Gene Causby, Executive Director, North Carolina School Boards Association, 55 N.C.A.G. 77 (1986).

Local boards of education may enter

into interlocal agreements to form the North Carolina School Boards Trust. See opinion of Attorney General to Edwin Dunlap, Jr., Executive Director, North Carolina School Boards Association, 2002 N.C. AG LEXIS 12 (2/20/02).

§ 115C-44. Suits and actions.

(a) A local board of education shall institute all actions, suits, or proceedings against officers, persons, or corporations, or their sureties, for the recovery, preservation, and application of all money or property which may be due to or should be applied to the support and maintenance of the schools, except in case of the breach of his bond by the treasurer of the county school fund, in which case action shall be brought by the board of county commissioners.

(b) In all actions brought in any court against a local board of education, the order or action of the board shall be presumed to be correct and the burden of proof shall be on the complaining party to show the contrary. (1955, c. 1372, art. 5, s. 14; 1981, c. 423, s. 1.)

CASE NOTES

***Editor's Note.** — Most of the cases below were decided under corresponding provisions of former Chapter 115.*

The right to sue for the protection or recovery of the school funds of a particular school administrative unit belongs by necessary implication to the governing board of that unit. Indeed, former G.S. 115-31 (now this section) confers upon the county board of education in explicit terms the power to sue for the preservation and recovery of the money or property of the county administrative unit. Branch v. Robeson County Bd. of Educ., 233 N.C. 623, 65 S.E.2d 124 (1951).

The county board of education pursued a governmental function in bringing suit to recover costs associated with the abatement of a potential health risk to school populations incurred as a result of the presence of construction materials containing asbestos. Rowan County Bd. of Educ. v. United States Gypsum Co., 332 N.C. 1, 418 S.E.2d 648 (1992).

Board Was Acting as Arm of State. — Given that the State (1) has undertaken the responsibility to provide free public schools, (2) has delegated day-to-day administration and operation of those schools to counties and local school boards, including the power to bring suit to recover money or property "which may be due to or should be applied to the support and maintenance of the schools" and (3) has retained the duty of providing those local entities with considerable operating funds from state revenues, the county board of education was acting as an arm of the State in pursuing the governmental function of constructing and maintaining its schools. Rowan County Bd. of Educ. v. United States Gypsum Co., 332 N.C. 1, 418 S.E.2d 648 (1992).

Statutory Discretion Was Not Withdrawn by Purchase of Facility. — Where plaintiffs alleged that defendants made unauthorized diversions of school bond proceeds to purposes other than those authorized by the bond resolution, namely for purpose of facility, although the sale of the school property may have resulted from the purchase of facility, the Board of Education's statutory discretion to determine that the school property was surplus property no longer needed for school purposes was not withdrawn by its actions with respect to the facility. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

Presumptions and Burden of Proof. — The provisions of former G.S. 115-31 (now this section) clearly provide for a presumption of correctness as to any order or action of the board in all actions brought in any court against a county or city board of education. The section further places the burden of proof on the complaining party to show otherwise. Eggiman v. Wake County Bd. of Educ., 22 N.C. App. 459, 206 S.E.2d 754, cert. denied, 285 N.C. 756, 209 S.E.2d 280 (1974).

As to the presumption of regularity and correctness in favor of the county board of education, see Barrett v. Craven County Bd. of Educ., 70 F.R.D. 466 (E.D.N.C. 1976).

Subsection (b) of this section clearly places the burden of proof on plaintiff probationary school teachers to establish that the actions of the board in failing to renew their contracts were arbitrary or capricious. Moreover, the burden of proof includes not only the burden of going forward with the evidence, but also the burden of persuasion. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

When a teacher alleged her right to due process was violated in proceedings before a school board to terminate her employment because the school board and the school superintendent who made the recommendation to terminate her employment were represented by the same attorney, the school board's actions were presumed to be correct, under N.C. Gen. Stat. G.S. 115C-44(b). Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

Applied in Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

§ 115C-45. Judicial functions of board.

(a) Power to Subpoena and to Punish for Contempt. — Local boards of education shall have power to issue subpoenas for the attendance of witnesses. Subpoenas may be issued in any and all matters which may lawfully come within the powers of the board and which, in the discretion of the board, require investigation; and it shall be the duty of the sheriff or any process serving officer to serve such subpoena upon payment of their lawful fees.

Local boards of education shall have power to punish for contempt for any disorderly conduct or disturbance tending to disrupt them in the transaction of official business.

(b) Witness Failing to Appear; Misdemeanor. — Any witness who shall wilfully and without legal excuse fail to appear before a local board of education to testify in any manner under investigation by the board shall be guilty of a Class 3 misdemeanor.

(c) Appeals to Board of Education and to Superior Court. — An appeal shall lie to the local board of education from any final administrative decision in the following matters:

(1) The discipline of a student under G.S. 115C-391(c), (d), (d1), (d2), (d3), or (d4);
(2) An alleged violation of a specified federal law, State law, State Board of Education policy, State rule, or local board policy, including policies regarding grade retention of students;
(3) The terms or conditions of employment or employment status of a school employee; and
(4) Any other decision that by statute specifically provides for a right of appeal to the local board of education and for which there is no other statutory appeal procedure.

As used in this subsection, the term "final administrative decision" means a decision of a school employee from which no further appeal to a school administrator is available.

Any person aggrieved by a decision not covered under subdivisions (1) through (4) of this subsection shall have the right to appeal to the superintendent and thereafter shall have the right to petition the local board of education for a hearing, and the local board may grant a hearing regarding any final decision of school personnel within the local school administrative unit. The local board of education shall notify the person making the petition of its decision whether to grant a hearing.

In all appeals to the board it is the duty of the board of education to see that a proper notice is given to all parties concerned and that a record of the hearing is properly entered in the records of the board conducting the hearing.

The board of education may designate hearing panels composed of not less than two members of the board to hear and act upon such appeals in the name and on behalf of the board of education.

An appeal of right brought before a local board of education under subdivision (1), (2), (3), or (4) of this subsection may be further appealed to the superior court of the State on the grounds that the local board's decision is in violation of constitutional provisions, is in excess of the statutory authority or jurisdiction of the board, is made upon unlawful procedure, is affected by other error of law, is unsupported by substantial evidence in view of the entire record as submitted, or is arbitrary or capricious. However, the right of a noncertified employee to appeal decisions of a local board under subdivision (3) of this subsection shall only apply to decisions concerning the dismissal, demotion, or suspension without pay of the noncertified employee. A noncertified employee may request and shall be entitled to receive written notice as to the reasons for the employee's dismissal, demotion, or suspension without pay. The notice shall be provided to the employee prior to any local board of education hearing on the issue. This subsection shall not alter the employment status of a noncertified employee. (1955, c. 1372, art. 5, ss. 15-17; 1971, c. 647; 1981, c. 423, s. 1; 1993, c. 539, s. 881; 1994, Ex. Sess., c. 24, s. 14(c); 2001-260, s. 1; 2001-500, s. 6.)

CASE NOTES

Editor's Note. — *Some of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes. Some were decided under former G.S. 115C-305.*

Procedures Constitutionally Effective. — The hearing and appeal procedures contemplated by former G.S. 115-34 provided plaintiff a constitutionally effective set of administrative and judicial remedies, despite the fact that it gave authority for a hearing only after plaintiff was discharged. Presnell v. Pell, 298 N.C. 715, 260 S.E.2d 611 (1979).

This section indicates an intention to extend the right of appeal in public school personnel decisions far beyond the confines of the former law. Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986).

Construction. — Because this section and former G.S. 115C-305 both dealt with appellate review of decisions of all school personnel to the local board of education and to the superior court, courts would construe these statutes in pari materia and reconcile them so that each could be given effect. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

To accomplish the legislative purpose behind subsection (c) of this section and former 115C-305, the "or" in former G.S. 115C-305 had to be read conjunctively as an "and." This construction could preserve the long-recognized policy of judicial restraint in the context of judicial review of school personnel decisions while giving effect to both sections. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

Appeal from Personnel Decisions of County Board. — The part of former G.S. 115-34 (corresponding to subsection (c) of this section) which provided for an appeal from decisions of school personnel to the county or city board of education had no application where the decision complained of was the decision of a county board of education. Still v. Lance, 279 N.C. 254, 182 S.E.2d 403 (1971).

When a school superintendent recommended to a school board that a probationary teacher's contract, which had expired, not be renewed, G.S. 115C-45 did not give the teacher a right to an evidentiary hearing before the board because the statute did not apply to review of a decision of a county board of education. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

Appeal Must First Be to Board of Education. — Former G.S. 115-34 required that a party entitled to its provisions first challenge action taken by school personnel by way of an appeal to the appropriate county or city board of education. After a decision by the board "affecting one's character or right to teach," a party could then invoke the appellate jurisdiction of the superior court. Presnell v. Pell, 298 N.C. 715, 260 S.E.2d 611 (1979).

Exhaustion of Administrative Remedies. — A party must exhaust his administrative remedies before seeking redress in the courts. Therefore, a teacher may not seek judicial review in superior court without first appealing the school personnel action to the local board of education. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

Trial court lacked subject matter jurisdiction over a mother's lawsuit against a superintendent, in the superintendent's official capacity, and the Board, in which the mother sought to challenge the decision to revoke the discretionary admission of the mother's two minor children to a particular high school. Although G.S. 115C-45(c) provided for administrative review of that decision, the Board had not issued a final administrative decision in the matter by the time the mother filed her lawsuit in the trial court and, thus, the mother had not exhausted the available administrative remedies. Hentz v. Asheville City Bd. of Educ., 189 N.C. App. 520, 658 S.E.2d 520, 2008 N.C. App. LEXIS 604 (2008).

Although students were not required to specifically reference futility of exhausting the administrative review processes of G.S. 115C-45(c) in their complaint, the complaint that alleged due process violations in imposing long-term suspensions was required to include allegations establishing futility. Copper v. Denlinger, — N.C. App. —, 667 S.E.2d 470, 2008 N.C. App. LEXIS 1817 (2008), review granted, in part, 363 N.C. 124 (2009).

Student's allegations were sufficient to allege that exhaustion of administrative remedies was futile where the student received a long-term suspension, entitling him to appeal that suspension, but the superintendent's letter, allowing the student to transfer to another school, converted the suspension into a short-term suspension and was designed to cut off the right to appeal. Copper v. Denlinger, — N.C. App. —, 667 S.E.2d 470, 2008 N.C. App. LEXIS 1817 (2008), review granted, in part, 363 N.C. 124 (2009).

Appeal to Superior Court Not Precluded. — An appeal to the local board of education does not preclude an appeal to the superior court. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

Appeal to Superior Court Not Permitted. — Trial court lacks subject matter jurisdiction to review a two-day suspension imposed on a student because neither G.S. 115C-391 nor G.S. 115C-45 allows an appeal of such to a superior court. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Procedure for Judicial Review. — A party must exhaust his administrative remedies before seeking redress in the courts. Therefore, a teacher may not seek judicial review in superior court without first appealing the school personnel action to the local board of education. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

Standards for Judicial Review. — The standards for judicial review set forth in G.S. 150B-51, the whole record test, govern appeals from decisions of city or county boards of education. Warren v. New Hanover County Bd. of Educ., 104 N.C. App. 522, 410 S.E.2d 232 (1991).

Appeal on Denial of Promotion. — A teacher who is denied a promotion under the career ladder program may appeal to the superior court after exhausting his administrative remedies by appealing to the local board of education. Warren v. New Hanover County Bd. of Educ., 104 N.C. App. 522, 410 S.E.2d 232 (1991).

Final Administrative Action. — The local board's review of the three-member appeals panel's decision as provided in G.S. 115C-363.3(c) constituted the final administrative action required before a party participating in the career ladder program may appeal to superior court pursuant to this section. Williams v. New Hanover County Bd. of Educ., 104 N.C. App. 425, 409 S.E.2d 753 (1991).

Appeal of Acceptance of Resignation. — Principal who delivered a letter of resignation to school superintendent and one week later sought unsuccessfully to withdraw it had the right under this section to appeal from the decision of the county board of education approving acceptance of his resignation. Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986).

This section entitles a non-teacher to judicial review of a school board's decision if that decision affects her character. Cooper v. Board of Educ., 135 N.C. App. 200, 519 S.E.2d 536 (1999).

Dismissal Affecting Character. — Being dismissed from a job for making a racial comment, which the school board's counsel characterized as being "totally unacceptable for an employee in a school setting," affected the petitioner's character within the meaning of this section and entitled her to judicial review. Cooper v. Board of Educ., 135 N.C. App. 200, 519 S.E.2d 536 (1999).

Decision Not Affecting "One's Character or Right to Teach." — Former G.S. 115-34, corresponding to this section, provided for an appeal from a decision of a county or city board of education to the superior court when the action of the board of education was one "affecting one's character or right to teach." The decision of a board to terminate the employment of a teacher at the end of the school year did not affect her character, nor did it deprive her of the right to teach elsewhere. Still v. Lance, 279 N.C. 254, 182 S.E.2d 403 (1971).

Review Procedures Held Adequate. — Although school board did not precisely follow the review procedures set out in this section, the review that petitioner received more than compensated for any procedural flaws in the board's actions and her substantial rights were not prejudiced thereby. Cooper v. Board of Educ., 135 N.C. App. 200, 519 S.E.2d 536 (1999).

Applied in Murphy v. McIntyre, 69 N.C. App. 323, 317 S.E.2d 397 (1984).

Cited in Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986); Spry v. Winston-Salem/Forsyth County Bd. of Educ., 105 N.C. App. 269, 412 S.E.2d 687 (1992).

OPINIONS OF ATTORNEY GENERAL

Evidentiary Scope of A School Board Hearing. — If a career employee chooses to bypass the case manager hearing, the record before the board in a hearing pursuant to G.S. 115C-325(j2)(3) must include the superintendent's recommendation and grounds for the recommendation as defined in G.S. 115C-325(h)(2), documentary evidence submitted by the superintendent and the employee, the parties' briefs on the law and evidence in the record, and oral arguments. The career employee waives his right to present nondocumentary evidence unless the board exercises its discretion under this section to subpoena additional evidence or testimony that might aid in its decision. See opinion of Attorney General to Mr. L. P. Hornthal, Jr. Hornthal, Riley, Ellis & Maland, LLP, 1997 N.C.A.G. 69 (12/5/97).

Right of Appeal of Nondomiciled Student Wrongfully Denied Enrollment. — A student who is not domiciled in a school system and who is denied enrollment therein, assuming he establishes a prima facie case of entitlement to enrollment, would have a right of an appeal under this section. If a hearing is held pursuant to this section, the minimal requirements of due process will have been met, if not exceeded. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

§ 115C-46. Powers of local boards to regulate parking of motor vehicles.

(a) Any local board of education may adopt reasonable rules and regulations with respect to the parking of motor vehicles and other modes of conveyance on public school grounds and may enforce such rules and regulations. A violation of a rule or regulation concerning parking on public school grounds is an infraction punishable by a penalty of not more than ten dollars ($10.00) unless the regulation provides that the violation is not punishable as an infraction. Rules and regulations adopted hereunder shall be made available for inspection by any person upon request.

(b) Any local board of education may adopt written guidelines governing the individual assignment of parking spaces on school grounds. Such guidelines shall give first priority treatment to the physically handicapped.

(c) Any local board of education, by rules and regulations adopted hereunder, may provide for the registration of motor vehicles and other modes of conveyance maintained, operated or parked on school grounds. Any local board of education, by rules and regulations adopted hereunder, may provide for the issuance of stickers, decals, permits or other indicia representing the registration status of vehicles or the eligibility of vehicles to park on school grounds and may prohibit the forgery, counterfeiting, unauthorized transfer or unauthorized use of them.

(d) Any motor vehicle parked in a parking lot on school grounds, when such lot is clearly designated as such by a sign no smaller than 24 inches by 24 inches prominently displayed at each entrance thereto, in violation of the rules and regulations adopted by the local board of education, or any motor vehicle otherwise parked on school grounds in violation of the rules and regulations adopted by the county or city local board of education, may be removed from school grounds to a place of storage and the registered owner of that vehicle shall become liable for removal and storage charges. Any person who removes a vehicle pursuant to this section shall not be held liable for damages for the removal of the vehicle to the owner, lienholder or other person legally entitled to the possession of the vehicle removed; however, any person who intentionally or negligently damages a vehicle in the removal of such vehicle, or intentionally or negligently inflicts injury upon any person in the removal of such vehicle, may be held liable for damages. (1979, c. 821; 1981, c. 423, s. 1; 1981 (Reg. Sess., 1982), c. 1239, s. 2; 1983, c. 420, s. 3; 1985, c. 764, s. 37; 1989, c. 644, s. 4.)

Cross References. — As to post-towing procedures, see G.S. 20-219.9 et seq.

§ 115C-47. Powers and duties generally.

In addition to the powers and duties designated in G.S. 115C-36, local boards of education shall have the power or duty:

(1) To Provide an Adequate School System. — It shall be the duty of local boards of education to provide adequate school systems within their respective local school administrative units, as directed by law.

(2) To Exercise Certain Judicial Functions and to Participate in Certain Suits and Actions. — Local boards of education shall have the power and authority to exercise certain judicial functions pursuant to the provisions of G.S. 115C-45 and to participate in certain suits and actions pursuant to the provisions of G.S. 115C-44.

(3) To Divide Local School Administrative Units into Attendance Areas. — Local boards of education shall have authority to divide their various units into attendance areas without regard to district lines.

(4) To Regulate Extracurricular Activities. — Local boards of education shall make all rules and regulations necessary for the conducting of extracurricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefor; provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education.

(5) To Fix Time of Opening and Closing Schools. — The time of opening and closing the public schools shall be fixed under G.S. 115C-84.2.

(6) To Regulate Fees, Charges and Solicitations. — Local boards of education shall adopt rules and regulations governing solicitations of, sales to, and fund-raising activities conducted by, the students and faculty members in schools under their jurisdiction, and no fees, charges, or costs shall be collected from students and school personnel without approval of the board of education as recorded in the minutes of said board; provided, this subdivision shall not apply to such textbooks fees as are determined and established by the State Board of Education. All schedules of fees, charges and solicitations approved by local boards of education shall be reported to the Superintendent of Public Instruction.

(7) To Accept and Administer Federal or Private Funds. — Local boards of education shall have power and authority to accept, receive and administer any funds or financial assistance given, granted or provided under the provisions of the Elementary and Secondary Education Act of 1965 (Public Law 89-10, 89th Congress, HR 2362) and under the provisions of the Economic Opportunity Act of 1964 (Public Law 88-452, 88th Congress, S. 2642), or other federal acts or funds from foundations or private sources, and to comply with all conditions and requirements necessary for the receipt, acceptance and use of said funds. In the administration of such funds, local boards of education shall have authority to enter into contracts with and to cooperate with and to carry out projects with nonpublic elementary and secondary schools, community groups and nonprofit corporations, and to enter into joint agreements for these purposes with other local boards of education. Local boards of education shall furnish such information as shall be requested by the State Board of Education, from time to time, relating to any programs related or conducted pursuant to this subdivision.

G.S. 115C-47(12) is set out twice. See notes.

(8) To Sponsor or Conduct Educational Research. — Local boards of education are authorized to sponsor or conduct educational research and special projects approved by the Department of Public Instruction and the State Board of Education that may improve the school system under their jurisdictions. Such research or projects may be conducted during the summer months and the board may use any available funds for such purposes.

(9) To Assure Accurate Attendance Records. — When the governing board of any local school administrative unit shall have information that inaccurate school attendance records are being kept, the board concerned shall immediately investigate such inaccuracies and take necessary action to establish and maintain correct records and report its findings and action to the State Board of Education.

(10) To Assure Appropriate Class Size. — It shall be the responsibility of local boards of education to assure that the class size and teaching load requirements set forth in G.S. 115C-301 are met. Any teacher who believes that the requirements of G.S. 115C-301 have not been met shall make a report to the principal and superintendent, and the superintendent shall immediately determine whether the requirements have in fact not been met. If the superintendent determines the requirements have not been met, he shall make a report to the next local board of education meeting. The local board of education shall take action to meet the requirements of the statute. If the local board cannot organizationally correct the exception and if any of the conditions set out in G.S. 115C-301(g)(1) exist, it shall immediately apply to the State Board of Education for additional personnel or a waiver of the class size requirements, as provided in G.S. 115C-301(g).

Upon notification from the State Board of Education that the reported exception does not qualify for an allotment adjustment or a waiver under provisions of G.S. 115C-301, the local board, within 30 days, shall take action necessary to correct the exception.

At the end of the second month of each school year, the local board of education, through the superintendent, shall file a report with the State Board of Education, in a format prescribed by the State Board of Education, describing the organization of each school, the duties of each teacher, the size of each class, and the teaching load of each teacher. As of February 1 each year, local boards of education, through the superintendent, shall report all exceptions to individual class size and daily teaching load maximums that exist at that time.

CASE NOTES

Editor's Note. — *Most of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Purpose. — Article I, Section 15 and Article IX, Section 2 of the North Carolina Constitution combine to guarantee every child of this state an opportunity to receive a sound basic education in our public schools. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

Purpose of 1990 Amendments. — Through the 1990 amendments to G.S. 115C-98 and this section, the General Assembly made clear what the statutes already provided — that decisions concerning the procurement of supplementary instructional materials, including those which involve commercial advertising, are to be made exclusively by the local school boards without having to seek approval of the State Board. State v. Whittle Communications, 328 N.C. 456, 402 S.E.2d 556 (1991).

Sound Basic Education Defined. — For purposes of our Constitution, a sound basic education will provide the student with at least: (1) sufficient ability to read, write, and speak English and a sufficient knowledge of fundamental math and physical science to enable the student to function in a complex and rapidly changing society; (2) sufficient fundamental knowledge of geography, history and basic economic and political systems to enable the student to make informed choices regarding personal issues or issues that affect the community, state, and nation; (3) sufficient academic and vocational skills to enable the student to successfully engage in post-secondary education or vocational training; (4) and sufficient academic and social skills to enable the student to compete on an equal basis with others in further formal education or gainful employment. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

Equal Funding Not Required. — Although the State Constitution requires that access to a sound basic education be provided equally in every school district, the equal opportunities clause of Article IX, Section 2(1) does not require substantially equal funding or educational advantages in all school districts. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

As to discretion of local boards to locate, discontinue, transfer and establish schools, see Clark v. McQueen, 195 N.C. 714, 143 S.E. 528 (1928).

Selection of School Sites. — The county board of education is given discretionary powers to direct and supervise the county school system for the benefit of all the children therein, including the duty, among others, of selecting a school site, with which the courts will not interfere in the absence of its abuse. McInnish v. Board of Educ., 187 N.C. 494, 122 S.E. 182 (1924).

The board of education determines whether new school buildings are needed and, if so, where they shall be located. Such decisions are vested in the sound discretion of the board, and its discretion with reference thereto cannot be restrained by the courts absent a manifest abuse of discretion or a disregard of law. Painter v. Wake County Bd. of Educ., 288 N.C. 165, 217 S.E.2d 650 (1975).

The phrase "without assuming liability therefor" in subsection (d) of former G.S. 115-35 (see subdivision (4) of this section) was inserted for the purpose of making it clear that governing authorities were not waiving governmental immunity from torts, and does not restrict the power of such boards to contract for transportation or other required items necessary in connection with duly approved interscholastic activities. State ex rel. N.C. Utils. Comm'n v. McKinnon, 254 N.C. 1, 118 S.E.2d 134 (1961).

Power to Establish School Calendar. — G.S. 115C-47(11) authorized a board of education to determine the school calendar under G.S. 115C-84.2, which did not bar year-round schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

County board of education can assign students to year-round schools without parental consent because the General Assembly has conferred broad, specific, and sole authority upon local school boards to determine school calendars; a board's action in converting traditional calendar schools to year-round calendar schools comports with its duty under G.S. 115C-47(1) and (10) to provide a school system adequate to the needs of increasing student enrollment while assuring appropriate class sizes in its schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

Where the county purchasing agent purchases equipment for a school and gives a note for the same, signed by him in the name of the school, the county is not liable on the note, the purchasing agent having no connection with the county board of education. Keith v. Henderson County, 204 N.C. 21, 167 S.E. 481 (1933).

The courts may compel a county board of education to act upon discretionary powers conferred on them by the legislature, but cannot tell them how they must act. Key v. Board of Educ., 170 N.C. 123, 86 S.E. 1002 (1915).

Criteria for Renewal of Contract of Probationary Teacher Who Serves as Coach. — Given the broad legislative grant of authority over the status of probationary teachers and the legislative grant to local boards under subdivision (4) of this section, requiring them to promulgate rules and regulations for interscholastic athletics, a board may properly consider coaching changes as a basis for determining whether to renew a probationary teacher's contract when the teacher also serves as a coach. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

OPINIONS OF ATTORNEY GENERAL

Determination of School and Work Hours. — Section 115C-47(11) and former G.S. 115C-84(a)(see now G.S. 115C-84.2) give local boards of education authority over the length of the school day for students, but do not give local boards authority to establish the length of the work day for State funded employees. (b) The training shall include but not be limited to public school law, public school finance, and duties and responsibilities of local boards of education.

(c) The training may be provided by the North Carolina School Boards Association, the School of Government at the University of North Carolina at Chapel Hill, or other qualified sources at the choice of the local board of education. (1991, c. 689, s. 200(d); 2006-264, s. 29(h); 2009-403, s. 3.)

CASE NOTES

Editor's Note. — Some of the cases below were decided under corresponding provisions of former Chapter 115.

An "administrative unit" is not a "school district" within the meaning of former N.C. Const., Art. II, § 29 (now N.C. Const., Art. II, § 24). Hobbs v. County of Moore, 267 N.C. 665, 149 S.E.2d 1 (1966).

Suit Against Administrative School Unit. — A city administrative school unit may be sued only when and as authorized by statute, and may not be held liable for torts committed by its trustees or employees. Smith v. Hefner, 235 N.C. 1, 68 S.E.2d 783 (1952).

§ 115C-67. Merger of units in same county.

City school administrative units may be consolidated and merged with contiguous city school administrative units and with county school administrative units upon approval by the State Board of Education of a plan for consolidation and merger submitted by the boards of education involved and bearing the approval of the board of county commissioners.

County and city boards of education desiring to consolidate and merge their school administrative units may do so by entering into a written plan which shall set forth the conditions of merger. The provisions of the plan shall be consistent with the General Statutes and shall contain, but not be limited to, the following:

(1) The name by which the merged school administrative unit shall be identified and known.

(2) The effective date of the merger.

(3) The establishment and maintenance of a board of education which shall administer all the public schools of the newly created unit, including:

  a. The termination of any terms of office proposed in the reorganization of the board.

  b. The method of constituting and continuing the board of education; the manner of selection of board members, including (i) the number of members of the board, (ii) the method of their election or appointment, (iii) whether members shall be nominated, elected, or appointed from districts or at large, (iv) the manner of determining the nominee, and (v) whether the election shall be partisan or nonpartisan; the length of the members' terms of office; the dates of induction into office; the organization of the board; the procedure for filling vacancies; and the compensation to be paid members of the board for expenses incurred in performance of their duties. To the extent that the method conflicts with G.S. 115C-35, G.S. 115C-37, or with any local act concerning any of the units being merged and consolidated, the plan of merger and consolidation shall prevail.

(4) The authority, powers, and duties of the board of education with respect to the employment of personnel, the preparation of budgets, and any other related matters which may be particularly applicable to the merged unit not inconsistent with the General Statutes.

(5) The transfer of all facilities, properties, structures, funds, contracts, deeds, titles, and other obligations, assets and liabilities to the board of education of the merged unit.

(6) Whether or not there shall be continued in force any supplemental school tax which may be in effect in either or all local school administrative units involved.

(7) A public hearing, which shall have been announced at least 10 days prior to the hearing, on the proposed plan of merger.

(8) A statement as to whether the question of merger, in accordance with the projected plan, is to be contingent upon approval of the voters in the affected area.

(9) Any other condition or prerequisite to merger, together with any other appropriate subject or function that may be necessary for the orderly consolidation and merger of the local school administrative units involved.

The plan referred to above shall be mutually agreed upon by the city and county boards of education involved and shall be accompanied by a certification that the plan was approved by the board of education on a given day and that the action has been duly recorded in the minutes of said board, together with a certification to the effect that the public hearing required above was announced and held. The plan, together with the required certifications, shall then be submitted to the board of county commissioners for its concurrence and approval. After such approval has been received, the plan shall be submitted to the State Board of Education for the approval of said State Board and the plan shall not become effective until such approval is granted. Upon approval by the State Board of Education, the plan of consolidation and merger shall become final and shall be deemed to have been made by authority of law and shall not be changed or amended except by an act of the General Assembly. The written plan of agreement shall be placed in the custody of the board of education operating and administering the public schools in the merged unit and a copy filed with the Secretary of State.

The plan may be, but it is not required that it be, submitted for the approval of the voters of the geographic area affected in a referendum or election called for such purpose, and such elections or referendums if held shall be held under the provisions governing elections or referendums as set forth in G.S. 115C-507, with authority of the board of county commissioners to have such election or referendum conducted by the board of elections of the county.

Upon approval of the plan of consolidation or merger by the State Board of Education, or upon approval of the plan of consolidation or merger by the voters in a referendum or election called for such purpose, and as soon as a provisional or interim board of education of the merged unit, or a permanent board of education of the merged unit, enters in and upon the duties of the administration of the public schools of the consolidated or merged unit, then the former boards of education and all public officers of the former boards of education of the separate units thus merged shall stand abolished, and said separate boards of education or administrative units thus merged shall stand dissolved and shall cease to exist for any and all purposes. All consolidations and mergers of county and city boards of education and of county and city school administrative units heretofore agreed to and finally approved, and all consolidation or merger proceedings entered into prior to June 9, 1969, are hereby declared to be effective, legal and according to law notwithstanding any defect in the merger or consolidation proceedings and notwithstanding any dissolution of the separate boards of education and public officers of the former, separate school units. OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions below were rendered under corresponding provisions of former Chapter 115.*

Contents of Plan of Merger and Effect Thereof. — The plan of merger may include a provision that candidates for the merged board be elected on a nonpartisan basis in a partisan election. If the merger is brought about the city school board would have no further authority after the merger and would be dissolved by operation of law, while if the school units are merged and the city unit no longer exists, the supplemental tax heretofore approved may still be levied and turned over to the merged board for administrative purposes within the area formerly recognized as the city administrative unit. See opinion of the Attorney General to Mr. R.A. Collier, Sr., Attorney for Statesville City School Board, 40 N.C.A.G. 221 (1969).

Effect of Merger of County and City Unit on Supplemental Taxes in Effect in Each Unit. — See opinion of Attorney General to Mr. Thomas A. Banks, Wake County Attorney, 40 N.C.A.G. 228 (1970).

§ 115C-68. Merger of units in adjoining counties.

(a) Boards of education of contiguous counties or boards of education in a group of counties in which each county is contiguous with at least one other county in the group, and any city school administrative unit located in counties to be merged, may merge school administrative units upon approval by the State Board of Education of a written plan for merger submitted by the boards of education involved and bearing the approval of the tax-levying body for the school units. The plan shall be consistent with the General Statutes, shall contain provisions covering those items listed in G.S. 115C-67 (providing for the merger of units in the same county), and shall contain any other provision deemed necessary or appropriate by the State Board of Education or the local boards of education for the merger of school units in two or more counties.

(b) The plan of merger, including any arrangements for financing or taxing for the schools in the new local school administrative unit, may be, but is not required to be, submitted for the approval of the voters of the geographic area affected in a referendum or election called for the purpose of approving these matters. Such elections or referendums, if held, shall be held under the provisions governing elections or referendums as set forth in G.S. 115C-507. Each board of county commissioners shall have authority to have such elections or referendums conducted by the board of elections of its county under the provisions set forth in G.S. 115C-507.

(c) If twenty percent (20%) of the qualified voters of a county to be merged petition the board of county commissioners of their county for an election as to whether their county shall be included in the proposed merger, the board of county commissioners shall call an election on this question for its county under the provisions of G.S. 115C-507. The petition must be submitted to the board of county commissioners within 10 days following the public hearing required by G.S. 115C-67 on the proposed plan of merger. The board of county commissioners shall have authority to have such an election conducted by the board of election of its county under the provisions set forth in G.S. 115C-507.

(d) Boards of education considering a merger of two or more counties may spend money necessary for studying and preparing for such a merger. (1969, c. 828; 1981, c. 423, s. 1.)

Local Modification. — Edgecombe and Nash, city of Rocky Mount, and town of Tarboro: 1987, c. 534.

§ 115C-68.1. Merger of units by the board of commissioners.

(a) The board of commissioners of a county in which two or more local school administrative units are located, but all are located wholly within the county, may adopt a plan for the consolidation and merger of the units into a single countywide unit.

The plan adopted under this subsection shall require that the county adopting the plan provide local funding per average daily membership to the resulting local school administrative unit for subsequent years of at least the highest level of any local school administrative unit in the county during the preceding five fiscal years before the merger.

The board of commissioners shall forward a copy of the plan it adopts to the boards of education of all local school administrative units located within the county, immediately upon adoption.

(b) The boards of commissioners of two counties in which one local school administrative unit is located in both counties may jointly adopt plans for each of their counties, including a plan of consolidation and merger for such unit that is located in more than one county. The results of such consolidation and merger shall be that there is only one countywide local school administrative unit in each county, or that the entirety of the unit located within two counties is merged and consolidated with the county unit of one of the two counties. Such plans shall also merge and consolidate any other city school administrative unit located wholly within one of the two counties. Within the two-county area, all the plans shall take effect on the same day.

The plans jointly adopted under this subsection shall require that the counties jointly adopting the plans provide local funding per average daily membership to the resulting local school administrative units for subsequent fiscal years of at least the highest level of any local school administrative unit being merged during the preceding five fiscal years before the merger.

The boards of commissioners of each of the two counties shall forward copies of the plans they adopt to the boards of education of all local school administrative units located within the county, immediately upon adoption.

(c) The plans under this section shall be prepared and approved in accordance with G.S. 115C-67 as provided by general law, or G.S. 115C-68 as provided by general law, as applicable, except that the county and city boards of education shall not participate by preparing, entering into, submitting, or agreeing to a plan, and the plan shall not be contingent upon approval of the voters.

(d) For the purpose of this section, local funding per average daily membership means the budgeted local expense per average daily membership. The State Board of Education shall establish guidelines for the computation of this amount and the amount shall be set out in the plan for consolidation and merger.

(e) If the State Board of Education fails to approve a plan submitted to it under this section, such failure to approve does not preclude the approval of the plan by the General Assembly by local act. (1991, c. 689, s. 37(b).)

CASE NOTES

Merger. — Session law which created a school district did not give the district authority to expand into an adjacent county when a town expanded into that county, and because the school system was located in only one county, the North Carolina State Board of Education was not required to obtain approval from county commissioners who governed the adjacent county before it approved a plan to merge three school systems. Kings Mt. Bd. of Educ. v. N.C. State Bd. of Educ., 159 N.C. App. 568, 583 S.E.2d 629, 2003 N.C. App. LEXIS 1509 (2003).

Election Enjoined to Prevent Discriminatory Merge. — White voters of Durham County were held entitled to a temporary restraining order to enjoin the election of the public school board pursuant to a districting plan designed to merge people of a particular race within voting districts in a discriminatory manner. Cannon v. North Carolina State Bd. of Educ., 917 F. Supp. 387 (E.D.N.C. 1996), aff'd, 129 F.3d 116 (4th Cir. 1997).

Cited in Cannon v. Durham County Bd. of Elections, 959 F. Supp. 289 (E.D.N.C. 1997).

§ 115C-68.2. Merger of units by the local boards of education.

If a city board of education notifies the State Board of Education that it is dissolving itself, the State Board of Education shall adopt a plan of consolidation and merger of that city school administrative unit with the county school administrative unit in the county in which the city unit is located; provided, however, if a city school administrative unit located in more than one county notifies the State Board of Education that it is dissolving itself, the State Board shall adopt a plan that divides the city unit along the county line and consolidates and merges the part of the city unit in each county with the county unit in that county and the plans shall take effect on the same day. The plans shall be prepared and approved in accordance with G.S. 115C-67 as provided by general law, and G.S. 115C-68 as provided by general law, as applicable, except that the county and city boards of education and the boards of commissioners shall not participate by preparing, entering into, submitting, or agreeing to a plan, and the plan shall not be contingent upon approval by the voters. (1991, c. 689, s. 37(c).)

§ 115C-68.3. Validation of plans of consolidation and merger.

All plans for consolidation and merger of school administrative units entered into between June 9, 1969, and May 26, 1992, under G.S. 115C-67, 115C-68.1, 115C-68.2, former G.S. 115-74.1, or under any local act authorizing such mergers, are ratified and considered to have been adopted by act of the General Assembly. This Article prevails over G.S. 153A-76(4). (1991 (Reg. Sess., 1992), c. 767, s. 2; c. 1030, s. 51.2.)

§ 115C-69. Types of districts defined.

The term "district" here used is defined to mean any convenient territorial division or subdivision of a county, created for the purpose of maintaining within its boundaries one or more public schools. It may include one or more incorporated towns or cities, or parts thereof, or one or more townships, or parts thereof, all of which territory is included in a common boundary. There shall be three different kinds of districts:

(1) The "nontax district" is a territorial division of a local school administrative unit under the control of the local board of education, having no special local tax fund voted by the people for supplementing State and county funds.

(2) The "local tax district" is a territorial division of a local school administrative unit under the control of the local board of education, having in addition to State and county funds, a special local tax fund voted by the people for supplementing State and county funds.

(3) The "administrative district" is a territorial division of a county school administrative unit under the control of a county board of education which is established for administrative purposes and which consists of any combination of one or more local tax districts, nontax areas or bond districts of the county school administrative unit. (1955, c. 1372, art. 1, s. 7; 1965, c. 584, s. 1; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 12.)

CASE NOTES

***Editor's Note.** — Most of the cases below were decided under corresponding provisions of former Chapter 115.*

A "school district" is an area within a county in which one or more public schools must be maintained. Hobbs v. County of Moore, 267 N.C. 665, 149 S.E.2d 1 (1966).

§ 115C-70: Repealed by Session Laws 1985 (Regular Session, 1986), c. 975, s. 24.

§ 115C-71. Districts formed from portions of contiguous counties.

School districts may be formed out of contiguous counties by agreement of the county boards of education of the respective counties subject to the approval of the State Board of Education. Rules for the organization, support and operation of districts so formed are subject to the agreement of the boards of education concerned, and as a guide to the working out of such agreements the formulas contained in G.S. 115C-510 should be followed as far as applicable. (1955, c. 1372, art. 8, s. 2; 1981, c. 423, s. 1.)

§ 115C-72. Consolidation of districts and discontinuance of schools.

(a) Local boards of education shall have the power and authority to close or consolidate schools located in the same district, and with the approval of the State Board of Education, to consolidate school districts or other school areas over which the board has full control, whenever and wherever in its judgment the closing or consolidation will better serve the educational interest of the local school administrative unit or any part of it.

In determining whether two or more public schools shall be consolidated, or in determining whether or not a school shall be closed and the pupils transferred therefrom, local boards of education of the several counties shall observe and be bound by the following rules:

(1) In any question involving the closing or consolidation of any public school, the local board of education of the school administrative unit in which such school is located shall cause a thorough study of such school to be made, having in mind primarily the welfare of the students to be affected by a proposed closing or consolidation and including in such study, among other factors, geographic conditions, anticipated increase or decrease in school enrollment, the inconvenience or hardship that might result to the pupils to be affected by such closing or consolidation, the cost of providing additional school facilities in the event of such closing or consolidation, and such other factors as the board shall consider germane. Before the entry of any order of closing or consolidation, the local board of education shall provide for a public hearing in regard to such proposed closing or consolidation, at which hearing the public shall be afforded an opportunity to express their views. Upon the basis of the study so made and after such hearing, said board may, in the exercise of its discretion, approve the closing or consolidation proposed.

(2) The provisions of this section shall not deprive any local board of education of the authority to assign or enroll any and all pupils in schools in accordance with the provisions of G.S. 115C-366(b) and 115C-367 to 115C-370.

(b) This section does not govern merger of a city school administrative unit with another school administrative unit. Such merger is governed by G.S. 115C-67. (1955, c. 1372, art. 8, s. 3; 1981, c. 423, s. 1; 1983, c. 308; c. 752; 2009-570, s. 27.)

Effect of Amendments. — Session Laws 2009-570, s. 27, effective August 28, 2009, substituted "judgment" for "judgement" in the first paragraph of subsection (a).

CASE NOTES

Editor's Note. — *The cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Statute requires only that a public hearing be provided; it does not specify any particular form, location, or notice for such hearing. Lutz v. Board of Educ., 282 N.C. 208, 192 S.E.2d 463 (1972).

Discretion as to Location of School Vested in Board of Education. — Whether a change should be made in the location of the school, as well as the selection of the site for a new one, is vested in the sound discretion of the board of education. Its action cannot be restrained by the courts unless there has been a violation of some provision of law or a manifest abuse of discretion. Lutz v. Board of Educ., 282 N.C. 208, 192 S.E.2d 463 (1972); Painter v. Wake County Bd. of Educ., 288 N.C. 165, 217 S.E.2d 650 (1975).

For cases in which compliance with applicable statutory provisions was held sufficient, see Dilday v. Beaufort County Bd. of Educ., 267 N.C. 438, 148 S.E.2d 513, 149 S.E.2d 345 (1966); Lutz v. Board of Educ., 282 N.C. 208, 192 S.E.2d 463 (1972).

Summary judgment on the basis of laches was appropriate in favor of defendant school board which entered into contracts that included options to purchase land for the consolidated schools in compliance with the results of its own vote to consolidate and with the passage of the school bond issue in a general election, while plaintiff taxpayer and citizens group waited to file suit challenging the defendant's compliance with G.S. 115C-72. § 115C-73. Enlarging tax districts and city units by permanently attaching contiguous property.

The county boards of education with the approval of the State Board of Education may transfer from nontax territory and attach permanently to local tax districts or to city school administrative units, real property contiguous to said local tax districts or city school administrative units, upon the written petition of the owners thereof and the taxpayers of the families living on such real property, and there shall be levied upon the property of each individual in the area so attached, including landowners and tenants, the same tax as is levied upon other property in said district or unit: Provided, that such transfer shall be subject to the approval of the board of education of such city unit: Provided, the petition must be signed by a majority of the persons who are the owners thereof and a majority of the taxpayers of the families living on such real property on the date the petition is filed with the county board of education: Provided, further, that a person or corporation owning only an easement in real property shall not be considered an owner of said property within contemplation of this section: Provided, further that no right of action or defense founded upon the invalidity of such transfer shall be asserted, nor shall the validity of such transfer be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 60 days after the approval of such transfer is given by the State Board of Education.

Any qualified voter residing in the area attached shall be permitted to vote in any election for members of the board of education having jurisdiction over the attached area. (1955, c. 1372, art. 8, s. 4; 1959, c. 573, s. 4; 1971, c. 672; 1973, c. 1155; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 13.)

§ 115C-74. School system defined.

§ 115C-75. Recommended school classification.

(a) The different types of public schools are classified and defined as follows:

(1) An "elementary school" is a school that includes all or part of the first through eighth grade and that may have a kindergarten or other early childhood program.

(2) A "high school" is a school that includes all or part of grades nine through 12 and that offers at least the minimum high school course of study prescribed by the State Board of Education.

SUBCHAPTER IV. EDUCATION PROGRAM.

Article 8.

General Education.

Part 1. Courses of Study.

§ 115C-81. Basic Education Program.

(a) The General Assembly believes that all children can learn. It is the intent of the General Assembly that the mission of the public school community is to challenge with high expectations each child to learn, to achieve, and to fulfill his or her potential. With that mission as its guide, the State Board of Education shall adopt a Basic Education Program for the public schools of the State. Before it adopts or revises the Basic Education Program, the State Board shall consult with an Advisory Committee, including at least eight members of local boards of education, that the State Board appoints from a list of nominees submitted by the North Carolina School Boards Association.

The State Board shall implement the Basic Education Program within funds appropriated for that purpose by the General Assembly and by units of local government. It is the intent of the General Assembly that until the Basic Education Program is fully funded, the implementation of the Basic Education Program shall be the focus of State educational funding. It is the goal of the General Assembly that the Basic Education Program be fully funded and completely operational in each local school administrative unit by July 1, 1995.

It is further a goal of the General Assembly to provide supplemental funds to low-wealth counties to allow those counties to enhance the instructional program and student achievement.

(a1) The Basic Education Program shall describe the education program to be offered to every child in the public schools. It shall provide every student in the State equal access to a Basic Education Program. Instruction shall be offered in the areas of arts, communication skills, physical education and personal health and safety, mathematics, media and computer skills, science, second languages, social studies, and vocational and technical education.

Instruction in vocational and technical education under the Basic Education Program shall be based on factors including:

(1) The integration of academic and vocational and technical education;
(2) A sequential course of study leading to both academic and occupational competencies;
(3) Increased student work skill attainment and job placement;
(4) Increased linkages, where geographically feasible, between public schools and community colleges, so the public schools can emphasize academic preparation and the community colleges can emphasize specific job training; and
(5) Instruction and experience, to the extent practicable, in all aspects of the industry the students are prepared to enter.

(a2) Repealed by Session Laws 1995, c. 534, s. 1.

(a3) Alcohol and Drug Education Program to Be Recommended and Implemented:

(1) A comprehensive education program that includes alcohol and drug use prevention education must be available to every child in North Carolina schools in kindergarten through high school.
(2) The State Board of Education shall develop and maintain a recommended list of alcohol and drug use prevention education materials that include components for teacher training and ongoing assessment and evaluation to verify success and ensure the use of up-to-date information and strategies.

OPINIONS OF ATTORNEY GENERAL

Scope of Regulation. — The section regulates instruction within the comprehensive school health education program whether conducted on or off campus but not after-school activities or unrelated instruction or materials such as those provided by a nurse engaged in providing medical assistance to a student. See opinion of Attorney General to Richard L. Thompson, Deputy State Superintendent, Department of Public Instruction, 1997 N.C.A.G. 63 (11/3/97).

Release to Attend Private School. — Local boards of education have the discretionary authority to release students from school for a part of the school day to attend a private school so long as the private school meets compulsory attendance requirements. A school board that elects to deny such permission does not violate the constitutional rights of parents or students. A board that elects to grant such permission should recognize, and should advise parents, that the absence from school may affect the student's academic progress. See opinion of Attorney General to Mr. W. Max Walser, Superintendent, Davidson County Schools, 57 N.C.A.G. 26 (1987.)

Provisions Applicable to Grades 10 through 12. — While the paragraphs of subsection (e1) of this section dealing with the "comprehensive school health education program" apply only to grades kindergarten through nine, there are other provisions in that subsection that would apply to all grades. For example, the duty which subdivision (e1)(3) imposes on the State Board to develop objectives for instruction in the prevention of sexually-transmitted diseases is not limited to the comprehensive school health program required in grades kindergarten through nine. Likewise, the obligation which subdivision (e1)(4) imposes on the State Board to maintain a list of recommended abstinence-until-marriage curricula and materials is not limited to any specific grades. Finally, subdivision (e1)(7) grants parents and guardians the right to review the objectives and materials associated with certain health related programs and withhold their consent to the children's participation in such programs irrespective of the ages or grades of their children. See opinion of Attorney General to Richard L. Thompson, Deputy State Superintendent, Department of Public Instruction, 1997 N.C.A.G. 63 (11/3/97).

Abstinence Education. — By the plain language of the statute, abstinence education is a required part of the comprehensive school health program which must be taught at all schools. See opinion of Attorney General to Richard L. Thompson, Deputy State Superintendent, Department of Public Instruction, 1997 N.C.A.G. 63 (11/3/97).

Comprehensive Sex Education Program. — The section does not limit the circumstances under which an LEA may initiate a comprehensive sex education program. An LEA may decide to offer a comprehensive sex education program whenever the local board of education deems it appropriate. That decision may be in response to a parent's request or a proposal from the superintendent or it may arise from the independent judgment of a member of the board. See opinion of Attorney General to Richard L. Thompson, Deputy State Superintendent, Department of Public Instruction, 1997 N.C.A.G. 63 (11/3/97).

Yearly Public Hearings Not Required. — The provisions of subdivision (e1)(6) of this section do not require local boards of education to conduct public hearings every year before offering a "comprehensive sex education program." If the local board specifically decides to "adopt" such a program on a yearly basis, it must comply with the statute and hold the requisite hearing prior to each annual adoption. The statute, however, does not require the LEA to hold a public hearing on the comprehensive sex education program if the local board does not make changes in the objectives or materials in that program. See opinion of Attorney General to Richard L. Thompson, Deputy State Superintendent, Department of Public Instruction, 1997 N.C.A.G. 63 (11/3/97).

§ 115C-81.1. Basic Education Program Funds not to supplant Local funds for schools.

It is the intent of the General Assembly that budget funds appropriated by the General Assembly for vocational and technical education programs and clerical personnel to implement the Basic Education Program be used to supplement and not supplant existing State and local funding for the public schools. Therefore, to the extent that local school administrative units receive additional State funds for vocational and technical education programs and clerical personnel positions that were previously funded in whole or in part with nonstate funds, the local governments shall continue to spend for public school operating or capital purposes in the local school administrative units the amount of money they would have spent to provide the vocational and technical education programs and the school clerical personnel previously funded with nonstate funds.

Priority shall be given to funding capital needs, particularly those resulting from implementation of the Basic Education Program. (1987, c. 830, s. 88; 1993, c. 180, s. 2.)

§ 115C-81.2. Comprehensive plan for reading achievement.

(a) The State Board of Education shall develop a comprehensive plan to improve reading achievement in the public schools. The plan shall be fully integrated with State Board plans to improve student performance and promote local flexibility and efficiency. The plan shall be based on reading instructional practices for which there is strong evidence of effectiveness in existing empirical scientific research studies on reading development. The plan shall be developed with the active involvement of teachers, college and university educators, parents of students, and other interested parties. The plan shall, if appropriate, include revision of the standard course of study, revision of teacher certification standards, and revision of teacher education program standards.

(b) The State Board of Education shall critically evaluate and revise the standard course of study so as to provide school units with guidance in the implementation of balanced, integrated, and effective programs of reading instruction. The General Assembly believes that the first, essential step in the complex process of learning to read is the accurate pronunciation of written words and that phonics, which is the knowledge of relationships of the symbols of the written language and the sounds of the spoken language, is the most reliable approach to arriving at the accurate pronunciation of a printed word. Therefore, these programs shall include early and systematic phonics instruction. The State Board shall provide opportunities for teachers, parents, and other interested parties to participate in this evaluation and revision.

(c) In order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction, the State Board of Education, in collaboration with the Board of Governors of The University of North Carolina and with the North Carolina Association of Independent Colleges and Universities, shall review, evaluate, and revise current teacher certification standards and teacher education programs within the institutions of higher education that provide coursework in reading instruction.

(d) Local boards of education are encouraged to review and revise existing board policies, local curricula, and programs of professional development in order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction.

§ 115C-84.2. School calendar.

(a) School Calendar. — Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) A minimum of 180 days and 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the 180 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

(4) Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete

instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall schedule one of these days at the beginning of the school year and one at the end of each academic quarter.

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least seven days scheduled under subdivisions (4) and (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in subdivisions (4) and (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. — The following limitations apply when developing the school calendar:

(1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

(2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.

(3) School shall not be held on Sundays.

(4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. — During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. — Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means that schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section. (1997-443, s. 8.38(c); 1998-212, s. 9.18(b); 1999-373, s. 1; 1999-463, Ex. Sess., s. 7A; 2003-8, s. 1; 2003-131, s. 1; 2004-180, s. 1; 2004-203, s. 44; 2006-264, s. 25.)

Temporary Amendment to Subdivision (a)(1) for Certain Local School Administrative Units Applicable to 2004-2005 School Year Only. — Session Laws 2005-48, ss. 1 and 2, provide that for the local school administrative units declared by the President of the United States to be a disaster area for Hurricane Frances, Hurricane Ivan, or both, subdivision (a)(1) of this section reads as follows:

"A minimum of either 180 days or 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

"If, due to inclement weather, a local board of education complies with this subdivision by scheduling 1,000 hours of instruction on less than 180 days, the local school administrative unit is deemed to have a minimum of 180 days of instruction, teachers employed for a 10-month term are deemed to have been employed for 180 instructional days, and all other employees shall be compensated as if they had worked their regularly scheduled hours for 180 instructional days."

Editor's Note. — See ss. 7A(a) to (d) of Session Laws 1999-463, Extra Session.

The North Carolina counties that were declared a major disaster area as a result of Hurricane Floyd by the President of the United States are:

Alamance, Anson, Beaufort, Bertie, Bladen, Brunswick, Camden, Carteret, Caswell, Chatham, Chowan, Columbus, Craven, Cumberland, Currituck, Dare, Davidson, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gates, Granville, Greene, Guilford, Halifax, Harnett, Hertford, Hoke, Hyde, Johnston, Jones, Lee, Lenoir, Martin, Montgomery, Moore, Nash, New Hanover, Northampton, Onslow, Orange, Pamlico, Pasquotank, Pender, Perquimans, Person, Pitt, Randolph, Richmond, Robeson, Rockingham, Rowan, Sampson, Scotland, Stanly, Stokes, Tyrrell, Union, Vance, Wake, Warren, Washington, Wayne, and Wilson.

Session Laws 1999-463, enacted at the 1999 Extra Session held on December 15 and 16, 1999, provides in s. 1 that the act shall be known as the Hurricane Floyd Recovery Act of 1999.

Session Laws 2005-48, s. 3, provides that this temporary amendment is applicable to the 2004-2005 school year only.

Session Laws 2003-8, s. 2, made the addition of subdivision (a)(1a) by Session Laws 2003-8, s. 1, applicable only to the 2002-2003 school year.

Session Laws 2004-180, s. 3, provides: "For certified and noncertified employees employed on or after the effective date of this act, the annual rate of pay beginning with the 2005-2006 school year shall not be reduced as the result of this act. Furthermore, nothing in this act shall be construed to change the pay cycle for noncertified employees. The State Board of Education shall report annually to the Joint Legislative Education Oversight Committee on local compliance with this section."

Session Laws 2004-180, s. 5, provides: "Nothing in this act shall require the General Assembly to appropriate funds to implement it or require a local school administrative unit to spend additional funds to implement it."

Session Laws 2004-203, s. 44, effective August 17, 2004, deleted the last paragraph of subsection (d) which read: "Local boards and individual schools shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on days scheduled in accordance with subdivision (4) or (5) of this subsection. A teacher may elect to waive this notice requirement for one or more such days." However, there was no such paragraph in subsection (d), and the apparent intent was to delete the former last paragraph in subsection (a). Session Laws 2006-264, s. 25, repealed Session Laws 2004-203, s. 44, effective August 27, 2006.

The North Carolina counties that were declared a major disaster area as a result of Hurricanes Frances or Ivan, or both are:

Alleghany, Ashe, Avery, Buncombe, Burke, Caldwell, Haywood, Henderson, Jackson, Macon, Madison, McDowell, Mitchell, Polk, Rutherford, Swain, Transylvania, Watauga and Yancey.

Session Laws 2009-451, s. 7.40, provides: "The State Board of Education shall establish a school calendar pilot program in the Wilkes County Schools. The purpose of the pilot program is to determine whether and to what extent a local school administrative unit can save money during this extreme fiscal crisis by consolidating the school calendar.

"Notwithstanding G.S. 115C-84.2(a)(1), the school calendar for the 2009-2010 calendar year for the Wilkes County Schools shall include a minimum of 180 days or 1,000 hours of instruction covering at least nine calendar months. Notwithstanding G.S. 115C-84.2(d), the opening date for students shall not be before August 24.

"If the Wilkes County Board of Education adds instructional hours to previously scheduled days under this section, the local school administrative unit is deemed to have a minimum of 180 days of instruction and teachers employed for a 10-month term are deemed to have been employed for the days being made up and shall be compensated as if they had worked the days being made up.

"The State Board of Education shall report to the Joint Legislative Education Oversight Committee by March 15, 2010, on the administration of the pilot program, cost-savings realized by it, and its impact on student achievement."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

Session Laws 2009-451, s. 28.5 is a severability clause.

CASE NOTES

Authority to Create and Operate Year Round Schools. — Board of Education had the authority under G.S. 115C-84.2(a) to create and operate year-round schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

County board of education can assign students to year-round schools without parental consent because there are no statutory restrictions or legislative disapproval of the use of year-round school calendars in G.S. 115C-84.2 when G.S. 115C-84.2 specifically recognizes year-round schools as a legitimate calendar option; G.S. 115C-84.2(a) encourages local school boards to utilize calendar flexibility, and when assignment to a particular school places too great a burden on individual children parents may seek reassignment and judicial review of any assignment decision. Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

Exemption of Year Round Schools from Teacher's Summer Vacation Requirement. — G.S. 115C-84.2(b)(2) specifically exempts year-round schools from the statute's apparent protection of a teacher's summer vacation. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App.

LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Minimum Quantum of Education Required. — G.S. 115C-1, consistent with the purpose of the constitutional provision it was designed to implement, does not mandate equal access to a school term of nine consecutive months, but rather refers to the minimum quantum of educational instruction required. How that minimum quantum of instruction is translated into an annual school calendar is then prescribed by G.S. 115C-84.2(a)(1), (b)(2), which sets out certain requirements, but otherwise mandates that the local board shall designate when the 180 instructional days shall occur and specifically recognizes year-round schools as a permissible calendaring scheme. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

No Private Cause of Action. — Trial court properly dismissed the teachers' request for declaratory relief against the county school board under G.S. 115C-84.2 and G.S. 115C-301.1 because the teachers failed to plead all the facts necessary to disclose the existence of an actual controversy between the parties; furthermore, neither section expressly or implicitly created a private cause of action for the teachers. Lea v. Grier, 156 N.C. App. 503, 577 S.E.2d 411, 2003 N.C. App. LEXIS 238 (2003).

Construction with G.S. 115C-1. — G.S. 115C-1, especially as a codification of N.C. Const., Art. IX, § 5, can be read as setting a floor for the quantum of education required. Any other construction of the statute would place G.S. 115C-1 in conflict with G.S. 115C-84.2(a)(1)'s requirement that a school calendar include a minimum of 180 days and 1,000 hours of instruction covering at least 9 calendar months. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Year Round Schools are not Outside the Calendar Programs. — Since the provision in G.S. 115C-84.2(d) referencing "year-round schools" governs calendars permitted under the statute, "year-round schools" necessarily do not constitute programs "outside the calendar" permitted by the statute. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Year Round Schools. — Both the "traditional" calendar schools and "year-round" calendar schools options comply with the requirements set out in G.S. 115C-84.2(a) and (b). Thus, a Board of Education had authority under these statutes to operate year-round schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Express language of G.S. 115C-84.2 exempting year-round schools from the calendar-design restrictions demonstrates that the General Assembly recognized a year-round calendar as a valid alternative to the traditional calendar (which includes a significant summer vacation). Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Board of Education May Establish Year Round Schools. — G.S. 115C-47(11) authorized a board of education to determine the school calendar under G.S. 115C-84.2, which did not bar year-round schools. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

OPINIONS OF ATTORNEY GENERAL

"Modified calendar" as used in G.S. 115C-84.2(d) means a school calendar that is changed or altered from the standard or regular school calendar. See opinion of Attorney General to Mr. Earl Watson, Executive Director, Southwest Education Alliance, 2005 N.C. AG LEXIS 2 (4/14/05).

Determination of School and Work Hours. — Section 115C-47(11) and former G.S. 115C-84(a)(see now this section) give local boards of education authority over the length of the school day for students, but do not give local boards authority to establish the length of the work day for State funded employees. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

A single, uniform school calendar must be adopted by local boards of education, beginning with the 2005-2006 school year, for students for all schools in the administrative area that do not qualify for one or more of the statutory exceptions. See opinion of Attorney General to Mr. Earl Watson, Executive Director, Southwest Education Alliance, 2005 N.C. AG LEXIS 2 (4/14/05).

The pay for all 10 month school employees, both certified and noncertified, is intended to be the same for 215 days of work, holidays and leave in 2005-06 that they earned for 220 days of work, holidays and leave in 2004-05. See opinion of Attorney General to Mr. Earl Watson, Executive Director, Southwest Education Alliance, 2005 N.C. AG LEXIS 2 (4/14/05).

Part 3. Textbooks.

§ 115C-85. Textbook needs are determined by course of study.

When the State Board of Education has adopted, upon the recommendation of the Superintendent of Public Instruction, a standard course of study at each instructional level in the elementary school and the secondary school, setting forth what subjects shall be taught at each level, it shall proceed to select and adopt textbooks.

As used in this part, "textbook" means systematically organized material comprehensive enough to cover the primary objectives outlined in the standard course of study for a grade or course. Formats for textbooks may be print or nonprint, including hardbound books, softbound books, activity-oriented programs, classroom kits, and technology-based programs that require the use of electronic equipment in order to be used in the learning process.

Textbooks adopted in accordance with the provisions of this Part shall be used by the public schools of the State except as provided in G.S. 115C-98(b1). (1955, c. 1372, art. 24, s. 1; 1959, c. 693, s. 1; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1993 (Reg. Sess., 1994), c. 677, s. 20; 1995 (Reg. Sess., 1996), c. 716, s. 18.)

Legal Periodicals. — For comment, "The State and Sectarian Education: Regulation to Deregulation," see 1980 Duke L.J. 801.

§ 115C-86. State Board of Education to select and adopt textbooks.

The Board shall select and adopt for a period determined to be most advantageous to the State public school system for the exclusive use in the public schools of North Carolina the basic textbooks or series of books needed for instructional purposes at each instructional level on all subject matter required by law to be taught in elementary and secondary schools of North Carolina. (1955, c. 1372, art. 24, s. 2; 1959, c. 693, s. 2; 1965, c. 584, s. 18; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-87. Appointment of Textbook Commission.

Shortly after assuming office, the Governor shall appoint a Textbook Commission of 23 members who shall hold office for four years, or until their successors are appointed and qualified. The members of the Commission shall be appointed by the Governor upon recommendation of the Superintendent. Five of these members shall be teachers or principals in grades K-5; five shall be teachers or principals in grades 6-8; four shall be superintendents, teachers, or principals in grades 9-12; one shall be a superintendent of a local school administrative unit, three shall be parents of students in grades K-5 at the time of appointment; three shall be parents of students in grades 6-8 at the time of appointment; and two shall be parents of students in grades 9-12 at the time of appointment. The Governor shall fill all vacancies by appointment for the unexpired term. The Commission shall elect a chairman, subject to the approval of the Superintendent. The Commission shall meet four times a year or at the call of the chair. The members shall be entitled to compensation for each day spent on the work of the Commission as approved by the Board and to reimbursement for travel and subsistence expense incurred in the performance of their duties at the rates specified in G.S. 138-5(a). Compensation shall be paid from funds available to the State Board of Education. (1955, c.

1372, art. 24, s. 3; 1969, c. 519, s. 1; 1977, c. 1113; 1981, c. 423, s. 1; 1999-237, s. 8.30(a).)

§ 115C-88. Commission to evaluate textbooks offered for adoption.

(a) The Commission shall evaluate all textbooks offered for adoption.

Each proposed textbook shall be read by at least one expert certified in the discipline for which the textbook would be used. The Commission may use external experts if no Commission member or advisory committee member qualifies as an expert certified in a particular discipline.

The Commission may consider any review of a proposed textbook by other experts certified in the discipline who are not involved in the textbook adoption process. However, these reviews may not substitute for the direct examination of the proposed textbook by a Commission member, an advisory committee member, or any other expert retained by the Commission.

(b) Each member shall examine carefully and file a written evaluation of each proposed textbook for which the member is responsible.

The evaluation report shall give special consideration to the suitability of the textbook to the instructional level for which it is offered, the content or subject matter, whether the textbook is aligned with the Standard Course of Study, and other criteria prescribed by the Board.

Each evaluation report shall be signed by the member making the report and filed with the Board not later than a day fixed by the Board when the call for adoption is made. (1955, c. 1372, art. 24, s. 4; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1993 (Reg. Sess., 1994), c. 777, s. 3(a); 1999-237, s. 8.30(b).)

§ 115C-89. Selection of textbooks by Board.

At the next meeting of the Board after the reports have been filed, the Textbook Commission and the Board shall jointly examine the reports. From the books evaluated the Board shall select those that it thinks will meet the teaching requirements of the State public schools in the instructional levels for which they are offered. The Board shall request sealed bids from the publishers on all the books being considered.

The Board shall make all necessary rules and regulations concerning requests for bids, notification to publishers of calls for adoption, execution and delivery of contracts, requirement of performance bonds, cancellation clauses, and such other material matters as may affect the validity of the contracts. (1955, c. 1372, art. 24, s. 5; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1989, c. 798.)

§ 115C-90. Adoption of textbooks and contracts with publishers.

The publishers' sealed bids shall be opened in the presence of two persons designated by the State Board of Education and one person designated by the Superintendent of Public Instruction. The Board may then adopt the books required by the courses of study and enter into contracts with the publisher of adopted books. It may refuse to adopt any of the books offered at the prices bid and call for new bids. When bids are accepted and a contract entered into, the contract may require, in the Board's discretion, that the total sales of each book in the State of North Carolina be reported annually to the Board.

All textbook contracts shall include a clause granting to the State Board of Education the license to produce Braille, large print, and audio-cassette tape copies of the textbooks for use in the State public schools. Also, the General Assembly urges the State Board of Education to request such a license from textbook publishers with whom a contract was entered into prior to August 1, 1987. (1955, c. 1372, art. 24, s. 6; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1983, c. 549, s. 1; 1987, c. 738, s. 190; 1987 (Reg. Sess., 1988), c. 1025, s. 10.)

§ 115C-91. Continuance and discontinuance of contracts with publishers.

When an existing or future contract expires, the Board may, with the publisher's approval, continue the contract for any particular book or books for a period not less than one or more than five years. If a publisher desires to terminate a contract that has been extended beyond the original contract period, he shall give notice to the Board 90 days prior to May 1. The Board may then proceed to a new adoption. (1955, c. 1372, art. 24, s. 7; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-92. Procedure for change of textbook.

The Superintendent may at any time communicate to the Board that a particular book is unsatisfactory for the schools, whereupon the Board may call for a new selection and adoption. If the Board votes to change a textbook, it shall give the publisher 90 days' notice prior to May 1, after which it may adopt a new book or books on the subject for which a book is sought. (1955, c. 1372, art. 24, s. 7; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-93. Advice from and suits by Attorney General.

The form and legality of contracts between the Board and publishers of textbooks shall be subject to the approval of the Attorney General.

When requested by the Board, the Attorney General shall bring suit against any publisher who fails to keep his contract as to prices, distribution, adequate supply of books in the edition adopted, or in any other way violates the terms of his contract. The suit shall be brought for an amount sufficient to enforce the contract or to compensate the State for any loss sustained by the publisher's failure to keep his contract. (1955, c. 1372, art. 24, s. 8; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-94. Publishers to register.

Any publisher who submits books for adoption shall register in the office of the Superintendent of Public Instruction the names of all agents or other employees authorized to represent that company in the State, and this registration list shall be open to the public for inspection. (1955, c. 1372, art. 24, s. 9; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-95. Sale of books at lower price reduces price to State.

Every contract made by the Board with the publisher of any school textbook on the State-adopted list shall be deemed to have written therein a condition providing that if that publisher, during the life of his contract with this State, contracts with any other governmental unit or places that textbook on sale anywhere in the United States for a price less than that stipulated in his contract with the State of North Carolina, the publisher shall immediately furnish that textbook to this State at a price not greater than that for which the book is furnished, sold, or placed on sale anywhere else in the nation. (1955, c. 1372, art. 24, s. 10; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-96. Powers and duties of the State Board of Education in regard to textbooks.

The children of the public elementary and secondary schools of the State shall be provided with free basic textbooks within the appropriation of the General Assembly for that purpose. To implement this directive, the State Board of Education shall evaluate annually the amount of money necessary to provide textbooks based on the actual cost and availability of textbooks and shall request sufficient appropriations from the General Assembly.

The State Board of Education shall administer a fund and establish rules and regulations necessary to:

(1) Acquire by contract such basic textbooks as are or may be on the adopted list of the State of North Carolina which the Board finds necessary to meet the needs of the State public school system and to carry out the provisions of this Part.

(2) Provide a system of distribution of these textbooks and distribute the books that are provided without using any depository or warehouse facilities other than those operated by the State Board of Education.

(3) Provide for the free use, with proper care and return, of elementary and secondary basic textbooks. The title of said books shall be vested in the State. (1955, c. 1372, art. 25, s. 1; 1965, c. 584, s. 19; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1991 (Reg. Sess., 1992), c. 900, s. 81(a).)

CASE NOTES

Construction with G.S. 115C-238.29H. — Although, for accounting purposes, the value of textbooks was shown in the annual report of the local current expense fund of a local board of education, because textbooks were loaned to the local board, the local board could not convert that value to its own purposes; thus, the value of the textbooks did not constitute moneys in the local current expense fund that had to be shared with a group of charter schools pursuant to G.S. 115C-238.29H(b). Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

§ 115C-97. State Board of Education authorized to discontinue handling supplementary and library books.

The State Board of Education may discontinue the adoption of supplementary textbooks and, at the expiration of existing contracts, may discontinue the purchase, warehousing, and distribution of supplementary textbooks. The Board may also discontinue the purchase and resale of library books. Funds appropriated to the State Board of Education for supplementary textbooks shall be transferred to the State Public School Fund for allotment to each local school administrative unit, based on its average daily membership, for the purchase of supplementary textbooks, library books, periodicals, and other instructional materials. (1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-98. Local boards of education to provide for local operation of the textbook program, the selection and procurement of other instructional materials, and the use of nonadopted textbooks.

(a) Local boards of education shall adopt rules not inconsistent with the policies of the State Board of Education concerning the local operation of the textbook program.

(b) Local boards of education shall adopt written policies concerning the procedures to be followed in their local school administrative units for the selection and procurement of supplementary textbooks, library books, periodicals, audiovisual materials, and other supplementary instructional materials needed for instructional purposes in the public schools of their units.

Local boards of education shall have sole authority to select and procure supplementary instructional materials, whether or not the materials contain commercial advertising, to determine if the materials are related to and within the limits of the prescribed curriculum, and to determine when the materials may be presented to students during the school day. Supplementary materials and contracts for supplementary materials are not subject to approval by the State Board of Education.

Supplementary books and other instructional materials shall neither displace nor be used to the exclusion of basic textbooks.

(b1) A local board of education may establish a community media advisory committee to investigate and evaluate challenges from parents, teachers, and members of the public to textbooks and supplementary instructional materials on the grounds that they are educationally unsuitable, pervasively vulgar, or inappropriate to the age, maturity, or grade level of the students. The State Board of Education shall review its rules and policies concerning these challenges and shall establish guidelines to be followed by community media advisory committees.

The local board, at all times, has sole authority and discretion to determine whether a challenge has merit and whether challenged material should be retained or removed.

(b2) Local boards of education may:

(1) Select, procure, and use textbooks that have not been adopted by the State Board of Education for use throughout the local school administrative unit for selected grade levels and courses; and

(2) Approve school improvement plans developed under G.S. 115C-105.27 that include provisions for using textbooks that have not been adopted by the State Board of Education for selected grade levels and courses.

All textbook contracts made under this subsection shall include a clause granting to the local board of education the license to produce braille, large print, and audiocassette tape copies of the textbooks for use in the local school administrative unit.

(c) Funds allocated by the State Board of Education or appropriated in the current expense or capital outlay budgets of the local school administrative units, may be used for the above-stated purposes. (1969, c. 519, s. 1; 1981, c. 423, s. 1; 1989 (Reg. Sess., 1990), c. 1074, s. 23(a); 1995 (Reg. Sess., 1996), c. 716, ss. 8.7, 19.)

Editor's Note. — The subsection designation (b2) was added at the direction of the Revisor of Statutes, the designation in Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 19, having been (b1).

CASE NOTES

Purpose of 1990 Amendments. — Through the 1990 amendments to this section and G.S. 115C-47, the General Assembly made clear what the statutes already provided — that decisions concerning the procurement of supplementary instructional materials, including those which involve commercial advertising, are to be made exclusively by the local school boards without having to seek approval of the State Board. State v. Whittle Communications, 328 N.C. 456, 402 S.E.2d 556 (1991).

"Supplementary Instructional Material." — Since a short video news program designed to keep students informed on current affairs was a supplementary instructional material, the State Board of Education acted in excess of its authority in enacting a temporary rule to prohibit local school boards from contracting for such programs. State v. Whittle Communications, 328 N.C. 456, 402 S.E.2d 556 (1991).

§ 115C-99. Legal custodians of textbooks furnished by State.

Local boards of education are the custodians of all textbooks purchased by the local boards with State funds. They shall provide adequate and safe storage facilities for the proper care of these textbooks and emphasize to all students the necessity for proper care of textbooks. (1955, c. 1372, art. 25, s. 3; 1969, c. 519, s. 1; 1981, c. 423, s. 1; 1993 (Reg. Sess., 1994), c. 777, s. 3(b).)

§ 115C-100. Rental fees for textbooks prohibited; damage fees authorized.

No local board of education may charge any pupil a rental fee for the use of textbooks. A pupil's parents or legal guardians may be charged damage fees for abuse or loss of textbooks under rules adopted by the State Board of Education. All money collected from the sale of textbooks purchased with State funds under the provisions of this Part shall be paid annually as collected to the State Board of Education. § 115C-101. Duties and authority of superintendents of local school administrative units.

The superintendent of each local school administrative unit, as an official agent of the State Board of Education, shall administer the provisions of this Part and the rules and regulations of the Board insofar as they apply to his unit. The superintendent of each local school administrative unit shall have authority to require the cooperation of principals and teachers so that the children may receive the best possible service, and so that all the books and moneys may be accounted for properly. If any principal or teacher fails to comply with the provisions of this section, his superintendent shall withhold his salary vouchers until the duties imposed by this section have been performed.

If any superintendent fails to comply with the provisions of this section, the State Superintendent, as secretary to the State Board of Education, shall notify the State Board of Education and the State Treasurer. The State Board and the State Superintendent shall withhold the superintendent's salary vouchers, and the State Treasurer shall make no payment until the State Superintendent notifies him that the provisions of this section have been complied with. (1955, c. 1372, art. 25, s. 8; 1969, c. 519, s. 1; 1981, c. 423, s. 1.)

§ 115C-102. Right to purchase; disposal of textbooks and materials.

(a) Any parent, guardian, or person in loco parentis may purchase any instructional material needed for any child in the public schools of the State from the board of education of the local school administrative unit in which the child is enrolled or, in the case of basic textbooks, from the State Board of Education.

(b) Notwithstanding Article 3A of Chapter 143 of the General Statutes, G.S. 143-49(4), or any other provision of law, the State Board of Education may adopt rules authorizing local boards of education to dispose of discontinued instructional material, including State-adopted textbooks. The form of the Compact is substantially as follows:

COMPACT FOR EDUCATION.

Article I. Policy and Purpose.

It is the purpose of this Compact to:

(1) Establish and maintain close cooperation and understanding among executive, legislative, professional, educational and lay leadership on a nationwide basis at the state and local levels.

(2) Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

(3) Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

(4) Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advances in educational opportunities, methods and facilities.

(5) It is the policy of this Compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

(6) The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because of the products and services contributing to the health, welfare and economic advancement of each state which are supplied in significant part by persons educated in other states.

Article II. State Defined.

As used in this Compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

Article III. The Commission.

(1) The education commission of the states, hereinafter called "the commission," is hereby established. The commission shall consist of seven members representing each party state. One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed 10 nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

(2) The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the

power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(10).

(3) The commission shall have a seal.

(4) The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice-chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

(5) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

(6) The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(7) The commission may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (6) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(8) The commission may establish and maintain such facilities as may be necessary for the transaction of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(9) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(10) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

Article IV. Powers.

In addition to authority conferred on the commission by other provisions of the Compact, the commission shall have authority to:

(1) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

(2) Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

(3) Develop proposals for adequate financing of education as a whole and at each of its many levels.

(4) Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this Compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

(5) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

(6) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this Compact.

Article V. Cooperation with Federal Government.

(1) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed 10 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representatives shall have a vote on the commission.

(2) The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

Article VI. Committees.

(1) To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of 32 members which, subject to the provisions of this Compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One fourth of the voting membership of the steering committee shall consist of governors, one fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows: 16 for one year and 16 for two years. The chairman, vice-chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

(2) The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to

advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

(3) The commission may establish such additional committees as its bylaws may provide.

Article VII. Finance.

(1) The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(2) The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

(3) The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(7) of this Compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to Article III(7) thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

(5) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(6) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VIII. Eligible Parties' Entry into and Withdrawal.

(1) This Compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor," as used in this Compact, shall mean the closest equivalent official of such jurisdiction.

(2) Any state or other eligible jurisdiction may enter into this Compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least 10 eligible party jurisdictions shall be required.

(3) Adoption of the Compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his

state a party only until December 31, 1967. During any period when a state is participating in this Compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

(4) Except for a withdrawal effective on December 31, 1967, in accordance with paragraph (3) of this article, any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article IX. Construction and Severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating therein, the Compact shall remain in full force and effect as to the state affected as to all severable matters. § 115C-105.26. Waivers of State laws, rules, or policies.

(a) When included as part of a school improvement plan accepted under G.S. 115C-105.27, local boards of education shall submit requests for waivers of State laws, rules, or policies to the State Board of Education. A request for a waiver shall (i) identify the school making the request, (ii) identify the State laws, rules, or policies that inhibit the school's ability to improve student performance, (iii) set out with specificity the circumstances under which the waiver may be used, and (iv) explain how the requested waiver will permit the school to improve student performance. Except as provided in subsection (c) of this section, the State Board shall grant waivers only for the specific schools for which they are requested and shall be used only under the specific circumstances for which they are requested.

(b) When requested as part of a school improvement plan, the State Board of Education may grant waivers of:

(1) State laws pertaining to class size and teacher certification; and

(2) State rules and policies, except those pertaining to public school State salary schedules and employee benefits for school employees, the instructional program that must be offered under the Basic Education Program, the system of employment for public school teachers and administrators set out in G.S. 115C-287.1 and G.S. 115C-325, health and safety codes, compulsory attendance, the minimum lengths of the school day and year, and the Uniform Education Reporting System.

(c) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that affect the organization, duties, and assignment of central office staff only. However, none of the duties to be performed under G.S. 115C-436 may be waived.

(c1) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that require that each local school administrative unit provide at least one alternative school or at least one alternative learning program.

(d) Notwithstanding subsections (b) and (c) of this section, the State Board shall not grant waivers of G.S. 115C-12(16)b. regarding the placement of State-allotted office support personnel, teacher assistants, and custodial personnel on the salary schedule adopted by the State Board.

(e) Notwithstanding subsection (b) of this section, the State Board may grant requests received from local boards for waivers of State laws, rules, or policies pertaining to the placement of principals on the State salary schedule for public school administrators in order to provide financial incentives to encourage principals to accept employment in a school that has been identified as low-performing under G.S. 115C-105.37. The State Board shall act on requests under this subsection at the first Board meeting following receipt of each request.

(f) Except as provided in subsection (e) of this section, the State Board shall act within 60 days of receipt of all requests for waivers under this section.

(g) The State Board shall, on a regular basis, review all waivers it has granted to determine whether any rules should be repealed or modified or whether the Board should recommend to the General Assembly the repeal or modification of any laws. (1995 (Reg. Sess., 1996), c. 716, s. 3; 1999-237, s. 8.25(b); 2006-153, s. 2.)

Editor's Note. — The number of this section was assigned by the Revisor of Statutes, the number in Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 3, having been 115C-105.21B.

Effect of Amendments. — Session Laws 2006-153, s. 2, effective July 1, 2006, and applicable to school improvement plans beginning with the 2007-2008 school year, substituted "size and teacher certification" for "size, teacher certification, and the duty-free period for classroom teachers under G.S. 115C-301.1" in subdivision (b)(1).

§ 115C-105.27. Development and approval of school improvement plans.

(a) In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall analyze student data to identify root causes for problems and to determine actions to address them. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

(b) The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Shall, if the school serves students in kindergarten or first grade, include a plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when their child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade. The plan may include the use of assessments to monitor students' progress in learning to read, strategies for teachers and parents to implement that will help students improve and expand their reading, and provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level;

(2) Shall include a plan to address school safety and discipline concerns in accordance with the safe school plan developed under Article 8C of this Chapter;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;

(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(c) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

(d) The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school's proposed school improvement plan to the maximum extent possible when developing such a plan.

(e) A school improvement plan shall remain in effect for no more than two years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans. (1989, c. 778, s. 3; 1991 (Reg. § 115C-105.30. Distribution of staff development funds.

Any funds the local board of education makes available to an individual school building to implement the school improvement plan at that school shall be used in accordance with that plan.

Each local board shall distribute seventy-five percent (75%) of the funds in the staff development funding allotment to the schools to be used in accordance with that school's school improvement plan. By October 1 of each year, the principal shall disclose to all affected personnel the total allocation of all funds available to the school for staff development and the superintendent shall disclose to all affected personnel the total allocation of all funds available at the system level for staff development. At the end of the fiscal year, the principal shall make available to all affected personnel a report of all disbursements from the building-level staff development funds, and the superintendent shall make available to all affected personnel a report of all disbursements at the system level of staff development funds. (1993, c. 321, s. 144.2(c); 1995 (Reg. Sess., 1996), c. 716, ss. 2, 3.)

§ 115C-105.32. Parent involvement programs and conflict resolution programs as part of school improvement plans.

A school is encouraged to include a comprehensive parent involvement program as part of its school improvement plan under G.S. 115C-105.27. The Board shall make the list available to local school administrative units and school buildings by the beginning of the 1994-95 school year.

A school is encouraged to review its need for a comprehensive conflict resolution program as part of the development of its school improvement plan under G.S. 115C-105.27. If a school determines that this program is needed, it may select from the list developed by the State Board of Education under G.S. 115C-81(a4) or may develop its own materials and curricula to be approved by the local board of education. (1993, c. 509, ss. 2, 3; 1995 (Reg. Sess., 1996), c. 716, ss. 2, 3.)

§ 115C-105.33. Safe and orderly schools.

A school improvement team or a parent organization at a school may ask the local board of education to provide assistance in promoting or restoring safety and an orderly learning environment at a school. The school improvement team or parent organization shall file a copy of this request with the State Board. If the local board fails to provide adequate assistance to the school, then the school improvement team or parent organization may ask the State Board to provide an assistance team to the school.

The State Board may provide an assistance team, established under G.S. 115C-105.38, to a school in order to promote or restore safety and an orderly learning environment at that school if one of the following applies:

(1) The local board of education or superintendent requests that the State Board provide an assistance team to a school and the State Board determines that the school needs assistance.

(2) The State Board determines within 10 days after its receipt of the request for assistance from a school improvement team or parent organization of a school that the school needs assistance and that the local board has failed to provide adequate assistance to that school.

If an assistance team is assigned to a school under this section, the team shall spend a sufficient amount of time at the school to assess the problems at the school, assist school personnel with resolving those problems, and work with school personnel and others to develop a long-term plan for restoring and maintaining safety and an orderly learning environment at the school. The assistance team also shall make recommendations to the local board of education and the superintendent on actions the board and the superintendent should consider taking to resolve problems at the school. These recommendations shall be in writing and are public records. If an assistance team is assigned to a school under this section, the powers given to the State Board and the assistance team under G.S. 115C-105.38 and G.S. 115C-105.39 shall apply as if the school had been identified as low-performing under this Article. (1997-443, s. 8.29(a)(2).)

Part 3. School-Based Accountability.

§ 115C-105.35. Annual performance goals.

(a) The School-Based Management and Accountability Program shall (i) focus on student performance in the basics of reading, mathematics, and communications skills in elementary and middle schools, (ii) focus on student performance in courses required for graduation and on other measures required by the State Board in the high schools, and (iii) hold schools accountable for the educational growth of their students. To those ends, the State Board shall design and implement an accountability system that sets annual performance standards for each school in the State in order to measure the growth in performance of the students in each individual school. During the 2004-2005 school year and at least every five years thereafter, the State Board shall evaluate the accountability system and, if necessary, modify the testing standards to assure the testing standards continue to reasonably reflect the level of performance necessary to be successful at the next grade level or for more advanced study in the content area.

As part of this evaluation, the Board shall, where available, review the historical trend data on student academic performance on State tests. To the extent that the historical trend data suggest that the current standards for student performance may not be appropriate, the State Board shall adjust the standards to assure that they continue to reflect the State's high expectations for student performance.

(b) For purposes of this Article, the State Board shall include a "closing the achievement gap" component in its measurement of educational growth in student performance for each school. The "closing the achievement gap" component shall measure and compare the performance of each subgroup in a school's population to ensure that all subgroups as identified by the State Board are meeting State standards.

(c) The State Board shall consider incorporating into the School-Based Management and Accountability Program a character and civic education component which may include a requirement for student councils. (1995 (Reg. Sess., 1996), c. 716, s. 3; 2001-424, s. 28.30(a); 2003-284, s. 7.40(c); 2004-124, s. 7.12(a).)

Editor's Note. — Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 32, made this part effective upon ratification. The Act was ratified June 21, 1996.

(a) The personnel in schools that achieve a level of expected growth greater than one hundred percent (100%) at a level to be determined by the State Board of Education are eligible for financial awards in amounts set by the State Board. Schools and personnel shall not be required to apply for these awards. For the purpose of this section, "personnel" includes the principal, assistant principal, instructional personnel, instructional support personnel, and teacher assistants (i) serving students in one or more of the grades kindergarten through 12 or (ii) assigned to a public school prekindergarten program that is located within a public elementary school and is designed to prepare students for kindergarten at that school.

(b) The State Board shall establish a procedure to allocate the funds for these awards to the local school administrative units in which the eligible schools are located. Funds shall become available for expenditure July 1 of each fiscal year. Funds shall remain available until November 30 of the subsequent fiscal year for expenditure for awards to the personnel. Each local school administrative unit is encouraged to make these awards to each eligible person no later than the first regular teacher payroll following the local unit's receipt of the funds, and shall make these awards to each eligible person no later than the second regular teacher payroll following the local unit's receipt of the funds. (1995 (Reg. Sess., 1996), c. 716, s. 3; 1997-443, s. 8.14; 1998-220, s. 2.)

§ 115C-105.37. Identification of low-performing schools.

(a) The State Board of Education shall design and implement a procedure to identify low-performing schools on an annual basis. Low-performing schools are those in which there is a failure to meet the minimum growth standards, as defined by the State Board, and a majority of students are performing below grade level.

(a1) By July 10 of each year, each local school administrative unit shall do a preliminary analysis of test results to determine which of its schools the State Board may identify as low-performing under this section. The superintendent then shall proceed under G.S. 115C-105.39. In addition, within 30 days of the initial identification of a school as low-performing by the local school administrative unit or the State Board, whichever occurs first, the superintendent shall submit to the local board a preliminary plan for addressing the needs of that school, including how the superintendent and other central office administrators will work with the school and monitor the school's progress. Within 30 days of its receipt of this plan, the local board shall vote to approve, modify, or reject this plan. Before the board makes this vote, it shall make the plan available to the public, including the personnel assigned to that school and the parents and guardians of the students who are assigned to the school, and shall allow for written comments. The board shall submit the plan to the State Board within five days of the board's vote. The State Board shall review the plan expeditiously and, if appropriate, may offer recommendations to modify the plan. The local board shall consider any recommendations made by the State Board.

(b) Each school that the State Board identifies as low-performing shall provide written notification to the parents of students attending that school. The written notification shall include a statement that the State Board of Education has found that the school has "failed to meet the minimum growth standards, as defined by the State Board, and a majority of students in the school are performing below grade level." This notification also shall include information about the plan developed under subsection (a1) of this section and a description of any additional steps the school is taking to improve student performance. "(1) National Board Certified Teachers who serve as mentors, literacy coaches, or in other nonadministrative instructional leadership positions at these schools shall retain the twelve percent (12%) salary increment for NBPTS certification, notwithstanding G.S. 115C-296.2.

"(2) National Board Certified Teachers, teachers of the year, and other categories of accomplished teachers designated by the State Board of Education shall be given the academic freedom at these schools to use research-based practices in the classroom that go beyond the standard course of study.

"(c) The State Board of Education shall consider the following strategies to ensure that the high-need schools have the high quality staff and the additional support they need and shall report by January 15, 2008, to the Joint Legislative Education Oversight Committee on the cost of implementing for the 2008-2009 fiscal year:

§ 115C-105.37A. Continually low-performing schools; definition; assistance and intervention; reassignment of students.

(a) Definition of Continually Low-Performing Schools. — A continually low-performing school is a school that has received State-mandated assistance and has been designated by the State Board as low performing for at least two of three consecutive years. If the State Board identifies a school as continually low performing:

(1) The school improvement team at that school shall review its school improvement plan to ensure consistency with the plan adopted pursuant to G.S. 115C-105.38(b)(3), and

(2) The plan must be reviewed and approved by the State Board of Education.

(b) Assistance to Schools That Are Low Performing for Two Years. — If a school that has received State-mandated assistance is designated by the State Board as low performing for two consecutive years or for two of three consecutive years, the State Board shall provide a series of progressive assistance and intervention strategies to that school. These strategies shall be designed to improve student achievement and to maintain student achievement at appropriate levels and may include, to the extent that funds are available for this purpose, assistance such as reductions in class size, extension of teacher and assistant principal contracts, extension of the instructional year, and grant-based assistance.

(c) Intervention in Schools That Are Low Performing for Three or More Years. — The State Board of Education shall develop and implement a series of actions for providing assistance and intervention to schools that have previously received State- mandated assistance and have been designated by the State Board as low performing for three or more consecutive years or for at least three out of four years. These actions shall be the least intrusive actions that are consistent with the need to improve student achievement at each such school and shall be adapted to the unique characteristics of each such school and the effectiveness of other actions developed or implemented to improve student achievement at each such school. (2001-424, s. 29.3; 2009-223, s. 3.)

Evaluation of Initiatives to Assist High-Priority Schools. — Session Laws 2001-424, ss. 29.6(a) to (d), as amended by Session Laws 2002-126, s. 7.28, provide:

"(a) In order for the high-priority schools identified in Section 29.1 of this act [s. 29.1 of Session Laws 2001-424, which provided for immediate assistance to the highest priority elementary schools] to remain eligible for the additional resources provided in this section [s. 29.6 of Session Laws 2001-424], the schools must meet the expected growth for each year and must achieve high growth for at least two out of three years based on the State Board of Education's annual performance standards set for each school. No adjustment in the allotment of resources based on performance shall be made until the 2004-2005 school year.

"(b) All teaching positions allotted for students in high-priority schools and continually low-performing schools in those grades targeted for smaller class sizes shall be assigned to and teach in those grades and in those schools. In grades K-3 in high-priority schools, the maximum class size for the portion of the 2001-2002 school year beginning with January 1, 2002, shall be no more than two students above the allotment ratio in that grade. The maximum class size for subsequent school years in grades K-3 in high priority schools and in grades K-5 in continually low-performing schools shall be no more than one student above the allotment ratio in that grade. The Department of Public Instruction shall monitor class sizes at these schools at the end of the first month of school and report to the State Board of Education on the actual class sizes in these schools. If the local school administrative unit notifies the State Board of Education that they do not have sufficient resources to adhere to the class size maximum requirements, the State Board shall verify the accuracy of the request. If additional resources are determined necessary, the State Board of Education may allocate additional teaching positions to the unit from the Reserve for Average Daily Membership Adjustments.

"(c) If a local board of education determines that the local school administrative unit is unable to implement the class-size limitation in accordance with this section [s. 29.6 of Session Laws 2002-424] for any high-priority school located in the unit, the local board may request a waiver for the school for the 2001-2002 school year. The request shall include the documentation required in G.S. 115C-105.26(a). If the State Board grants the waiver, the State Board shall withdraw the additional teacher positions allotted to the local school administrative unit for the school and reinstate the regular allotment for teacher assistants for the school.

"If a local board of education determines that the local school administrative unit is unable to implement the class-size limitation and other high priority initiatives in accordance with this section for any high-priority school located in the unit for the 2002-2003 school year, the local board may request a waiver for the school from the State Superintendent of Public instruction for the 2002-2003 school year. The Superintendent shall evaluate the school's efforts to meet the goals of high priority schools. The Superintendent may grant a waiver for the 2002-2003 school year if the Superintendent finds that the school is making efforts comparable to those required for high-priority schools and that the educational progress of students in the school is satisfactory.

"(d) Of funds appropriated from the General Fund to State Aid to Local School Administrative Units, the sum of five hundred thousand dollars ($500,000) for fiscal year 2001-2002 and the sum of five hundred thousand dollars ($500,000) for fiscal year 2002-2003 shall be used by the State Board of Education to contract with an outside organization to evaluate the initiatives set forth in this act.

"The evaluation shall include:

"(1) An assessment of the overall impact these initiatives have had on student achievement;

"(2) An assessment of the effectiveness of each individual initiative set forth in this act [Session Laws 2001-424] in improving student achievement;

"(3) An identification of changes in staffing patterns, instructional methods, staff development, and parental involvement as a result of these initiatives;

"(4) An accounting of how funds and personnel resources made available for these schools were utilized and the impact of varying patterns of utilization on changes in student achievement;

"(5) An assessment of the impact of bonuses for mathematics, science, and special education teachers on (i) the retention of these teachers in the targeted schools, (ii) the recruitment of teachers in these specialties into targeted schools, (iii) the recruitment of teachers certified in these disciplines into teaching, (iv) student achievement in schools at which these teachers receive these bonuses; and

"(6) Recommendations for the continuance and improvement of these initiatives.

"The State Board of Education shall make an initial report to the Joint Legislative Education Oversight Committee regarding the results of this evaluation by December 1, 2002, and annually thereafter. The State Board of Education shall submit its recommendations for changes to these initiatives to the Committee at any time."

The Department of Public Instruction shall, with the approval of the State Board, provide staff as needed and requested by an assistance team.

(b) When assigned to an identified low-performing school, an assistance team shall:

(1) Review and investigate all facets of school operations and assist in developing recommendations for improving student performance at that school.

(2) Evaluate at least semiannually the personnel assigned to the school and make findings and recommendations concerning their performance.

(3) Collaborate with school staff, central offices, and local boards of education in the design, implementation, and monitoring of a plan that, if fully implemented, can reasonably be expected to alleviate problems and improve student performance at that school.

(4) Make recommendations as the school develops and implements this plan.

(5) Review the school's progress.

(6) Report, as appropriate, to the local board of education, the community, and the State Board on the school's progress. If an assistance team determines that an accepted school improvement plan developed under G.S. 115C-105.27 is impeding student performance at a school, the team may recommend to the local board that it vacate the relevant portions of that plan and direct the school to revise those portions.

(b1) Report to the State Board of Education if a school and its local board of education are not responsive to the team's recommendations. A copy of that report shall be made available to the local board, and the local board shall have an opportunity to respond. Notwithstanding G.S. 115C-36 and other provisions of this Chapter, if the State Board confirms that the school and local board have failed to take appropriate steps to improve student performance at that school, the State Board shall assume all powers and duties previously conferred upon that local board and that school and shall have general control and supervision of all matters pertaining to that school until student performance at the school meets or exceeds the standards set for the school. The State Board may, as it considers appropriate, delegate any powers and duties to that local board or school before the school meets or exceeds those standards.

(c) If a school fails to improve student performance after assistance is provided under this section, the assistance team may recommend that the assistance continues or that the State Board take further action under G.S. 115C-105.39.

(d) The State Board shall annually review the progress made in identified low-performing schools. (1995 (Reg. Sess., 1996), c. 716, s. 3; 2002-178, s. 7.)

Editor's Note. — The number of this section was assigned by the Revisor of Statutes, the number in Session Law 1995 (Reg. Sess., 1996), c. 716, s. 3, having been 115C-105.31.

§ 115C-105.38A. Teacher competency assurance.

(a) General Knowledge Test. —

(1) Each assistance team assigned to a low-performing school during the 1997-98 school year shall review the team's evaluations of certified staff members to determine which staff members have been designated by the team as Category 3 teachers. The assistance team shall then determine whether lack of general knowledge contributed to the Category 3 designation. If the assistance team determines that a certified staff member's lack of general knowledge contributed to that staff member being designated as a Category 3 teacher, the assistance team shall submit the staff member's name to the State Board. Upon receipt of the notification, the State Board shall require that the certified staff members identified by the assistance teams demonstrate their general knowledge by acquiring a passing score on a test designated by the State Board. The State Board shall administer the general knowledge test required under this subdivision at the end of the 1997-98 school year.

(2) During the 1998-99 school year and thereafter, either the principal assigned to a low-performing school or the assistance team assigned to a low-performing school may recommend to the State Board that a certified staff member take a general knowledge test. A principal or an assistance team may make this recommendation if the principal or the assistance team determines that the certified staff member's performance is impaired by the staff member's lack of general knowledge. After receipt of the notification, but prior to the end of the fiscal year, the State Board shall require that all certified staff members identified under this subdivision demonstrate their general knowledge by acquiring a passing score on a test designated by the State Board.

(b) Repealed by Session Laws 1998-5, s. 1, effective June 9, 1998.

(c) Remediation. — Certified staff members who do not acquire a passing score on the test required under subsection (a) of this section shall engage in a remediation plan based upon the deficiencies identified by the test, or an assistance team, or a principal. The remediation plan for deficiencies of individual certified staff members shall consist of up to a semester of university or community college training or coursework or other similar activity to correct the deficiency. The remediation shall be developed by the State Board of Education in consultation with the Board of Governors of The University of North Carolina. The State Board shall reimburse the institution providing the remediation any tuition and fees incurred under this section. If the remediation plan requires that the staff member engage in a full-time course of study or training, the staff member shall be considered on leave with pay.

(d) Retesting; Dismissal. — Upon completion of the remediation plan required under subsection (c) of this section, the certified staff member shall take the general knowledge test a second time. If the certified staff member fails to acquire a passing score on the second test, the State Board shall begin a dismissal proceeding under G.S. 115C-325(q)(2a).

(e) Repealed by Session Laws 1998-5, s. 1, effective June 9, 1998.

(f) Other Actions Not Precluded. — Nothing in this section shall be construed to restrict or postpone the following actions:

(1) The dismissal of a principal under G.S. 115C-325(q)(1);
(2) The dismissal of a teacher, assistant principal, director, or supervisor under G.S. 115C-325(q)(2);
(3) The dismissal or demotion of a career employee for any of the grounds listed under G.S. 115C-325(e);
(4) The nonrenewal of a school administrator's or probationary teacher's contract of employment; or
(5) The decision to grant career status.

(g) Repealed by Session Laws 1998-5, s. 1, effective June 9, 1998. (1997-221, s. 3(a); 1998-5, s. 1.)

§ 115C-105.39. Dismissal or removal of personnel; appointment of interim superintendent.

(a) Within 30 days of the initial identification of a school as low-performing, whether by the local school administrative unit under G.S. 115C-105.37(a1) or by the State Board under G.S. 115C-105.37(a), the superintendent shall take one of the following actions concerning the school's principal: (i) recommend to the local board that the principal be retained in the same position, (ii) recommend to the local board that the principal be retained in the same position and a plan of remediation should be developed, (iii) recommend to the local board that the principal be transferred, or (iv) proceed under G.S. 115C-325 to dismiss or demote the principal. The principal may be retained in the same position without a plan for remediation only if the principal was in that position for no more than two years before the school is identified as low-performing. The principal shall not be transferred to another principal position unless (i) it is in a school classification in which the principal previously demonstrated at least 2 years of success, (ii) there is a plan to evaluate and provide remediation to the principal for at least one year following the transfer to assure the principal does not impede student performance at the school to which the principal is being transferred; and (iii) the parents of the students at the school to which the principal is being transferred are notified. The principal shall not be transferred to another low-performing school in the local school administrative unit. If the superintendent intends to recommend demotion or dismissal, the superintendent shall notify the local board. Within 15 days of (i) receiving notification that the superintendent intends to proceed under G.S. 115C-325, or (ii) its decision concerning the superintendent's recommendation, but no later than September 30, the local board shall submit to the State Board a written notice of the action taken and the basis for that action. If the State Board does not assign an assistance team to that school or if the State Board assigns an assistance team to that school and the superintendent proceeds under G.S. 115C-325 to dismiss or demote the principal, then the State Board shall take no further action. If the State Board assigns an assistance team to the school and the superintendent is not proceeding under G.S. 115C-325 to dismiss or demote the principal, then the State Board shall vote to accept, reject, or modify the local board's recommendations. The State Board shall notify the local board of its action within five days. If the State Board rejects or modifies the local board's recommendations and does not recommend dismissal of the principal, the State Board's notification shall include recommended action concerning the principal's assignment or terms of employment. Upon receipt of the State Board's notification, the local board shall implement the State Board's recommended action concerning the principal's assignment or terms of employment unless the local board asks the State Board to reconsider that recommendation. The State Board shall provide an opportunity for the local board to be heard before the State Board acts on the local board's request for a reconsideration. The State Board shall vote to affirm or modify its original recommended action and shall notify the local board of its action within five days. Upon receipt of the State Board's notification, the local board shall implement the State Board's final recommended action concerning the principal's assignment or terms of employment. If the State Board rejects or modifies the local board's action and recommends dismissal of the principal, the State Board shall proceed under G.S. 115C-325(q)(1).

(b) The State Board shall proceed under G.S. 115C-325(q)(2) for the dismissal of teachers, assistant principals, directors, and supervisors assigned to a school identified as low-performing in accordance with G.S. 115C-325(q)(2).

(c) The State Board may appoint an interim superintendent in a local school administrative unit:

(1) Upon the identification of more than half the schools in that unit as low-performing under G.S. 115C-105.37; or

(2) Upon the recommendation from an assistance team assigned to a school located in that unit that has been identified as low-performing under G.S. 115C-105.37. This recommendation shall be based upon a finding that the superintendent has failed to cooperate with the assistance team or has otherwise hindered that school's ability to improve.

The State Board may assign any of the powers and duties of the local superintendent and the local finance officer to the interim superintendent that the Board considers are necessary or appropriate to improve student performance in the local school administrative unit. The interim superintendent shall perform all of these assigned powers and duties. The State Board of Education may terminate the contract of any local superintendent entered into on or after July 1, 1996, when it appoints an interim superintendent. The Administrative Procedure Act shall apply to that decision. Neither party to that contract is entitled to damages.

(d) In the event the State Board has appointed an interim superintendent and the State Board determines that the local board of education has failed to cooperate with the interim superintendent or has otherwise hindered the ability to improve student performance in that local school administrative unit or in a school in that unit, the State Board may suspend any of the powers and duties of the local board of education that the State Board considers are necessary or appropriate to improve student performance in the local school administrative unit. The State Board shall perform all of these assigned powers and duties for a period of time to be specified by the State Board.

(e) If the State Board suspends any of the powers and duties of the local board of education under subsection (d) of this section and subsequently determines it is necessary to change the governance of the local school administrative unit in order to improve student performance, the State Board may recommend this change to the General Assembly, which shall consider, at its next session, the future governance of the identified local school administrative unit. § 115C-105.41. Students who have been placed at risk of academic failure; personal education plans.

Local school administrative units shall identify students who are at risk for academic failure. Identification shall occur as early as can reasonably be done and can be based on grades, observations, State assessments, and other factors that impact student performance that teachers and administrators consider appropriate, without having to await the results of end-of-grade or end-of-course tests. No later than the end of the first quarter, or after a teacher has had up to nine weeks of instructional time with a student, a personal education plan for academic improvement with focused intervention and performance benchmarks shall be developed or updated for any student at risk of academic failure who is not performing at least at grade level, as identified by the State end-of-grade test and other factors noted above. Focused intervention and accelerated activities should include research-based best practices that meet the needs of students and may include coaching, mentoring, tutoring, summer school, Saturday school, and extended days. Local school administrative units shall provide these activities free of charge to students. Local school administrative units shall also provide transportation free of charge to all students for whom transportation is necessary for participation in these activities.

Local school administrative units shall give notice of the personal education plan and a copy of the personal education plan to the student's parent or guardian. Parents should be included in the implementation and ongoing review of personal education plans.

No cause of action for monetary damages shall arise from the failure to provide or implement a personal education plan under this section. (2001-424, s. 28.17(e); 2009-542, s. 1.)

No school shall participate in more than two field tests at any one grade level during a school year unless:

"(1) That school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests; or

"(2) The State Board of Education makes written findings, based on information provided by the Department of Public Instruction, that an additional field test must be administered at that school to ensure the reliability and validity of a specific test."

Session Laws 2001-424, s. 28.17(j), provides: "The State Board of Education shall develop and report to the Joint Legislative Education Oversight Committee on its objectives for the Statewide Testing Program and on the implementation of that Program. The report shall include:

"(2) An analysis of whether the current tests appropriately achieve these objectives;

"(3) A statement of any actions that may be needed to coordinate the objectives and the tests more effectively; and

Local Plans For Alternative Schools/Alternative Learning Programs and Maintaining Safe and Orderly Schools.

§ 115C-105.45. Legislative findings.

The General Assembly finds that all schools should be safe, secure, and orderly. If students are to aim for academic excellence, it is imperative that there is a climate of respect in every school and that every school is free of disruption, drugs, violence, and weapons. All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior.

All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior. (1997-443, s. 8.29(r)(1).)

Editor's Note. — Session Laws 2005-276, ss. 7.61(a) and (b), provide: "(a) Funds appropriated for the At-Risk/Alternative Schools allotment and the Improving Student Accountability allotment shall be used consistent with the policies and procedures adopted by the State Board of Education. Priority for use of the funds shall be to (i) provide instructional positions or instructional support positions and/or professional development; (ii) provide intensive in-school and/or after-school remediation; and (iii) purchase diagnostic software and progress monitoring tools.

"(b) To remain eligible for funds appropriated for the At-Risk/Alternative Schools allotment and the Improving Student Accountability allotment, local school administrative units must submit a report to the State Board of Education by October 31 of each year detailing the expenditure of the funds and the impact of these funds on student achievement. The State Board of Education shall report this information annually by October 31 to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division."

Session Laws 2005-276, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2005'."

Session Laws 2005-276, s. 46.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2005-2007 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2005-2007 fiscal biennium."

§ 115C-105.46. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education:

(1) Shall adopt guidelines for developing local plans under G.S. 115C-105.47.

(2) Shall provide, in cooperation with the Board of Governors of The University of North Carolina, ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-105.47.

(3) May require a local board of education to withhold the salary of any administrator or other employee of a local school administrative unit who delays or refuses to prepare and implement local safe school plans in accordance with G.S. 115C-105.47.

(4) May revoke the certificate of the superintendent, pursuant to G.S. 115C-274(c), for failure to fulfill the superintendent's duties under a local safe school plan.

(5) Shall adopt policies that define who is an at-risk student. (1997-443, s. 8.29(r)(1); 1999-397, s. 2; 2000-140, s. 22.)

§ 115C-105.47. Local safe school plans.

(a) Each local board of education shall develop a local school administrative unit safe school plan designed to provide that every school in the local school administrative unit is safe, secure, and orderly, that there is a climate of respect in every school, and that appropriate personal conduct is a priority for all students and all public school personnel. The board shall include parents, the school community, representatives of the community, and others in the development or review of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include each of the following components:

(1) Clear statements of the standard of behavior expected of students at different grade levels and of school personnel and clear statements of the consequences that will result from one or more violations of those standards. There shall be a statement of consequences for students under the age of 13 who physically assault and seriously injure a teacher or other individual on school property or at a school-sponsored or school-related activity. The consequences may include placement in an alternative setting.

(2) A clear statement of the responsibility of the superintendent for coordinating the adoption and the implementation of the plan, evaluating principals' performance regarding school safety, monitoring and evaluating the implementation of safety plans at the school level, and coordinating with local law enforcement and court officials appropriate aspects of implementation of the plan. The statement of responsibility shall provide appropriate disciplinary consequences that may occur if the superintendent fails to carry out these responsibilities. These consequences may include a reprimand in the superintendent's personnel file or withholding of the superintendent's salary, or both.

(3) A clear statement of the responsibility of the school principal for restoring, if necessary, and maintaining a safe, secure, and orderly school environment and of the consequences that may occur if the principal fails to meet that responsibility. The principal's duties shall include exhibiting appropriate leadership for school personnel and students, providing for alternative placements for students who are seriously disruptive, reporting all criminal acts under G.S. 115C-

288(g), and providing appropriate disciplinary consequences for disruptive students. The consequences to the principal that may occur shall include a reprimand in the principal's personnel file and disciplinary proceedings under G.S. 115C-325.

(4) Clear statements of the roles of other administrators, teachers, and other school personnel in restoring, if necessary, and maintaining a safe, secure, and orderly school environment.

(5) Procedures for identifying and serving the needs of students who are at risk of academic failure or of engaging in disruptive or disorderly behavior.

(6) Mechanisms for assessing the needs of disruptive and disorderly students and students who are at risk of academic failure, and providing them with services to assist them in achieving academically and in modifying their behavior, and removing them from the classroom when necessary.

(7) Measurable objectives for improving school safety and order.

(8) Measures of the effectiveness of efforts to assist students at risk of academic failure or of engaging in disorderly or disruptive behavior. The measures shall include an analysis of the effectiveness of procedures adopted under G.S. 115C-105.48 for students referred to alternative schools and alternative learning programs.

(9) Professional development clearly matched to the goals and objectives of the plan. This professional development shall include a component to train appropriate school personnel in the management of disruptive or dangerous student behavior. Appropriate school personnel may include, but is not limited to, teachers, teacher assistants, school administrators, bus drivers, school resource officers, school psychologists, and school counselors. The training shall include instruction in positive management of student behavior, effective communication for defusing and deescalating disruptive or dangerous behavior, and safe and appropriate use of seclusion and restraint. The appropriate personnel with priority for the training shall include those staff members who are most likely to be called upon to prevent or address disruptive or dangerous student behavior. Each local board of education shall include in this component of its safe school plan procedures to evaluate the effectiveness of this training in preventing or addressing disruptive or dangerous student behavior. Local boards of education are encouraged to use available sources of discretionary revenue to implement the plan to train personnel in the management of disruptive or dangerous student behavior. Local boards may only be required to implement the behavior management training component of the plan to the extent that funds have been appropriated for this purpose by the General Assembly or by local units of government. By January 1, 2006, local boards of education shall amend their safe school plans to include this training component.

(10) A plan to work effectively with local law enforcement officials and court officials to ensure that schools are safe and laws are enforced.

(11) A plan to provide access to information to the school community, parents, and representatives of the local community on the ongoing implementation of the local plan, monitoring of the local plan, and the integration of educational and other services for students into the total school program.

(12) The name and role description of the person responsible for implementation of the plan.

(13) Direction to school improvement teams within the local school administrative unit to consider the special conditions at their schools

and to incorporate into their school improvement plans the appropriate components of the local plan for:
  a. maintaining safe and orderly schools; and
  b. addressing the needs of students who are at risk of academic failure or who are disruptive or both.

(13a) A clear statement of the services that will be provided to students who are assigned to an alternative school or an alternative learning program.

(14) A clear and detailed statement of the planned use of federal, State, and local funds allocated for at-risk students and alternative schools and alternative learning programs.

(15) Any other information the local board considers necessary or appropriate to implement this Article.

A local board may develop its plan under this section by conducting a comprehensive review of its existing policies, plans, statements, and procedures to determine whether they: (i) are effective; (ii) have been updated to address recent changes in the law; (iii) meet the current needs of each school in the local school administrative unit; and (iv) address the components required to be included in the local plan. The board then may consolidate and supplement any previously developed policies, plans, statements, and procedures that the board determines are effective and updated, meet the current needs of each school, and meet the requirements of this subsection.

Once developed, the board shall submit the local plan to the State Board of Education and shall ensure the plan is available and accessible to parents and the school community. The board shall provide annually to the State Board information that demonstrates how the At-Risk Student Services/Alternative Schools Funding allotment has been used to (i) prevent academic failure and (ii) promote school safety.

(c) A local board may amend the plan as often as it considers necessary or appropriate. (1997-443, s. 8.29(r)(1); 1999-397, s. 2; 2005-205, s. 4.)

CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-106.*

Factors Considered. — Where there was no evidence that statutorily required parties, under 20 U.S.C.S. § 1414(d)(1)(B), were absent during the individualized educational program (IEP) meetings, and defendant school district representatives visited the new site, gathered information, and found it was comparable and would meet plaintiff student's IEP goals, and the parents attended and participated in all meetings, and the goals of the IEP could be accomplished at the new facility, the student's claim under former G.S. 115C-106 (repealed) et seq. failed. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

Section requires more than federal law. — North Carolina apparently requires more than the Education of the Handicapped Act (EHA), 20 U.S.C. § 1400 to 1425. The special education program must provide the child with an equal opportunity to learn if that is reasonably possible, ensuring that the child has an opportunity to reach her full potential commensurate with the opportunity given other children. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Statute Did Not Apply to Federally-Run School. — North Carolina standard of a free appropriate public education (FAPE) under former G.S. 115C-106(a) (repealed) did not apply to the autistic student's action against the school located on an air force base because the school was federally-run, and therefore, the FAPE standard under 20 U.S.C.S. § 1401(a)(18)(B) applied. G. v. Fort Bragg Dependent Schs., 324 F.3d 240, 2003 U.S. App. LEXIS 5759 (4th Cir. 2003).

In an action against the Fort Bragg Dependent Schools under the Individuals with Disabilities in Education Act (IDEA), 20 U.S.C.S. § 1400 et seq., the federal standard embodied in the IDEA, rather than North Carolina's "full potential " standard under former G.S. 115C-106(a) (repealed), governed the Individualized Educational Program of an autistic student in the Fort Bragg Dependent Schools; there was no clear expression of Congressional intent to subject federal entities to state free appropriate public education standards referred to in 20 U.S.C.S. § 1401(a)(18)(B) in providing education under the IDEA.

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions cited below were decided under former G.S. 115C-106.*

The selection of the LEA Representative required to be part of the IEP Team, under special education law and regulations, is ultimately a matter of local discretion, although such discretion must of course be exercised consistent with the potential role of the LEA Representative on any particular child's IEP Team. Such informed exercise of local discretion, on a case-by-case basis, is completely congruent with the goals of the IDEA. See opinion of Attorney General to Brad Sneeden Deputy Superintendent N. C. Department of Public Instruction, 1998 N.C.A.G. 50 (12/1/98).

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-114 (repealed) and former 115C-116 (repealed) and this section to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-106.2. Purposes.

(a) The purposes of this Article are to (i) ensure that all children with disabilities ages three through 21 who reside in this State have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepares them for further education, employment, and independent living; (ii) ensure that the rights of these children and their parents are protected; and (iii) enable the State Board of Education and local educational agencies to provide for the education of all children with disabilities.

(b) In addition to the purposes listed in subsection (a) of this section, the purpose of this Article is to enable the State Board of Education and local educational agencies to implement IDEA in this State. If this Article is silent or conflicts with IDEA, and if IDEA has specific language that is mandatory, then IDEA controls.

(c) Notwithstanding any other section of this Article, the State Board of Education may set standards for the education of children with disabilities that are higher than those required by IDEA. (1973, c. 1293, ss. 2-4; 1975, c. 563, ss. 1-5; 1977, c. 927, ss. 1, 2; 1979, 2nd Sess., c. 1295; 1981, c. 423, s. 1; 1997-443, s. 11A.47; 2006-69, s. 2; 2007-292, s. 2.)

CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-106.*

Equal Opportunity to Learn is All That is Required. — In North Carolina the special education program must provide the child with an equal opportunity to learn if that is reasonably possible, ensuring that the child has an opportunity to reach her full potential commensurate with the opportunity given other children. This standard does not require a school district to develop a "utopian educational program " for the student with special needs any more so than would be required if the student were not handicapped. CM ex rel. JM v. Board of Educ., 85 F. Supp. 2d 574, 1999 U.S. Dist. LEXIS 21334 (W.D.N.C. 1999), aff'd in part, rev'd in part on other grounds, and remanded, 241 F.3d 374 (4th Cir. N.C. 2001).

This section was not designed to require the development of a utopian educational program for handicapped students any more than the public schools are required to provide utopian educational programs for nonhandicapped students. Harrell v. Wilson County Schools, 58 N.C. App. 260, 293 S.E.2d 687, cert. denied and appeal dismissed, 306 N.C. 740, 295 S.E.2d 759 (1982), decided under former § 115-363.

The General Assembly intended to eliminate the effects of the handicap, at least to the extent that the child will be given an equal opportunity to learn if that is reasonably possible. Under this standard a handicapped child should be given an opportunity to achieve his full potential commensurate with that given other children. Harrell v. Wilson County Schools, 58 N.C. App. 260, 293 S.E.2d 687, cert. denied and appeal dismissed, 306 N.C. 740, 295 S.E.2d 759 (1982), decided under former § 115-363.

Failure of county and State boards to provide free appropriate public education to child who suffered from dyslexia was a violation of this section and the parallel federal statute, the Education for All Handicapped Children Act, 20 U.S.C. § 1400 to 1420. Hall v. Vance County Bd. of Educ., 774 F.2d 629 (4th Cir. 1985).

Noncustodial Parent Ordered to Pay Child's Special Educational Expenses Even Though Custodial Parent Failed to Seek Available Public Funding. — Although public funding may have been available for special education needs of child, but was not sought by custodial parent, court did not err in requiring noncustodial parent to pay costs of child's educational expenses in proportion to parent's gross income. Sikes v. Sikes, 98 N.C. App. 610, 391 S.E.2d 855 (1990), aff'd, 330 N.C. 595, 411 S.E.2d 588 (1992).

Part 1B. Provision of Free Appropriate Public Education.

§ 115C-107.1. Free appropriate public education; ages.

(a) A free appropriate public education shall be made available to the following:

(1) All children with disabilities who reside in the State, who are the ages of three through 21, who have not graduated from high school, and who require special education and related services.

(2) Any child with a disability who is receiving special education and related services and who has not graduated from high school until the end of the school year in which that child reaches the age of 22.

(3) Children with disabilities who require special education and related services and who are suspended or expelled from school and entitled to continuing education services as provided in IDEA.

(b) A free appropriate public education is not required to be provided to infants and toddlers with disabilities. However, early intervention services shall be made available to these children under G.S. 143B-139.6A.

(c) If funds are made available, the State Board and the Secretary of Health and Human Services may adopt an agreement to allow the continuation of early intervention services for children with a disability who are at least three years old but before they enter kindergarten or are eligible to enter kindergarten. If an agreement is adopted under this subsection, then a free appropriate public education is not required to be provided to any child with a disability who continues to receive early intervention services in accordance with that agreement.

(d) Nothing in this Article requires a free appropriate public education to be made available to any individual aged 18 through 21 who, in the educational placement immediately before that individual's incarceration in an adult correctional facility, was not actually identified as being a child with a disability and did not have an IEP. CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-111 and G.S. 115C-113.*

Failure of county and State boards to provide free appropriate public education to child who suffered from dyslexia was a violation of this section and the parallel federal statute, the Education for All Handicapped Children Act, 20 U.S.C. § 1400 to 1420. Hall v. Vance County Bd. of Educ., 774 F.2d 629 (4th Cir. 1985).

Special Education and Habilitation Services Distinguished. — North Carolina law recognizes the difference between special education services and habilitation services. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Requested Services Held Not Required by Law. — In-home services sought by parents of 19-year-old autistic and moderately mentally handicapped child were not the kind of services which must be provided, under federal or North

Carolina law, by the local education agency. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

(3) Ensure that local school administrative units make available special education and related services to all preschool children with disabilities whose parents request these services.

(4) Provide for public hearings, adequate notice of these hearings, and an opportunity for comment from the general public before the adoption of the rules required by this Article.

(5) Are required in order to receive federal funding under IDEA.

(6) Provide that, where a local educational agency finds that appropriate services are available from other public agencies or private organizations, the local educational agency may contract for those services rather than provide them directly.

(7) Enable local educational agencies to identify, evaluate, place, and make other educational decisions for children with disabilities.

(8) Provide procedural safeguards for children with disabilities and their parents.

(9) Designate a person in the Department of Public Instruction who is charged with receiving and responding to notices or other legal documents under Part 1D of this Article.

(c) Rules adopted under this section shall be consistent with IDEA and shall comply with G.S. 115C-12(19). Local educational agencies, parents, and other individuals concerned with the education of children with disabilities shall be consulted in the development of rules adopted under this Article.

(1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1989 (Reg. Sess., 1990), c. 1003, s. 5; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-113.*

Obligation to Develop IEP. — School system had a legal obligation to fully develop an individualized educational program (IEP) for child following her release from the The Whitaker School, to present the IEP to petitioner upon petitioner's request, and to present school system's proposals in writing to petitioner, regardless of petitioner's request. Beaufort County Schs. v. Roach, 114 N.C. App. 330, 443 S.E.2d 339, cert. denied, 336 N.C. 602, 447 S.E.2d 384, 513 U.S. 989, 115 S. Ct. 486, 130 L. Ed. 2d 398 (1994).

Evaluation and Diagnosis. — Once a child has been referred for a diagnosis and evaluation, the local educational agency shall, "as soon as possible after receiving consent for evaluation " provide or cause to be provided a diagnosis and evaluation of the child. Beaufort County Schs. v. Roach, 114 N.C. App. 330, 443 S.E.2d 339, cert. denied, 336 N.C. 602, 447 S.E.2d 384, 513 U.S. 989, 115 S. Ct. 486, 130 L. Ed. 2d 398 (1994).

§ 115C-107.3. Child find.

(a) The Board shall require an annual census of all children with disabilities residing in the State, subdivided for "identified" and "suspected" children with disabilities, to be taken in each school year. Suspected children are those in the formal process of being evaluated or identified as children with disabilities. The census shall be conducted annually and shall be completed by October 15, submitted to the Governor and General Assembly and made available to the public by January 15 annually.

(b) In taking the census, the Board requires the cooperation, participation, and assistance of all local educational agencies. Therefore, each local educational agency shall cooperate and participate with and assist the Board in conducting the census.

(c) The census shall include the number of children identified and suspected with disabilities, their age, the nature of their disability, their county or city of residence, their local school administrative unit residence, whether they are being provided special educational or related services and if so by what local educational agency, the identity of each local educational agency having children with disabilities in its care, custody, management, jurisdiction, control, or programs, the number of children with disabilities being served by each local educational agency, and any other information or data that the Board requires. The census shall be of children with disabilities between the ages three through 21 but is not required to include children with disabilities that have graduated from high school. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2; 2007-292, s. 3.)

§ 115C-107.4. Monitoring and enforcement.

(a) The State Board shall monitor all local educational agencies to determine compliance with this Article and IDEA. The State Board also shall monitor the effectiveness of IEPs in meeting the educational needs of children with disabilities.

(b) The State Board shall implement an effective and efficient system of incentives and sanctions for local educational agencies in order to improve results for children with disabilities and meet the requirements of this Article and IDEA. The system, which must be based on a continuum of recognition and sanctions, shall:

(1) Identify and recognize local educational agencies that achieve or exceed targets and indicators as determined by the State Board, demonstrate significant improvement over time, and show growth on targets and indicators as determined by each local educational agency.

(2) Provide consequences for local educational agencies that are substantially noncompliant with statutory and regulatory requirements under this Article and IDEA.

(c) The system of incentives developed under subsection (b) of this section may include commendations, public recognition, allocation of grant funds if available, and any other incentives as considered appropriate by the State Board.

(d) The system of sanctions developed under subsection (b) of this section shall include the following:

(1) Level One — Needs Assistance: When the State Board determines (i) a local school educational agency has been in noncompliance for two years and (ii) that agency needs assistance in implementing the requirements of this Article and IDEA, the State Board shall take one or more of the following actions:
   a. The Board may direct the local educational agency to allocate additional time and resources for technical assistance and guidance related to areas of noncompliance.
   b. The Board may impose special conditions on that agency's application for IDEA funds and receipt of State funds.
   c. The Board may direct how that local educational agency utilizes IDEA and State funds to address the remaining findings of noncompliance. The local educational agency must track the use of these funds to show how the funds are targeted to address areas of noncompliance.

(2) Level Two — Needs Intervention: If the State Board determines (i) that the local educational agency has been in noncompliance for three years and (ii) that agency needs assistance in implementing this Article and IDEA, the following apply:
   a. The Board may take any of the actions described in subdivision (1) of this subsection.
   b. The Board shall withhold, in whole or in part, any further payments of IDEA and State funds to the agency.
   c. The Board shall require the agency to enter into a compliance agreement.

(3) Level Three — Needs Substantial Intervention: In addition to the sanctions described in subdivisions (1) and (2) of this subsection, if at any time the State Board determines a local educational agency (i) needs substantial intervention in implementing the requirements of this Article and IDEA, or (ii) has established a substantial failure to comply with this Article and IDEA, the Board shall take one or more of the following actions:
   a. The Board shall direct the agency to implement a compliance agreement, billed to that agency.
   b. The Board shall recover IDEA and State funds.
   c. The Board shall refer the agency for appropriate enforcement under State or federal law.

(e) In addition to the consequences required under subsections (b) and (d) of this section, the State Board shall develop sanctions for local educational agencies that fail to implement a corrective action or hearing decision. (1977,

c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

§ 115C-107.5. Annual reports.

The State Board shall report annually to the Joint Legislative Education Oversight Committee on the implementation of this Article and the educational performance of children with disabilities. Each annual report shall include a copy of the following documents that were submitted, received, or made public during the year: (i) the most recent State performance plan and any amendments to that plan submitted to the Secretary of Education, (ii) compliance and monitoring reports submitted to the Secretary of Education, (iii) the annual report submitted to the Secretary of Education on the performance of the State under its performance plan, and (iv) any other information required under IDEA to be made available to the public. In addition, the annual report shall include an analysis of the educational performance of children with disabilities in the State and a summary of disputes under Part 1D of this Chapter. The report shall be filed no later than October 15 each year and may be filed electronically. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

§ 115C-107.6. Duties of local educational agencies.

(a) Each local educational agency, in providing for the education of children with disabilities within its jurisdiction, must comply with IDEA and the rules adopted by the State Board under this Article. In addition, each local educational agency shall have in effect policies, procedures, and programs that are consistent with this Article, IDEA, and rules adopted by the State Board.

(b) No child with disabilities shall be prevented from attending the public schools of the local educational agency in which the child resides or from which the child receives services or from attending any other public program of free appropriate public education based solely on the fact that the child has a disability. If it appears the child should receive a program of free appropriate public education in a program operated by or under the supervision of the Department of Health and Human Services or the Department of Juvenile Justice and Delinquency Prevention, the local school administrative unit shall confer with the appropriate Department of Health and Human Services or Department of Juvenile Justice and Delinquency Prevention staff for their participation and determination of the appropriateness of placement in that program and development of the child's individualized education program.

(c) No matriculation or tuition fees or other fees or charges shall be required or asked of children with disabilities or their parents except those fees or charges that are required uniformly of all public school pupils. The provision of a free appropriate public education within the facilities of the Department of Health and Human Services and the Department of Juvenile Justice and Delinquency Prevention may not prevent that Department from charging for other services or treatment.

(d) Each child with a disability shall be educated in accordance with that child's IEP and in the least restrictive environment for that child.

(e) Each local educational agency may use the forms developed under G.S. 115C-107.2(d). (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2; 2007-292, s. 4.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-110.*

Applicability. — When a more generally applicable statute such as G.S. 115C-366(a) conflicts with a more specific, special statute such as this section, the special statute is viewed as an exception to the provisions of the general statute. Accordingly, the specific requirements of subsection (i) of this section control where they are in conflict with the general requirements of G.S. 115C-336(a). Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

Responsible Authority. — Under former G.S. 115C-110(i) (repealed), neither the North Carolina Division of Mental Health, Developmental Disabilities, and Substance Abuse Services nor the Department of Health and Human Services was the agency responsible for plaintiff student's educational placement or the provision of free appropriate public education, and letters from those agencies changed only the support services they provided; thus, persons outside the individualized educational programs process had not unilaterally changed the student's educational placement without following the procedures set forth by the Individuals with Disabilities Education Act, 20 U.S.C.S. § 1400 et seq. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

Standing to Raise Issue of Which Governmental Body to Pay Tuition. — The parents of a child with special educational needs failed to establish that their child was about to be denied continuance in a program appropriate to her special needs and did not have standing to raise the issue of whether the county board of education or the Department of Human Resources was responsible for tuition expenses of their child at a private school for handicapped children to which their child had been assigned by the county school system, since the private school had remained in operation at all times prior to and during the action. Linder v. Wake County Bd. of Educ., 50 N.C. App. 378, 273 S.E.2d 735 (1981).

Place of Actual Abode Determinative of Education Entitlement. — Where child's place of actual abode was clearly in county where he lived with his grandmother, he was a legal resident of the county so long as he continued to live there and was thus entitled to a free appropriate education in this county. Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

Factors Considered. — Where there was no evidence that statutorily required parties, under 20 U.S.C.S. § 1414(d)(1)(B), were absent during the individualized educational program (IEP) meetings, and defendant school district representatives visited the new site, gathered information, and found it was comparable and would meet plaintiff student's IEP goals, and the parents attended and participated in all meetings, and the goals of the IEP could be accomplished at the new facility, the student's claim under former G.S. 115C-110(a) (repealed) failed. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

OPINIONS OF ATTORNEY GENERAL

Editor's Note. — *The opinions cited below were decided under former G.S. 115C-110.*

Sharing of Educational Records. — Sections 115C-109 (repealed), 115C-403(b) and subsection (a) of this section represent and embody an intention by the General Assembly that public agencies providing education to school age children share the educational records of children who move or are moved from one of those agencies to another. See opinion of Attorney General to C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

The effect of subsection (a) is to make the various divisions and agencies of the Department of Human Resources engaged in providing educational opportunities to school age children with "special needs " the functional equivalent of a local school administrative unit. See opinion of Attorney General to C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

The selection of the LEA Representative required to be part of the IEP Team, under special education law and regulations, is ultimately a matter of local discretion, although such discretion must of course be exercised consistent with the potential role of the LEA Representative on any particular child's IEP Team. Such informed exercise of local discretion, on a case-by-case basis, is completely congruent with the goals of the IDEA. See opinion of Attorney General to Brad Sneeden Deputy Superintendent N. C. Department of Public Instruction, 1998 N.C.A.G. 50 (12/1/98).

§ 115C-107.7. Discipline and homebound instruction.

(a) The policies and procedures for the discipline of students with disabilities shall be consistent with federal laws and regulations.

(b) If a change of placement occurs under the discipline regulations of IDEA, a local educational agency shall not assign a student to homebound instruction without a determination by the student's IEP team that the homebound instruction is the least restrictive alternative environment for that student. If it is determined that the homebound instruction is the least restrictive alternative environment for the student, the student's IEP team shall meet to determine the nature of the homebound educational services to be provided to the student. In addition, the continued appropriateness of the homebound instruction shall be evaluated monthly by the designee or designees of the student's IEP team.

(c) **(Expires March 1, 2011 — see notes)** A local educational agency shall be deemed to have a "basis of knowledge" that a child is a child with a disability if, prior to the behavior that precipitated the disciplinary action, the behavior and performance of the child clearly and convincingly establishes the need for special education. Prior disciplinary infractions shall not, standing alone, constitute clear and convincing evidence. (2006-69, s. 2; 2007-425, s. 1; 2008-90, ss. 2, 3.)

Editor's Note. — Session Laws 2008-90, s. 4 provides: "The Department of Public Instruction and the State Board of Education shall report to the Joint Legislative Education Oversight Committee by January 15, 2011, on the number of contested cases that are filed based on Section 3 of this act [which enacted G.S. 115C-107.7(c)] and the disposition of those contested cases."

Session Laws 2008-90, s. 5, provided that subsection (c) of this section is effective January 1, 2009, and expires March 1, 2011.

Effect of Amendments. — Session Laws 2008-90, s. 2, effective July 11, 2008, substituted "designee or designees of the student's IEP team" for "head of the student's IEP team" in the last sentence of subsection (b).

Session Laws 2008-90, s. 3, effective January 1, 2009, and expiring March 1, 2011, added subsection (c).

§ 115C-108: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Editor's Note. — G.S. 115C-108 was formerly codified in Part 1 of this Article.

Part 1C. Interagency Coordination.

§ 115C-108.1. State Board lead agency.

(a) The Board shall cause all local educational agencies to provide special education and related services to children with disabilities in their care, custody, management, jurisdiction, control, or programs.

(b) The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with disabilities extends to and over the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction.

(c) All provisions of this Article that are specifically applicable to local school administrative units also are applicable to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies; all duties, responsibilities, rights, and privileges specifically imposed on or granted to local school administrative units by this Article also are imposed on or granted to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies. However, with respect to children with disabilities who are residents or patients of any State-operated or State-supported residential treatment facility, including a school for the deaf, school for the blind, mental hospital or center, mental retardation center, or in a facility operated by the Department of Juvenile Justice and Delinquency Prevention, the Department of Correction, or any of their divisions and agencies, the Board may contract with the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction for the provision of special education and related services and the power to review, revise, and approve any plans for special education and related services to those residents.

(d) The Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention shall submit to the Board their plans for the education of children with disabilities in their care, custody, or control. The Board may grant specific exemptions for programs administered by the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, or the Department of Correction when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on that department and when other procedural due process requirements, substantially equivalent to those required under this Article and IDEA, are assured in programs of special education and related services furnished to children with disabilities served by that department. Further, the Board shall recognize that inpatient and residential special education programs within the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention may require more program resources than those necessary for optimal operation of these programs in local school administrative units.

(e) The Board shall support and encourage joint and collaborative special education planning and programming at local levels to include local school administrative units and the programs and agencies of the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention. (2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-108.2. Interlocal cooperation.

The Board, any two or more local educational agencies, and any other agency and any State department, agency, or division having responsibility for the education, treatment, or habilitation of children with disabilities may enter into interlocal cooperative undertakings under Part 1 of Article 20 of Chapter 160A of the General Statutes or into undertakings with a State agency such as the Departments of Public Instruction, Health and Human Services, Juvenile Justice and Delinquency Prevention, or Correction, or their divisions, agencies, or units, for the purpose of providing for the special education and related services, treatment, or habilitation of these children within the jurisdiction of the agency or unit, and shall do so when it is unable to provide the appropriate public special education or related services for these children. In entering into such undertakings, the local agency and State department, agency, or division shall also contract to provide the special education or related services that are educationally appropriate to the children with disabilities for whose benefit the undertaking is made and provide these services by or in the local agency unit or State department, agency, or division located in the place most convenient to these children. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1997-443, s. 11A.118(a); 1998-202, s. 4(m); 2000-137, s. 4(p); 2006-69, s. 2.)

§ 115C-109: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Editor's Note. — G.S. 115C-109 was formerly codified in Part 1 of this Article.

Part 1D. Procedural Safeguards.

§ 115C-109.1. Handbook for parents.

The State Board of Education shall make available to parents a handbook of procedural safeguards. This handbook for parents shall be made available at least once each school year, except that a copy also shall be given to the parent (i) upon the initial referral or parental request for an evaluation; (ii) upon the first occurrence of the filing of a petition under G.S. 115C-109.6 and IDEA; (iii) upon the parent's request; and (iv) upon any revision to the content of the handbook. This handbook for parents shall include a full explanation of the procedural safeguards under this Article and IDEA, be written in the native language of the parent unless it clearly is not feasible to do so, be written in an easily understood manner, and include information required under IDEA to be included.

The State Board shall place a current copy of the handbook for parents on its Internet Web site. (2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-109.2. Adult children with disabilities; surrogate parents.

(a) When a child with a disability reaches the age of 18, all of the following apply:

(1) Notices required under this Article shall be provided to both the child and the child's parent.

(2) All other rights accorded to parents under this Article and IDEA transfer to the child.

(3) The local educational agency shall notify the child and the child's parent of these transfer rights.

(b) Notwithstanding subsection (a) of this section, for a child with a disability who has reached the age of majority under State law and who has not been determined to be incompetent but is determined to not have the ability to provide informed consent with respect to his or her education program, the State Board shall establish procedures for appointing the parent of the child, or if the parent is not available, another appropriate individual, to represent the educational interests of the child throughout the period of eligibility under this section.

(c) A reasonable effort must be made to appoint a surrogate for a child with a disability within 30 days of a determination that one of the following conditions exists and that the child needs a surrogate:

(1) The parents of that child are not known;

(2) The parents, after reasonable efforts, cannot be located; or

(3) The child is a ward of the State.

(d) A person must be eligible under IDEA to be appointed as a child's surrogate. (1987 (Reg. Sess., 1988), c. 1079, s. 2; 1997-443, s. 11A.118(a); 1998-202, s. 4(j); 2000-137, s. 4(m); 2006-69, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions cited below were decided under former G.S. 115C-116.*

Scope of Obligations of Surrogate Parent. — The General Assembly intended that the obligations of a surrogate parent have the scope specified by federal law. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Representation of Parentless Child's Educational Interests. — In those situations where the parents of a handicapped child are unavailable or unknown and the child is a ward of the State, the responsibility and authority for representing that child's educational interests rests with a surrogate parent, and not with the county director of social services. Further, subsection (c) and 20 U.S.C. § 1415(b)(1)(B) prohibit the county director of social services or any employee of a department of social services involved in the education or care of such child from serving as a surrogate parent in such circumstances. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Access to Records. — As a part of the appeal proceedings, it is required that the parents of the child involved be granted access to medical and mental health records which were considered in the child's educational program placement, assignment or denial thereof. See opinion of Attorney General to Dr. Lenore Behar, 44 N.C.A.G. 231 (1975), rendered under former Chapter 115.

§ 115C-109.3. Access to records; opportunity for parents to participate in meetings.

(a) Each local educational agency shall provide an opportunity for the parents of a child with a disability to examine all records relating to that child and to participate in meetings with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to that child.

(b) Local educational agencies may release the records of a child with a disability only as permitted under State or federal law. The parents of a child with a disability may have access to the child's records and may read, inspect, and copy all and any records, data, and information maintained by a local educational agency with respect to that child. Parents, upon their request, are entitled to have those records, data, and information fully explained, interpreted, and analyzed for them by the staff of the agency, unless specifically prohibited by court order. If a request is made under this subsection, the local educational agency shall honor the request within not more than 45 days after it is made or in time for the individual who made the request to prepare for a meeting under subsection (a) of this section, whichever is sooner.

(c) The student and the student's parents may add written explanations or clarifications to the records, data, and information and may request the expunction of incorrect, outdated, misleading, or irrelevant entries. If a local educational agency refuses to expunge incorrect, outdated, misleading, or irrelevant entries after having been asked to do so by the parent, the parent may appeal that decision under G.S. 115C-45(c)(2). (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions cited below were decided under former G.S. 115C-114.*

Scope of Obligations of Surrogate Parent. — The General Assembly intended that the obligations of a surrogate parent have the scope specified by federal law. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-106 (repealed) and former 115C-116 (repealed) and this section to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Representation of Parentless Child's Educational Interests. — In those situations where the parents of a handicapped child are unavailable or unknown and the child is a ward of the State, the responsibility and authority for representing that child's educational interests rests with a surrogate parent, and not with the county director of social services. Further, former G.S. 115C-116(c) (repealed) and 20 U.S.C. § 1415(b)(1)(B) prohibit the county director of social services or any employee of a department of social services involved in the education or care of such child from serving as a surrogate parent in such circumstances. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Transmittal of Educational Records. — Local school boards can and should transmit to the Division of Youth Services (DYS), and other Department of Human Resources (DHR) agencies providing educational services to school age children, any requested education records of juveniles committed to their custody or control. Once such education records are obtained by DYS or other DHR facilities they are confidential and must not be released except as permitted by the Family Educational Rights and Privacy Act. See opinion of C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

Access to records. — As a part of the appeal proceedings, it is required that the parents of the child involved be granted access to medical and mental health records which were considered in the child's educational program placement, assignment or denial thereof. See opinion of Attorney General to Dr. Lenore Behar, 44 N.C.A.G. 231 (1975), rendered under former Chapter 115.

§ 115C-109.4. Mediation.

(a) It is the policy of this State to encourage local educational agencies and parents to seek mediation involving any dispute under this Article, including matters arising before or after filing a petition under G.S. 115C-109.6.

(b) Mediation under this section must meet the following requirements:

(1) The mediation must be voluntary on the part of both parties.

(2) Mediation shall not be used to deny or delay a parent's right to an impartial hearing under G.S. 115C-109.6, or to deny any other rights afforded under this Article or IDEA.

(3) The mediation shall be conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(c) The State Board may establish procedures to offer to parties that do not choose to use the mediation process an opportunity to meet with a disinterested party, as provided under IDEA, who can encourage the use and explain the benefits of the mediation process to the parties. This meeting must be at a time and location convenient to the parents.

(d) The State Board shall maintain a list of qualified mediators who are knowledgeable in laws and regulations relating to the provision of special education and related services. When mediation is requested, the Exceptional Children Division of the Department of Public Instruction shall assign a mediator from this list of mediators.

(e) The State shall bear the cost of the mediation process, including the costs of meetings described under subsection (c) of this section, unless the parties opt to select a mediator other than the mediator assigned under subsection (d) of this section or if the parties opt to use an alternative method of dispute resolution.

(f) Each session in the mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the dispute.

(g) Evidence of statements made and conduct occurring in a mediation are confidential, are not subject to discovery, and are inadmissible in any proceeding in the action or other actions on the same claim. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. Mediators shall not be compelled in any civil proceeding to testify or produce evidence concerning statements made and conduct occurring in a mediation.

(h) When resolution is reached to resolve the dispute through the mediation process, the parties shall execute a legally binding agreement that:

(1) Sets forth the agreement.

(2) States that all discussions that occurred during the mediation process are confidential and may not be used as evidence in any subsequent impartial hearing under G.S. 115C-109.6 or in any civil proceeding.

(3) Is signed by both the parent and a representative of the local educational agency who has the authority to bind that agency.

(4) Is enforceable in any State administrative forum provided for in IDEA, any State court of competent jurisdiction, or in a district court of the United States.

(i) In addition to mediation as provided by this section, the parties may participate in a mediated settlement conference as provided by G.S. 150B-23.1. In addition, the parties may agree to use other dispute resolution methods or to use mediation in other circumstances, including after a request for formal administrative review is filed, to the extent permitted under State and federal law. Construction with Other Laws. — The court held that the 60-day limitations period in G.S. 150B-23 is the period associated with this section, and rejected the idea that North Carolina's catch-all three-year statute of limitations for statutory actions for which no limitations period is otherwise provided, pursuant to G.S. 1-52(2), constituted a better borrowing choice and one more consistent with federal policies. § 115C-109.5. Prior written notice.

(a) The local educational agency shall provide prompt written notice to parents whenever that agency proposes to initiate or change, or refuses to initiate or change (i) the identification, evaluation, or educational placement of a child, or (ii) the provision of a free appropriate public education to a child with a disability. The local educational agency shall document that all required notices have been sent to and received by parents.

(b) This prior written notice shall be in the native language of the parents, unless it clearly is not feasible to translate it, and shall contain all of the following information:

(1) A description of the action proposed or refused by the local educational agency.

(2) An explanation of why the local educational agency proposes or refuses to take the action and a description of each evaluation procedure, assessment, record, or report that agency used as a basis for the proposed or refused action.

(3) A statement that the parent of a child with a disability has protection under the procedural safeguards of this Article and IDEA and, if this notice is not the initial referral for evaluation, the means by which a copy of the procedural safeguards can be obtained.

(4) Sources for parents to contact to obtain assistance in understanding this Article and IDEA.

(5) A description of other options considered by the IEP Team and the reason why those options were rejected.

(6) A description of the factors that are relevant to the local agency's proposal or refusal.

§ 115C-109.6. Impartial due process hearings.

(a) Any party may file with the Office of Administrative Hearings a petition to request an impartial hearing with respect to any matter relating to the identification, evaluation, or educational placement of a child, or the provision of a free appropriate public education of a child, or a manifestation determination. The party filing the petition must notify the other party and the person designated under G.S. 115C-107.2(b)(9) by simultaneously serving them with a copy of the petition.

(b) Notwithstanding any other law, the party shall file a petition under subsection (a) of this section that includes the information required under IDEA and that sets forth an alleged violation that occurred not more than one year before the party knew or reasonably should have known about the alleged action that forms the basis of the petition. The issues for review under this section are limited to those set forth in subsection (a) of this section. The party requesting the hearing may not raise issues that were not raised in the petition unless the other party agrees otherwise.

(c) The one-year restriction in subsection (b) of this section shall not apply to a parent if the parent was prevented from requesting the hearing due to (i) specific misrepresentations by the local educational agency that it had resolved the problem forming the basis of the petition, or (ii) the local educational agency's withholding of information from the parent that was required under State or federal law to be provided to the parent.

(d) The hearing shall be conducted in the county where the child attends school or is entitled to enroll under G.S. 115C-366, unless the parties mutually agree to a different venue.

(e) The hearing shall be closed to the public unless the parent requests in writing that the hearing be open to the public.

(f) Subject to G.S. 115C-109.7, the decision of the administrative law judge shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education. Following the hearing, the administrative law judge shall issue a written decision regarding the issues set forth in subsection (a) of this section. The decision shall contain findings of fact and conclusions of law. Notwithstanding Chapter 150B of the General Statutes, the decision of the administrative law judge becomes final and is not subject to further review unless appealed to the Review Officer under G.S. 115C-109.9.

(g) A copy of the administrative law judge's decision shall be served upon each party and a copy shall be furnished to the attorneys of record. The written notice shall contain a statement informing the parties of the availability of appeal and the 30-day limitation period for appeal as set forth in G.S. 115C-109.9.

(h) In addition to the petition, the parties shall simultaneously serve a copy of all pleadings, agreements, and motions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9). The Office of Administrative Hearings shall simultaneously serve a copy of all orders and decisions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9).

(i) Nothing in this section shall be construed to preclude a parent from filing a separate due process petition on an issue separate from a petition already filed.

(j) The State Board, through the Exceptional Children Division, and the State Office of Administrative Hearings shall develop and enter into a binding memorandum of understanding to ensure compliance with the statutory and regulatory procedures and timelines applicable under IDEA to due process hearings and to hearing officers' decisions, and to ensure the parties' due process rights to a fair and impartial hearing. This memorandum of understanding shall be amended if subsequent changes to IDEA are made. The procedures and timelines shall be made part of the Board's procedural safeguards that are made available to parents and the public under G.S. 115C-109.1 and G.S. 115C-109.5. (1973, c. 1293, s. 10; 1975, c. 151, ss. 1, 2; c. 563, ss. 8, 9; 1975, 2nd Sess., c. 983, ss. 79, 80; 1981, c. 423, s. 1; c. 497, ss. 1, 2; 1983, c. 247, s. 6; 1985, c. 412, s. 2; 1987, c. 827, s. 1; 1987 (Reg. Editor's Note. — Session Laws 2006-69, s. 6(a), (b) provides: "(a) The State Board of Education, through the Division of Exceptional Children and the Office of Administrative Hearings, shall develop its memorandum of understanding as required under G.S. 115C-109.6(j), as created in Section 2 of this act, by October 31, 2006. The memorandum of understanding shall establish procedures and timelines that are efficient and meet the criteria of IDEA so that impartial hearings are expeditiously handled. At the same time, the procedures and timelines should recognize there are some complicated issues that may require additional time to resolve. In particular, this memorandum should address at least the following:

"(1) The reasons, number of days, and means for providing notice to parties.

"(2) When a petition is initiated for the purpose of determining when a decision shall be reached. Specifically, this shall address when mediation is begun before and after a petition is filed and when no mediation is begun.

"(3) Whether mediated conferences subject to Chapter 150B of the General Statutes are appropriate under IDEA and, if so, when they should occur and how they will affect the timelines.

"(4) The number of extensions to be allowed and the basis on which an extension may be granted.

"(5) The standard of review for cases going to review officers.

"(6) Any other procedural or tolling issue that the State Board of Education or the Office of Administrative Hearings considers necessary to address.

"(b) The State Board and the Office of Administrative Hearings shall report jointly to the House Select Committee on the Education of Students with Disabilities by November 15, 2006, on the memorandum of understanding. This report shall make any recommendations as to funding issues that must be resolved or statutory changes that are needed, or both, in order to implement the memorandum of understanding."

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-116.*

Federal Interpretation Controlling. — To the extent that North Carolina's interpretation of the authority of a hearing officer is a material variation from the federal district court's interpretation of 20 U.S.C. § 1415(b)(1)(E), the federal version must control, because it sets forth the minimum procedural safeguards intended by Congress to be followed by State and local agencies receiving federal assistance when making educational placement for handicapped children. S-1 ex rel. P-1 v. Spangler, 650 F. Supp. 1427 (M.D.N.C. 1986), vacated, 832 F.2d 294 (4th Cir. 1987).

Administrative Hearing and Decision

Required. — The procedural safeguards embodied in G.S. 1415(b)(1)(E) of the Education for All Handicapped Children Act (EAHCA), 20 U.S.C. § 1401 et seq., required defendant's city board of education and hearing officer to conduct an administrative hearing and render a decision in that hearing on plaintiffs' claim for tuition reimbursement. S-1 ex rel. P-1 v. Spangler, 650 F. Supp. 1427 (M.D.N.C. 1986), vacated, 832 F.2d 294 (4th Cir. 1987).

Failure to Follow Time Limitations. — Plaintiffs who did not file a petition for a contested case under this section within the time limit prescribed by G.S. 150B-23, abandoned the process and sought relief in the courts without exhausting the available administrative remedies; therefore, they were barred from seeking relief in federal district court. Glen ex rel. Glen v. Charlotte-Mecklenburg Sch. Bd. of Educ., 903 F. Supp. 918 (W.D.N.C. 1995).

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-106 (repealed), 115C-114 (repealed), and former 115C-116 (repealed) to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-109.7. Resolution session.

(a) Within 15 days of receiving notice of the parent's petition filed under G.S. 115C-109.6 and before the opportunity for an impartial hearing, the local educational agency shall convene a meeting with the parent and the relevant members of the IEP Team who have specific knowledge of the facts identified in the petition. This meeting shall include a representative of the agency who has decision-making authority on behalf of that agency and may not include an attorney of the local educational agency unless the parent is accompanied by an attorney. If the parent plans to be accompanied by an attorney under this section, the parent must give prior written notice of this fact to the agency. The purposes of the meeting are (i) for the parent to have an opportunity to discuss the petition and the facts that form the basis of the petition and (ii) for the local educational agency to have the opportunity to resolve the dispute.

(b) The parent and the local educational agency jointly may agree in writing to waive the meeting under subsection (a) of this section or to use the mediation process described in G.S. 115C-109.4.

(c) If the local educational agency does not resolve the dispute to the satisfaction of the parents within 30 days of the agency's receipt of the petition, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence.

(d) If a resolution is reached to resolve the dispute at a meeting under subsection (a) of this section, the parties shall execute a legally binding agreement that is:

(1) Signed by both the parent and a representative of the local educational agency who has the authority to bind the agency;

(2) Enforceable in any State administrative forum provided for in IDEA, any State court of competent jurisdiction, or in a district court of the United States; and

(3) Filed with the person designated by the State Board to receive notices and with the Office of Administrative Hearings.

(e) If the parties execute an agreement under subsection (d) of this section, either party may void the agreement by providing written notice within three business days of the agreement's execution to the person designated by the State Board to receive notices, the Office of Administrative Hearings, and the other party. Notwithstanding subsection (c) of this section, upon receipt of this notice, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence. (1973, c. 1293, s. 10; 1975, c. 151, ss. 1, 2; c. 563, ss. 8, 9; 1975, 2nd Sess., c. 983, ss. 79, 80; 1981, c. 423, s. 1; c. 497, ss. 1, 2; 1983, c. 247, s. 6; 1985, c. 412, s. 2; 1987, c. 827, s. 1; 1987 (Reg. CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-116.*

Federal district court properly followed federal procedural law in reviewing independently both federal and State law special education claims. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Failure to Follow Time Limitations. — Plaintiffs who did not file a petition for a contested case under this section within the time limit prescribed by G.S. 150B-23, abandoned the process and sought relief in the courts without exhausting the available administrative remedies; therefore, they were barred from seeking relief in federal district court. Glen ex rel. Glen v. Charlotte-Mecklenburg Sch. Bd. of Educ., 903 F. Supp. 918 (W.D.N.C. 1995).

§ 115C-109.8. Procedural issues.

(a) In matters alleging a procedural violation, the hearing officer may find that a child did not receive a free appropriate public education only if the procedural inadequacies (i) impeded the child's right to a free appropriate public education; (ii) significantly impeded the parents' opportunity to participate in the decision-making process regarding the provision of a free appropriate public education to the parents' child; or (iii) caused a deprivation of educational benefits.

(b) A hearing officer may order a local educational agency to comply with procedural requirements under this Article and IDEA. (2006-69, s. 2.)

CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-116.*

Federal Interpretation Controlling. — To the extent that North Carolina's interpretation of the authority of a hearing officer is a material variation from the federal district court's interpretation of 20 U.S.C. § 1415(b)(1)(E), the federal version must control, because it sets forth the minimum procedural safeguards intended by Congress to be followed by State and local agencies receiving federal assistance when making educational placement for handicapped children. S-1 ex rel. P-1 v. Spangler, 650 F. Supp. 1427 (M.D.N.C. 1986), vacated, 832 F.2d 294 (4th Cir. 1987).

OPINIONS OF ATTORNEY GENERAL

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-106 (repealed), 115C-114 (repealed), and former 115C-116 (repealed) to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-109.9. Review by review officer; appeals.

(a) Any party aggrieved by the findings and decision of a hearing officer under G.S. 115C-109.6 or G.S. 115C-109.8 may appeal the findings and decision within 30 days after receipt of notice of the decision by filing a written notice of appeal with the person designated by the State Board under G.S. 107.2(b)(9) to receive notices. The State Board, through the Exceptional Children Division, shall appoint a Review Officer from a pool of review officers approved by the State Board of Education. The Review Officer shall conduct an impartial review of the findings and decision appealed under this section. The Review Officer conducting this review shall make an independent decision upon completion of the review. The decision of the Review Officer becomes final unless an aggrieved party brings a civil action under subsection (d) of this section. A copy of the decision shall be served upon each party, and a copy shall be furnished to the attorneys of record and the Office of Administrative Hearings. The written notice shall contain a statement informing the parties of the right to file a civil action and the 30-day limitation period for filing a civil action under subsection (d) of this section.

(b) A Review Officer shall be an educator or other professional who is knowledgeable about special education and who possesses other qualifications as may be established by the State Board of Education. No person may be appointed as a Review Officer if that person is an employee of the State Board of Education, the Department of Public Instruction, or the local educational agency that has been involved in the education or care of the child whose parents have filed the petition.

(c) The State Board may enforce the final decision of the administrative law judge under G.S. 115C-109.6, if not appealed under this section, or the final decision of the Review Officer, by ordering a local educational agency:

(1) To provide a child with appropriate education;
(2) To place a child in a private school that is approved to provide special education and that can provide the child an appropriate education; or
(3) To reimburse parents for reasonable private school placement costs in accordance with this Article and IDEA when it is determined that the local educational agency did not offer or provide the child with appropriate education and the private school in which the parent placed the child was an approved school and did provide the child an appropriate education.

(d) Any party that does not have the right to appeal under this Part and any party who is aggrieved by the decision of the Review Officer under this section may institute a civil action in State court within 30 days after receipt of the notice of the decision or in federal court as provided in 20 U.S.C. § 1415.

(e) Except as provided under IDEA, upon the filing of a petition under G.S. 115C-109.6 and during the pendency of any proceedings under this Part, the child must remain in the child's then-current educational placement or, if applying for initial admission to a public school, the child must be placed in the public school. Notwithstanding this subsection, the parties may agree in writing to a different educational placement for the child during the pendency of any proceedings under this Part. (2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-110.2. Interpreters/transliterators.

Each interpreter or transliterator employed by a local educational agency to provide services to hearing-impaired students must annually complete 15 hours of job-related training that has been approved by the local educational agency. (2002-182, s. 6; 2003-56, s. 3; 2006-69, s. 2.)

Adoption of temporary rules by North Carolina Interpreter and Transliterator Licensing Board. — Session Laws 2003-56, s. 4, provides: "Notwithstanding G.S. 150B-21.1(a)(1), the North Carolina Interpreter and Transliterator Licensing Board may adopt temporary rules to implement S.L. 2002-182 until January 1, 2004."

§ 115C-110.3. through 115C-110.5. [Reserved].

Part 1F. Budgeting; Funds.

§ 115C-111.1. Out-of-state students; eligibility for State funds.

Notwithstanding any policy or rule adopted by the State Board of Education, if a local school administrative unit provides services to a student under a current IEP from another state while a determination is being made regarding the student's eligibility for services as a child with disabilities in North Carolina, the local school administrative unit is entitled to receive State funding to serve the student while the determination is being made. If the student is later determined not to qualify for services in North Carolina, the local school administrative unit is not required to repay State funds received while the determination is being made. (1997-117, s. 1; 2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-111.2. Contracts with private service providers.

Local educational agencies furnishing special education and related services to children with disabilities may contract with private special education facilities or service providers to furnish any of these services that the public providers are unable to furnish. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

§ 115C-111.3. Cost of education of children in group homes, foster homes, etc.

(a) Notwithstanding any other State law and without regard for the place of domicile of a parent, the cost of a free appropriate public education for a child with disabilities who is placed in or assigned to a group home or foster home, under State and federal law, shall be borne by the local board of education in which the group home or foster home is located. However, the local school administrative unit in which a child is domiciled shall transfer to the local school administrative unit in which the institution is located an amount equal to the actual local cost in excess of State and federal funding required to educate that child in the local school administrative unit for the fiscal year after all State and federal funding has been exhausted.

(b) The State Board of Education shall use State and federal funds appropriated for children with disabilities to establish a reserve fund to reimburse local boards of education for the education costs of children assigned to group homes or other facilities as provided in subsection (a) of this section. Local school administrative units may submit a Special State Reserve Program application for foster home or group home children whose special education and related services costs exceed the per child group home allocation.

(c) The Department shall review the current cost of children with disabilities served in the local school administrative units with group homes or foster homes to determine the actual cost of services. (1981, c. 859, s. 29.7; 2002-164, s. 2; 2003-294, s. 1; 2006-69, s. 2.)

Editor's Note. — Session Laws 2002-164, s. 3, as amended by Session Laws 2003-294, s. 5, provides: "The State Board of Education shall provide for a local school administrative unit to request funds from the Group Homes Program for Children with Disabilities if a child assigned to that unit was not in that unit's April child count for children with disabilities or the average daily membership for the previous school year. The local school administrative unit shall receive full school year funding upon the local school unit's request for group home or foster home program funds. These funds may not be requested except by a local school administrative unit."

OPINIONS OF ATTORNEY GENERAL

Editor's Note. — The opinion cited below was decided under former G.S. 115C-140.1.

Right to Attend Only Schools of District of Domicile. — Except for certain limited exceptions in this section and former G.S. 115C-366.2 (repealed), principally concerning children in foster or group homes, a student has a right to attend only the schools of the school system within which the student, his parents or legal guardian are domiciled. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

§ 115C-111.4. Nonreduction.

Notwithstanding any of the other provisions of this Article, it is the intent of the General Assembly that funds appropriated by it for the operation of programs of special education and related services by local school administrative units not be reduced; rather, that adequate funding be made available to meet the special educational and related services needs of children with disabilities, without regard to which local educational agency has the child in its care, custody, control, or program. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

CASE NOTES

***Editor's Note.** — The cases cited below were decided under former G.S. 115C-142.*

Special Education Teachers Not Given Greater Protection Against Dismissal. — The General Assembly did not intend this section to provide special education teachers with greater protection against dismissal due to a reduction-in-force than that provided other career teachers. Instead, the legislature intended that this section benefit special education students; the section was intended to prevent funds appropriated for special education from being used for other purposes, and was not designed to provide enhanced job protection for special education teachers. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

§ 115C-111.5. Allocation of federal funds.

Whenever any federal monies for the special education and related services for children with disabilities are made available, these funds shall be allocated according to a formula designed by the Board consistent with federal laws and regulations. This formula shall ensure equitable distribution of resources and shall be implemented as funds are made available from federal and State appropriations. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

§ 115C-111.6. Obligation to provide services for preschool children with disabilities.

State funds appropriated to the public schools to implement preschool services for children with disabilities under this Article and IDEA shall be used to provide special education and related services to preschool children with disabilities. These State funds shall be used to supplement and not supplant existing federal, State, and local funding for the public schools.

Preschool children with disabilities will continue to be served by all other State funds to which they are otherwise entitled. (2006-69, s. 2.)

§ 115C-112: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

ARTICLE 9A.

Children with Chemical Dependency.

§ 115C-149. Policy. Chemically dependent children excluded from provisions of Article 9.

The General Assembly of North Carolina hereby declares that the policy of the State is to ensure that an appropriate education is provided for drug and alcohol addicted children; however, drug and alcohol addicted children are not "children with disabilities" within the meaning of G.S. 115C-106.3(1) unless because of some other condition they meet that definition. (1989, c. 316, s. 1; 2006-69, s. 3(c).)

§ 115C-150. State Board to adopt rules.

The State Board of Education shall adopt rules to ensure that local school administrative units provide an appropriate education for drug and alcohol addicted children. (1989, c. 316, s. 1.)

§§ 115C-150.1 through 115C-150.4: Reserved for future codification purposes.

ARTICLE 9B.

Academically or Intellectually Gifted Students.

§ 115C-150.5. Academically or intellectually gifted students.

The General Assembly believes the public schools should challenge all students to aim for academic excellence and that academically or intellectually gifted students perform or show the potential to perform at substantially high levels of accomplishment when compared with others of their age, experience, or environment. Academically or intellectually gifted students exhibit high performance capability in intellectual areas, specific academic fields, or in both intellectual areas and specific academic fields. Academically or intellectually gifted students require differentiated educational services beyond those ordinarily provided by the regular educational program. Outstanding abilities are present in students from all cultural groups, across all economic strata, and in all areas of human endeavor. (1996, 2nd Ex. Sess., c. 18, s. 18.24(f).)

§ 115C-150.6. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education shall:

(1) Develop and disseminate guidelines for developing local plans under G.S. 115C-150.7(a). These guidelines should address identification procedures, differentiated curriculum, integrated services, staff development, program evaluation methods, and any other information the State Board considers necessary or appropriate.

(2) Provide ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-150.7. (1996, 2nd Ex. Sess., c. 18, s. 18.24(f).)

§ 115C-150.7. Local plans.

(a) Each local board of education shall develop a local plan designed to identify and establish a procedure for providing appropriate educational services to each academically or intellectually gifted student. The board shall include parents, the school community, representatives of the community, and others in the development of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include the following components:

(1) Screening, identification, and placement procedures that allow for the identification of specific educational needs and for the assignment of academically or intellectually gifted students to appropriate services.

(2) A clear statement of the program to be offered that includes different types of services provided in a variety of settings to meet the diversity of identified academically or intellectually gifted students.

(3) Measurable objectives for the various services that align with core curriculum and a method to evaluate the plan and the services offered. The evaluation shall focus on improved student performance.

(4) Professional development clearly matched to the goals and objectives of the plan, the needs of the staff providing services to academically or intellectually gifted students, the services offered, and the curricular modifications.

(5) A plan to involve the school community, parents, and representatives of the local community in the ongoing implementation of the local plan, monitoring of the local plan, and integration of educational services for academically or intellectually gifted students into the total school program. This should include a public information component.

(6) The name and role description of the person responsible for implementation of the plan.

(7) A procedure to resolve disagreements between parents or guardians and the local school administrative unit when a child is not identified as an academically or intellectually gifted student or concerning the appropriateness of services offered to the academically or intellectually gifted student.

(8) Any other information the local board considers necessary or appropriate to implement this Article or to improve the educational performance of academically or intellectually gifted students.

(c) Upon its approval of the plan developed under this section, the local board shall submit the plan to the State Board of Education for its review and comments. The local board shall consider the comments it receives from the State Board before it implements the plan.

(d) A plan shall remain in effect for no more than three years; however, the local board may amend the plan as often as it considers necessary or appropriate. Any changes to a plan shall be submitted to the State Board of Education for its review and comments. The local board shall consider the State Board's comments before it implements the changes. (1996, 2nd Ex. Sess., c. 18, s. 18.24(f).)

§ 115C-150.8. Review of Disagreements.

In the event that the procedure developed under G.S. 115C-150.7(b)(7) fails to resolve a disagreement, the parent or guardian may file a petition for a contested case hearing under Article 3 of Chapter 150B of the General Statutes. The scope of review shall be limited to (i) whether the local school administrative unit improperly failed to identify the child as an academically or intellectually gifted student, or (ii) whether the local plan developed under G.S. 115C-150.7 has been implemented appropriately with regard to the child. Following the hearing, the administrative law judge shall make a decision that contains findings of fact and conclusions of law. Notwithstanding the provisions of Chapter 150B of the General Statutes, the decision of the administrative law judge becomes final, is binding on the parties, and is not subject to further review under Article 4 of Chapter 150B of the General Statutes. (1996, 2nd Ex. Sess., c. 18, s. 18.24(f).)

Article 10.

Vocational and Technical Education.

Part 1. Vocational and Technical Education Programs.

§ 115C-151. Statement of purpose.

It is the intent of the General Assembly that vocational and technical education be an integral part of the educational process. The State Board of Education shall administer through local boards of education a comprehensive program of vocational and technical education that shall be available to all students, with priority given to students in grades eight through 12, who desire it in the public secondary schools and middle schools of this State. The purposes of vocational and technical education in North Carolina public secondary schools shall be:

(1) Occupational Skill Development. — To prepare individuals for paid or unpaid employment in recognized occupations, new occupations, and emerging occupations.

(2) Preparation for Advanced Education. — To prepare individuals for participation in advanced or highly skilled vocational and technical education.

(3) Career Development; Introductory. — To assist individuals in the making of informed and meaningful occupational choices.

It is also legislative intent to authorize the State Board of Education to support appropriate vocational and technical education instruction and related services for individuals who have special vocational and technical education needs which can be fulfilled through a comprehensive vocational and technical education program as designated by State Board of Education policy or federal vocational and technical education legislation. (1977, c. 490, s. 2; 1981, c. 423, s. 1; 1987, c. 738, s. 183; 1993, c. 180, s. 3; 2004-124, s. 7.15(b).)

§ 115C-152. Definitions.

The State Board of Education shall provide appropriate definitions to vocational and technical education programs, services, and activities in grades 6-12 not otherwise included in this Part. As used in this Part, unless the context requires otherwise:

(1) "Career development; introductory" means an instructional program, service, or activity designed to familiarize individuals with the broad range of occupations for which special skills are required and the requisites for careers in such occupations.

The State Board shall also develop a plan to assure that minimum equipment standards for each program are met to the extent that State, local, and federal funds are available for that purpose. The State Board shall consider all reasonable and prudent means to meet these minimum equipment standards and to ensure a balanced vocational and technical education program for students in the public schools. (1991, c. 570, s. 1; 1993, c. 180, s. 3.)

§ 115C-159. Statement of purpose.

It is the intent of the General Assembly that practical work experiences within the school and outside the school, which are valuable to students and which are under the supervision of a teacher, should be encouraged as a part of vocational and technical education instruction in the public secondary schools and middle schools when those experiences are organized and maintained to the best advantage of the vocational programs. Those activities are a part of the instructional activities in the vocational programs and are not to be construed as engaging in business. Those services, products, and properties generated through these instructional activities are exempt from the requirements of G.S. 115C-518; the local board shall adopt rules for the disposition of these services, products, and properties. Each deed, lease, or other agreement for land shall be made to the respective local board of education in which the school offering instruction in agriculture is located; and title to such land shall be examined and approved by the school attorney.

Any land laboratory thus acquired shall be assigned to the agricultural education program of the school, to be managed with the advice of an agricultural education advisory committee.

The products of the land laboratory not needed for public school purposes may be sold to the public: Provided, however, that all proceeds from the sale of products shall be deposited in the appropriate school account no later than the end of the next business day after receipt of funds. Local school administrative units may use these assessment instruments provided to them by the State Board for first and second grade students, and shall not use standardized tests except as required as a condition of receiving a federal grant under the Reading First Program.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program.

(1) The State Board of Education shall adopt a system of annual testing for grades three through 12. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies designated by the State Board for grades nine through 12. The State Board may develop and implement a plan for high school end-of-course tests that must be aligned with the content standards developed under G.S. 115C-12(9c). Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states. § 115C-174.12. Responsibilities of agencies.

(a) The State Board of Education shall establish policies and guidelines necessary for minimizing the time students spend taking tests administered through State and local testing programs, for minimizing the frequency of field testing at any one school, and for otherwise carrying out the provisions of this Article. These policies and guidelines shall include the following:

(1) Schools shall devote no more than two days of instructional time per year to the taking of practice tests that do not have the primary purpose of assessing current student learning;

(2) Students in a school shall not be subject to field tests or national tests during the two-week period preceding the administration of end-of-grade tests, end-of-course tests, or the school's regularly scheduled final exams; and

(3) No school shall participate in more than two field tests at any one grade level during a school year unless that school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests.

These policies shall reflect standard testing practices to insure reliability and validity of the sample testing. The results of the field tests shall be used in the final design of each test. (5) Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system; and
(6) Hold the schools established under this Part accountable for meeting measurable student achievement results, and provide the schools with a method to change from rule-based to performance-based accountability systems. (1995 (Reg. Sess., 1996), c. 731, s. 2.)

Charter School Evaluation. — Session Laws 2009-451, s. 7.38(a) and (b), provides: "(a) Of the funds appropriated to State Aid to Local School Administrative Units, up to fifty thousand dollars ($50,000) a year for the 2009-2010 and 2010-2011 fiscal years shall be used by the

North Carolina Center for Public Policy Research, Inc., to evaluate charter schools. In particular, the evaluation shall consider the advantages and disadvantages of North Carolina's method of financing charter school operations, as well as the extent to which charter schools have accomplished the following six objectives, which are set out in G.S. 115C-238.29A:

"(1) Improve student learning;

"(2) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as at risk of academic failure or academically gifted;

"(3) Encourage the use of different and innovative teaching methods;

"(4) Create new professional opportunities for teachers, including the opportunities to be responsible for the learning program at the school site;

"(5) Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system; and

"(6) Hold the schools established under this Part accountable for meeting measurable student achievement results and provide the schools with a method to change from rule-based to performance-based accountability systems.

"(b) The State Board of Education shall report the results of its evaluation to the Joint Legislative Education Oversight Committee and the Fiscal Research Division."

For similar prior provisions, see Session Laws 2007-323, s. 7.16(a) and (b).

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

Session Laws 2009-451, s. 28.5 is a severability clause.

Editor's Note. — Session Laws 1995 (Reg. Sess., 1996), c. 731, s. 4, provides: "Nothing in this act shall be construed to obligate the General Assembly to appropriate funds to implement this act. In addition, all charters granted and all contracts entered into under this act are subject to any future appropriations and subsequent legislative changes."

Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

Amount Per Pupil Calculation. — Trial court's determination that the system incorrectly calculated the per pupil local current expense appropriation was correct. If a student attended a charter school, the system was required to transfer to the charter school an amount equal to the per pupil local current expense appropriation contained in the local current expense fund, but the evidence showed that the system failed to so because it failed to allocate funds to the system and the charter schools on the same basis. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., 188 N.C. App. 454, 655 S.E.2d 850, 2008 N.C. App. LEXIS 225 (2008).

§ 115C-238.29B. Eligible applicants; contents of applications; submission of applications for approval.

(a) Any person, group of persons, or nonprofit corporation seeking to establish a charter school may apply to establish a charter school. If the applicant seeks to convert a public school to a charter school, the application shall include a statement signed by a majority of the teachers and instructional support personnel currently employed at the school indicating that they favor the conversion and evidence that a significant number of parents of children enrolled in the school favor conversion.

(b) The application shall contain at least the following information:

(1) A description of a program that implements one or more of the purposes in G.S. 115C-238.29A.

(2) A description of student achievement goals for the school's educational program and the method of demonstrating that students have at-

tained the skills and knowledge specified for those student achievement goals.

(3) The governance structure of the school including the names of the proposed initial members of the board of directors of the nonprofit, tax-exempt corporation and the process to be followed by the school to ensure parental involvement.

(3a) The local school administrative unit in which the school will be located.

(4) Admission policies and procedures.

(5) A proposed budget for the school and evidence that the financial plan for the school is economically sound.

(6) Requirements and procedures for program and financial audits.

(7) A description of how the school will comply with G.S. 115C-238.29F.

(8) Types and amounts of insurance coverage, including bonding insurance for the principal officers of the school, to be obtained by the charter school.

(9) The term of the charter.

(10) The qualifications required for individuals employed by the school.

(11) The procedures by which students can be excluded from the charter school and returned to a public school. Notwithstanding any law to the contrary, any local board may refuse to admit any student who is suspended or expelled from a charter school due to actions that would lead to suspension or expulsion from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired.

(12) The number of students to be served, which number shall be at least 65, and the minimum number of teachers to be employed at the school, which number shall be at least three. However, the charter school may serve fewer than 65 students or employ fewer than three teachers if the application contains a compelling reason, such as the school would serve a geographically remote and small student population.

(13) Information regarding the facilities to be used by the school and the manner in which administrative services of the school are to be provided.

(14) Repealed by Session Laws 1997-430, s. 1.

(c) An applicant shall submit the application to a chartering entity for preliminary approval. A chartering entity may be:

(1) The local board of education of the local school administrative unit in which the charter school will be located;

(2) The board of trustees of a constituent institution of The University of North Carolina, so long as the constituent institution is involved in the planning, operation, or evaluation of the charter school; or

(3) The State Board of Education.

Regardless of which chartering entity receives the application for preliminary approval, the State Board of Education shall have final approval of the charter school.

Notwithstanding the provisions of this subsection, if the State Board of Education finds that an applicant (i) submitted an application to a local board of education and received final approval from the State Board of Education, but (ii) is unable to find a suitable location within that local school administrative unit to operate, the State Board of Education may authorize the charter school to operate within an adjacent local school administrative unit for one year only. The charter school cannot operate for more than one year unless it reapplies, in accordance with subdivision (1), (2), or (3) of this subsection, and receives final approval from the State Board of Education.

(d) Unless an applicant submits its application under subsection (c) of this section to the local board of education of the local school administrative unit in which the charter school will be located, the applicant shall submit a copy of its application to that local board within seven days of its submission under subsection (c) of this section. The local board may offer any information or comment concerning the application it considers appropriate to the chartering entity. The local board shall deliver this information to the chartering entity no later than January 1 of the next calendar year. The applicant shall not be required to obtain or deliver this information to the chartering entity on behalf of the local board. The State Board shall consider any information or comment it receives from a local board and shall consider the impact on the local school administrative unit's ability to provide a sound basic education to its students when determining whether to grant preliminary and final approval of the charter school. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 1.)

Editor's Note. — Subsection (d) of this section was so designated at the direction of the Revisor of Statutes, the designation in Session Laws 1997-430, s. 1, having been subsection (c1).

§ 115C-238.29C. Preliminary approval of applications for charter schools.

(a) The chartering entity that receives a request for preliminary approval of a charter school shall act on each request received prior to November 1 of a calendar year by February 1 of the next calendar year.

(b) The chartering entity shall give preliminary approval to the application if the chartering entity determines that (i) information contained in the application meets the requirements set out in this Part or adopted by the State Board of Education, (ii) the applicant has the ability to operate the school and would be likely to operate the school in an educationally and economically sound manner, and (iii) granting the application would improve student learning and would achieve one of the other purposes set out in G.S. 115C-238.29A. In reviewing applications for the establishment of charter schools within a local school administrative unit, the chartering entity is encouraged to give preference to applications that demonstrate the capability to provide comprehensive learning experiences to students identified by the applicants as at risk of academic failure. If the chartering entity approves more than one application for charter schools located in a local school administrative unit, the chartering entity may state its order of preference among the applications that it approves.

(c) If a chartering entity other than the State Board disapproves an application, the applicant may appeal to the State Board of Education prior to February 15. The State Board shall consider the appeal at the same time it is considering final approval in accordance with G.S. 115C-238.29D. The State Board shall give preliminary approval of the application if it finds that the chartering entity acted in an arbitrary or capricious manner in disapproving the application, failed to consider appropriately the application, or failed to act within the time set out in G.S. 115C-238.29C.

If the chartering entity, the State Board of Education, or both, disapprove an application, the applicant may modify the application and reapply subject to the application deadline contained in subsection (a) of this section. (1995 (Reg. Sess., 1996), c. 731, s. 2.)

§ 115C-238.29D. Final approval of applications for charter schools.

(a) The State Board shall grant final approval of an application if it finds that the application meets the requirements set out in this Part or adopted by the State Board of Education and that granting the application would achieve one or more of the purposes set out in G.S. 115C-238.29A. The State Board shall act by March 15 of a calendar year on all applications and appeals it receives prior to February 15 of that calendar year.

(b) The State Board shall authorize no more than five charter schools per year in one local school administrative unit. The State Board shall authorize no more than 100 charter schools statewide. If more than five charter schools in one local school administrative unit or more than 100 schools statewide meet the standards for final approval, the State Board shall give priority to applications that are most likely to further State education policies and to strengthen the educational program offered in the local school administrative units in which they are located.

(c) The State Board of Education may authorize a school before the applicant has secured its space, equipment, facilities, and personnel if the applicant indicates the authority is necessary for it to raise working capital. The State Board shall not allocate any funds to the school until the school has obtained space.

(d) The State Board of Education may grant the initial charter for a period not to exceed 10 years and may renew the charter upon the request of the chartering entity for subsequent periods not to exceed 10 years each. The State Board of Education shall review the operations of each charter school at least once every five years to ensure that the school is meeting the expected academic, financial, and governance standards.

A material revision of the provisions of a charter application shall be made only upon the approval of the State Board of Education.

It shall not be considered a material revision of a charter application and shall not require the prior approval of the State Board for a charter school to increase its enrollment during the charter school's second year of operation and annually thereafter (i) by up to ten percent (10%) of the school's previous year's enrollment or (ii) in accordance with planned growth as authorized in the charter. Other enrollment growth shall be considered a material revision of the charter application, and the State Board may approve such additional enrollment growth of greater than ten percent (10%) only if the State Board finds that:

(1) The actual enrollment of the charter school is within ten percent (10%) of its maximum authorized enrollment;
(2) The charter school has commitments for ninety percent (90%) of the requested maximum growth;
(3) The board of education of the local school administrative unit in which the charter school is located has had an opportunity to be heard by the State Board of Education on any adverse impact the proposed growth would have on the unit's ability to provide a sound basic education to its students;
(4) The charter school is not currently identified as low-performing;
(5) The charter school meets generally accepted standards of fiscal management; and
(6) It is otherwise appropriate to approve the enrollment growth. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 3; 2000-67, s. 8.23; 2001-424, s. 28.26; 2003-354, s. 2; 2004-203, s. 45(a).)

Editor's Note. — Session Laws 2001-462, s. 2, provides: "Notwithstanding the time limitation contained in G.S. 135-5.3(b), the board of directors of any charter school that received State Board of Education approval under G.S. 115C-238.29D on or after January 1, 2001, may elect to become a participating employer in the Teachers' and State Employees' Retirement System in accordance with Article 1 of Chapter 135 of the General Statutes. The election authorized by this section [s. 2 of Session Laws 2001-462] must be made no later than 30 days after the effective date of this Act [Session Laws 2001-462], and in accordance with all other requirements of G.S. 135-5.3."

Session Laws 2003-69, s. 1, provides: "Notwithstanding the time limitations contained in G.S. 135-5.3(b) and G.S. 135-40.3A(b), the board of directors of any charter school that received State Board of Education approval under G.S. 115C-238.29D on or after January 1, 2002, and the board of directors of River Mill Academy in Alamance County may elect to become a participating employer in the Teachers' and State Employees' Retirement System in accordance with Article 1 of Chapter 135 of the General Statutes and may also elect to become a participating employing unit in the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan in accordance with Article 3 of Chapter 135. The elections authorized by this section shall be made no later than 30 days after the effective date of this act and shall be made in accordance with all other requirements of G.S. 135-5.3 and G.S. 135-40.3A."

Subsection (d), as amended by Session Laws 2004-203, s. 45(a)m effective August 17, 2004, is applicable to charters granted or renewed on or after that date. These are the same changes as those made by Session Laws 2003-354, s. 2.

§ 115C-238.29E. Charter school operation.

(a) A charter school that is approved by the State shall be a public school within the local school administrative unit in which it is located. It shall be accountable to the local board of education if it applied for and received preliminary approval from that local board for purposes of ensuring compliance with applicable laws and the provisions of its charter. All other charter schools shall be accountable to the State Board for ensuring compliance with applicable laws and the provisions of their charters, except that any of these charter schools may agree to be accountable to the local board of the school administrative unit in which the charter school is located rather than to the State Board.

(b) A charter school shall be operated by a private nonprofit corporation that shall have received federal tax-exempt status no later than 24 months following final approval of the application.

(c) A charter school shall operate under the written charter signed by the entity to which it is accountable under subsection (a) of this section and the applicant. A charter school is not required to enter into any other contract. The charter shall incorporate the information provided in the application, as modified during the charter approval process, and any terms and conditions imposed on the charter school by the State Board of Education. No other terms may be imposed on the charter school as a condition for receipt of local funds.

(d) The board of directors of the charter school shall decide matters related to the operation of the school, including budgeting, curriculum, and operating procedures.

(e) A charter school's specific location shall not be prescribed or limited by a local board or other authority except a zoning authority. The school may lease space from a local board of education or as is otherwise lawful in the local school administrative unit in which the charter school is located. If a charter school leases space from a sectarian organization, the charter school classes and students shall be physically separated from any parochial students, and there shall be no religious artifacts, symbols, iconography, or materials on display in the charter school's entrance, classrooms, or hallways. Furthermore, if a charter school leases space from a sectarian organization, the charter school shall not use the name of that organization in the name of the charter school.

At the request of the charter school, the local board of education of the local school administrative unit in which the charter school will be located shall lease any available building or land to the charter school unless the board demonstrates that the lease is not economically or practically feasible or that the local board does not have adequate classroom space to meet its enrollment needs. Notwithstanding any other law, a local board of education may provide a school facility to a charter school free of charge; however, the charter school is responsible for the maintenance of and insurance for the school facility.

(f) Except as provided in this Part and pursuant to the provisions of its charter, a charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 4.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

Legislative Intent. — The General Assembly clearly intended for charter schools to be treated as public schools subject to the uniform budget format. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

OPINIONS OF ATTORNEY GENERAL

Activities Limited Prior to Approval of Charter Application. — A charter school applicant may not legally have an enrollment period and conduct its lottery prior to the final approval of its application by the State Board of Education. See opinion of Attorney General to Michael E. Ward, State Superintendent of Public Instruction, 1998 N.C.A.G. 28 (6/23/98).

§ 115C-238.29F. General requirements.

(a) Health and Safety Standards. — A charter school shall meet the same health and safety requirements required of a local school administrative unit. The Department of Public Instruction shall ensure that charter schools provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide parents and guardians with information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information shall be provided at the beginning of the school year to parents of children entering grades five though 12. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide students in grades nine through 12 with information annually on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500.

The Department of Public Instruction shall also ensure that the guidelines for individual diabetes care plans adopted by the State Board of Education under G.S. 115C-12(31) are implemented in charter schools in which students with diabetes are enrolled and that charter schools otherwise comply with the provisions of G.S. 115C-375.3.

(b) School Nonsectarian. — A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge tuition or fees. A charter school shall not be affiliated with a nonpublic sectarian school or a religious institution.

(c) Civil Liability and Insurance. —

(1) The board of directors of a charter school may sue and be sued. The State Board of Education shall adopt rules to establish reasonable amounts and types of liability insurance that the board of directors shall be required by the charter to obtain. The board of directors shall obtain at least the amount of and types of insurance required by these rules to be included in the charter. Any sovereign immunity of the charter school, of the organization that operates the charter school, or its members, officers, or directors, or of the employees of the charter school or the organization that operates the charter school, is waived to the extent of indemnification by insurance.

(2) No civil liability shall attach to any chartering entity, to the State Board of Education, or to any of their members or employees, individually or collectively, for any acts or omissions of the charter school.

(d) Instructional Program. —

(1) The school shall provide instruction each year for at least 180 days.

(2) The school shall design its programs to at least meet the student performance standards adopted by the State Board of Education and the student performance standards contained in the charter.

(3) A charter school shall conduct the student assessments required for charter schools by the State Board of Education.

(4) The school shall comply with policies adopted by the State Board of Education for charter schools relating to the education of children with disabilities.

(5) The school is subject to and shall comply with Article 27 of Chapter 115C of the General Statutes, except that a charter school may also exclude a student from the charter school and return that student to another school in the local school administrative unit in accordance with the terms of its charter.

(e) Employees. —

(1) An employee of a charter school is not an employee of the local school administrative unit in which the charter school is located. The charter school's board of directors shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least seventy-five percent (75%) of these teachers in grades kindergarten through five, at least fifty percent (50%) of these teachers in grades six through eight, and at least fifty percent (50%) of these teachers in grades nine through 12 shall hold teacher certificates. All teachers in grades six through 12 who are teaching in the core subject areas of mathematics, science, social studies, and language arts shall be college graduates.

The board also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services. The board may discharge teachers and noncertificated employees.

(2) No local board of education shall require any employee of the local school administrative unit to be employed in a charter school.

(3) If a teacher employed by a local school administrative unit makes a written request for a leave of absence to teach at a charter school, the local school administrative unit shall grant the leave for one year. For the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 45 days before the teacher would otherwise

have to report for duty. After the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 90 days before the teacher would otherwise have to report for duty. A local board of education is not required to grant a request for a leave of absence or a request to extend or renew a leave of absence for a teacher who previously has received a leave of absence from that school board under this subdivision. A teacher who has career status under G.S. 115C-325 prior to receiving a leave of absence to teach at a charter school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the charter school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(4) The employees of the charter school shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the State Health Plan for Teachers and State Employees. The State Board of Education provides funds to charter schools, approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools are public schools and that the employees of charter schools are public school employees. Employees of a charter school whose board of directors elects to become a participating employer under G.S. 135-5.3 are "teachers" for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. In no event shall anything contained in this Part require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System.

(f) Accountability. —

(1) The school is subject to the financial audits, the audit procedures, and the audit requirements adopted by the State Board of Education for charter schools. These audit requirements may include the requirements of the School Budget and Fiscal Control Act.

(2) The school shall comply with the reporting requirements established by the State Board of Education in the Uniform Education Reporting System.

(3) The school shall report at least annually to the chartering entity and the State Board of Education the information required by the chartering entity or the State Board.

(g) Admission Requirements. —

(1) Any child who is qualified under the laws of this State for admission to a public school is qualified for admission to a charter school.

(2) No local board of education shall require any student enrolled in the local school administrative unit to attend a charter school.

(3) Admission to a charter school shall not be determined according to the school attendance area in which a student resides, except that any local school administrative unit in which a public school converts to a charter school shall give admission preference to students who reside within the former attendance area of that school.

(4) Admission to a charter school shall not be determined according to the local school administrative unit in which a student resides.

(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. The charter school may give enrollment priority to siblings of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. If multiple birth siblings apply for admission to a charter school and a lottery is needed under G.S. 115C-238.29F(g)(6), the charter school shall enter one surname into the lottery to represent all of the multiple birth siblings. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted. Within one year after the charter school begins operation, the population of the school shall reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit.

(6) During each period of enrollment, the charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this case, students shall be accepted by lot. Once enrolled, students are not required to reapply in subsequent enrollment periods.

(7) Notwithstanding any law to the contrary, a charter school may refuse admission to any student who has been expelled or suspended from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired.

(h) Transportation. — The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles of the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.

(i) Assets. — Upon dissolution of the charter school or upon the nonrenewal of the charter, all net assets of the charter school purchased with public funds shall be deemed the property of the local school administrative unit in which the charter school is located.

(j) Driving Eligibility Certificates. — In accordance with rules adopted by the State Board of Education, the designee of the school's board of directors shall do all of the following:

(1) Sign driving eligibility certificates that meet the conditions established in G.S. 20-11.

(2) Obtain the necessary written, irrevocable consent from parents, guardians, or emancipated juveniles, as appropriate, in order to disclose information to the Division of Motor Vehicles.

(3) Notify the Division of Motor Vehicles when a student who holds a driving eligibility certificate no longer meets its conditions.

(k) The Display of the United States and North Carolina Flags and the Recitation of the Pledge of Allegiance. — A charter school shall (i) display the United States and North Carolina flags in each classroom when available, (ii) require the recitation of the Pledge of Allegiance on a daily basis, and (iii) provide age-appropriate instruction on the meaning and historical origins of the flag and the Pledge of Allegiance. A charter school shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance. If flags are donated or are otherwise available, flags shall be displayed in each classroom. (1995 (Reg. OPINIONS OF ATTORNEY GENERAL

This section requires the board of directors of a nonprofit corporation that holds the charter to retain the authority to approve or disapprove the employment of the teachers whom a "for profit" management company selects to teach at the school. See opinion of Attorney General to The Honorable Wib Gulley North Carolina Senate, 1998 N.C.A.G. 9 (2/12/98).

This section requires the board to retain the authority to demand removal of a teacher in the case of gross nonperformance or gross misperformance if the management company fails to act upon the board's request to effect a removal in such a circumstance. See opinion of Attorney General to The Honorable Wib Gulley North Carolina Senate, 1998 N.C.A.G. 9 (2/12/98).

Persons employed and paid by a for-profit management company are not charter school employees and not subject to discharge by a non-profit board of directors; a dissatisfied board's only recourse would be some contractual remedy against the management company. See opinion of Attorney General to The Honorable Wib Gulley North Carolina Senate, 1998 N.C.A.G. 9 (2/12/98).

Teacher Narrowly Construed. — Because the General Assembly intended the term "teacher" as used in subdivision (e)(3) of this section to include only classroom teachers, other school personnel, such as principals, are not entitled to the same leaves of absence granted teachers. See opinion of Attorney General to Douglas S. Punger, 1998 N.C.A.G. 23 (5/5/98).

A five month instructional term does not satisfy the statutory requirement for 180

days of instruction irrespective of the number of instructional hours offered during those months. See opinion of Attorney General to Mr. Brad Sneeden, Deputy Superintendent, North Carolina Department of Public Instruction, 1999 N.C.A.G. 10 (3/15/99).

§ 115C-238.29G. Causes for nonrenewal or termination; disputes.

(a) The State Board of Education, or a chartering entity subject to the approval of the State Board of Education, may terminate or not renew a charter upon any of the following grounds:

(1) Failure to meet the requirements for student performance contained in the charter;
(2) Failure to meet generally accepted standards of fiscal management;
(3) Violations of law;
(4) Material violation of any of the conditions, standards, or procedures set forth in the charter;
(5) Two-thirds of the faculty and instructional support personnel at the school request that the charter be terminated or not renewed; or
(6) Other good cause identified.

(b) The State Board of Education shall develop and implement a process to address contractual and other grievances between a charter school and its chartering entity or the local board of education during the time of its charter.

(c) The State Board and the charter school are encouraged to make a good-faith attempt to resolve the differences that may arise between them. They may agree to jointly select a mediator. The mediator shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the differences. The mediator shall, at the request of either the State Board or a charter school, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. The mediator may determine that an impasse exists and discontinue the mediation at any time. The mediator shall not make any recommendations or public statement of findings or conclusions. The State Board and the charter school shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 6.)

CASE NOTES

Dispute Resolution. — While the North Carolina General Statutes provide for the North Carolina Board of Education to establish a process by which disputes between a charter school and a local board of education may be addressed, there is no express language limiting the resolution of such disputes to the process, and G.S. 115C-238.29G(c) expressly encourages resolution by a means other than the process; thus, G.S. 115C-238.29G(c) did not divest a superior court from considering the claims of a group of charter schools that a local board of education had violated G.S. 115C-238.29H(b) by failing to distribute pro rata per pupil moneys to the charter schools out of moneys contained in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

§ 115C-238.29H. State and local funds for a charter school.

(a) The State Board of Education shall allocate to each charter school:

(1) An amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located for each child attending the charter school except for the allocation for children with disabilities and for the allocation for children with limited English proficiency;

(2) An additional amount for each child attending the charter school who is a child with disabilities; and

(3) An additional amount for children with limited English proficiency attending the charter school, based on a formula adopted by the State Board.

In accordance with G.S. 115C-238.29D(d), the State Board shall allow for annual adjustments to the amount allocated to a charter school based on its enrollment growth in school years subsequent to the initial year of operation.

In the event a child with disabilities leaves the charter school and enrolls in a public school during the first 60 school days in the school year, the charter school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with disabilities enrolls in a charter school during the first 60 school days in the school year, the State Board shall allocate to the charter school the pro rata amount of additional funds for children with disabilities.

(a1) Funds allocated by the State Board of Education may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities or equipment. However, State funds shall not be used to obtain any other interest in real property or mobile classroom units. No indebtedness of any kind incurred or created by the charter school shall constitute an indebtedness of the State or its political subdivisions, and no indebtedness of the charter school shall involve or be secured by the faith, credit, or taxing power of the State or its political subdivisions. Every contract or lease into which a charter school enters shall include the previous sentence. The school also may own land and buildings it obtains through non-State sources.

(b) If a student attends a charter school, the local school administrative unit in which the child resides shall transfer to the charter school an amount equal to the per pupil local current expense appropriation to the local school administrative unit for the fiscal year. The amount transferred under this subsection that consists of revenue derived from supplemental taxes shall be transferred only to a charter school located in the tax district for which these taxes are levied and in which the student resides. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 7; 1998-212, s. 9.20(f); 2003-423, s. 3.1; 2006-69, s. 3(f).)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

Effect of Amendments. — Session Laws 2006-69, s. 3.(f), effective July 10, 2006, substituted "disabilities" for "special needs" throughout subsection (a).

CASE NOTES

Taken together, under G.S. 115C-12, 115C-408, and 115C-451, the powers of the North Carolina Board of Education (BOE) are limited to the control, administration, and disbursement of state and federal moneys, while the state superior courts maintain jurisdiction to hear disputes between charter schools and their local boards of education; thus, a superior court and not the BOE had jurisdiction to consider the claim of a group of charter schools that a local board of education and its superintendent had violated G.S. 115C-238.29H(b) by failing to transfer to the charter schools a pro rata share of the per pupil moneys included in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

G.S. 115C-238.29H(b) creates an implied cause of action in favor of charter schools when they allege violation of the mandatory provisions of the statute. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Charter schools had a private right of action against a local board of education (LBE) and its superintendent for their failure to comply with the provisions of G.S. 115C-238.29H(b) regarding the distribution of per pupil moneys in their local current expense fund; the language in the statute regarding the transfer of a pro rata share of LBE's per pupil local current expense appropriation was mandatory and thus required action by the LBE, which created the implied cause of action. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Where a local board of education had a balance carry over, under G.S. 115C-238.29H, the carried over money had to be shared with charter schools within the local board's jurisdiction; fund balance carried over from a previous fiscal year constitutes moneys in a local board of education's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Tax reimbursements received by a local board of education, which were deposited into the local board's local current expense fund, were properly included in a calculation of funds to be shared with a group of charter schools pursuant to G.S. 115C-238.29H. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Meaning of "Local Current Expense Appropriation." — The phrase "local current expense appropriation" in G.S. 115C-238.29H(b) of the Charter School Funding Statute (Current Operations Appropriations and Capital Improvement Appropriations Act of 1998) is synonymous with the phrase "local current expense fund" in G.S. 115C-426(e) of the School Budget and Fiscal Control Act. Hence, in addition to an equal per pupil share of the county's annual appropriation to school board's local current expense fund, charter school was entitled to a share of supplemental school taxes and penal fines and forfeitures received by the board. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

Dispute Resolution. — While the North Carolina General Statutes provide for the North Carolina Board of Education to establish a process by which disputes between a charter school and a local board of education may be addressed, there is no express language limiting the resolution of such disputes to the process, and G.S. 115C-238.29G(c) expressly encourages resolution by a means other than the process; thus, G.S. 115C-238.29G(c) did not divest a superior court from considering the claims of a group of charter schools that a local board of education had violated G.S. 115C-238.29H(b) by failing to distribute pro rata per pupil moneys to the charter schools out of moneys contained in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Value of Textbooks Did Not Constitute Moneys in Local Current Expense Fund That Had to be Shared With Charter Schools. — Although, for accounting purposes, the value of textbooks was shown in the annual report of the local current expense fund of a local board of education, because textbooks were loaned to the local board, the local board could not convert that value to its own purposes; thus, the value of the textbooks did not constitute moneys in the local current expense fund that had to be shared with a group of charter schools pursuant to G.S. 115C-238.29H(b). Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

OPINIONS OF ATTORNEY GENERAL

A local school board which is authorized to levy a supplemental tax is obligated to transfer a share of those tax monies collected to a charter school on a per pupil basis as required by this section. See opinion of Attorney General to C. Frank Goldsmith, Jr., Goldsmith, Goldsmith & Dews, P.A., 1998 N.C.A.G. 39 (9/23/98).

A board of county commissioners may not appropriate funds to charter schools for capital outlay projects. See opinion of Attorney General to Thomas B. Griffin, Esq., Griffin & Griffin, 1998 N.C.A.G. 20 (4/15/98).

§ 115C-238.29I. Notice of the charter school process; review of charter schools; Charter School Advisory Committee.

(a) The State Board of Education shall distribute information announcing the availability of the charter school process described in this Part to each local school administrative unit and public postsecondary educational institution and, through press releases, to each major newspaper in the State.

(b) Repealed by Session Laws 1997-18, s. 15(i), effective July 1, 1999.

(c) The State Board of Education shall review and evaluate the educational effectiveness of the charter school approach authorized under this Part and the effect of charter schools on the public schools in the local school administrative unit in which the charter schools are located. The Board shall report no later than January 1, 2002, to the Joint Legislative Education Oversight Committee with recommendations to modify, expand, or terminate that approach. The Board shall base its recommendations predominantly on the following information:

(1) The current and projected impact of charter schools on the delivery of services by the public schools.

(2) Student academic progress in the charter schools as measured, where available, against the academic year immediately preceding the first academic year of the charter schools' operation.

(3) Best practices resulting from charter school operations.

(4) Other information the State Board considers appropriate.

(d) The State Board of Education may establish a Charter School Advisory Committee to assist with the implementation of this Part. The Charter School Advisory Committee may (i) provide technical assistance to chartering entities or to potential applicants, (ii) review applications for preliminary approval, (iii) make recommendations as to whether the State Board should approve applications for charter schools, (iv) make recommendations as to whether the State Board should terminate or not renew a charter, (v) make recommendations concerning grievances between a charter school and its chartering entity, the State Board, or a local board, (vi) assist with the review under subsection (c) of this section, and (vii) provide any other assistance as may be required by the State Board.

(e) Notwithstanding the dates set forth in this Part, the State Board of Education may establish an alternative time line for the submission of applications, preliminary approvals, criminal record checks, appeals, and final approvals so long as the Board grants final approval by March 15 of each calendar year. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-18, s. 15(i); 1997-430, ss. 8, 9; 1999-27, s. 1.)

§ 115C-238.29J. Public and private assistance to charter schools.

(a) Local boards of education are authorized and encouraged to provide administrative and evaluative support to charter schools located within their local school administrative units.

(b) Private persons and organizations are encouraged to provide funding and other assistance to the establishment or operation of charter schools.

(c) The State Board of Education shall direct the Department of Public Instruction to provide guidance and technical assistance, upon request, to applicants and potential applicants for charters.

(d) The State Board of Education shall direct the Department of Public Instruction to notify the Department of Revenue when the State Board of Education terminates, fails to renew, or grants a charter for a charter school. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 10; 2000-72, s. 3.)

§ 115C-238.29K. Criminal history checks.

(a) As used in this section:

(1) "Criminal history" means a county, state, or federal criminal history of conviction of a crime, whether a misdemeanor or a felony, that indicates an individual (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel. These crimes include the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 5A, Endangering Executive and Legislative Officers; Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 14, Burglary and Other Housebreakings; Article 15, Arson and Other Burnings; Article 16, Larceny; Article 17, Robbery; Article 18, Embezzlement; Article 19, False Pretense and Cheats; Article 19A, Obtaining Property or Services by False or Fraudulent Use of Credit Device or Other Means; Article 20, Frauds; Article 21, Forgery; Article 26, Offenses Against Public Morality and Decency; Article 26A, Adult Establishments; Article 27, Prostitution; Article 28, Perjury; Article 29, Bribery; Article 31, Misconduct in Public Office; Article 35, Offenses Against the Public Peace; Article 36A, Riots and Civil Disorders; Article 39, Protection of Minors; and Article 60, Computer-Related Crime. These crimes also include possession or sale of drugs in violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5. In addition to the North Carolina crimes listed in this subdivision, such crimes also include similar crimes under federal law or under the laws of other states.

(2) "School personnel" means any:

a. Member of the board of directors of a charter school,

b. Employee of a charter school, or

c. Independent contractor or employee of an independent contractor of a charter school if the independent contractor carries out duties customarily performed by school personnel,

whether paid with federal, State, local, or other funds, who has significant access to students or who has responsibility for the fiscal management of a charter school.

(b) The State Board of Education shall adopt a policy on whether and under what circumstances school personnel shall be required to be checked for a criminal history. The policy shall not require school personnel to be checked for a criminal history check before preliminary approval is granted under G.S. 115C-238.29B. The Board shall apply its policy uniformly in requiring school personnel to be checked for a criminal history. The Board may grant conditional approval of an application while the Board is checking a person's criminal history and making a decision based on the results of the check.

The State Board shall not require members of boards of directors of charter schools or employees of charter schools to pay for the criminal history check authorized under this section.

(c) The Board of Education shall require the person to be checked by the Department of Justice to (i) be fingerprinted and to provide any additional information required by the Department of Justice to a person designated by the State Board, or to the local sheriff or the municipal police, whichever is more convenient for the person, and (ii) sign a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the repositories. The State Board shall consider refusal to consent when deciding whether to grant final approval of an application under G.S. 115C-238.29D and when making an employment recommendation. The fingerprints of the individual shall be forwarded to the State Bureau of Investigation for a search of the State criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Department of Justice shall provide to the State Board of Education the criminal history from the State and National Repositories of Criminal Histories of any school personnel for which the Board requires a criminal history check.

The State Board shall not require members of boards of directors of charter schools or employees of charter schools to pay for the fingerprints authorized under this section.

(d) The State Board shall review the criminal history it receives on an individual. The State Board shall determine whether the results of the review indicate that the individual (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel and shall use the information when deciding whether to grant final approval of an application for a charter school under G.S. 115C-238.29D and for making an employment recommendation to the board of directors of a charter school. The State Board shall make written findings with regard to how it used the information when deciding whether to grant final approval under G.S. 115C-238.29D and when making an employment recommendation.

(e) The State Board shall notify in writing the board of directors of the charter school of the determination by the State Board as to whether the school personnel is qualified to operate or be employed by a charter school based on the school personnel's criminal history. At the same time, the State Board shall provide to the charter school's board of directors the written findings the Board makes in subsection (d) of this section and its employment recommendation. If the State Board recommends dismissal or nonemployment of any person, the board of directors of the charter school shall dismiss or refuse to employ that person. In accordance with the law regulating the dissemination of the contents of the criminal history file furnished by the Federal Bureau of Investigation, the State Board shall not release nor disclose any portion of the school personnel's criminal history to the charter school's board of directors or employees. The State Board also shall notify the school personnel of the procedure for completing or challenging the accuracy of the criminal history and the personnel's right to contest the State Board's determination in court.

(f) All the information received by the State Board of Education or the charter school in accordance with subsection (e) of this section through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the State Board of Education or the board of directors of the charter school. The State Board of Education or the board of directors of the charter school may destroy the information after it is used for the purposes authorized by this section after one calendar year.

The Boards shall jointly report by January 15 of each year to the Joint Legislative Education Oversight Committee on the evaluation of these programs. (2003-277, s. 2; 2005-276, s. 7.33(a); 2009-305, s. 3.)

Effect of Amendments. — Session Laws 2009-305, s. 3, effective July 17, 2009, substituted "The Boards shall jointly report by January 15 of each year" for "Beginning October 15, 2005, and annually thereafter, the Boards shall jointly report" in the present last sentence, and deleted the former last two sentences, which read: "If, by October 15, 2006, the Boards determine any or all of these programs have been successful, they shall jointly develop a prototype plan for similar programs that could be expanded across the State. This plan shall be included in their report to the Joint Legislative Education Oversight Committee that is due by October 15, 2007."

Part 1. Transportation.

§ 115C-239. Authority of local boards of education.

Each local board of education is hereby authorized to acquire, own, lease, contract and operate school buses for the transportation of pupils enrolled in the public schools of such local school administrative unit, and of persons employed in the operation of such schools in accordance with rules and regulations adopted by the State Board of Education under the authority of G.S. 115C-12(17) and within the limitations set forth in G.S. 115C-239 to 115C-246, 115C-248 to 115C-254 and 115C-256 to 115C-259. Boards of education which own and operate school buses for the transportation of pupils shall have authority to establish separate systems of transportation for pupils attending elementary schools and for pupils attending middle schools, junior high schools, or senior high schools. Each such board may operate such buses to and from such of the schools within the local school administrative unit, and in such number, as the board shall from time to time find practicable and appropriate for the safe, orderly and efficient transportation of such pupils and employees to such schools. (1955, c. 1372, art. 21, s. 1; 1973, c. 586, s. 1; 1981, c. 423, s. 1; 1983, c. 630, s. 2; 2001-97, s. 3.)

CASE NOTES

Editor's Note. *— The cases below were decided under corresponding provisions of former Chapter 115.*

State Board Relieved of Responsibility. — The General Assembly relieved the State Board of Education from all responsibility in connection with the operation and control of school buses in this State by the enactment of the statute, which authorizes county and city boards of education to operate buses for the transportation of pupils enrolled in the public schools of such county or city administrative units. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963); Brown v. Charlotte-Mecklenburg Bd. of Educ., 267 N.C. 740, 149 S.E.2d 10 (1966).

Whether any school board shall operate a bus transportation system is a matter in its sole discretion. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

A city board is not required to transport pupils living in the city and attending schools located therein, even though transportation to those same schools is furnished pupils living outside the city. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

Relief from Providing Transportation Not Construed as Prohibition Against Providing It. — Subsection (e) of former G.S. 115-186 (see now subsection (e) of G.S. 115C-246) merely relieves the city boards of any duty to provide transportation and cannot be construed as a prohibition against providing it — especially in the face of former G.S. 115-180 (now this section), which grants to city boards, without limitation, the authority to operate transportation systems. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

A city board of education is authorized, without limitation, to transport all pupils residing within the unit. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

The school boards have the power to use school buses for all legitimate school purposes. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Use of School Buses to Promote Desegregation of Schools. — School buses can be used by the school boards to provide the flexibility and economy necessary to desegregate the schools. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Transportation of Students Under Desegregation Plan Retaining Freedom of Choice. — If freedom of choice is retained in a desegregation plan, it should include provision for free transportation for any student who requests transfer out of a school where his race is in the majority, and to any school where his race is in the minority, and a means of insuring that all students have full and timely knowledge of the availability of such transportation. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Transportation of School Bands and Athletic Teams. — School bands and athletic teams are under the control of school authorities. Therefore, the board controlling such activities would have the inherent right to contract for such transportation as might be necessary to transport its athletic teams and its bands to and from such events as have been scheduled under the supervision of school authorities. State ex rel. N.C. Utils. Comm'n v. McKinnon, 254 N.C. 1, 118 S.E.2d 134 (1961).

§ 115C-240. Authority and duties of State Board of Education.

(a) The State Board of Education shall promulgate rules and regulations for the operation of a public school transportation system.

(b) The State Board of Education shall be under no duty to supply transportation to any pupil or employee enrolled or employed in any school. Neither the State nor the State Board of Education shall in any manner be liable for the failure or refusal of any local board of education to furnish transportation, by school bus or otherwise, to any pupil or employee of any school, or for any neglect or action of any county or city board of education, or any employee of any such board, in the operation or maintenance of any school bus.

(c) The State Board of Education shall from time to time adopt such rules and regulations with reference to the construction, equipment, color, and maintenance of school buses, the number of pupils who may be permitted to ride at the same time upon any bus, and the age and qualifications of drivers of school buses as it shall deem to be desirable for the purpose of promoting safety in the operation of school buses. Every school bus that is capable of operating on diesel fuel shall be capable of operating on diesel fuel with a minimum biodiesel concentration of B-20, as defined in G.S. 143-58.4. No school bus shall be operated for the transportation of pupils unless such bus is constructed and maintained as prescribed in such regulations and is equipped with adequate heating facilities, a standard signaling device for giving due notice that the bus is about to make a turn, an alternating flashing stoplight on the front of the bus, an alternating flashing stoplight on the rear of the bus, and such other warning devices, fire protective equipment and first aid supplies as may be prescribed for installation upon such buses by the regulation of the State Board of Education.

(d) The State Board of Education shall assist local boards of education by establishing guidelines and a framework through which local boards may establish, review and amend school bus routes prepared pursuant to G.S. 115C-246. The State Board shall also require local boards to implement the Transportation Information Management System or an equivalent system approved by the State Board of Education, no later than September 1, 1992. The State Board of Education shall also assist local boards of education with reference to the acquisition and maintenance of school buses or any other question which may arise in connection with the organization and operation of school bus transportation systems of local boards.

(e) The State Board of Education shall allocate to the respective local boards of education funds appropriated from time to time by the General Assembly for the purpose of providing transportation to the pupils enrolled in the public schools within this State. Such funds shall be allocated by the State Board of Education in accordance with the number of pupils to be transported, the length of bus routes, road conditions and all other circumstances affecting the cost of the transportation of pupils by school bus to the end that the funds so appropriated may be allocated on a fair and equitable basis, according to the needs of the respective local school administrative units and so as to provide the most efficient use of such funds. Such allocation shall be made by the State Board of Education at the beginning of each fiscal year, except that the State Board may reserve for future allocation from time to time within such fiscal year as the need therefor shall be found to exist, a reasonable amount not to exceed ten percent (10%) of the total funds available for transportation in such fiscal year from such appropriation. If there is evidence of inequitable or inefficient use of funds, the State Board of Education shall be empowered to review school bus routes established by local boards pursuant to G.S. 115C-246 as well as other factors affecting the cost of the transportation of pupils by school bus.

(f) The respective local boards shall use such funds for the purposes of replacing, maintaining, insuring, and operating public school buses and service vehicles in accordance with the provisions of G.S. 115C-239 to 115C-246, 115C-248 to 115C-254 and 115C-256 to 115C-259 and for no other purpose, but in the making of expenditures for such purposes shall be subject to rules and regulations promulgated by the State Board of Education. (1955, c. 1372, art. 21, p. 2; 1981, c. 423, s. 1; 1983, c. 630, ss. 3-6; 1989 (Reg. Sess., 1990), c. 1066, s. 96(a); 1991 (Reg. Sess., 1992), c. 900, s. 77(a); 2007-423, s. 1.)

Effect of Amendments. — Session Laws 2007-423, s. 1, effective June 1, 2008, and applicable to vehicles transferred or purchased on or after that date, added the second sentence in subsection (c).

§ 115C-241. Assignment of school buses to schools.

The superintendent of the schools of each local school administrative unit which shall elect to operate a school bus transportation system, shall, prior to the commencement of each regular school year and subject to the approval of the local board of education, allocate and assign to the respective public schools within the jurisdiction of such local school administrative unit the school buses which the local board shall own and direct to be operated during such school year. From time to time during such school year, subject to the directions of the local board of education, the superintendent may revise such allocation and assignment of school buses in accordance with the changing transportation needs and conditions at the respective schools of such local school administrative unit, and may, pursuant to such revision, assign an additional bus or buses to a school or withdraw a bus or buses from a school in such local school administrative unit. (1955, c. 1372, art. 21, s. 3; 1981, c. 423, s. 1.)

Cross References. — As to exemption of vehicles other than buses from construction requirements, see G.S. 115C-253.

§ 115C-242. Use and operation of school buses.

Public school buses may be used for the following purposes only, and it shall be the duty of the superintendent of the school of each local school administrative unit to supervise the use of all school buses operated by such local school administrative unit so as to assure and require compliance with this section:

(1) A school bus may be used for the transportation of pupils enrolled in and employees in the operation of the school to which such bus is assigned by the superintendent of the local school administrative unit. Except as otherwise herein provided, such transportation shall be limited to transportation to and from such school for the regularly organized school day, and from and to the points designated by the principal of the school to which such bus is assigned, for the receiving and discharging of passengers. No pupil or employee shall be so transported upon any bus other than the bus to which such pupil or employee has been assigned pursuant to the provisions of this Article: Provided, that children enrolled in a Headstart program or any More at Four program may be transported on public school buses, and any additional costs associated with such contractual arrangements shall be incurred by the benefitting Head Start or More at Four program: Provided further, that children with disabilities may be transported to and from the nearest appropriate private school having a special education program approved by the State Board of Education if the children to be transported are or have been placed in that program by a local school administrative unit as a result of the State or the unit's duty to provide such children with a free appropriate public education.

(2) In the case of illness or injury requiring immediate medical attention of any pupil or employee while such pupil or employee is present at the school in which such pupil is enrolled or such employee is employed, the principal of such school may, in his discretion, permit such pupil or employee to be transported by a school bus to a doctor or hospital for medical treatment, and may, in his discretion, permit such other person as he may select to accompany such pupil.

(3) The board of education of any local school administrative unit may operate the school buses of such unit one day prior to the opening of the regular school term for the transportation of pupils and employees to and from the school to which such pupils are assigned or in which they are enrolled and such employees are employed, for the purposes of the registration of students, the organization of classes, the distribution of textbooks, and such other purposes as will, in the opinion of the superintendent of the schools of such unit, promote the efficient organization and operation of such public schools.

(4) A local board of education which elects to operate a school bus transportation system, shall not be required to provide transportation for any school employee, nor shall such board be required to provide transportation for any pupil living within one and one half miles of the school in which such pupil is enrolled.

(5) Local boards of education, under rules adopted by the State Board of Education, may permit the use and operation of school buses for the transportation of pupils and instructional personnel as the board deems necessary to serve the instructional programs of the schools. Included in the use permitted by this section is the transportation of children with disabilites, and children enrolled in programs that require transportation from the school grounds during the school day, such as special vocational or occupational programs. On any such trip, a city or county-owned school bus shall not be taken out of the State.

If State funds are inadequate to pay for the transportation approved by the local board of education, local funds may be used for these purposes. Local boards of education shall determine that funds are available to such boards for the transportation of children to and from the school to which they are assigned for the entire school year before authorizing the use and operation of school buses for other services deemed necessary to serve the instructional program of the schools.

Children with disabilities may be transported to and from the nearest appropriate private school having a special education program approved by the State Board of Education if the children to be transported have been placed in that program by a local school administrative unit as a result of the State or the unit's duty to provide those children with a free appropriate public education.

(6) School buses owned by a local board of education may be used for emergency management purposes in any state of disaster or local state of emergency declared under Chapter 166A of the General Statutes. Under rules and regulations adopted by a local board of education, its school buses may be used with its permission for the purpose of testing emergency management plans; however, neither the State Board of Education nor the local board of education shall be liable for the operating cost, any compensation claims or any tort claims resulting from the test.

(7) Uses authorized by G.S. 115C-243. (1955, c. 1372, art. 21, s. 4; 1957, c. 1103; 1969, c. 47; 1973, c. 869; 1977, c. 830, ss. 2, 3; 1977, 2nd Sess., c. 1280, s. 2; 1979, c. 885; 1981, c. 423, s. 1; 1983, c. 630, s. 7; c. 768, s. 8; 1987, c. 827, s. 49; 2006-66, s. 7.18(i); 2006-69, s. 3(g).)

Editor's Note. — Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

§ 115C-243. Use of school buses by senior citizen groups.

(a) Any local board of education may enter into agreements with the governing body of any county, city, or town, or with any State agency, or any agency established or identified pursuant to Public Law 89-73, Older Americans Act of 1965, to provide for the use of school buses to provide transportation for the elderly.

(b) Each agreement entered into under this section must provide the following:

(1) That the board of education shall be reimbursed in full for the proportionate share of any and all costs, both fixed and variable, of such buses attributable to the uses of the bus pursuant to the agreement.

(2) That the board of education shall be held harmless from any and all liability by virtue of uses of the buses pursuant to the agreement.

(3) That adequate liability insurance is maintained under G.S. 115C-42 to insure the board of education, and that adequate insurance is maintained to protect the property of the board of education. The minimum limit of liability insurance shall not be less than the maximum amount of damages which may be awarded under the Tort Claims Act, G.S. 143-291. The costs of said insurance shall be paid by the agency contracting for the use of the bus, either directly or through the fee established by the agreement.

(c) Before any board of education shall enter into any agreement under this section, it must by resolution establish a policy for use of school buses by the elderly. The policy must give first priority to school uses under G.S. 115C-242 and 115C-42. The resolution must provide for a schedule of charges under this section. Such resolution, if adopted, shall be amended or readopted at least once per year to provide for adjustments to the schedule of charges or to provide for maintaining the same schedule of charges. If the price bid for the service by a private bus carrier is less than the schedule of charges adopted by the board of education, then the board of education may not enter into the agreement.

(d) No board of education shall be under any duty to sign any agreement under this section.

(e) No bus operated under the provisions of this section shall travel outside of the area consisting of the county or counties where the local board of education is located and the county or counties contiguous to that county or counties, but not outside of the State of North Carolina.

(f) Before any agreement under this section may be signed, the State Board of Education shall adopt a uniform schedule of charges for the use of buses under this section. Such schedule shall include a charge by the hour and by the mile which shall cover all costs both fixed and variable, including depreciation, gasoline, fuel, labor, maintenance, and insurance. The schedule may be amended by the State Board of Education. The schedule of charges adopted by the local board of education under subsection (c) may vary from the State schedule only to cover changes in wages. (1977, 2nd Sess., c. 1280, s. 1; 1981, c. 423, s. 1; 1983, c. 717, s. 92; 1985 (Reg. Sess., 1986), c. 955, ss. 17, 18; 2006-203, s. 32.)

§ 115C-244. Assignment of pupils to school buses.

(a) The superintendent or superintendent's designee shall assign the pupils and employees who may be transported to and from school upon the bus or buses assigned to each school and shall implement and enforce the plan developed under G.S. 115C-246. No pupil or employee shall be permitted to ride upon any school bus to which such pupil or employee has not been so assigned by the superintendent or superintendent's designee, except by the express direction of the superintendent or superintendent's designee.

(b) In the event that the superintendent or superintendent's designee assigns a school bus to be used in the transportation of pupils to two or more schools, the superintendent or superintendent's designee shall assign the pupils to be transported to and from each school by that bus, and the principals of the respective schools shall implement and enforce this assignment of pupils.

(c) Any pupil enrolled in any school, or the parent or guardian of any such pupil, or the person standing in loco parentis to such pupil, may apply to the principal of such school for transportation of such pupil to and from such school by school bus for the regularly organized school day. The principal shall deliver the application to the superintendent or superintendent's designee, who shall assign a pupil to a school bus if the pupil is entitled to school bus transportation under this Article and the rules of the State Board of Education. Such assignment shall be made by the superintendent or superintendent's designee so as to provide for the orderly, safe and efficient transportation of pupils to such school and so as to promote the orderly and efficient administration of the school and the health, safety and general welfare of the pupils to be so transported. Assignments of pupils and employees to school buses may be changed by the superintendent or superintendent's designee as he may from time to time find proper for the safe and efficient transportation of such pupils and employees.

(d) The parent or guardian of any pupil enrolled in any school, or the person standing in loco parentis to any such pupil, who shall apply under subsection (c) of this section for the transportation of such pupil to and from such school by school bus, may, if such application is denied, or if such pupil is assigned to a school bus not satisfactory to such parent, guardian, or person standing in loco parentis to such pupil, pursuant to rules and regulations established by the local board of education, apply to such board for such transportation upon a school bus designated in such application, and shall be entitled to a prompt and fair hearing by such board in accordance with the rules and regulations established by it. The majority of such board shall be a quorum for the purpose of holding such hearing and passing upon such application, and the decision of the majority of the members present at such hearing shall be the decision of the board. If, at such hearing, the board shall find that pupil is entitled to be transported to and from such school upon the school bus designated in such application, or if the board shall find that the transportation of such pupil upon such bus to and from such school will be for the best interests of such pupil, will not interfere with the proper administration of such school, or with the safe and efficient transportation by school bus of other pupils enrolled in such school and will not endanger the health or safety of the children there enrolled, the board shall direct that such child be assigned to and transported to such school upon such bus.

(e) A decision of a local board under subsection (d) is final and, except as provided in this subsection, is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision.

(f) No employee shall be assigned to or permitted to ride upon a school bus when to do so will result in the overcrowding of such bus or will prevent the assignment to such bus of a pupil entitled to ride thereon, or will otherwise, in the opinion of the superintendent or superintendent's designee, be detrimental to the comfort or safety of the pupils assigned to such bus, or to the safe, efficient and proper operation of such bus. (1955, c. 1372, art. 21, s. 5; 1981, c. 423, s. 1; 1987, c. 827, ss. 47, 48; 1998-220, s. 3.)

§ 115C-245. School bus drivers; monitors; safety assistants.

(a) Each local board, which elects to operate a school bus transportation system, shall employ the necessary drivers for such school buses. The drivers shall have all qualifications prescribed by the regulations of the State Board of Education herein provided for and must be at least 18 years old and have at least six months driving experience as a licensed operator of a motor vehicle before employment as a regular or substitute driver, but the selection and employment of each driver shall be made by the local board of education, and the driver shall be the employee of such local school administrative unit. Each local board of education shall assign the bus drivers employed by it to the respective schools within the jurisdiction of such board, and the superintendent or superintendent's designee shall assign the drivers to the school buses to be driven by them. No school bus shall at any time be driven or operated by any person other than the bus driver assigned to such bus except by the express direction of the superintendent or superintendent's designee or in accordance with rules and regulations of the appropriate local board of education.

(b) The driver of a school bus subject to the direction of the superintendent or superintendent's designee shall have complete authority over and responsibility for the operation of the bus and the maintaining of good order and conduct upon such bus, and shall report promptly to the principal any misconduct upon such bus or disregard or violation of the driver's instructions by any person riding upon such bus. The principal may take such action with reference to any such misconduct upon a school bus, or any violation of the instructions of the driver, as he might take if such misconduct or violation had occurred upon the grounds of the school.

(c) The driver of any school bus shall permit no person to ride upon such bus except pupils or school employees assigned thereto or persons permitted by the express direction of the superintendent or superintendent's designee to ride thereon.

(d) The superintendent or superintendent's designee may, in his discretion, appoint a monitor for any bus assigned to any school. It shall be the duty of such monitor, subject to the direction of the driver of the bus, to preserve order upon the bus and do such other things as may be appropriate for the safety of the pupils and employees assigned to such bus while boarding such bus, alighting therefrom or being transported thereon, and to require such pupils and employees to conform to the rules and regulations established by the local board of education for the safety of pupils and employees upon school buses. Such monitors shall be unpaid volunteers who shall serve at the pleasure of the superintendent or superintendent's designee.

(e) A local board of education may, in its discretion within funds available, employ transportation safety assistants upon recommendation of the principal through the superintendent. The safety assistants thus employed shall assist the bus drivers with the safety, movement, management, and care of children boarding the bus, leaving the bus, or being transported in it. The safety assistant should be either an adult or a certified student driver who is available as a substitute bus driver. (1955, c. 1372, art. 21, s. 6; 1979, c. 719, ss. 1-4; 1979, 2nd Sess., c. 1156; 1981, c. 423, s. 1; 1987, c. 276; 1989, c. 558, s. 2; 1998-220, s. 4.)

CASE NOTES

Sufficiency of Cause of Action. — Trial court properly dismissed assault victims' negligence claim against youth program operators, which was based on the alleged acts of a school bus monitor and driver in not reporting a conversation between two teenagers on the bus that they would rob someone with a gun, because the victim failed to show that a special relationship existed between defendants and the juveniles such that defendants had control and custody over them at the time of the shooting. § 115C-246. School bus routes.

(a) The superintendent of the local school administrative unit shall, prior to the commencement of each regular school year, prepare a plan for a definite route, including stops for receiving and discharging pupils, for each school bus so as to assure the most efficient use of such bus and the safety and convenience of the pupils assigned thereto. The superintendent may, in his discretion, obtain the advice of the State Board of Education with reference to the plan. The buses shall be operated upon the route so established and not otherwise, except as provided in this Article. From time to time the principal may suggest changes in any such bus route as he shall deem proper for the said purposes, and the same shall be effective when approved by the superintendent of the local school administrative unit.

(b) Unless road or other conditions make it inadvisable, public school buses shall be routed on state-maintained highways, municipal streets, or other streets with publicly dedicated right-of-way. The local board of education shall not be responsible for damage to the roadway. Each public school bus shall be routed so that the bus passes within one mile of the residence of each pupil assigned to that bus. A pupil who lives one and one-half miles or more from the school to which the pupil is assigned shall be eligible for school bus transportation.

(c) All bus routes when established pursuant to this section shall be filed in the office of the board of education of the local school administrative unit, and all changes made therein shall be filed in the office of such board within 10 days after such change shall become effective.

(d) Repealed by Session Laws 1985 (Regular Session, 1986), c. 975, s. 24.

(e) No provision of this Article shall be construed to place upon the State, or upon any county or city, any duty to supply any funds for the transportation of pupils, or any duty to supply funds for the transportation of pupils who live within the corporate limits of the city or town in which is located the public school in which such pupil is enrolled or to which such pupil is assigned, even though transportation to or from such school is furnished to pupils who live outside the limits of such city or town. CASE NOTES

***Editor's Note.** — The cases below were decided under corresponding provisions of former Chapter 115.*

Constitutionality. — Subsection (e) of former G.S. 115-186, similar to subsection (e) of this section, was plainly constitutional. Sparrow v. Gill, 304 F. Supp. 86 (M.D.N.C. 1969).

The distinction between county and city pupils, created by subsection (e) of former G.S. 115-186, was a constitutionally valid one. Sparrow v. Gill, 304 F. Supp. 86 (M.D.N.C. 1969).

Subsection (e) of former G.S. 115-186 was wholly reasonable. The State legislature could reasonably have concluded that transportation was more imperative for county students than for city students. The degree of urbanization of the entire State has not yet become so pronounced that the legislature might not reasonably conclude that city students have easier access than do county students to public transportation, that they are more apt to have sidewalks and other pedestrian protections on their way to school, and that they are more apt to participate in an "automobile" culture simplifying family transportation and the formation of carpools, than their county-dwelling counterparts. Sparrow v. Gill, 304 F. Supp. 86 (M.D.N.C. 1969).

The transportation of pupils who live outside the city limits in which the school they attend is located does not impose a correlative duty to transport pupils who live within the city and attend the same school. This classification is entirely reasonable, since ordinarily school children can obtain both private and public transportation more easily in the cities than in rural areas. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

Whether it would be better and fairer to abolish the city-county distinction and go to a measured-distance-from-school basis is a political question for the people and their legislative representatives. Sparrow v. Gill, 304 F. Supp. 86 (M.D.N.C. 1969).

Whether any school board shall operate a bus transportation system is a matter in its sole discretion. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

There is no "duty" to provide transportation to city pupils attending in-city schools. Sparrow v. Gill, 304 F. Supp. 86 (M.D.N.C. 1969).

A city board is not required to transport pupils living in the city and attending schools located therein, even though transportation to those same schools is furnished pupils living outside the city. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

But Boards Are Not Forbidden to Supply Funds for Intra-City Transportation. — Subsection (e) of former G.S. 115-186 (similar to subsection (e) of this section) did not forbid either the State Board or local boards to supply funds for the intra-city transportation of pupils. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

Subsection (e) of former G.S. 115-186, which merely relieved the city boards of any duty to provide transportation, could not be construed as a prohibition against providing it, especially in the face of former G.S. 115-180 (see now G.S. 115C-239), which granted to city boards, without limitation, the authority to operate transportation systems. Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

Students Residing More Than One and One-Half Miles from School. — Former G.S. 115-186 (similar to this section) required the provision of transportation for all students who were assigned to schools more than one and one-half miles from their homes. Swann v. Charlotte-Mecklenburg Bd. of Educ., 402 U.S. 1, 91 S. Ct. 1267, 28 L. Ed. 2d 554, rehearing denied, 403 U.S. 912, 91 S. Ct. 2200, 29 L. Ed. 2d 689 (1971).

Local school authorities could be required to employ bus transportation as one tool of school desegregation. Swann v. Charlotte-Mecklenburg Bd. of Educ., 402 U.S. 1, 91 S. Ct. 1267, 28 L. Ed. 2d 554, rehearing denied, 403 U.S. 912, 91 S. Ct. 2200, 29 L. Ed. 2d 689 (1971).

§ 115C-247. Purchase of activity buses by local boards.

The several local boards of education in the State are hereby authorized and empowered to take title to school buses purchased with local or community funds for the purpose of transporting pupils to and from athletic events and for other local school activity purposes, and commonly referred to as activity buses.

Each local board of education that operates activity buses shall adopt a policy relative to the proper use of the vehicles. The policy shall permit the use of these buses for travel to athletic events during the regular season and playoffs and for travel to other school-sponsored activities.

The provisions of G.S. 115C-42 shall be fully applicable to the ownership and operation of such activity school buses. Activity buses may also be used as provided in G.S. 115C-243. (1955, c. 1256; 1957, c. 685; 1959, c. 573, s. 2; 1961, c. 1102, s. 4; 1977, 2nd Sess., c. 1280, s. 3; 1981, c. 423, s. 1; 2006-208, s. 1.)

Editor's Note. — Session Laws 2006-208, s. 2, provides: "The Department of Public Instruction, in cooperation with the Department of Transportation, shall develop a program for issuing a statewide permit to commercial motor coach companies that seek to contract with local school systems for the transportation of students, school personnel, and other persons authorized by the school system for school-sponsored trips. This program is intended to provide commercial motor coach companies with a single permit that can be used statewide and will be an alternative to the current system that requires motor coach companies to meet the varying requirements of each school system that they contract with for such transportation services. The Department of Public Instruction shall review and amend the recommended guidelines and procedures for school charter transportation, adopted by the School Charter Transportation Safety Committee in December 2004, to meet the requirements of the new permit program.

"The requirements of the program shall include, but not be limited to, all of the following:

"(1) The motor coach company demonstrates compliance with the Federal Motor Carrier Safety Regulations (FMCSR) as evidenced by a prior on-site examination of its motor carrier operation in which the company received a safety fitness rating of "satisfactory" in accordance with 49 C.F.R. Part 385.

"(2) The previously issued "satisfactory" safety rating is current at the time the local board of education contracts for services.

"(3) The motor coach company has not had an out-of-service order issued against it within the prior 12 months.

"(4) The requirement that the motorcoach companies adhere to the motor vehicle laws of the jurisdiction in which they are operating.

"(5) The collection of a reasonable fee to offset the costs of implementing and maintaining the program.

"(6) The consideration of the needs of schools that serve large populations of students with special needs.

"The Department of Public Instruction, in establishing the program, shall consult with the North Carolina State Highway Patrol, the North Carolina School Boards Association, the Federal Motor Carrier Safety Administration, the North Carolina Motorcoach Association, the North Carolina PTA, and other interested parties to discuss the proposed requirements of the program.

"The Department of Public Instruction shall report to the Joint Legislative Education Oversight Committee by November 15, 2006, on development of the program. The Committee shall report its findings, together with any recommended legislation, including the amount of any reasonable fees, to the 2007 General Assembly upon its convening."

Session Laws 2007-465, ss. 1 through 7, provide: "1. Legislative Findings. — The General Assembly makes the following findings:

"(1) Diesel emissions, due in large part to their high concentrations of particulate matter, are associated with severe and multiple health risks to the citizens of North Carolina, including increased risk of cancer, decreased lung function, aggravated asthma, heart attacks, and premature death.

"(2) The United States Environmental Protection Agency, recognizing the harmful effects of diesel emissions, issued new fuel and engine emission standards that will reduce particulate matter emissions from new engines ninety percent (90%) below previous levels, beginning with vehicle model year 2007.

"(3) The same technology that makes ninety percent (90%) reductions in diesel emissions possible for new engines can be retrofitted onto existing engines.

"(4) The Safe Accountable, Flexible, Efficient Transportation Equity Act — A Legacy for Users (SAFETEA-LU), Pub. L. No. 109-59, 119 Stat. 1144, 23 U.S.C. § 149, clarified eligibility for diesel matter retrofit projects from federal congestion mitigation and air quality improvement program funds apportioned to the State by the United States pursuant to 23 U.S.C. § 104(b)(2) and establishes those projects as a priority for funding. North Carolina should act now to position itself to maximize eighty percent (80%) federal matching dollars available through this program as provided in 23 U.S.C. § 120.

"2. (a) Pilot Program to Retrofit Certain School Buses. — The Department of Environment and Natural Resources, in consultation with the Department of Public Instruction, the Department of Transportation, and stakeholders, shall develop a pilot program, to be administered by the Department of Environment and Natural Resources, to award grants to retrofit school buses in order to reduce diesel emissions from school buses in any county that is located in an area that is designated by the United States Environmental Protection Agency as nonattainment or maintenance for ozone or particulate matter. A local school administrative unit may submit an application to the Department of Environment and Natural Resources for a grant to have any eligible school bus retrofitted in order to utilize an appropriate verified diesel emission control device as determined by the Department of Environment and Natural Resources. A school bus is eligible to have a diesel retrofit using grant funds if the school bus: (i) has a model year 1994 through model year 2006 engine; (ii) is registered in a county that is located in an area that is designated by the United States Environmental Protection Agency as nonattainment or maintenance for ozone or particulate matter; (iii) is capable of operating on diesel fuel and; (iv) is used for the transportation of public school students. The Department of Environment and Natural Resources may adopt guidelines and engineering standards as needed to implement this act. The Department of Environment and Natural Resources shall develop grant application procedures, the criteria and priorities for selecting grant recipients and further selection of which school buses of these grant recipients may use grant funds for diesel retrofits under this pilot program, and procedures for distribution of grant funds and federal-aid funds reimbursed under Section 7 of this act to a local school administrative unit selected as a grant recipient. The criteria that may be considered in grant recipient selection includes the remaining useful life of a school bus and the accumulated mileage and years of service of a school bus. Priority designation for selection of school buses for retrofits using grant funds may be given for a diesel retrofit that results in the greatest particulate matter reduction, considering the costs of operating, maintaining, and repairing the verified diesel emission control device, for the longest remaining useful life of the school bus.

"(b) Definitions. — As used in this act, the following definitions apply:

"(1) Diesel retrofit. — Defined in Chapter 149 of Title 23 of the United States Code.

"(2) Level 1 Control. — A verified diesel emission control device that achieves a particulate matter emission reduction of twenty-five percent (25%) or more but less than fifty percent (50%) from uncontrolled engine emissions levels.

"(3) Level 2 Control. — A verified diesel emission control device that achieves a particulate matter emission reduction of fifty percent (50%) or more but less than eighty-five percent (85%) from uncontrolled engine emissions levels.

"(4) Level 3 Control. — A verified diesel emission control device that achieves a particulate matter emission reduction of eighty-five percent (85%) or more from uncontrolled engine emission levels, or that reduces emissions to less than or equal to 0.01 grams of particulate matter per brake horsepower-hour. Level 3 Control includes repowering or replacing the existing diesel engine with an engine that meets the United States Environmental Protection Agency 2007 Heavy Duty Highway Diesel Standards set out in the Final Rule published on 18 January 2001 in the Federal Register, Volume 66, Number 12, Pages 5002 through 5193. Level 3 Control also includes new diesel engines for the 2007 model year or later that meet the emissions standards that achieve particulate matter emissions reductions that are ninety percent (90%) less than particulate matter emissions standards for diesel engines in the 2006 model year.

"(5) Verified diesel emission control device. — An emission control device or strategy that has been verified by the United States Environmental Protection Agency or the California Air Resources Board; the replacement or repowering of the vehicle with an engine that is certified to specific particulate matter emissions performance by the United States Environmental Protection Agency or the California Air Resources Board; or a device that reduces crankcase emissions by ninety percent (90%) or more from uncontrolled crankcase emissions levels, whether or not the device is verified by United States Environmental Protection Agency or the California Air Resources Board as an emission control device or strategy.

"(c) Appropriate Retrofit Technology. — Within one year of the effective date of this section, the Secretary of Environment and Natural Resources, in consultation with the Department of Public Instruction, may make a written finding that a model, model year, or any other category concerning the type or use of a school bus that is eligible for a grant under subsection (a) of this section cannot be retrofitted with Level 3 Control, and that the category may use grant funds to be retrofitted with Level 2 Control, if it is available and appropriate for the category, installed, and operational. Within one year of the effective date of this section, the Secretary of Environment and Natural Resources, in consultation with the Department of Public Instruction, may make a written finding that a model, model year, or any other category concerning the type or use of a school bus that is eligible for a grant under subsection (a) of this section cannot be retrofitted with Level 2 Control, and that the category may use grant funds to be retrofitted with Level 1 Control, if it is available and appropriate for the category, installed, and operational. The Secretary of Environment and Natural Resources may require additional emissions control to be used for those school buses retrofitted with Level 1 Control using grant funds. Within one year of the effective date of this section, the Secretary of Environment and Natural Resources, in consultation with the Department of Public Instruction, may make a written finding regarding: the comparative economic impact, health benefits, and technological feasibility of using Level 1 Control, Level 2 Control, Level 3 Control, or other verified diesel emission control device under this pilot program; which device results in the greatest emissions reductions, considering the cost of operating, maintaining, and repairing the devices over their anticipated useful life; recommendations regarding the appropriate verified diesel emission control device to be used for retrofits under this pilot program consistent with these findings. In addition to any other issues of retrofit technology considered when making any finding under this subsection, the Secretary of Environment and Natural Resources and the Department of Public Instruction may consider the remaining useful life of a school bus and the accumulated mileage and years of service of a school bus.

"(d) Coordination Among Departments. — The Department of Environment and Natural Resources shall coordinate with the Department of Public Instruction, the Department of Transportation, and the Department of Administration to determine if the effective and efficient implementation of this pilot program requires any of these departments to have a role beyond any role specified in this act, and if so, the Department of Public Instruction, the Department of Transportation, and the Department of Administration, as applicable, may adopt guidelines and engineering standards as needed to implement this section. The Department of Transportation may amend its Transportation Improvement Program and otherwise satisfy any other requirement under federal law so that school bus retrofits under this pilot program qualify for reimbursement of federal-aid funds as provided under Section 6 of this act.

"3. (a) School Bus Diesel Emissions Reduction Account Established. — The School Bus Diesel Emissions Reduction Account is established as a nonreverting account within the Department of Environment and Natural Resources. The Account shall consist of funds appropriated to it by the General Assembly and any contributions or grants from public or private sources.

"(b) Permissible Uses of the School Bus Diesel Emissions Reduction Account. — The Department of Environment and Natural Resources shall distribute funds in the School Bus Diesel Emissions Reduction Account as grants to local school administrative units for retrofitting school buses under this pilot program. The distributed funds shall be in an amount that is equal to twenty percent (20%) of the costs of purchasing a diesel retrofit for each school bus selected for retrofitting, based upon the costs of purchasing a diesel retrofit for a school bus as determined by the Department of Environment and Natural Resources. The funds shall be used by the local school unit to match the federal-aid funds that are to be reimbursed under Section 6 of this act, provided the Metropolitan Planning Organization for the area in which that local school administrative unit seeking grant funds under this pilot program has amended its Transportation Improvement Program and has otherwise satisfied any requirement under federal law so that the diesel retrofit as it applies to this local school administrative unit qualifies for reimbursement of federal-aid funds as provided under Section 6 of this act. Funds in the School Bus Diesel Emissions Reduction Account shall not be used for any costs associated with any school bus retrofit in excess of the sum of the twenty-percent (20%) share the local school administrative unit received in grant funds under this section for each diesel retrofit and the eighty-percent (80%) share in federal-aid funds for each diesel retrofit. Costs associated with any school bus retrofit in excess of this sum, if any, shall be borne by the local school administrative unit that operates the school bus. Any funds in the School Bus Diesel Emissions Reduction Account that have not been used or obligated as of 1 July 2008 in accordance with this section may be used to make grants to local school administrative units for one hundred percent (100%) of the costs for purchasing a diesel retrofit for a school bus as determined by the Department of Environment and Natural Resources. Funds in the School Bus Diesel Emissions Reduction Account shall not be used for any costs associated with any school bus retrofit in excess of one hundred percent (100%) of the costs for purchasing a diesel retrofit for a school bus as determined by the Department of Environment and Natural Resources, and excess costs associated with any school bus retrofit, if any, shall be borne by the local school administrative unit that operates the school bus.

"(c) Prohibited Uses of the School Bus Diesel Emissions Reduction Account. — Funds in the School Bus Diesel Emissions Reduction Account shall not be used for any school bus with tampered, nonconforming, or defective emission control components.

"4. (a) Transfer of Information. — On or before 1 August 2008, the Department of Public Instruction shall submit to the Department of Environment and Natural Resources the following information:

"(1) The total number of school buses that are eligible for grants under Section 2(a) of this act.

"(2) The number of school buses that are equipped with an engine certified to the applicable United States Environmental Protection Agency standard for particulate matter as set out in 40 Code of Federal Regulations §§ 86.007-11 (1 July 2006 Edition).

"(b) Annual Report Required. — On or before 1 September 2008, and again on or before 1 September 2009, the Department of Environment and Natural Resources shall submit a report to the Department of Public Instruction, the Department of Transportation, and the Environmental Review Commission on the pilot program under this act. This report shall include the information submitted under subsection (a) of this section and shall also include:

"(1) The total number of school buses that have the retrofit technology installed and operational under this pilot program, including a breakdown by location, vehicle model year, engine year, and the type of verified diesel emission control device used for each school bus.

"(2) The anticipated emissions reductions based on the emissions certification of the verified diesel emission control devices used and the annual miles the school buses are expected to drive.

"(3) Any recommendations to further reduce diesel emissions from school buses and whether the program to retrofit certain school buses registered in a county that is located in an area that is designated by the United States Environmental Protection Agency as nonattainment or maintenance for ozone or particulate matter is accomplishing its purpose to reduce diesel emissions, improve air quality, and protect students' health.

"(4) The feasibility and the cost of expanding the funding for this pilot program for all eligible school buses for local school administrative units in counties that are located in an area that is designated by the United States Environmental Protection Agency as nonattainment or maintenance for ozone or particulate matter.

"(5) The feasibility and the cost of expanding this pilot program statewide.

"5. Credit for Emissions Reductions. — The Department of Environment and Natural Resources shall work together with federal, State, and local air quality and transportation agencies to determine how emissions reductions achieved through implementation of this act may be quantified and credited by the United States Environmental Protection Agency to the appropriate emissions reduction objectives in the State Implementation Plan or Transportation Conformity determinations."

"6. Reimbursement of Federal-Aid Funds. — The Department of Transportation may reimburse up to two million dollars ($2,000,000) for the 2007-2008 fiscal year from the federal congestion mitigation and air quality improvement program funds apportioned to the State of North Carolina by the United States pursuant to 23 U.S.C. § 104(b)(2), to the Department of Environment and Natural Resources for the costs of purchasing diesel retrofits for school buses under the pilot program under this act. This reimbursement may provide the eighty percent (80%) in federal-aid funds, as provided in 23 U.S.C. § 120, for the costs of purchasing diesel retrofits for school buses to supplement the funds awarded as grants under Section 3(b) of this act. The Department of Transportation and the Department of Environment and Natural Resources may enter into a contract that provides for the terms and method by which the Department of Environment and Natural Resources bills the Department of Transportation for reimbursement of eligible costs of purchasing diesel retrofits for school buses and submits itemized invoices with proper supporting documentation. This contract may provide a reimbursement schedule.

"7. Effective Dates. — Section 6 of this act becomes effective 1 July 2007, and the remainder of this act is effective when this act becomes law, but Sections 1 through 6 of this act become effective only if the 2007 General Assembly appropriates funds for the 2007-2008 fiscal year to the School Bus Diesel Emissions Reduction Account established in Section 3(a) of this act to be used for grants to local school administrative units for the purchase of diesel retrofits for school buses consistent with the pilot program under this act."

§ 115C-248. Inspection of school buses and activity buses; report of defects by drivers; discontinuing use until defects remedied.

(a) The superintendent of each local school administrative unit, shall cause each school bus owned or operated by such local school administrative unit to be inspected at least once each 30 days during the school year for mechanical defects, or other defects which may affect the safe operation of such bus. A report of such inspection, together with the recommendations of the person making the inspection, shall be filed promptly in the office of the superintendent of such local school administrative unit, and a copy thereof shall be forwarded to the principal of the school to which such bus is assigned.

(b) It shall be the duty of the driver of each school bus to report promptly to the principal of the school, to which such bus is assigned, any mechanical defect or other defect which may affect the safe operation of the bus when such defect comes to the attention of the driver, and the principal shall thereupon report such defect to the superintendent of the local school administrative unit. It shall be the duty of the superintendent of the local school administrative unit to cause any and all such defects to be corrected promptly.

(c) If any school bus is found by the principal of the school, to which it is assigned, or by the superintendent of the local school administrative unit, to be so defective that the bus may not be operated with reasonable safety, it shall be the duty of such principal or superintendent to cause the use of such bus to be discontinued until such defect is remedied, in which event the principal of the school, to which such bus is assigned, may permit the use of a different bus assigned to such school in the transportation of the pupils and employees assigned to the bus found to be defective.

(d) The superintendent of each local school administrative unit, shall cause each activity bus which is used for the transportation of students by such local school administrative unit or any public school system therein to be inspected for mechanical defects, or other defects which may affect the safe operation of such activity bus, at the same time and in the same way and manner as the regular public school buses for the normal transportation of public school pupils are inspected. A report of such inspection, together with the recommendations of the person making the inspection, shall be filed with the principal of the school which uses and operates such activity bus and a copy shall be forwarded to the superintendent of the local school administrative unit involved. It shall be the duty of the driver of each activity bus to make the same reports to the principal of the school using and operating such activity bus as is required by this section. If any public school activity bus is found to be so defective that the activity bus may not be operated with reasonable safety, it shall be the duty of such principal to cause the use of such activity bus to be discontinued until such defect is remedied to the satisfaction of the person making the inspection and a report to this effect has been filed in the manner herein prescribed. Nothing in this subsection shall authorize the use of State funds for the purchase, operation or repair of any activity bus. (1955, c. 1372, art. 21, s. 8; 1961, c. 474; 1975, c. 150, s. 2; 1981, c. 423, s. 1.)

§ 115C-249. Purchase and maintenance of school buses, materials and supplies.

(a) To the extent that the funds shall be made available to it for such purpose, a local board of education is authorized to purchase from time to time such additional school buses and service vehicles or replacements for school buses and service vehicles, as may be deemed by such board to be necessary for the safe and efficient transportation of pupils enrolled in the schools within such local school administrative unit. Any school bus so purchased shall be constructed and equipped as prescribed by the provisions of this Article and by the regulations of the State Board of Education issued pursuant thereto. Any school bus so purchased that is capable of operating on diesel fuel shall be capable of operating on diesel fuel with a minimum biodiesel concentration of B-20, as defined in G.S. 143-58.4. At least two percent (2%) of the total volume of fuel purchased annually by local school districts statewide for use in school bus diesel engine motor vehicles shall be biodiesel fuel of a minimum blend of B-20, to the extent that biodiesel blend is available and compatible with the technology of the vehicles or equipment used.

(b) The tax-levying authorities of any county are hereby authorized to make provision from time to time in the capital outlay budget of the county for the purchase of such school buses or service vehicles.

(c) Any funds appropriated from time to time by the General Assembly for the purchase of school buses or service vehicles shall be allocated by the State Board of Education to the respective local boards of education in accordance with the requirements of such boards as determined by the State Board of Education, and thereupon shall be paid over to the respective local boards of education in accordance with such allocation.

(d) The title to any additional or replacement school bus or service vehicle purchased pursuant to the provisions of this section, shall be taken in the name of the board of education of such local school administrative unit, and such bus shall in all respects be maintained and operated pursuant to the provisions of this Article in the same manner as any other public school bus.

(e) It shall be the duty of the county board of education to provide adequate buildings and equipment for the storage and maintenance of all school buses and service vehicles owned or operated by the board of education of any local school administrative unit in such county. It shall be the duty of the tax-levying authorities of such county to provide in its capital outlay budget for the construction or acquisition of such buildings and equipment as may be required for this purpose.

(f) In the event of the damage or destruction of any school bus or service vehicle by fire, collision, or otherwise, the board of education of the local school administrative unit which shall own or operate such bus or service vehicle may apply to the State Board of Education for funds with which to replace it. If the State Board of Education finds that such bus or service vehicle has been destroyed or damaged to the extent that it cannot be made suitable for further use, and if the State Board of Education finds that the replacement of such bus or service vehicle is necessary in order to enable such local school administrative unit to operate properly its school bus transportation system, the State Board of Education shall allot to the board of education of such local school administrative unit from the funds now held by the State Board of Education for the replacement of school buses or service vehicles, or from funds hereafter appropriated by the General Assembly for that purpose, a sum sufficient to purchase a new school bus or service vehicle to be used as a replacement for such damaged or destroyed bus or service vehicle and upon such allocation such sum shall be paid over to or for the account of the board of education of such local school administrative unit for such purpose.

(g) Repealed by Session Laws 2003-147, s. 3, effective for a local school administrative unit when the unit is certified as being E-Procurement compliant, or April 1, 2004, whichever occurs first.

(h) Appropriations by the General Assembly for the purchase of public school buses shall not revert to the General Fund. Any unexpended portion of those appropriations shall at the end of each fiscal year be transferred to a reserve account and be held, together with any other funds appropriated for the purpose, for the purchase of public school buses. (1955, c. 1372, art. 21, s. 9; 1961, c. 833, s. 16; 1975, c. 879, s. 46; 1981, c. 423, s. 1; 1987, c. 827, s. 49; 1991 (Reg. Sess., 1992), c. 1039, s. 24; 2003-147, s. 3; 2004-203, s. 72(b); 2007-423, s. 2.)

Certification as E-Procurement Compliant. — Session Laws 2003-147, ss. 10(a) through (e) contains provisions encouraging local school administrative units to use the NC E-Procurement Service for their purchasing requirements. See same catchline in note to G.S. 115C-522.

Session Laws 2003-147, s. 11, provides: "Nothing in this act [giving local boards of education additional purchasing flexibility and encouraging them to use the NC E-Procurement Service] shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

In selecting the eight pilot units, the State Board shall give priority to those units that volunteer to be a pilot. The pilots shall be distributed geographically throughout the State. For the 2004-2005 school year, pilot units shall implement the program in elementary schools.

"(b) If, at the end of the 2004-2005 school year, the State Board of Education finds that a pilot unit experienced a decrease in food service revenues because students opted not to purchase the healthful, nutritious food choices offered by the school food service, the State Board shall reimburse the unit for that decrease in revenues."

In addition to the elementary school pilots established by Section 7.17 of S.L. 2004-124, the nutrition standards will also be piloted prior to statewide implementation in a minimum of eight middle schools and eight high schools at a time to be determined by the State Board of Education. The pilots shall be conducted in a manner that will hold the child nutrition program of a participating local school administrative unit financially harmless for its participation in the pilot project. It shall be the responsibility of the Child Nutrition Services Section of the Department of Public

Instruction to oversee the pilot project, collect data from the pilots, interpret the data, and develop written guidance based on the outcomes of the pilots. The Child Nutrition Services Section of the Department of Public Instruction shall modify the nutrition standards as needed based on several criteria, including, but not limited to, the results of the pilot projects, current science, best practices in the food and beverage industry, and the availability and affordability of new foods and beverages. (a) In addition to any requirements established by the United States Department of Agriculture under the National School Lunch Program, the School Breakfast Program, or other federally supported food service programs, local boards of education shall give preference in purchasing contracts to high-calcium foods and beverages. For purposes of this section, "high-calcium foods and beverages" means foods and beverages that contain a higher level of calcium and that are equal to or lower in price than other products of the same type or quality.

(b) Notwithstanding the provisions of subsection (a) of this section, if a local school board determines that a high-calcium food or beverage would interfere with the proper treatment and care of an individual receiving services from the public school food program, the local school board shall not be required to purchase a high-calcium food or beverage for that individual. A local school board that has entered into a contract with a supplier to purchase food or beverages before the effective date of this section is not required to purchase high-calcium foods or beverages for the duration of that contract if purchasing those products would change the terms of the contract. (2003-257, s. 1.)

§ 115C-264.2. Vending machine sales.

(a) Each school may, with the approval of the local board of education, sell to students beverages in vending machines during the school day so long as:

(2005-253, s. 2.)

§ 115C-264.3. Child Nutrition Program standards.

The State Board of Education, in direct consultation with a cross section of local directors of child nutrition services, shall establish statewide nutrition standards for school meals, a la carte foods and beverages, and items served in the After School Snack Program administered by the Department of Public Instruction and child nutrition programs of local school administrative units. The nutrition standards will promote gradual changes to increase fruits and vegetables, increase whole grain products, and decrease foods high in total fat, trans fat, saturated fat, and sugar. The nutrition standards adopted by the State Board of Education shall be implemented initially in elementary schools. All elementary schools shall achieve a basic level by the end of the 2009-2010 school year, followed by middle schools and then high schools. It shall be the responsibility of the Child Nutrition Services Section of the Department of Public Instruction to oversee the pilot project, collect data from the pilots, interpret the data, and develop written guidance based on the outcomes of the pilots. The Child Nutrition Services Section of the Department of Public Instruction shall modify the nutrition standards as needed based on several criteria, including, but not limited to, the results of the pilot projects, current science, best practices in the food and beverage industry, and the availability and affordability of new foods and beverages. The Child Nutrition Services Section of the Department of Public Instruction shall monitor the progress of each local school administrative unit toward achieving the nutrition standards and shall provide technical assistance and training as needed to assist local school administrative units in implementing the nutrition standards. The Child Nutrition Services Section of the Department of Public Instruction shall report annually on the progress of each local school administrative unit to the State Board of Education and to the Joint Legislative Education Oversight Committee."

Session Laws 2007-323, s. 7.36A(b)-(d), provides: "(b) Local education agencies are encouraged to take steps to implement within existing funds and to the extent possible the nutrition program standards under G.S. 115C-264.3 by the end of the 2007-2008 school year.

"(c) The Child Nutrition Services Section of the Department of Public Instruction, in direct consultation with a cross section of local directors of child nutrition services, shall study how State funds allocated to support the implementation of nutrition standards in elementary schools should be distributed to ensure fair and equitable distribution of available resources. "(d) The General Assembly urges the Director of the State Budget to include in the proposed Continuation Budget the amount required to ensure that all kindergarten students in schools that meet the eligibility percentage authorized by the State Board of Education receive a free breakfast.

"The State Board shall not adjust that eligibility percentage below thirty-nine and four one-hundredths of one percent (39.04%) unless the General Assembly funds an expansion of the program."

§ 115C-265. Rules and regulations for distribution of library/media personnel funds; employment of personnel.

(a) The State Board of Education is authorized to promulgate rules and regulations for the distribution of library/media personnel funds, on the basis of average daily membership (ADM), to each local school administrative unit of the State.

(b) Each local school administrative unit in the State shall employ library/media personnel in accordance with State library/media guidelines approved by the State Board of Education insofar as funds are approved for that purpose by the North Carolina General Assembly. (1977, c. 1088, ss. 2, 3; 1981, c. 423, s. 1.)

§§ 115C-266 through 115C-270: Reserved for future codification purposes.

SUBCHAPTER V. PERSONNEL.

ARTICLE 18.

Superintendents.

§ 115C-271. Selection by local board of education, term of office.

(a) It is the policy of the State that each local board of education has the sole discretion to elect a superintendent of schools. However, the State Board shall adopt rules that establish the qualifications for election. At a minimum, each superintendent shall have been a principal in a North Carolina public school or shall have other leadership, management, and administrative experience. In addition, the State Board shall adopt rules that include minimum credentials, educational prerequisites, and relevant experience requirements that would qualify a person to serve as a superintendent without having direct experience or certification as an educator. It is the duty of each local board to elect a superintendent who is qualified. If a local board elects a superintendent who is not qualified or who cannot qualify under this section, then the election and contract are null and void, and the board shall elect a person who is qualified.

(b) Each local board of education shall elect a superintendent under a written contract of employment for a term of no more than four years, ending on June 30 of the final months of the contract. Contracts of employment for a period of less than one year shall be governed and limited by G.S. 115C-275. Each local board shall file a copy of the contract with the State Board of Education before the individual is eligible for this office.

(c) At any time after the first 12 months of the contract, a local board may, with the written consent of the current superintendent, extend or renew the term of the superintendent's contract for a term of no more than four years from the date of the extension. If new board members have been elected or appointed and are to be sworn in, a board shall not act to extend or renew the current superintendent's contract until after the new members have been sworn in.

(d) A local board may terminate the superintendent's contract before the contract term of employment has expired so long as all the following conditions are met:

(1) No State funds are used for this purpose.
(2) Local funds appropriated for teachers, textbooks, or classroom materials, supplies, and equipment are not transferred or used for this purpose.
(3) The local board makes public the funds that are to be transferred or used for this purpose.
(4) The local board notifies the State Board of the funds that are to be transferred or used for this purpose.
(5) No funds acquired through donation or fund-raising are used for this purpose, except for funds raised specifically for this purpose or for funds donated by private for-profit corporations.

Immediately upon receipt of the notification from a local board under this subsection, the State Board shall review the accounts of that local school administrative unit. If the State Board finds that the local board failed to meet all the conditions set out in this subsection, the State Board shall issue a warning to the local board as provided in G.S. 115C-451 and, in addition to any other actions the State Board may take under G.S. 115C-451, shall order the local board to take action to comply with this subsection. (1981, c. 423, s. 1; 1983, c. 478; 1983 (Reg. Sess., 1984), c. 1103, s. 3; 1987, c. 389; 1989, c. 339; 1991, c. 238, s. 1; 1997-443, s. 8.7; 2001-174, s. 1.)

Local Modification. — (As to Article 18) Edgecombe: 1991, c. 404, s. 4(e).

CASE NOTES

Renewal of Superintendents' Contract. — Pursuant to the amendment to this section by Session Laws 1989, c. 339, s. 1, applicable to all superintendent contracts extended or renewed by local boards of education since July 1, 1985, which clarified legislative intent regarding renewal of superintendents' contracts under this section, the board of education was free to renew its superintendent's contract at any time during the final 12 months of the contract, since no new members were to take office during that period. Rivenbark v. Pender County Bd. of Educ., 94 N.C. App. 703, 381 S.E.2d 183 (1989).

Superintendent and Principal as Agents of Board. — By statute and under traditional common-law principles, the superintendent and principal are agents of the board. The board cannot escape responsibility for its actions, based on the recommendations of its agents, by simply refusing to inquire into its agents' reasons. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984), cert. denied, 313 N.C. 506, 329 S.E.2d 389 (1985).

No Error in Dismissal of Claims Against Superintendent. — Trial court did not err in dismissing plaintiffs' claims against superintendent; although plaintiffs alleged superintendent's representations to both defendant boards "were grossly overstated" and "without foundation in fact," plaintiffs did not allege superintendent was in a decision-making position as to acquisition of the Square D facility. As a matter of law, a superintendent does not vote on appropriations. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

§ 115C-272. Residence, oath of office, and salary of superintendent.

(a) Every superintendent shall reside in the county in which he is employed. The superintendent shall not teach, nor be regularly employed in any other capacity that may limit or interfere with his duties as superintendent. Each superintendent, before entering upon the duties of his office, shall take an oath for the faithful performance thereof. The salary of the superintendent shall be in accordance with a State standard salary schedule, fixed and determined by the State Board of Education as provided by law; and such salary schedule for superintendents shall be determined on the same basis for both county and city superintendents and shall take into consideration the amount of work inherent to the office of both county and city superintendents; and such schedule shall be published in the same way and manner as the schedules for teacher and principal salaries are now published.

(b) Superintendents shall be paid promptly when their salaries are due provided the legal requirements for their employment and service have been met. All superintendents employed by any local school administrative unit who are paid from local funds shall be paid promptly as provided by law and as State allotted superintendents are paid. Superintendents paid from State funds shall be paid as follows:

(1) Each local board of education shall establish a set date on which monthly salary payments to superintendents shall be made. This set pay date may differ from the end of the calendar month of service. Superintendents shall only be paid for the days employed as of the set pay date. Payment for a full month when days employed are less than a full month is prohibited as this constitutes prepayment. The daily rate of pay shall equal the number of weekdays in the pay period. Included within their term of employment shall be annual vacation leave at the same rate provided for State employees. Included within the 12 months' employment each local board of education shall designate the same or an equivalent number of legal holidays as those designated by the State Personnel Commission for State employees.

(2) Notwithstanding any provisions of this section to the contrary no person shall be entitled to pay for any vacation day not earned by that person. Vacation days shall not be used for extending the term of employment of individuals and shall not be cumulative from one fiscal year to another fiscal year: Provided, that superintendents may accumulate annual vacation leave days as follows: annual leave may be accumulated without any applicable maximum until June 30 of each year. On June 30 of each year, any superintendent with more than 30 days of accumulated leave shall have the excess accumulation converted to sick leave so that only 30 days are carried forward to July 1 of the same year. All vacation leave taken by the superintendent will be upon the authorization of his immediate supervisor and under policies established by the local board of education. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 240 hours or 30 days when separated from service due to resignation, dismissal, reduction in force, death, or service retirement. Upon separation from service due to service retirement, any

annual vacation leave over 30 days will convert to sick leave and may be used for creditable service at retirement in accordance with G.S. 135-4(e). If the last day of terminal leave falls on the last workday in the month, payment shall be made for the remaining nonworkdays in that month. Employees retiring on disability retirement may exhaust annual leave rather than be paid in a lump sum. The provisions of this subdivision shall be accomplished without additional State and local funds being appropriated for this purpose. The State Board of Education shall adopt rules and regulations for the administration of this subdivision.

(3) Each local board of education shall sustain any loss by reason of an overpayment to any superintendent paid from State funds.

(4) All of the foregoing provisions of this section shall be subject to the requirement that at least fifty dollars ($50.00), or other minimum amount required by federal social security laws, of the compensation of each school employee covered by the Teachers' and State Employees' Retirement System or otherwise eligible for social security coverage shall be paid in each of the four quarters of the calendar year.

(c) The State Board of Education, in fixing the State standard salary schedule of superintendents as authorized by law, shall provide that superintendents who entered the armed or auxiliary forces of the United States after September 16, 1940, and who left their positions for such service, shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the position of teachers, principals or superintendents in the public schools of the State after having been honorably discharged from the armed or auxiliary forces of the United States. (1955, c. 1372, art. 6, s. 1; art. 17, s. 9; art. 18, s. 6; 1961, c. 1085; 1971, c. 1052; 1973, c. 647, s. 1; 1975, cc. 383, 608; c. 834, ss. 1, 2; 1979, c. 600, ss. 1-5; 1981, c. 423, s. 1; c. 946, s. 1; 1983, c. 872, s. 1; 1985, c. 757, s. 145(c); 1985 (Reg. Sess., 1986), c. 975, s. 15; 1987, c. 414, s. 4; 1989 (Reg. Sess., 1990), c. 1066, s. 93; 1993, c. 321, s. 73(a); 1995, c. 450, s. 17; 1997-443, s. 8.38(f); 1999-237, s. 28.26(c).)

CASE NOTES

Dual Office Holding. — The office of county superintendent of public instruction was such an office as came within the former N.C. Const., Art. XIV, § 7 (see now N.C. Const., Art. VI, § 9), which prohibited the holding of more than one office by any person. Whitehead v. Pittman, 165 N.C. 89, 80 S.E. 976 (1914), decided under corresponding provisions of former law.

OPINIONS OF ATTORNEY GENERAL

Salary and Hours of Certified Employees. — N.C. Const., Art. IX, § 5 and G.S. 115C-12(9), 115C-284(c), 115C-296, and 115C-315(d) and subsection (a) of this section give the State Board of Education the authority to establish salary schedules for all certified employees and to establish the amount of work required to earn those salaries. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

§ 115C-273. Salary schedule for superintendents.

Every local board of education may adopt, as to assistant or associate superintendents not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any local board of education shall fail to adopt such a schedule, the State salary schedule shall be in force. (1955, c. 1372, art. 5, s. 32; 1965, c. 584, s. 3; 1981, c. 423, s. 1.)

Editor's Note. — Session Laws 2002-126, s. 28.3A, as amended by Session Laws 2002-159, s. 82, provides: "Any person who is a full-time permanent employee on September 30, 2002, of (i) a local board of education, or (ii) the State, who is eligible for annual leave shall have a one-time additional 10 days of annual leave credited on that date. Local board of education employees paid on salary schedules in Section 7.1 or 7.2 of this act are not eligible to receive this additional annual leave unless they are at the top of their respective salary schedules and do not receive a salary increment for the 2002-2003 fiscal year. Employees paid under Section 7.45 of this act shall not be eligible for this additional annual leave unless they are at the top of their respective salary schedules and do not receive a salary increment for the 2002-2003 fiscal year. That leave shall be accounted for separately, and shall remain available until used, notwithstanding any other limitation on the total number of days of annual leave that maybe carried forward. Part-time permanent employees and 9- or 10-month employees shall receive a pro rata amount of the 10 days.

"The General Assembly encourages the State Board of Community Colleges to adopt rules authorizing the colleges to provide special annual leave bonuses, compensation bonuses, or other employee benefits to their employees. Included within this may be salary increases within available funds to employees not receiving special annual leave bonuses."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2009-26, s. 8, provides: "Notwithstanding G.S. 115C-302.1(h), 115C-316(b), 115C-285(b), 115C-273, or any other provision of law, employees of local boards of education who are not paid out of State funds shall receive the same reduction in pay applicable to State-paid employees in the event of a reduction in compensation of State-paid employees that is enacted by the General Assembly or ordered by the Governor pursuant to the Governor's constitutional duty to balance the State budget."

§ 115C-274. Removal.

(a) Local boards of education are authorized to remove a superintendent who is guilty of immoral or disreputable conduct or who shall fail or refuse to perform the duties required of him by law. In case the State Board of Education has sufficient evidence at any time that any superintendent of schools is not capable of discharging, or is not discharging, the duties of his office as required by law or is guilty of immoral or disreputable conduct, the State Board of Education shall report this matter to the board of education employing said superintendent of schools. It shall then be the duty of that board of education to hear the evidence in the case and, if after careful investigation it shall find the charges true, it shall declare the office vacant at once and proceed to elect a successor: Provided, that such superintendent shall have the right to try his title to office in the courts of the State.

(b) If the superintendent shall fail in the duties enumerated in G.S. 115C-276(g), 115C-276(h), 115C-276(i), or any other duties as may be assigned him, he shall be subject, after notice, to an investigation by the State Board of Education or by his board of education for failure to perform his duties. For persistent failure to perform these duties, the State Board of Education may revoke the superintendent's certificate and the superintendent may be dismissed by his board of education.

(c) The identification by the State Board of Education of more than half the schools in a local school administrative unit as low-performing under G.S. 115C-105.37 is evidence that the superintendent is unable to fulfill the duties of the office, and the State Board may appoint an interim superintendent to carry out the duties of the superintendent under G.S. 115C-105.39, may revoke the superintendent's certificate under this section, may dismiss the superintendent under G.S. 115C-105.39, or may take any combination of these actions. (1955, c. 1372, art. 5, s. 25; art. 6, s. 4; 1981, c. 423, s. 1; 1995 (Reg. Sess., 1996), c. 716, s. 6.)

CASE NOTES

§ 115C-275. Vacancies in office of superintendent.

In case of vacancy by death, resignation, or otherwise, in the office of a superintendent, such vacancy shall be filled by the local board of education in which such vacancy occurred. If the vacancy is filled on a temporary basis, subject to the same approvals and to the same educational qualifications as provided for superintendents, the individual appointed to fill the vacancy on a temporary basis shall be paid the salary provided for superintendents. During the time any superintendent is on an approved leave of absence, without pay, an acting superintendent may be appointed in the same manner to serve during the interim period, which appointment shall be subject to the same approvals and to the same educational qualifications as provided for superintendents. In case such position is not filled immediately on a permanent or temporary basis, or in case of absence of a superintendent on account of illness or other approved reason, the board of education, by resolution duly adopted and recorded in the minutes of such board, may assign to an employee of such school board, with the approval of the Superintendent of Public Instruction, any duty or duties of such superintendent which necessity requires be performed during such time. If the superintendent's duty of signing warrants and checks is assigned, the board shall give proper notice immediately to the State Controller and to the appropriate local disbursing official. (1955, c. 1372, art. 6, s. 2; 1959, c. 573, s. 3; 1977, c. 298; 1981, c. 423, s. 1; 1987 (Reg. Sess., 1988), c. 1025, s. 11; 1991, c. 542, s. 1.)

(q) To Assign School Principals. — Subject to local board policy, the superintendent shall have the authority to assign principals to school buildings. When making an assignment, the superintendent shall consider (i) whether a principal has demonstrated the leadership ability to increase student achievement at a school where conditions indicated a significant risk of low student performance; and (ii) how to maintain stability at a school where, during the time the principal has been at a school, there has been significant improvement on end-of-course or end-of-grade tests and other accountability measures developed by the State Board of Education.

(r) To Maintain Student Discipline. — The superintendent shall maintain student discipline in accordance with Article 27 of this Chapter and shall keep data on each student suspended for more than 10 days or expelled. CASE NOTES

Superintendent and Principal as Agents of Board. — By statute and under traditional common-law principles, the superintendent and principal are agents of the board. The board cannot escape responsibility for its actions, based on the recommendations of its agents, by simply refusing to inquire into its agents' reasons. Abell v. Nash County Bd. of Educ., 71 N.C. Claims Against Superintendent Dismissed Since Superintendent Does Not Vote on Appropriations. — Trial court did not err in dismissing plaintiffs' claims against superintendent; although plaintiffs alleged superintendent's representations to both defendant boards "were grossly overstated" and "without foundation in fact," plaintiffs did not allege superintendent was in a decision-making position as to acquisition of the Square D facility. As a matter of law, a superintendent does not vote on appropriations. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

OPINIONS OF ATTORNEY GENERAL

Recommending Assistant Principal. — The position of assistant principal is outside the category of teachers, and should be recommended to the county or city board of education by the superintendent of schools. See opinion of the Attorney General to Mr. William E. Terry, Superintendent, Stokes County Board of Education, 40 N.C.A.G. 250 (1969), rendered under former Chapter 115.

§ 115C-277. Office, equipment, and clerical assistance to be provided by board.

It shall be the duty of the various boards of education to provide the superintendent of schools with an appropriate office. Likewise, it shall be the duty of the various boards of education to furnish adequately the superintendent's office and provide all necessary office supplies. Authority is hereby given to boards of education to employ sufficient clerical assistants and purchase sufficient office machines and equipment to the end that the business of the superintendent of schools shall always be conducted in a prompt and efficient manner. (1955, c. 1372, art. 5, s. 23; 1981, c. 423, s. 1.)

§ 115C-278. Assistant superintendent and associate superintendent.

Local boards of education shall have authority to employ an assistant superintendent, in addition to those that may be furnished by the State when, in the discretion of the board of education, the schools of the administrative unit can thereby be more efficiently and more economically operated and when funds for the same are provided in the current expense fund budget. The duties of such assistant superintendent shall be assigned by the superintendent with the approval of the board of education.

Local boards of education may, upon the recommendation of the superintendent, elect assistant or associate superintendents for a term of from one to four years. The term may not, however, exceed the expiration date of the superintendent's contract, unless the remaining time of the superintendent's contract is less than one year. If there is less than one year remaining on the superintendent's contract, the assistant or associate superintendent shall be given a contract through the next school year.

The term of employment shall be stated in a written contract which shall be entered into between the board of education and the assistant or associate superintendent, a copy of which shall be filed with the Superintendent of Public Instruction as a matter of information. The assistant or associate superintendent may not be dismissed during the term to which he is elected except for misconduct of such a nature as to indicate he is unfit to continue in his position, incompetence, neglect of duty, or failure or refusal to carry out validly assigned duties. (1955, c. 1372, art. 5, s. 27; 1971, c. 1188, s. 1; 1973, c. 733; 1981, c. 423, s. 1.)

§§ 115C-279 through 115C-283: Reserved for future codification purposes.

ARTICLE 19.

Principals and Supervisors.

§ 115C-284. Method of selection and requirements.

(a) Principals and supervisors shall be elected by the local boards of education upon the recommendation of the superintendent, in accordance with the provisions of G.S. 115C-276(j).

(b) In the city administrative units, principals shall be elected by the board of education of such administrative unit upon the recommendation of the superintendent of city schools.

(b1) To qualify for certification as a school administrator, an individual must meet all of the following requirements:

(1) Submit a complete application to the State Board.
(2) Pay the applicable fee.
(3) Have a bachelor's degree from an accredited college or accredited university.
(4) Have one of the following:
    a. A graduate degree from a public school administration program that meets the public school administration program approval standards established by the State Board of Education.
    b. A master's degree from an accredited college or accredited university and, by December 31, 1999, have completed a public school administration program that meets the public school administration program approval standards set by the State Board of Education.
    c. Education and training determined by the State Board of Education as equivalent.
(5) Pass the exam adopted by the State Board.

(c) The State Board of Education shall have entire control of certifying all applicants for supervisory and professional positions in all public elementary and high schools of North Carolina; and it shall prescribe the rules and regulations for the renewal and extension of all certificates, and shall determine and fix the salary for each grade and type of certificate which it authorizes. The State Board of Education shall require each applicant for an initial certificate or graduate certificate to demonstrate the applicant's academic and professional preparation by achieving a prescribed minimum score at least equivalent to that required by the Board on November 30, 1972, on a standard examination appropriate and adequate for that purpose. If the Board shall specify the National Teachers Examination for this purpose, the required minimum score shall not be lower than that which the Board required on November 30, 1972. The Board shall not issue provisional certificates for principals.

The Board shall issue a one-year provisional assistant principal's certificate to an employee of a local board only if: (i) the local board determines there is a shortage of persons who hold or are qualified to hold a principal's certificate and the employee enrolls in an approved program leading to a masters degree in school administration before the provisional certificate expires; or (ii) the employee is enrolled in an approved masters in school administration program and is participating in the required internship under the masters program. The Board shall extend the provisional certificate for a total of no more than two additional years while the employee is completing the program.

(c1) It is the policy of the State of North Carolina to maintain the highest quality principal and assistant principal education programs in order to enhance the competence of professional personnel certified in North Carolina. To ensure that principal and assistant principal preparation programs are upgraded to reflect a more rigorous course of study, the State Board of Education shall submit to the General Assembly not later than March 1, 1992, a plan to promote this policy. In developing this plan, the State Board shall consider (i) requiring these programs to include additional preparation for site-based decision making and for the additional autonomy being granted to local school units, (ii) enhancing program entrance requirements to include assessment of an applicant's ability to complete the program and to perform as a principal, and (iii) enhancing the overall content of the programs.

The State Board of Education, as lead agency in coordination and cooperation with the University Board of Governors and such other public and private agencies as are necessary, shall refine the several certification requirements, standards for approval of institutions of principal and assistant principal education, standards for institution-based innovative and experimental programs, and standards for improved efficiencies in the administration of the approved programs.

(c2) The State Board of Education shall adopt new standards by July 1, 2008, for school administrator preparation programs. The new standards shall:

(1) Be aligned with the revised standards for the evaluation of school executives and specifically address the use of the results of the Teacher Working Conditions Survey;

(2) Require evidence of a high level of institutional commitment, including dedicated resources, for administrator preparation program improvements and redesign;

(3) Require the use of cross-functional work teams to determine a common curriculum framework that (i) is designed to align with defined standards, (ii) includes rigorous core courses, and (iii) will produce administrators who meet the defined standards. The cross-functional work teams shall include school-based personnel, faculty from schools

of education and other disciplines from institutions of higher education, and representatives of State agencies;

(4) Require the use of cross-functional work teams to design and periodically update specific standards regarding placement, required activities, and evaluations of clinical experiences. These standards shall include appropriate training for the school leaders who agree to accept and supervise interns;

(5) Require written agreements between the institution of higher education and a local school administrative unit to govern their shared responsibility for (i) recruitment and preparation of school administrators, especially with regard to clinical experiences including the internship, and (ii) a new administrator's success once employed;

(6) Require authentic partnerships between adjunct faculty and full-time faculty to fully address the need for both practical, field-based experience and academic, theory-based experience. These partnerships may require a change in the institution of higher education's definition of scholarly activity and its reward system;

(7) Require all candidates to complete a year-long internship; and

(8) Require the development of portfolios for emerging leaders that provide evidence they are applying their training to actual school needs and challenges.

Institutions of higher education shall redesign their school administrator preparation programs to meet the new standards and report to the State Board of Education on the redesign by July 1, 2009.

(d) Repealed by Session Laws 1989, c. 385, s. 1.

(d1) It is the policy of the State of North Carolina that, subsequent to the adoption of a system of classroom teacher differentiation and prerequisites to candidacy for principal, a classroom teacher must have attained at least the second level of differentiation, have at least four years of classroom teaching experience, and possess, at least, a Masters Degree in Education Administration. This subsection shall not apply to educational personnel certified as of July 1, 1984.

(e) It shall be unlawful for any board of education to employ or keep in service any principal or supervisor who neither holds nor is qualified to hold a certificate in compliance with the provision of the law or in accordance with the regulations of the State Board of Education.

(f) The allotment of classified principals shall be one principal for each duly constituted school with seven or more state-allotted teachers.

(g) Local boards of education shall have authority to employ supervisors in addition to those that may be furnished by the State when, in the discretion of the board of education, the schools of the local school administrative unit can thereby be more efficiently and more economically operated and when funds for the same are provided in the current expense fund budget. The duties of such supervisors shall be assigned by the superintendent with the approval of the board of education.

(h) All principals and supervisors employed in the public schools of the State or in schools receiving public funds, shall be required either to hold or be qualified to hold a certificate in compliance with the provision of the law or in accordance with the regulations of the State Board of Education. (1955, c. 1372 art. 5, ss. 4, 27; art. 6, s. 6; art. 18, ss. 1-4; 1963, c. 688, s. 3; 1965, c. 584, ss. 6, 20.1; 1969, c. 539; 1971, c. 1188, s. 1; 1973, cc. 236, 733; c. 770, ss. 1, 2; 1975, c. 437, s. 7; c. 686, s. 1; c. 731, ss. 1, 2; c. 965, s. 3; 1977, c. 1088, s. 4; 1981, c. 423, s. 1; 1983 (Reg. Effect of Amendments. — Session Laws 2008-187, s. 43, effective August 7, 2008, added subsection (b1).

OPINIONS OF ATTORNEY GENERAL

Salary and Hours of Certified Employees. — N.C. Const., Art. IX, § 5 and G.S. 115C-12(9), 115C-272(a), 115C-296, and 115C-315(d) and subsection (c) of this section give the State Board of Education the authority to establish salary schedules for all certified employees and to establish the amount of work required to earn those salaries. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

§ 115C-285. Salary.

(a) Principals and supervisors shall be paid promptly when their salaries are due provided the legal requirements for their employment and service have been met. All principals and supervisors employed by any local school administrative unit who are to be paid from local funds shall be paid promptly as provided by law and as state-allotted principals and supervisors are paid.

Principals and supervisors paid from State funds shall be paid as follows:

(1) Classified principals and State-allotted supervisors shall be employed for a term of 12 calendar months. Each local board of education shall establish a set date on which monthly salary payments to classified principals and State-allotted supervisors shall be made. This set pay date may differ from the end of the calendar month of service. Classified principals and State-allotted supervisors shall only be paid for the days employed as of the set pay date. Payment for a full month when days employed are less than a full month is prohibited as this constitutes prepayment. They shall earn annual vacation leave at the same rate provided for State employees. On a day that employees are required to report for a workday but pupils are not required to attend school due to inclement weather, an employee may elect not to report due to hazardous travel conditions and to take one of his annual vacation days or to make up the day at the time agreed upon by the employee and his immediate supervisor. They shall be provided by the board the same or an equivalent number of legal holidays as those designated by the State Personnel Commission for State employees.

(2) Supervisors and classified principals paid on an hourly or other basis whether paid from State or from local funds may accumulate annual vacation leave days as follows: annual leave may be accumulated without any applicable maximum until June 30 of each year. On June 30 of each year, any supervisor or principals with more than 30 days of accumulated leave shall have the excess accumulation converted to

sick leave so that only 30 days are carried forward to July 1 of the same year. All vacation leave taken by the employee will be upon the authorization of his immediate supervisor and under policies established by the local board of education. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 240 hours or 30 days when separated from service due to resignation, dismissal, reduction in force, death, or service retirement. Upon separation from service due to service retirement, any annual vacation leave over 30 days will convert to sick leave and may be used for creditable service at retirement in accordance with G.S. 135-4(e). If the last day of terminal leave falls on the last workday in the month, payment shall be made for the remaining nonworkdays in that month. Employees retiring on disability retirement may exhaust annual leave rather than be paid in a lump sum. The provisions of this subdivision shall be accomplished without additional State and local funds being appropriated for this purpose. The State Board of Education shall adopt rules and regulations for the administration of this subdivision.

(3) Notwithstanding any provisions of this section to the contrary no person shall be entitled to pay for any vacation day not earned by that person. Vacation days shall not be used for extending the term of employment of individuals and shall not be cumulative from one fiscal year to another fiscal year, except as provided in subdivision (5) of this section.

(4) Each local board of education shall sustain any loss by reason of an overpayment to any principal or supervisor paid from State funds.

(5) All of the foregoing provisions of this section shall be subject to the requirement that at least fifty dollars ($50.00), or other minimum amount required by federal social security laws, of the compensation of each school employee covered by the Teachers' and State Employees' Retirement System or otherwise eligible for social security coverage shall be paid in each of the four quarters of the calendar year.

(6) The State Board of Education, in fixing the State standard salary schedule of principals as authorized by law, shall provide that principals who entered the armed or auxiliary forces of the United States after September 16, 1940, and who left their positions for such service, shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the position of teachers, principals or superintendents in the public schools of the State after having been honorably discharged from the armed or auxiliary forces of the United States.

(7) All persons employed as principals in the schools and institutions listed in subsection (p) of G.S. 115C-325 shall be compensated at the same rate as are teachers in the public schools in accordance with the salary schedule adopted by the State Board of Education.

(8) A teacher who becomes an assistant principal without a break in service shall be paid, on a monthly basis, at least as much as he or she would earn as a teacher employed by that local school administrative unit.

(b) Every local board of education may adopt, as to principals and supervisors not paid out of State funds, a salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any local board of education shall fail to adopt such a schedule, the State salary schedule shall be in force.

(c) The board of education may withhold the salary of any supervisor or principal who delays or refuses to render such reports as are required by law, but when the reports are delivered in accordance with law, the salary shall be paid forthwith. (1955, c. 1372, art. 5, s. 32; art. 6, s. 13; art. 17, s. 9; art. 18, s. 6; 1961, c. 1085; 1965, c. 584, s. 3; 1971, c. 1052; 1973, c. 315, s. 2; c. 647, s. 1; 1975, c. 383; c. 437, s. 9; c. 608; c. 834, ss. 1, 2; 1979, c. 600, ss. 1-5; 1981, c. 423, s. 1; c. 639, s. 4; c. 946, s. 2; 1983, c. 872, s. 2; 1985, c. 757, s. 145(d); 1985 (Reg. Sess., 1986), c. 975, s. 15; 1987, c. 414, s. 5; 1989, c. 386, s. 1; 1993, c. 321, s. 73(b); 1995, c. 450, s. 18; 1997-443, s. 8.38(g); 1999-237, s. 28.26(d); 2009-451, s. 7.22(a).)

Editor's Note. — The version of subsection (p) of G.S. 115C-325 referred to in subdivision (a)(7) was repealed by Session Laws 1983 (Reg. Sess., 1984), c. 1034, s. 34.

Session Laws 2009-26, s. 8, provides: "Notwithstanding G.S. 115C-302.1(h), 115C-316(b), 115C-285(b), 115C-273, or any other provision of law, employees of local boards of education who are not paid out of State funds shall receive the same reduction in pay applicable to State-paid employees in the event of a reduction in compensation of State-paid employees that is enacted by the General Assembly or ordered by the Governor pursuant to the Governor's constitutional duty to balance the State budget."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.

Effect of Amendments. — Session Laws 2009-451, s. 7.22(a), effective July 1, 2009, and applicable to all persons initially employed as assistant principals on or after that date, added subdivision (a)(8).

§ 115C-286. Rules for conduct of principals and supervisors.

The conduct of principals and supervisors, the kind of reports they shall make, and their duties in the care of school property are subject to the rules of the local board, as provided in G.S. 115C-47(18). (1981, c. 423, s. 1.)

CASE NOTES

Superintendent and Principal as Agents of Board. — By statute and under traditional common-law principles, the superintendent and principal are agents of the board. The board cannot escape responsibility for its actions, based on the recommendations of its agents, by simply refusing to inquire into its agents' reasons. Abell v. Nash County Bd. of Educ., 71 N.C. Derivative Liability of Board of Education Under Doctrine of Respondeat Superior for Principal's Act. — For a case holding that principal's act in sexually assaulting a student was, as a matter of law, beyond the scope and course of employment and that local board of education could have no derivative liability under common law doctrine of respondeat superior, see Medlin v. Bass, 327 N.C. 587, 398 S.E.2d 460 (1990).

§ 115C-286.1. Evaluations of principals.

Local school administrative units shall evaluate all principals and assistant principals at least once each year. Either the superintendent or the superintendent's designee shall conduct the evaluations.

The State Board of Education shall ensure that the standards and criteria for the evaluations include the accountability measures of teacher retention, teacher support, and school climate. The State Board shall revise its evaluation instruments to include these measures. A local board shall use the performance standards and criteria adopted by the State Board unless the board develops an alternative evaluation that is properly validated and that includes standards and criteria similar to those adopted by the State Board. (2005-276, s. 7.29.)

§ 115C-287: Repealed by Session Laws 1993, c. 210, s. 5.

§ 115C-287.1. Method of employment of principals, assistant principals, supervisors, and directors.

(a)(1) Beginning July 1, 1995, all persons employed as school administrators shall be employed pursuant to this section.

(2) Notwithstanding G.S. 115C-287.1(a)(1), the following school administrators shall be employed pursuant to G.S. 115C-325:

a. School administrators who, as of July 1, 1995, are serving in a principal or supervisor position with career status in that position; and

b. School administrators who, as of July 1, 1995, are serving in a principal or supervisor position and who are eligible to achieve career status on or before June 30, 1997.

A school administrator shall cease to be employed pursuant to G.S. 115C-325 if the school administrator: (i) voluntarily relinquishes career status or the opportunity to achieve career status through promotion, resignation, or otherwise; or (ii) is dismissed or demoted or whose contract is not renewed pursuant to G.S. 115C-325.

(3) For purposes of this section, school administrator means a:

a. Principal;
b. Assistant principal;
c. Supervisor; or
d. Director,

whose major function includes the direct or indirect supervision of teaching or of any other part of the instructional program.

(4) Nothing in this section shall be construed to confer career status on any assistant principal or director, or to make an assistant principal eligible for career status as an assistant principal or a director eligible for career status as a director.

(b) Local boards of education shall employ school administrators who are ineligible for career status as provided in G.S. 115C-325(c)(3), upon the recommendation of the superintendent. The initial contract between a school administrator and a local board of education shall be for two to four years, ending on June 30 of the final 12 months of the contract. In the case of a subsequent contract between a principal or assistant principal and a local board of education, the contract shall be for a term of four years. In the case of an initial contract between a school administrator and a local board of education, the first year of the contract may be for a period of less than 12 months provided the contract becomes effective on or before September 1. A local board of education may, with the written consent of the school administrator, extend, renew, or offer a new school administrator's contract at any time after the first 12 months of the contract so long as the term of the new, renewed, or extended contract does not exceed four years. Rolling annual contract renewals are not allowed. Nothing in this section shall be construed to prohibit the filling of an administrative position on an interim or temporary basis.

(c) The term of employment shall be stated in a written contract that shall be entered into between the local board of education and the school administrator. The school administrator shall not be dismissed or demoted during the term of the contract except for the grounds and by the procedure by which a career teacher may be dismissed or demoted as set forth in G.S. 115C-325.

(d) If a superintendent intends to recommend to the local board of education that the school administrator be offered a new, renewed, or extended contract, the superintendent shall submit the recommendation to the local board for action. The local board may approve the superintendent's recommendation or decide not to offer the school administrator a new, renewed, or extended school administrator's contract.

If a superintendent decides not to recommend that the local board of education offer a new, renewed, or extended school administrator's contract to the school administrator, the superintendent shall give the school administrator written notice of his or her decision and the reasons for his or her decision no later than May 1 of the final year of the contract. The superintendent's reasons may not be arbitrary, capricious, discriminatory, personal, or political. No action by the local board or further notice to the school administrator shall be necessary unless the school administrator files with the superintendent a written request, within 10 days of receipt of the superintendent's decision, for a hearing before the local board. Failure to file a timely request for a hearing shall result in a waiver of the right to appeal the superintendent's decision. If a school administrator files a timely request for a hearing, the local board shall conduct a hearing pursuant to the provisions of G.S. 115C-45(c) and make a final decision on whether to offer the school administrator a new, renewed, or extended school administrator's contract.

If the local board decides not to offer the school administrator a new, renewed, or extended school administrator's contract, the local board shall notify the school administrator of its decision by June 1 of the final year of the contract. A decision not to offer the school administrator a new, renewed, or extended contract may be for any cause that is not arbitrary, capricious, discriminatory, personal, or political. The local board's decision not to offer the school administrator a new, renewed, or extended school administrator's contract is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes.

(e) Repealed by Session Laws 1995, c. 369, s. 1.

(f) If the superintendent or the local board of education fails to notify a school administrator by June 1 of the final year of the contract that the school administrator will not be offered a new school administrator's contract, the school administrator shall be entitled to 30 days of additional employment or severance pay beyond the date the school administrator receives written notice that a new contract will not be offered.

(g) If, prior to appointment as a school administrator, the school administrator held career status as a teacher in the local school administrative unit in which he or she is employed as a school administrator, a school administrator shall retain career status as a teacher if the school administrator is not offered a new, renewed, or extended contract by the local board of education, unless the school administrator voluntarily relinquished that right or is dismissed or demoted pursuant to G.S. 115C-325.

(h) An individual who holds a provisional assistant principal's certificate and who is employed as an assistant principal under G.S. 115C-284(c) shall be considered a school administrator for purposes of this section. Notwithstanding subsection (b) of this section, a local board may enter into one-year contracts with a school administrator who holds a provisional assistant principal's certificate. If the school administrator held career status as a teacher in the local school administrative unit prior to being employed as an assistant principal and the State Board for any reason does not extend the school administrator's provisional assistant principal's certificate, the school administrator shall retain career status as a teacher unless the school administrator voluntarily relinquished that right or is dismissed or demoted under G.S. 115C-325. Nothing in this subsection or G.S. 115C-284(c) shall be construed to require a local board to extend or renew the contract of a school administrator who holds a provisional assistant principal's certificate. (1993, c. 210, s. 6; 1993 (Reg. Sess., 1994), c. 677, s. 16(a); 1995, c. 369, s. 1; 1998-220, s. 16; 1999-30, s. 3; 2003-291, s. 1.)

CASE NOTES

Assistant Principal Precluded From Bringing State Constitutional Claim. — District court's grant of summary judgment to defendants on state constitutional claims was affirmed where the plaintiff, an assistant principal, could have sought review of defendants' decision to demote her under G.S. 115C-287.1(d) instead of directly under N.C. Const. art. I, §§ 14 and 19. Love-Lane v. Martin, 355 F.3d 766, 2004 U.S. App. LEXIS 937 (4th Cir. 2004), cert. denied, — U.S. —, 125 S. Ct. 49, 160 L. Ed. 2d 18 (2004), cert. denied, — U.S. —, 125 S. Ct. 68, 160 L. Ed. 2d 18 (2004).

Right to Hearing. — When a school superintendent recommended to a school board that a probationary teacher's contract, which had expired, not be renewed, G.S. 115C-325(o) did not give the teacher a right to an evidentiary hearing before the board because a reasonable construction of that statute was that the board only had to notify a probationary decision of the board's decision not to renew the teacher's contract once that decision was made, rather than the prior notice required, under G.S. 115C-287.1(d), in the cases of school administrators and career teachers. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

(a) To Grade and Classify Pupils. — The principal shall have authority to grade and classify pupils. In determining the appropriate grade for a pupil who is already attending a public school, the principal shall consider the pupil's classroom work and grades, the pupil's scores on standardized tests, and the best educational interests of the pupil. The principal shall not make the decision solely on the basis of standardized test scores. If a principal's decision to retain a child in the same grade is partially based on the pupil's scores on standardized tests, those test scores shall be verified as accurate.

A principal shall not require additional testing of a student entering a public school from a school governed under Article 39 of this Chapter if test scores from a nationally standardized test or nationally standardized equivalent measure that are adequate to determine the appropriate placement of the child are available.

(b) To Make Accurate Reports to the Superintendent and to the Local Board. — The principal shall make all reports to the superintendent. Every principal of a public school shall make such reports as are required by the boards of education, and the superintendent shall not approve the vouchers for the pay of principals until the required monthly and annual reports are made: Provided, that the superintendents may require teachers to make reports to the principals and principals to make reports to the superintendent: Provided further, that any principal or supervisor who knowingly and willfully makes or procures another to make any false report or records, requisitions, or payrolls, respecting daily attendance of pupils in the public schools, payroll data sheets, or other reports required to be made to any board or officer in the performance of his duties, shall be guilty of a Class 1 misdemeanor and the certificate of such person to teach in the public schools of North Carolina shall be revoked by the Superintendent of Public Instruction.

Fire drills shall include all pupils and school employees, and the use of various ways of egress to simulate evacuation of said buildings under various conditions, and such other regulations as shall be prescribed for fire safety by the Commissioner of Insurance, the Superintendent of Public Instruction and the State Board of Education. A copy of such regulations shall be kept posted on the bulletin board in each building.

It shall be the duty of each principal to inspect each of the buildings in his charge at least twice each month during the regular school session. This inspection shall include cafeterias, gymnasiums, boiler rooms, storage rooms, auditoriums and stage areas as well as all classrooms. This inspection shall be for the purpose of keeping the buildings safe from the accumulation of trash and other fire hazards.

It shall be the duty of the principal to file two copies of a written report once each month during the regular school session with the superintendent of his local school administrative unit, one copy of which shall be transmitted by the superintendent to the chairman of the local board of education. This report shall state the date the last fire drill was held, the time consumed in evacuating each building, that the inspection has been made as prescribed by law and such other information as is deemed necessary for fire safety by the Commissioner of Insurance, the Superintendent of Public Instruction and the State Board of Education.

It shall be the duty of the principal to minimize fire hazards pursuant to the provisions of G.S. 115C-525.

(e) To Discipline Students and to Assign Duties to Teachers with Regard to the Discipline, General Well-being, and Medical Care of Students. — The principal shall have authority to exercise discipline over the pupils of the school under policies adopted by the local board of education as prescribed by G.S. 115C-391(a). The principal shall use reasonable force to discipline students under G.S. 115C-390 and may suspend or dismiss pupils under G.S. 115C-391. The principal shall assign duties to teachers with regard to the general well-being and the medical care of students under G.S. 115C-307 and Article 26A of this Chapter.

(f) To Protect School Property. — The principal shall protect school property as provided in G.S. 115C-523.

(g) To Report Certain Acts to Law Enforcement and the Superintendent. — When the principal has personal knowledge or actual notice from school personnel that an act has occurred on school property involving assault resulting in serious personal injury, sexual assault, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a weapon in violation of the law, or possession of a controlled substance in violation of the law, the principal shall immediately report the act to the appropriate local law enforcement agency. Failure to report to law enforcement under this subsection is a Class 3 misdemeanor. For purposes of this subsection, "school property" shall include any public school building, bus, public school campus, grounds, recreational area, or athletic field, in the charge of the principal.

The principal or the principal's designee shall notify the superintendent or the superintendent's designee in writing or by electronic mail regarding any report made to law enforcement under this subsection. This notification shall occur by the end of the workday in which the incident occurred when reasonably possible but not later than the end of the following workday. The superintendent shall provide the information to the local board of education.

(h) To Make Available School Budgets and School Improvement Plans. — The principal shall maintain a copy of the school's current budget and school improvement plan, including any amendments to the plan, and shall allow parents of children in the school and other interested persons to review and obtain such documents in accordance with Chapter 132 of the General Statutes.

(i) To Evaluate Certified Employees and Develop Action Plans. — Each school year, the principal assigned to a low-performing school that has not received an assistance team shall provide for the evaluation of all certified employees assigned to the school. The principal also shall develop action plans as provided under G.S. 115C-333(b) and shall monitor an employee's progress under an action plan.

(1) Sign driving eligibility certificates that meet the conditions established in G.S. 20-11.

(2) Obtain the necessary written, irrevocable consent from parents, guardians, or emancipated juveniles, as appropriate, in order to disclose information to the Division of Motor Vehicles.

(3) Notify the Division of Motor Vehicles when a student who holds a driving eligibility certificate no longer meets its conditions.

(*l*) To Establish School Improvement Teams. — Each school year, the principal shall ensure that a school improvement team is established under G.S. 115C-105.27 for the purpose of developing, reviewing, and revising a school improvement plan. (1955, c. 1372, art. 17, ss. 6, 8; 1957, c. 843; 1959, c. 573, s. 13; c. 1294; 1965, c. 584, s. 15; 1981, c. 423, s. 1; 1985 (Reg. "(1) That school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests; or

CASE NOTES

Editor's Note. — *Most of the cases below were decided under corresponding provisions of former Chapter 115.*

Superintendent and Principal as Agents of Board. — By statute and under traditional common-law principles, the superintendent and principal are agents of the board. The board cannot escape responsibility for its actions, based on the recommendations of its agents, by simply refusing to inquire into its agents' reasons. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984), cert. denied, 313 N.C. 506, 329 S.E.2d 389 (1985).

School officials do not possess absolute authority over their students. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Students Possess Fundamental Rights. — Students in school as well as out of school are "persons" under the North Carolina Constitution, possessed of fundamental rights which the State must respect. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

But Boards and Officials May Adopt Reasonable Regulations. — Local school boards and school officials have the implied right to adopt appropriate and reasonable rules and regulations for the purpose of carrying out their powers and duties. Fowler v. Williamson, 39 N.C. App. 715, 251 S.E.2d 889 (1979).

School Dress Code. — A school may adopt a dress code and may exclude a student from participating in certain school programs, including graduation ceremonies, if the student does not comply with the dress code. Fowler v. Williamson, 39 N.C. App. 715, 251 S.E.2d 889 (1979).

Violation of Dress Code. — Where the principal of a high school established a lawful and valid dress code for eligible graduates participating in the graduation ceremony, and the plaintiffs' son appeared for the graduation ceremony attired in violation of the code, in that he did not wear dress pants as required, but instead wore denim jeans, the defendant principal had the legal right to exclude plaintiffs' son from the graduation ceremony for violation of the dress code. Fowler v. Williamson, 39 N.C. App. 715, 251 S.E.2d 889 (1979).

Principal Was Justified in Using Reason-

able Force to Prevent Student from Leaving School Premises. — A student, in failing to heed the principal's warnings not to exit the building, engaged in and continued a difficulty with the principal that required the principal, under G.S. 115C-288(e), to undertake some reasonable force to protect defendant's safety and to prevent defendant from leaving the school premises. In re Pope, 151 N.C. App. 117, 564 S.E.2d 610, 2002 N.C. App. LEXIS 682 (2002).

Principal's Duty to Keep Superintendent and Board Informed. — It is the duty of the principal to keep the superintendent and, through the superintendent, the board of education, informed about all phases of school operations. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

Reports Qualifiedly Privileged. — The reports a principal makes in the performance of his duties are qualifiedly privileged. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

OPINIONS OF ATTORNEY GENERAL

Age Requirements For Entry Into Public School. — Unless a child qualifies for one of the two exceptions set out in .G.S. 115C-364, a principal has no discretion with regard to the age at which a child may initially enroll in public school — by statute a child must have reached age 5 on or before October 16 of the kindergarten year; however, once a child is old enough to enroll in public school, his or her grade placement in the initial year or any subsequent years is governed by by subsection (a) of this section. See opinion of Attorney General to Mr. T. Brooks Skinner, Jr., General Counsel, North Carolina Department of Administration, 2003 N.C.A.G. 12 (9/16/03).

§ 115C-289. Assignment of principal's duties to assistant or acting principal; duties of State-funded assistant principals.

(a) Any duty or responsibility assigned to a principal by statute, State Board of Education regulation, or by the superintendent may, with the approval of the local board of education, be assigned by the principal to an assistant principal designated by the local board of education or to an acting principal designated by a principal.

(b) All persons employed as assistant principals in State-allotted positions, or as assistant principals in full-time positions regardless of funding source, in the public schools of the State or in schools receiving public funds, shall, in addition to other applicable requirements, be required either to hold or be qualified to hold a principal's certificate or a provisional assistant principal's certificate in compliance with applicable law and in accordance with the regulations of the State Board of Education. It shall be unlawful for any board of education to employ or keep in service any assistant principal who neither holds nor is qualified to hold a principal's certificate or a provisional assistant principal's certificate in compliance with applicable law and in accordance with the regulations of the State Board of Education. Persons who hold a provisional assistant principal's certificate and who are employed as assistant principals shall be employed under G.S. 115C-287.1(h).

(c) Repealed by Session Laws 1991, c. 689, s. 200(b).

ARTICLE 20.

Teachers.

§ 115C-295. Minimum age and certificate prerequisites.

(a) All teachers employed in the public schools of the State or in schools receiving public funds, shall be required either to hold or be qualified to hold a certificate in compliance with the provision of the law or in accordance with the regulations of the State Board of Education: Provided, that nothing herein shall prevent the employment of temporary personnel under such rules as the State Board of Education may prescribe: Provided further, that no person shall be employed to teach who is under 18 years of age.

The Board of Governors shall determine the eligibility of a constituent institution pursuant to this section [s. 31.7 of Session Laws 2001-424]. The Board of Governors shall also determine the amount of funds to be allocated to each eligible constituent institution based on the number of student credit hours taught in teacher preparation courses through distance education at that institution and shall distribute those funds to the institution. The Board of Governors of The University of North Carolina shall report to the Joint Legislative Education Oversight Committee annually regarding the implementation of this section [s. 31.7 of Session Laws 2001-424] and the amount and use of the funds allocated pursuant to this section [s. 31.7 of Session Laws 2001-424].”

(4) Evaluate, develop, and recommend to the State Board a procedure for the assessment and recommendation of candidates for initial and continuing teacher certification.

For purposes of this subsection, the areas of teacher certification include initial certification, continuing certification, and certification renewal, and do not include teacher education programs.

(b) The Commission shall submit its recommendations under subsection (a) of this section to the State Board. The State Board shall adopt or reject the recommendations. The State Board shall not make any substantive changes to any recommendation that it adopts. If the State Board rejects the recommendation, it shall state with specificity its reasons for rejection; the Commission then may amend that recommendation and resubmit it to the State Board. § 115C-295.3: Repealed by Session Laws 1999-96, s. 6, effective May 27, 1999.

§ 115C-296. Board sets certification requirements; reports; lateral entry and mentor programs.

(a) The State Board of Education shall have entire control of certifying all applicants for teaching positions in all public elementary and high schools of North Carolina; and it shall prescribe the rules and regulations for the renewal and extension of all certificates and shall determine and fix the salary for each grade and type of certificate which it authorizes.

The State Board of Education may require an applicant for an initial bachelors degree certificate or graduate degree certificate to demonstrate the applicant's academic and professional preparation by achieving a prescribed minimum score on a standard examination appropriate and adequate for that purpose. The State Board of Education shall permit an applicant to fulfill any such testing requirement before or during the applicant's second year of teaching provided the applicant took the examination at least once during the first year of teaching. The State Board of Education shall make any required standard initial certification exam sufficiently rigorous and raise the prescribed minimum score as necessary to ensure that each applicant has adequate academic and professional preparation to teach.

(a1) The State Board shall adopt policies that establish the minimum scores for any required standard examinations and other measures necessary to assess the qualifications of professional personnel as required under subsection (a) of this section. For purposes of this subsection, the State Board shall not be subject to Article 2A of Chapter 150B of the General Statutes. At least 30 days prior to changing any policy adopted under this subsection, the State Board shall provide written notice to all North Carolina schools of education and to all local boards of education. The written notice shall include the proposed revised policy.

(a2) The State Board of Education shall impose the following schedule of fees for teacher certification and administrative changes:

(1) Application for demographic or administrative changes to a certificate, $30.00.
(2) Application for a duplicate certificate or for copies of documents in the certification files, $30.00.
(3) Application for a renewal, extension, addition, upgrade, and variation to a certificate, $55.00.
(4) Initial application for New, In-State Approved Program Graduate, $55.00.
(5) Initial application for Out-of-State certificate, $85.00.
(6) All other applications, $85.00.

The applicant must pay the fee at the time the application is submitted.

(b) It is the policy of the State of North Carolina to maintain the highest quality teacher education programs and school administrator programs in order to enhance the competence of professional personnel certified in North Carolina. To the end that teacher preparation programs are upgraded to reflect a more rigorous course of study, the State Board of Education, as lead agency in coordination and cooperation with the University Board of Governors, the Board of Community Colleges and such other public and private agencies as are necessary, shall continue to refine the several certification requirements, standards for approval of institutions of teacher education, standards for institution-based innovative and experimental programs, standards for implementing consortium-based teacher education, and standards for improved efficiencies in the administration of the approved programs. The certification program shall provide for initial certification after completion of preservice training, continuing certification after three years of teaching experience, and certificate renewal every five years thereafter, until the retirement of the teacher. The last certificate renewal received prior to retirement shall remain in effect for five years after retirement. The certification program shall also provide for lifetime certification after 50 years of teaching.

The State Board of Education, as lead agency in coordination with the Board of Governors of The University of North Carolina and any other public and private agencies as necessary, shall continue to raise standards for entry into teacher education programs.

The State Board of Education, in consultation with local boards of education and the Board of Governors of The University of North Carolina, shall evaluate and modify, as necessary, the academic requirements for students preparing to teach science in middle and high schools to ensure that there is adequate preparation in issues related to science laboratory safety.

The State Board of Education, in consultation with the Board of Governors of The University of North Carolina, shall evaluate and develop enhanced requirements for continuing certification. The new requirements shall reflect more rigorous standards for continuing certification and to the extent possible shall be aligned with quality professional development programs that reflect State priorities for improving student achievement.

The State Board of Education, in consultation with local boards of education and the Board of Governors of The University of North Carolina, shall reevaluate and enhance the requirements for renewal of teacher certificates. The State Board shall consider modifications in the certificate renewal achievement and to make it a mechanism for teachers to renew continually their knowledge and professional skills. The State Board shall adopt new standards for the renewal of teacher certificates by May 15, 1998.

The standards for approval of institutions of teacher education shall require that teacher education programs for all students include demonstrated competencies in (i) the identification and education of children with disabilities and (ii) positive management of student behavior and effective communication techniques for defusing and deescalating disruptive or dangerous behavior. The State Board of Education shall incorporate the criteria developed in accordance with G.S. 116-74.21 for assessing proposals under the School Administrator Training Program into its school administrator program approval standards.

All North Carolina institutions of higher education that offer teacher education programs, masters degree programs in education, or masters degree programs in school administration shall provide performance reports to the State Board of Education. The performance reports shall follow a common format, shall be submitted according to a plan developed by the State Board, and shall include the information required under the plan developed by the State Board.

(b1) The State Board of Education shall develop a plan to provide a focused review of teacher education programs and the current process of accrediting these programs in order to ensure that the programs produce graduates that are well prepared to teach. The plan shall include the development and implementation of a school of education performance report for each teacher education program in North Carolina. The performance report shall include at least the following elements: (i) quality of students entering the schools of education, including the average grade point average and average score on preprofessional skills tests that assess reading, writing, math and other competencies; (ii) graduation rates; (iii) time-to-graduation rates; (iv) average scores of graduates on professional and content area examination for the purpose of certification; (v) percentage of graduates receiving initial certification; (vi) percentage of graduates hired as teachers; (vii) percentage of graduates remaining in teaching for four years; (viii) graduate satisfaction based on a common survey; and (ix) employer satisfaction based on a common survey. The performance reports shall follow a common format. The performance reports shall be submitted annually. The State Board of Education shall develop a plan to be implemented beginning in the 1998-99 school year to reward and sanction approved teacher education programs and masters of education programs and to revoke approval of those programs based on the performance reports and other criteria established by the State Board of Education.

The State Board also shall develop and implement a plan for annual performance reports for all masters degree programs in education and school administration in North Carolina. To the extent it is appropriated, the performance report shall include similar indicators to those developed for the performance report for teacher education programs. The performance reports shall follow a common format.

Both plans for performance reports also shall include a method to provide the annual performance reports to the Board of Governors of The University of North Carolina, the State Board of Education, and the boards of trustees of the independent colleges. The State Board of Education shall review the schools of education performance reports and the performance reports for masters degree programs in education and school administration each year the performance reports are submitted. The State Board shall submit the performance report for the 1999-2000 school year to the Joint Legislative Education Oversight Committee by December 15, 2000. Subsequent performance reports shall be submitted to the Joint Legislative Education Oversight Committee on an annual basis by October 1.

(b2) An undergraduate student seeking a degree in teacher education must attain passing scores on a preprofessional skills test prior to admission to an approved teacher education program in a North Carolina college or university. The State Board of Education shall permit students to fulfill this requirement by achieving the prescribed minimum scores set by the State Board of Education for the Praxis I tests or by achieving the appropriate required score, as determined by the State Board of Education, on the verbal and mathematics portions of the SAT. The minimum combined verbal and mathematics score set by the State Board of Education shall be between 900 and 1,200.

(c) It is the policy of the State of North Carolina to encourage lateral entry into the profession of teaching by skilled individuals from the private sector. To this end, before the 1985-86 school year begins, the State Board of Education shall develop criteria and procedures to accomplish the employment of such individuals as classroom teachers. Beginning with the 2006-2007 school year, the criteria and procedures shall include preservice training in (i) the identification and education of children with disabilities and (ii) positive management of student behavior, effective communication for defusing and deescalating disruptive or dangerous behavior, and safe and appropriate use of seclusion and restraint. Skilled individuals who choose to enter the profession of teaching laterally may be granted a provisional teaching certificate for no more than three years and shall be required to obtain certification before contracting for a fourth year of service with any local administrative unit in this State.

(c1) The State Board of Community Colleges may provide a program of study for lateral entry teachers to complete the coursework necessary to earn a teaching certificate. To this end, the State Board of Education, in consultation with the State Board of Community Colleges, shall establish a competency-based program of study for lateral entry teachers to be implemented within the Community College System no later than May 1, 2006. This program must meet standards set by the State Board of Education.

The State Board of Community Colleges and the State Board of Education shall jointly identify the community college courses and the teacher education program courses that are necessary and appropriate for inclusion in the community college program of study for lateral entry teachers. To the extent possible, any courses that must be completed through an approved teacher education program shall be taught on a community college campus or shall be available through distance learning.

In order to participate in the community college program of study for lateral entry teachers, an individual must hold at least a bachelors degree from a regionally accredited institution of higher education.

An individual who successfully completes this program of study and meets all other requirements of certification set by the State Board of Education shall be recommended for a North Carolina teaching certificate.

(c2) It is further the policy of the State of North Carolina to ensure that local boards of education can provide the strongest possible leadership for schools based upon the identified and changing needs of individual schools. To this end, before the 1994-95 school year begins, the State Board of Education shall carefully consider a lateral entry program for school administrators to ensure that local boards of education will have sufficient flexibility to attract able candidates.

(d) The State Board shall adopt rules to establish the reasons and procedures for the suspension and revocation of certificates. The State Board shall revoke the certificate of a teacher or school administrator if the State Board receives notification from a local board or the Secretary of Health and Human Services that a teacher or school administrator has received an unsatisfactory or below standard rating under G.S. 115C-333(d). In addition, the State Board may revoke or refuse to renew a teacher's certificate when:

(1) The Board identifies the school in which the teacher is employed as low-performing under G.S. 115C-105.37 or G.S. 143B-146.5; and

(2) The State Board shall automatically revoke the certificate of a teacher or school administrator without the right to a hearing upon receiving verification of the identity of the teacher or school administrator together with a certified copy of a criminal record showing that the teacher or school administrator has entered a plea of guilty or nolo contendere to or has been finally convicted of any of the following crimes: Murder in the first or second degree, G.S. 14-17; Conspiracy or solicitation to commit murder, G.S. 14-18.1; Rape or sexual offense as defined in Article 7A of Chapter 14 of the General Statutes. Felonious assault with deadly weapon with intent to kill or inflicting serious injury, G.S. 14-32; Kidnapping, G.S. 14-39; Abduction of children, G.S. 14-41; Crime against nature, G.S. 14-177; Incest, G.S. 14-178 or G.S. 14-179; Employing or permitting minor to assist in offense against public morality and decency, G.S. 14-190.6; Dissemination to minors under the age of 16 years, G.S. 14-190.7; Dissemination to minors under the age of 13 years, G.S. 14-190.8; Displaying material harmful to minors, G.S. 14-190.14; Disseminating harmful material to minors, G.S. 14-190.15; First degree sexual exploitation of a minor, G.S. 14-190.16; Second degree sexual exploitation of a minor, G.S. 14-190.17; Third degree sexual exploitation of a minor, G.S. 14-190.17A; Promoting prostitution of a minor, G.S. 14-190.18; Participating in prostitution of a minor, G.S. 14-190.19; Taking indecent liberties with children, G.S. 14-202.1; Solicitation of child by computer to commit an unlawful sex act, G.S. 14-202.3; Taking indecent liberties with a student, G.S. 14-202.4; Prostitution, G.S. 14-204; and child abuse under G.S. 14-318.4. The Board shall mail notice of its intent to act pursuant to this subdivision by certified mail, return receipt requested, directed to the teacher or school administrator at their last known address. The notice shall inform the teacher or school administrator that it will revoke the person's certificate unless the teacher or school administrator notifies the Board in writing within 10 days after receipt of the notice that the defendant identified in the criminal record is not the same person as the teacher or school administrator. If the teacher or school administrator provides this written notice to the Board, the Board shall not revoke the certificate unless it can establish as a fact that the defendant and the teacher or school administrator are the same person.

(3) In addition, the State Board may revoke or refuse to renew a teacher's certificate when:
  a. The Board identifies the school in which the teacher is employed as low-performing under G.S. 115C-105.37 or G.S. 143B-146.5; and
  b. The assistance team assigned to that school makes the recommendation to revoke or refuse to renew the teacher's certificate for one or more reasons established by the State Board in its rules for certificate suspension or revocation.

The State Board may issue subpoenas for the purpose of obtaining documents or the testimony of witnesses in connection with proceedings to suspend or revoke certificates. In addition, the Board shall have the authority to contract with individuals who are qualified to conduct investigations in order to obtain all information needed to assist the Board in the proper disposition of allegations of misconduct by certificated persons.

(e) The State Board of Education shall develop a mentor program to provide ongoing support for teachers entering the profession. In developing the mentor program, the State Board shall conduct a comprehensive study of the needs of new teachers and how those needs can be met through an orientation and mentor support program. For the purpose of helping local boards to support new teachers, the State Board shall develop and distribute guidelines which address optimum teaching load, extracurricular duties, student assignment, and other working condition considerations. These guidelines shall provide that initially certified teachers not be assigned extracurricular activities unless they request the assignments in writing and that other noninstructional duties of these teachers be minimized. The State Board shall develop and coordinate a mentor teacher training program. The State Board shall develop criteria for selecting excellent, experienced, and qualified teachers to be participants in the mentor teacher training program.

(e1) The State Board of Education shall allot funds for mentoring services to local school adminstrative units based on the highest number of employees in the preceding three school years who (i) are paid with State, federal, or local funds and (ii) are either teachers paid on the first or second steps of the teacher salary schedule or instructional support personnel paid on the first step of the instructional support personnel salary schedule.

Local school administrative units shall use these funds to provide mentoring support to eligible employees in accordance with a plan approved by the State Board of Education. The plan shall include information on how all mentors in the local school administrative unit will be adequately trained to provide mentoring support. The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to January 15 of each year on the use of funds for mentoring services. The report shall include, at a minimum, the impact of each unit's mentoring program on teacher retention and how all mentors in the unit are trained.

(f) The State Board of Education, after consultation with the Board of Governors of The University of North Carolina, shall develop a new category of teacher certificate known as the "Masters/Advanced Competencies" certificate. To receive this certificate, an applicant shall successfully complete a masters degree program that includes rigorous academic preparation in the subject area which the applicant will teach and in the skills and knowledge expected of a master teacher or the applicant shall demonstrate to the satisfaction of the State Board that the candidate has acquired the skills and knowledge expected of a master teacher.

Persons who qualify for a "G" certificate prior to September 1, 2000, shall be awarded a "Masters/Advanced Competencies" certificate without meeting additional requirements. On and after September 1, 2000, no additional "G" certificates shall be awarded. (1955, c. 1372, art. 18, s. 2; 1965, c. 584, s. 20.1;

"(b) The State Board, after consultation with the Professional Teaching Standards Commission, shall adopt standards for mentor training.

"(c) Each local board of education with a plan approved pursuant to subsection (a) of this section shall report to the State Board on the impact of its mentor program on teacher retention. The State Board shall analyze these reports to determine the characteristics of mentor programs that are most effective in retaining teachers and shall report its findings to the Joint Legislative Education Oversight Committee by October 15, 2006.

The evaluation shall focus on quantitative evidence, quality of service delivery, and satisfaction of those involved. The report shall include the results of the evaluation and recommendations both for improving mentor programs generally and for an appropriate level of State support for mentor programs."

OPINIONS OF ATTORNEY GENERAL

Salary and Hours of Certified Employees. — N.C. Const., Art. IX, § 5 and G.S. 115C-12(9), 115C-272(a), 115C-284(c), and 115C-315(d) and this section give the State Board of Education the authority to establish salary schedules for all certified employees and to establish the amount of work required to earn those salaries. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

§ 115C-296.1. (For expiration see Editor's Note) Teacher shortages; certification.

(a) Notwithstanding any other law, if a local board determines there is or anticipates there will be a shortage of qualified teachers with North Carolina certificates available to teach specified subjects or grade levels, then the local board may employ as teachers individuals who do not meet the State Board's requirements for initial or continuing State certification. The local board may employ an individual under this subsection for up to one year under a provisional certificate so long as:

(1) Each individual has a postsecondary degree that is at least a bachelors degree.

(2) Each individual has:

  a. An out-of-State certificate authorizing the individual to teach the grade or subject to be taught and at least one year of classroom teaching experience the board considers relevant to the grade or subject to be taught;

  b. At least one year of full-time classroom teaching experience as a professor, assistant professor, associate professor, instructor, or visiting lecturer at a constituent institution of The University of North Carolina, a North Carolina community college, or other institution of higher education as defined in G.S. 90-270.2(5) provided the board considers the experience relevant to the grade or subject to be taught; or

  c. Three years of other experience provided the board determines that both the individual's experience and postsecondary education are relevant to the grade or subject to be taught.

(3) Each individual is eligible for re-employment by his or her prior employer.

(4) The board has developed a plan to determine the individual's competence as a teacher. The board's plan shall include a review of the performance of students taught by the individual.

(5) During the period of employment under this subsection, the board provides a mentor teacher if the individual does not have a year of classroom teaching experience.

(6) During the period of employment under this subsection, the individual receives an annual evaluation and multiple observations under G.S. 115C-333(a).

(b) A local board may re-employ as a teacher an individual the board initially employed under subdivision (a)(2)a of this section. This individual is then deemed to have satisfied the academic and professional preparation required to receive an initial or continuing State teacher certificate and is not required to take and pass a standard examination to demonstrate that preparation. An individual who receives an initial or continuing State certificate under this subsection is subject to the same requirements for continuing certification and certificate renewal as other teachers who hold initial or continuing State teacher certificates.

(c) A local board may re-employ as a teacher an individual the board initially employed under subdivisions (a)(2) b and (a)(2) c of this section. If the individual, either prior to initial employment or within one year after initial employment, takes and passes the standard examination adopted by the State Board under G.S. 115C-296(a) that is or was applicable to the grade or subject the individual is employed to teach, then upon re-employment the individual is deemed to have satisfied the academic and professional preparation required to receive an initial State teacher certificate. An individual who receives an initial certificate under this subsection is subject to the same requirements for continuing certification as other teachers who hold initial State teacher certificates. If the individual, within one year of the initial employment, does not take and pass the standard examination adopted by the State Board under G.S. 115C.296(a) that is applicable to the grade or subject the individual is employed to teach, then upon re-employment the individual shall continue to hold a provisional certificate and is subject to G.S. 115C-296(c).

(d) Local boards shall report semi-annually to the State Board the number of individuals employed as teachers under each sub-subdivision of subdivision (2) of subsection (a) of this section. (1998-226, s. 1; 1999-108, s. 1; 2002-126, s. 7.24; 2004-124, s. 7.19(b).)

Editor's Note. — Session Laws 1998-226, s. 2, as amended by Session Laws 2002-126, s. 7.24, makes this section effective November 5, 1998, and provides for its expiration September 1, 2006, except that it remains effective for any teacher employed under this act before September 1, 2006.

§ 115C-296.2. (Effective until July 1, 2010) National Board for Professional Teaching Standards Certification.

(a) State Policy. — It is the goal of the State to provide opportunities and incentives for good teachers to become excellent teachers and to retain them in the teaching profession; to attain this goal, the State shall support the efforts of teachers to achieve national certification by providing approved paid leave time for teachers participating in the process, paying the participation fee, and paying a significant salary differential to teachers who attain national certification from the National Board for Professional Teaching Standards (NBPTS).

The National Board for Professional Teaching Standards (NBPTS) was established in 1987 as an independent, nonprofit organization to establish high standards for teachers' knowledge and performance and for development and operation of a national voluntary system to assess and certify teachers who meet those standards. Participation in the program gives teachers the time and the opportunity to analyze in a systematic way their professional development as teachers, successful teaching strategies, and the substantive areas in which they teach. Participation also gives teachers an opportunity to demonstrate superior ability and to be compensated as superior teachers. To receive NBPTS certification, a teacher must successfully (i) complete a process

G.S. 115C-296.2 is set out twice. See notes.

of developing a portfolio of student work and videotapes of teaching and learning activities and (ii) participate in NBPTS assessment center simulation exercises, including performance-based activities and a content knowledge examination.

(b) Definitions. — As used in this subsection:

(1) A "North Carolina public school" is a school operated by a local board of education, the Department of Health and Human Services, the Department of Correction, the Department of Juvenile Justice and Delinquency Prevention or The University of North Carolina; a school affiliated with The University of North Carolina; or a charter school approved by the State Board of Education.

(2) A "teacher" is a person who:
- a. Either:
  - 1. Is certified to teach in North Carolina; or
  - 2. Holds a certificate or license issued by the State Board of Education that meets the professional license requirement for NBPTS certification;
- b. Is a State-paid employee of a North Carolina public school;
- c. Is paid on the teacher salary schedule; and
- d. Fulfills one of the following:
  - 1. Spends at least seventy percent (70%) of his or her work time in classroom instruction, if the employee is employed as a teacher. Most of the teacher's remaining time shall be spent in one or more of the following: mentoring teachers, doing demonstration lessons for teachers, writing curricula, developing and leading staff development programs for teachers;
  - 2. Spends at least seventy percent (70%) of his or her work time in work within the employee's area of certification or licensure, if the employee is employed in an area of NBPTS certification other than direct classroom instruction; or
  - 3. Serves as a full-time mentor under subsection (e1) of this section.

(c) Payment of the NBPTS Participation Fee; Paid Leave. — The State shall pay the NBPTS participation fee and shall provide up to three days of approved paid leave to all teachers participating in the NBPTS program who:

(1) Have completed three full years of teaching in a North Carolina public school; and

(2) Have (i) not previously received State funds for participating in any certification area in the NBPTS program, (ii) repaid any State funds previously received for the NBPTS certification process, or (iii) received a waiver of repayment from the State Board of Education.

Teachers participating in the program shall take paid leave only with the approval of their supervisors.

(d) Repayment by a Teacher Who Does Not Complete the Process. — A teacher for whom the State pays the participation fee who does not complete the process shall repay the certification fee to the State.

Repayment is not required if a teacher does not complete the process due to the death or disability of the teacher. Upon the application of the teacher, the State Board of Education may waive the repayment requirement if the State Board finds that the teacher was unable to complete the process due to the illness of the teacher, the death or catastrophic illness of a member of the teacher's immediate family, parental leave to care for a newborn or newly adopted child, or other extraordinary circumstances.

(e) Repayment by a Teacher Who Does Not Teach for a Year After Completing the Process. — A teacher for whom the State pays the participation fee who does not teach for a year in a North Carolina public school after completing the process shall repay the certification fee to the State.

Repayment is not required if a teacher does not teach in a North Carolina public school for at least one year after completing the process due to the death or disability of the teacher. Upon the application of the teacher, the State Board of Education may extend the time before which a teacher must either teach for a year or repay the participation fee if the State Board finds that the teacher is unable to teach the next year due to the illness of the teacher, the death or catastrophic illness of a member of the teacher's immediate family, parental leave to care for a newborn or newly adopted child, or other extraordinary circumstances.

(e1) Assignment of Teachers With NBPTS Certification to Serve as Full-Time Mentors. — A local board of education may assign teachers with NBPTS certification to serve as full-time mentors as follows:

(1) The maximum number of teachers with NBPTS certification that a local board of education may assign to serve as full-time mentors is the greater of (i) five or (ii) five percent (5%) of the number of teachers with NBPTS certification it has employed during the school year immediately preceding the assignment of teachers as full-time mentors.

(2) A teacher must teach in a classroom for at least two years after receiving NBPTS certification to be eligible for assignment as a full-time mentor.

(4) A teacher may serve as a full-time mentor for up to three consecutive years.

(5) After service as a full-time mentor, a teacher must teach in a classroom for at least three years to be eligible for reassignment as a full-time mentor.

(6) A teacher serving as a full-time mentor shall be school-based, work at one or more schools, and mentor each year at least 15 newly hired teachers who are in their first through third year of teaching.

Section Set Out Twice. — The section above is effective until July 1, 2010. For this section as amended July 1, 2010, see the following section, also numbered G.S. 115C-296.2.

Editor's Note. — Session Laws 2007-323, ss. 7.23(a) and (b), provides: "(a) Funds are appropriated in this act to support the selection and hiring of new literacy coaches for middle schools or other public schools with an eighth grade class. No more than one literacy coach shall be placed in each such school. The State Board of Education, in consultation with the North Carolina Teacher Academy, shall develop a site selection process including formal criteria. The site must receive formal approval by the State Board of Education to receive funds for this purpose. To be selected schools must:

"(1) Contain an eighth grade class, and

"(2) Ensure that literacy coaches will have no administrative responsibilities in the schools in which they are placed.

"(b) National Board for Professional Teaching Standards (NBPTS) certified teachers serving in these positions shall be exempt from the requirements in G.S. 115C-296.2(b)(2)d. and shall remain on the NBPTS teacher salary schedule."

Session Laws 2007-323, s. 32.5 is a severability clause.

Session Laws 2007-445, s. 1(a)-(c), provides: "(a) The State Board of Education shall designate schools which meet two or more of the following criteria as high-need schools:

"(1) More than forty-five percent (45%) of students perform at Level 1 or Level 2 on end-of-grade or end-of-course tests,

"(2) Teacher turnover rate is greater than twenty-five percent (25%), or

"(3) More than eighty percent (80%) of students qualify for free or reduced-price lunches.

"(b) Beginning with the 2008-2009 school year, to ensure that the schools designated as high-need schools by the State Board of Education have the high quality staff and the additional support they need, the following modifications to law, policy, or both shall apply:

"(1) National Board Certified Teachers who serve as mentors, literacy coaches, or in other nonadministrative instructional leadership positions at these schools shall retain the twelve percent (12%) salary increment for NBPTS certification, notwithstanding G.S. 115C-296.2.

"(2) National Board Certified Teachers, teachers of the year, and other categories of accomplished teachers designated by the State Board of Education shall be given the academic freedom at these schools to use research-based practices in the classroom that go beyond the standard course of study.

CASE NOTES

Not Limited to Classroom Teachers. — Contention that the teaching coordinator was not eligible for the substantial salary increase that accompanied the teaching coordinator's attainment of national certification because the teaching coordinator was not a "teacher" pursuant to the relevant statute had to be rejected; not only did the teaching coordinator qualify under the broad language of the relevant statute, but the contention that the purpose of the statute was to retain teachers in the classroom was incorrect since the General Assembly stated that its purpose was to encourage excellence and retain excellent teachers in the teaching profession, which meant that the salary increase for obtaining national certification was not limited solely to "classroom teachers." Rainey v. N.C. Dep't of Pub. Instruction, 181 N.C. App. 666, 640 S.E.2d 790, 2007 N.C. App. LEXIS 396 (2007), rev'd, remanded, 361 N.C. 679, 652 S.E.2d 251 (2007), Rainey v. N.C. Dep't of Pub. Instruction, 181 N.C. App. 666, 640 S.E.2d 790, 2007 N.C. App. LEXIS 396 (2007).

Incentive Eligibility. — Trial court erred, in conducting its de novo review, in determining that the teaching coordinator was not entitled to a substantial salary increase for obtaining national certification after the teaching coordinator was informed that the teaching coordinator would be eligible if the teaching coordinator obtained national certification, the teaching coordinator obtained national certification, and the teaching coordinator was informed that the teaching coordinator was not eligible for the salary increase; G.S. 115C-296.2(b) contained language broad enough to include the teaching coordinator as a person eligible for the increase and the teaching coordinator otherwise met all of the statutory requirements for the increase. Rainey v. N.C. Dep't of Pub. Instruction, 181 N.C. App. 666, 640 S.E.2d 790, 2007 N.C. App. LEXIS 396 (2007), rev'd, remanded, 361 N.C. 679, 652 S.E.2d 251 (2007), Rainey v. N.C. Dep't of Pub. Instruction, 181 N.C. App. 666, 640 S.E.2d 790, 2007 N.C. App. LEXIS 396 (2007).

While a superior court, as part of its de novo review under G.S. 150B-51(c) of a state board of education decision to deny petitioner a salary increase under G.S. 115C-296.2(b), was entitled to defer to the board's expertise, petitioner was entitled to the salary increase on the merits as petitioner was granted certification by the National Board for Professional Teaching Standards. Rainey v. N.C. Dep't of Pub. Instruction, — N.C. App. —, 667 S.E.2d 237, 2008 N.C. App. LEXIS 1761 (2008).

§ 115C-296.2. (Effective July 1, 2010) National Board for Professional Teaching Standards Certification.

(a) State Policy. — It is the goal of the State to provide opportunities and incentives for good teachers to become excellent teachers and to retain them in the teaching profession; to attain this goal, the State shall support the efforts of teachers to achieve national certification by providing approved paid leave time for teachers participating in the process, lending teachers the participation fee, and paying a significant salary differential to teachers who attain national certification from the National Board for Professional Teaching Standards (NBPTS).

The National Board for Professional Teaching Standards (NBPTS) was established in 1987 as an independent, nonprofit organization to establish high standards for teachers' knowledge and performance and for development and operation of a national voluntary system to assess and certify teachers who meet those standards. Participation in the program gives teachers the time and the opportunity to analyze in a systematic way their professional development as teachers, successful teaching strategies, and the substantive areas in which they teach. Participation also gives teachers an opportunity to demonstrate superior ability and to be compensated as superior teachers. To receive NBPTS certification, a teacher must successfully (i) complete a process of developing a portfolio of student work and videotapes of teaching and learning activities and (ii) participate in NBPTS assessment center simulation exercises, including performance-based activities and a content knowledge examination.

CASE NOTES

***Editor's Note.** — Most of the cases below were decided under corresponding provisions of former Chapter 115.*

Final Authority for Election of Teachers Vested in Board. — The superintendent makes recommendations, but the final authority for the election of teachers is vested in the school board. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

Superintendent Entitled to Recommend Against Rehiring. — A school board's failure to renew a probationary teacher's contract because the principal and superintendent recommended that he not be rehired would not be arbitrary, capricious, or for personal reasons, since the superintendent is entitled to make such recommendations. Hasty v. Bellamy, 44 N.C. App. 15, 260 S.E.2d 135 (1979).

No Claim Based on Failure to Renew Contract. — Plaintiff stated no claim for relief against a school superintendent and principal in an action to recover damages arising from failure to renew plaintiff's contract as a teacher, since the power to hire teachers rests in the school board. Hasty v. Bellamy, 44 N.C. App. 15, 260 S.E.2d 135 (1979).

Cited in Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

§ 115C-300. In-service training.

Local boards of education are authorized to provide for the professional growth of teachers while in service and to pass rules and regulations requiring teachers to cooperate with their superintendent for the improvement of instruction in the classroom and for promoting community improvement. (1955, c. 1372, art. 5, s. 29; 1981, c. 423, s. 1.)

§ 115C-301. Allocation of teachers; class size.

(a) Request for Funds. — The State Board of Education, based upon the reports of local boards of education and such other information as the State Board may require from local boards, shall determine for each local school administrative unit the number of teachers and other instructional personnel to be included in the State budget request.

(b) Allocation of Positions. — The State Board of Education is authorized to adopt rules to allot instructional personnel and teachers, within funds appropriated.

(c) Maximum Class Size. — The average class size for each grade span in a local school administrative unit shall at no time exceed the funded allotment ratio of teachers to students. At the end of the second school month and for the remainder of the school year, the size of an individual class shall not exceed the allotment ratio by more than three students. At no time may the General Assembly appropriate funds for higher unit-wide class averages than those for which State funds were provided during the 1984-85 school year.

(d) Maximum Teaching Load. — Students shall be assigned to classes so that from the 15th day of the school year through the end of the school year the number of students for whom teachers in grades 7 through 12 are assigned teaching responsibilities during the course of the day is no more than 150 students, except as provided in subsection (g) of this section.

(e) Alternative Maximum Class Sizes. — The State Board of Education, in its discretion, may set higher maximum class sizes and daily teaching loads for classes in music, physical education, and other similar subjects, so long as the effectiveness of the instructional programs in those areas is not thereby impaired.

(f) Second Month Reports. — At the end of the second month of each school year, each local board of education, through the superintendent, shall file a report for each school within the school unit with the State Board of Education. The report shall be filed in a format prescribed by the State Board of Education and shall include the organization for each school, the duties of each teacher, the size of each class, the teaching load of each teacher, and such other information as the State Board may require. As of February 1 each year, local boards of education, through the superintendent, shall report all exceptions to individual class size and daily teaching load maximums that occur at that time.

(g) Waivers and Allotment Adjustments. — Local boards of education shall report exceptions to the State Board of Education as provided in G.S. 115C-47(10), and shall request allotment adjustments or waivers from the standards set out above. Within 45 days of receipt of reports, the State Board of Education, within funds available, may allot additional positions or grant waivers for the excess class size or daily load.

(1) If the exception resulted from (i) exceptional circumstances, emergencies, or acts of God, (ii) large changes in student population, (iii) organizational problems caused by remote geographic location, or (iv) classes organized for a solitary curricular area, and

(2) If the local board cannot organizationally correct the exception.

All allotment adjustments and waivers submitted under this provision shall be reported to the Director of the Budget and to the General Assembly by May 15 of each year.

(h) State Board Rules. — The State Board of Education shall adopt rules necessary for the implementation of class size and teaching load provisions.

(i) Penalty for Noncompliance. — If the State Board of Education determines that a local superintendent has willfully failed to comply with the requirements of this section, no State funds shall be allocated to pay the superintendent's salary for the period of time the superintendent is in noncompliance. (1955, c. 1372, art. 6, s. 6; 1963, c. 688, s. 3; 1965, c. 584, s. 6; 1969, c. 539; 1973, c. 770, ss. 1, 2; 1975, c. 965, s. 3; 1977, c. 1088, s. 4; 1981, c. 423, s. 1; 1983 (Reg. Session Laws 2005-276, s. 46.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2005-2007 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2005-2007 fiscal biennium."

Session Laws 2005-276, s. 46.5 is a severability clause.

Effect of Amendments. — Session Laws 2006-153, s. 3, effective July 1, 2006, and applicable to school improvement plans beginning with the 2007-2008 school year, substituted "Duty-free instructional planning time" for "Duty free period" in the section heading; substituted "duty-free instructional planning time" for "duty free period" throughout the section, and deleted "a daily" preceding "duty" in two places.

CASE NOTES

No Private Cause of Action. — Trial court properly dismissed the teachers' request for declaratory relief against the county school board under G.S. 115C-84.2 and G.S. 115C-301.1 as the teachers failed to plead all the facts necessary to disclose the existence of an actual controversy between the parties; furthermore, neither section expressly or implicitly created a private cause of action for the teachers. Lea v. Grier, 156 N.C. App. 503, 577 S.E.2d 411, 2003 N.C. App. LEXIS 238 (2003).

§ 115C-302: Repealed by Session Laws 1997-443, s. 8.38(d).

Editor's Note. — This section was amended by Session Laws 1997-456, s. 17, effective August 29, 1997. Because of the repeal by Session Laws 1997-443, s. 8.38(d), the amendment was not given effect.

§ 115C-302.1. Salary.

(a) Prompt Payment. — Teachers shall be paid promptly when their salaries are due provided the legal requirements for their employment and service have been met. All teachers employed by any local school administrative unit who are to be paid from local funds shall be paid promptly as provided by law and as State-allotted teachers are paid.

(b) Salary Payments. — State-allotted teachers shall be paid for a term of 10 months. State-allotted months of employment for vocational education to local boards shall be used for the employment of teachers of vocational and technical education for a term of employment to be determined by the local boards of education. However, local boards shall not reduce the term of employment for any vocational agriculture teacher personnel position that was 12 calendar months for the 1982-83 school year for any school year thereafter. In addition, local boards shall not reduce the term of employment for any vocational agriculture teacher personnel position that was 12 calendar months for the 2003-2004 school year for any school year thereafter.

Each local board of education shall establish a set date on which monthly salary payments to State-allotted teachers shall be made. This set pay date may differ from the end of the month of service. The daily rate of pay for teachers shall equal midway between one twenty-first and one twenty-second of the monthly rate of pay. Except for teachers employed in a year-round school or paid in accordance with a year-round calendar, or both, the initial pay date for teachers shall be no later than August 31 and shall include a full monthly payment. Subsequent pay dates shall be spaced no more than one month apart and shall include a full monthly payment.

Teachers may be prepaid on the monthly pay date for days not yet worked. A teacher who fails to attend scheduled workdays or who has not worked the number of days for which the teacher has been paid and who resigns, is dismissed, or whose contract is not renewed shall repay to the local board any salary payments received for days not yet worked. A teacher who has been prepaid and continues to be employed by a local board but fails to attend scheduled workdays may be subject to dismissal under G.S. 115C-325 or other appropriate discipline.

Any individual teacher who is not employed in a year-round school may be paid in 12 monthly installments if the teacher so requests on or before the first day of the school year. The request shall be filed in the local school administrative unit which employs the teacher. The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease the teacher's annual salary nor in any other way alter the contract made between the teacher and the local school administrative unit. Teachers employed for a period of less than 10 months shall not receive their salaries in 12 installments.

Notwithstanding this subsection, the term "daily rate of pay" for the purpose of G.S. 115C-12(8) or for any other law or policy governing pay or benefits based on the teacher salary schedule shall not exceed one twenty-second of a teacher's monthly rate of pay.

(b1) The State Board of Education shall maintain the same policies related to masters pay for teachers that were in effect for the 2008-2009 fiscal year.

(c) Vacation. — Included within the 10-month term shall be annual vacation leave at the same rate provided for State employees, computed at one-twelfth of the annual rate for State employees for each month of employment. Local boards shall provide at least 10 days of annual vacation leave at a time when students are not scheduled to be in regular attendance. However, instructional personnel who do not require a substitute may use annual vacation leave on days that students are in attendance. Vocational and technical education teachers who are employed for 11 or 12 months may, with prior approval of the principal, work on annual vacation leave days designated in the school calendar and may use those annual vacation leave days during the eleventh or twelfth month of employment.

On a day that pupils are not required to attend school due to inclement weather, but employees are required to report for a workday, a teacher may elect not to report due to hazardous travel conditions and to take an annual vacation day or to make up the day at a time agreed upon by the teacher and the teacher's immediate supervisor or principal. On a day that school is closed to employees and pupils due to inclement weather, a teacher shall work on the scheduled makeup day.

All vacation leave taken by the teacher will be upon the authorization of the teacher's immediate supervisor and under policies established by the local board of education. Annual vacation leave shall not be used to extend the term of employment.

Notwithstanding any provisions of this subsection to the contrary, no person shall be entitled to pay for any vacation day not earned by that person.

(c1), (c2) Repealed by Session Laws 2002-126, s. 7.11(a), effective July 1, 2002, and applicable only to leave days accruing after September 30, 2002.

(c3) Teachers may accumulate annual vacation leave days without any applicable maximum until June 30 of each year. In order that only 30 days of annual vacation leave carry forward to July 1, on June 30 of each year any teacher or other personnel paid on the teacher salary schedule who has accumulated more than 30 days of annual vacation leave shall convert to sick leave the remaining excess accumulation.

Upon separation from service due to service retirement, resignation, dismissal, reduction in force, or death, an employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 30 days. In addition to the maximum of 30 days pay for accumulated annual leave, upon separation from service due to service retirement, any teacher or other personnel paid on the teacher salary schedule with more than 30 days of accumulated annual vacation leave may convert some or all of the excess accumulation to sick leave for creditable service towards retirement. Employees going onto term disability may exhaust annual leave rather than be paid in a lump sum.

(d) Personal Leave. — Teachers earn personal leave at the rate of .20 days for each full month of employment not to exceed two days per year. Personal leave may be accumulated without any applicable maximum until June 30 of each year. A teacher may carry forward to July 1 a maximum of five days of personal leave; the remainder of the teacher's personal leave shall be converted to sick leave on June 30. At the time of retirement, a teacher may also convert accumulated personal leave to sick leave for creditable service towards retirement.

Personal leave may be used only upon the authorization of the teacher's immediate supervisor. A teacher shall not take personal leave on the first day the teacher is required to report for the school year, on a required teacher workday, on days scheduled for State testing, or on the day before or the day after a holiday or scheduled vacation day, unless the request is approved by the principal. On all other days, if the request is made at least five days in advance, the request shall be automatically granted subject to the availability of a substitute teacher, and the teacher cannot be required to provide a reason for the request. Teachers may transfer personal leave days between local school administrative units. The local school administrative unit shall credit a teacher who has separated from service and is reemployed within 60 months from the date of separation with all personal leave accumulated at the time of separation. Local school administrative units shall not advance personal leave. Teachers using personal leave receive full salary less the required substitute deduction, except for teachers using personal leave on non-protected teacher workdays. Teachers using personal leave on non-protected teacher workdays shall receive full salary.

(e) Teachers in Year-Round Schools. — Compensation for teachers employed in year-round schools shall be the same as teachers paid for a 10-month term, but those days may be scheduled over 12 calendar months. Annual leave, sick leave, workdays, holidays, salary, and longevity for teachers who are employed at year-round schools shall be equivalent to those of other teachers employed for the same number of months, respectively. Teachers paid for a term of 10 months in year-round schools shall receive their salary in 12 equal installments.

(f) Overpayment. — Each local board of education shall sustain any loss by reason of an overpayment to any teacher paid from State funds.

(g) Service in Armed Forces. — The State Board of Education, in fixing the State standard salary schedule of teachers as authorized by law, shall provide that teachers who entered the armed or auxiliary forces of the United States after September 16, 1940, and who left their positions for such service shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the position of teachers, principals, and superintendents in the public schools of the State after having been honorably discharged from the armed or auxiliary forces of the United States.

(g1) Payment During Military Duty. — The State Board of Education shall adopt rules relating to leaves of absence, without loss of pay or time, for periods of military training and for State or federal military duty or for special emergency management service. The rules shall apply to all public school employees, including, but not limited to, school teachers, administrators, guidance counselors, speech language pathologists, nurses, and custodians employed by local boards of education or by charter schools. The rules shall provide that (i) the State pays any salary differential to all public school employees in State-funded positions, (ii) the employing local board of education pays any pay differential to all public school employees in locally funded positions, (iii) the employing charter school pays any pay differential to all public school employees in the charter school, and (iv) the employing local board of education pays the local supplement.

(h) Teachers Paid From Other Funds. — Every local board of education may adopt, as to teachers not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system. If a local board of education does not adopt a local salary schedule, the State salary schedule shall apply. No teacher shall receive a salary higher than that provided in the salary schedule, unless by action of the board of education a higher salary is allowed for special fitness, special duties, or under extraordinary circumstances.

When a higher salary is allowed, the minutes of the board shall show what salary is allowed and the reason. A board of education may authorize the superintendent to supplement the salaries of all teachers from local funds, and the minutes of the board shall show what increase is allowed each teacher.

(i) Longevity Pay. — Longevity pay shall be based on the annual salary on the employee's anniversary date.

(j) Parental Leave. — A teacher may use annual leave, personal leave, or leave without pay to care for a newborn child or for a child placed with the teacher for adoption or foster care. A teacher may also use up to 30 days of sick leave to care for a child placed with the teacher for adoption. The leave may be for consecutive workdays during the first 12 months after the date of birth or placement of the child, unless the teacher and local board of education agree otherwise. (b) To Provide for General Well-Being of Students. — It shall be the duty of all teachers, including student teachers, substitute teachers, voluntary teachers, and teacher assistants when given authority over some part of the school program by the principal or supervising teacher, to encourage temperance, morality, industry, and neatness; to promote the health of all pupils, especially of children in the first three grades, by providing frequent periods of recreation, to supervise the play activities during recess, and to encourage wholesome exercises for all children.

A teacher shall not be required by the local board, the superintendent, or the principal to (i) provide information that is already available on the student information management system; (ii) provide the same written information more than once during a school year unless the information has changed during the ensuing period; or (iii) complete forms, for children with disabilities, that are not necessary to ensure compliance with the federal Individuals with Disabilities Education Act (IDEA). Notwithstanding the forgoing, a local board may require information available on its student information management system or require the same information twice if the local board can demonstrate a compelling need and can demonstrate there is not a more expeditious manner of getting the information.

Any teacher who knowingly and willfully makes or procures another to make any false report or records, requisitions, or payrolls, respecting daily attendance of pupils in the public schools, payroll data sheets, or other reports required to be made to any board or officer in the performance of their duties, shall be guilty of a Class 1 misdemeanor and the certificate of such person to teach in the public schools of North Carolina shall be revoked by the Superintendent of Public Instruction.

CASE NOTES

Editor's Note. — *Some of the cases below were decided under corresponding provisions of former Chapter 115.*

Local school boards and school officials have the implied right to adopt appropriate and reasonable rules and regulations for the purpose of carrying out their powers and duties. Fowler v. Williamson, 39 N.C. App. 715, 251 S.E.2d 889 (1979).

Regulations prescribing a teacher's speech and conduct are necessarily broad; they cannot possibly mention every specific kind of misconduct. The application of the regulations in each case depends on many factors, such as the age and sophistication of the students, the closeness of the relation between the specific technique used and some concededly valid educational objective, and the context and manner of presentation. Frison v. Franklin County Bd. of Educ., 596 F.2d 1192 (4th Cir. 1979).

Teachers who are entrusted with the care of small children and adolescents are intended by parents, citizenry and lawmakers alike to serve as good examples for their young charges. Their character and conduct may be expected to be above those of the average individual not working in so sensitive a relationship as that of teacher to pupil. Faulkner v. New Bern-Craven County Bd. of Educ., 311 N.C. 42, 316 S.E.2d 281 (1984).

Applied in Faulkner v. New Bern-Craven County Bd. of Educ., 65 N.C. App. 483, 309 S.E.2d 548 (1983); Crump v. Durham County Bd. of Educ., 74 N.C. App. 77, 327 S.E.2d 599 (1985).

§ 115C-308. Rules for teacher's conduct.

The conduct of teachers, the kind of reports they shall make, and their duties in the care of school property are subject to the rules and regulations of the local board, as provided in G.S. 115C-47(18). (1981, c. 423, s. 1.)

§ 115C-309. Student teachers.

(a) Student Teacher and Student Teaching Defined. — A "student teacher" is any student enrolled in an institution of higher education approved by the State Board of Education for the preparation of teachers who is jointly assigned by that institution and a local board of education to student-teach under the direction and supervision of a regularly employed certified teacher. "Student teaching" may include those duties granted to a teacher by G.S. 115C-307 and 115C-390 and any other part of the school program for which either the supervising teacher or the principal is responsible.

(b) Legal Protection. — A student teacher under the supervision of a certified teacher or principal shall have the protection of the laws accorded the certified teacher.

(c) Assignment of Duties. — It shall be the responsibility of a supervising teacher, in cooperation with the principal and the representative of the teacher-preparation institution, to assign to the student teacher responsibilities and duties that will provide adequate preparation for teaching. (1969, c. 638, s. 1; 1981, c. 423, s. 1.)

§ 115C-310. Teacher assistants engaged in student teaching.

The State Board of Education shall adopt a program to facilitate the process by which teacher assistants may become teachers.

Teacher assistants who participate in this program:

(1) Shall be enrolled in an approved teacher education program in a North Carolina institution of higher education; and

(2) Shall be employed in a North Carolina public school.

Local school administrative units are encouraged to assign teacher assistants to a different classroom during student teaching than the classroom they are assigned to as a teacher assistant. To the extent possible, they may be assigned to another school within the same local school administrative unit.

At the discretion of the local school administrative unit, teacher assistants may continue to receive their salary and benefits while student teaching in the same local school administrative unit where they are employed as a teacher assistant.

The State Board of Education shall consult with the Board of Governors of The University of North Carolina and the North Carolina Independent Colleges and Universities in the development of the program. Each approved teacher education program and each local school administrative unit shall administer this program beginning with the 2005-2006 academic year. (2005-302, s. 1.)

§§ 115C-311 through 115C-314: Reserved for future codification purposes.

ARTICLE 21.

Other Employees.

§ 115C-315. Hiring of school personnel.

(a) Janitors and Maids. — In the city administrative units, janitors and maids shall be appointed by the board of education of such local school administrative unit upon the recommendation of the superintendent.

(b) Election by Local Boards. — School personnel shall be elected by the local board of education upon the recommendation of the superintendent, in accordance with the provisions of G.S. 115C-276(j).

It is the policy of the State of North Carolina to encourage and provide for the most efficient and cost-effective method of meeting the needs of local school administrative units for noncertified support personnel. To this end, the State Board of Education shall recommend to the General Assembly by November 1, 1984, a system using factors and formulas to determine the total number of noncertified support personnel allotted to local school administrative units. The recommended system for allotting noncertified support personnel shall include the proposed State's funding obligation for these positions and shall be developed in consultation with school-based support personnel or their representatives.

(c) Prerequisites for Employment. — All professional personnel employed in the public schools of the State or in schools receiving public funds shall be required either to hold or be qualified to hold a certificate in compliance with the provision of the law or in accordance with the regulations of the State Board of Education: Provided, that nothing herein shall prevent the employment of temporary personnel under such rules as the State Board of Education may prescribe.

(d) Certification for Professional Positions. — The State Board of Education shall have entire control of certifying all applicants for professional positions in all public elementary and high schools of North Carolina; and it shall prescribe the rules and regulations for the renewal and extension of all certificates and shall determine and fix the salary for each grade and type of certificate which it authorizes: Provided, that the State Board of Education shall require each applicant for an initial certificate or graduate certificate to demonstrate his or her academic and professional preparation by achieving a prescribed minimum score at least equivalent to that required by the Board on November 30, 1972, on a standard examination appropriate and adequate for that purpose: Provided, further, that in the event the Board shall specify the National Teachers Examination for this purpose, the required minimum score shall not be lower than that which the Board required on November 30, 1972.

(d1) Certification for School Nurses. — Notwithstanding any other provision of law or rule, school nurses employed in the public schools prior to July 1, 1998, shall not be required to be nationally certified to continue employment. School nurses not certified by the American Nurses' Association or the National Association of School Nurses shall continue to be paid based on the noncertified nurse salary range as established by the State Board of Education.

(e) Repealed by Session Laws 1989, c. 385, s. 3.

CASE NOTES

Speech Pathologists. — State Board of Education does not have the power to credential speech pathologists pursuant to their regulatory authority over the qualifications of school employees; the Licensure Act for Speech and Language Pathologists and Audiologists (G.S. 90-292) alone governs the qualification of persons practicing speech pathology, no matter what the setting. OPINIONS OF ATTORNEY GENERAL

Salary and Hours of Certified Employee. — N.C. Const., Art. IX, § 5 and G.S. 115C-12(9), 115C-272(a), 115C-284(c), and 115C-296 and subsection (d) of this section give the State Board of Education the authority to establish salary schedules for all certified employees and to establish the amount of work required to earn those salaries. See opinion of Attorney General to Mr. James O. Barber, Controller, State Board of Education, 55 N.C.A.G. 1 (1985).

§ 115C-316. Salary and vacation.

(a) School officials and other employees shall be paid promptly when their salaries are due provided the legal requirements for their employment and service have been met. All school officials and other employees employed by any local school administrative unit who are to be paid from local funds shall be paid promptly as provided by law and as state-allotted school officials and other employees are paid.

Public school employees paid from State funds shall be paid as follows:

(1) Employees Other than Superintendents, Supervisors and Classified Principals on an Annual Basis. — Each local board of education shall establish a set date on which monthly salary payments to employees other than superintendents, supervisors, and classified principals employed on an annual basis, shall be made. This set pay date may differ from the end of the calendar month of service. Employees may be prepaid on the monthly pay date for days not yet worked. An employee who fails to attend scheduled workdays or who has not worked the number of days for which the employee has been paid and who resigns or is dismissed shall repay to the local board any salary payments received for days not yet worked. An employee who has been prepaid and who continues to be employed by a local board but fails to attend scheduled workdays may be subject to dismissal or other appropriate discipline. The daily rate of pay shall equal the number of weekdays in the pay period. Included within their term of employment shall be annual vacation leave at the same rate provided for State employees, computed at one-twelfth (1/12) of the annual rate for state employees for each calendar month of employment. On a day that employees are required to report for a workday but pupils are not required to attend school due to inclement weather, an employee may elect not to report due to hazardous travel conditions and to take one of the employee's annual vacation days or to make up the day at a time agreed upon by the employee and the employee's immediate supervisor or principal. On a day that school is closed to employees and pupils due to inclement weather, an employee shall work on the scheduled makeup day. Included within their term of employment each local board of education shall designate the same or an equivalent number

of legal holidays as those designated by the State Personnel Commission for State employees.

(2) School Employees Paid on an Hourly or Other Basis. — Salary payments to employees other than those covered in G.S. 115C-272(b)(1), 115C-285(a)(1) and (2), 115C-302.1(b) and 115C-316(a)(1) shall be made at a time determined by each local board of education. Expenditures for the salary of these employees from State funds shall be within allocations made by the State Board of Education and in accordance with rules and regulations approved by the State Board of Education concerning allocations of State funds: Provided, that school employees employed for a term of 10 calendar months in year-round schools shall be paid in 12 equal installments: Provided further, that any individual school employee employed for a term of 10 calendar months who is not employed in a year-round school may be paid in 12 monthly installments if the employee so requests on or before the first day of the school year. Such request shall be filed in the administrative unit which employs the employee. The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease said annual salary nor in any other way alter the contract between the employee and the said administrative unit. Employees may be prepaid on the set pay date for days not yet worked. An employee who fails to attend scheduled workdays or who has not worked the number of days for which the employee has been paid and who resigns or is dismissed shall repay to the local board any salary payments received for days not yet worked. An employee who has been prepaid and who continues to be employed by a local board but fails to attend scheduled workdays may be subject to dismissal or other appropriate discipline. The daily rate of pay shall equal the number of weekdays in the pay period. Included within the term of employment shall be provided for full-time employees annual vacation leave at the same rate provided for State employees, computed at one-twelfth (1/12) of the annual rate for State employees for each calendar month of employment, to be taken under policies determined by each local board of education. On a day that employees are required to report for a workday but pupils are not required to attend school due to inclement weather, an employee may elect not to report due to hazardous travel conditions and to take one of his annual vacation days or to make up the day at a time agreed upon by the employee and his immediate supervisor or principal. On a day that school is closed to employees and pupils due to inclement weather, the employee shall work on the scheduled makeup day. Included within their term of employment, each local board of education shall designate the same or an equivalent number of legal holidays occurring within the period of employment as those designated by the State Personnel Commission for State employees.

(3) Notwithstanding any provisions of this section to the contrary no person shall be entitled to pay for any vacation day not earned by that person. The first 10 days of annual leave earned by a 10- or 11-month employee during any fiscal year period shall be scheduled to be used in the school calendar adopted by the respective local boards of education. Vacation days shall not be used for extending the term of employment of individuals. Ten-or 11-month employees may accumulate annual vacation leave days as follows: annual leave may be accumulated without any applicable maximum until June 30 of each year. On June 30 of each year, any of these employees with more than 30 days of accumulated leave shall have the excess accumulation converted to sick leave so that only 30 days are carried forward to July

1 of the same year. All vacation leave taken by these employees shall be upon the authorization of their immediate supervisor and under policies established by the local board of education. Vacation leave for instructional personnel who do not require a substitute shall not be restricted to days that students are not in attendance. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 240 hours or 30 days when separated from service due to resignation, dismissal, reduction in force, death or service retirement. Upon separation from service due to service retirement, any annual vacation leave over 30 days will convert to sick leave and may be used for creditable service at retirement in accordance with G.S. 135-4(e). If the last day of terminal leave falls on the last workday in the month, payment shall be made for the remaining nonworkdays in that month. Employees retiring on disability retirement may exhaust annual leave rather than be paid in a lump sum. The provisions of this subdivision shall be accomplished without additional State and local funds being appropriated for this purpose. The State Board of Education shall adopt rules and regulations for the administration of this subdivision.

(4) Twelve-month school employees other than superintendents, supervisors and classified principals paid on an hourly or other basis whether paid from State or from local funds may accumulate annual vacation leave days as follows: annual leave may be accumulated without any applicable maximum until June 30 of each year. On June 30 of each year, any employee with more than 30 days of accumulated leave shall have the excess accumulation converted to sick leave so that only 30 days are carried forward to July 1 of the same year. All vacation leave taken by the employee will be upon the authorization of his immediate supervisor and under policies established by the local board of education. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 240 hours or 30 days when separated from service due to resignation, dismissal, reduction in force, death, or service retirement. Upon separation from service due to service retirement, any annual vacation leave over 30 days will convert to sick leave and may be used for creditable service at retirement in accordance with G.S. 135-4(e). If the last day of terminal leave falls on the last workday in the month, payment shall be made for the remaining nonworkdays in that month. Employees retiring on disability retirement may exhaust annual leave rather than be paid in a lump sum. The provisions of this subdivision shall be accomplished without additional State and local funds being appropriated for this purpose. The State Board of Education shall adopt rules and regulations for the administration of this subdivision.

(4a) Employees employed on a 10- or 11-month basis at year-round schools shall be employed for the same total number of days as employees employed for a period of 10 or 11 calendar months, respectively, but those days may be scheduled over 12 calendar months. Annual leave, sick leave, workdays, holidays, salary, and longevity, for employees who are employed on a 10- or 11-month basis at year-round schools, shall be equivalent to those of employees employed for 10 or 11 calendar months, respectively.

(5) All of the foregoing provisions of this section shall be subject to the requirement that at least fifty dollars ($50.00), or other minimum amount required by federal social security laws, of the compensation of each school employee covered by the Teachers' and State Employees' Retirement System or otherwise eligible for social security coverage shall be paid in each of the four quarters of the calendar year.

(6) Each local board of education shall sustain any loss by reason of an overpayment to any school official or other employee paid from State funds.

(b) Every local board of education may adopt, as to school officials other than superintendents, principals and supervisors not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any local board of education shall fail to adopt such a schedule, the State salary schedule shall be in force.

(c) Longevity pay for 10-month employees is based on their annual salary and the longevity percentage may not be reduced by prorating the longevity pay for 10-month employees over a 12-month period.

Notwithstanding the provisions of G.S. 115C-302.1(b) and 115C-316(a), local school administrative units participating in the pilot may pay 10-month employees for a full month of employment when days employed are less than a full month at the beginning or the end of the teachers' contract. No local school administrative unit shall be required to participate in the pilot. A local board participating in the pilot shall bear all of the cost of recouping funds prepaid for work never done and the cost of these funds cannot be recouped.

Nothing in this section shall be construed to prevent local boards of education from disclosing the certification status and other information about employees as required by Section 1111(h)(6) of P.L. 107-110. (1987, c. 571, s. 1; 2002-126, s. 7.36.)

OPINIONS OF ATTORNEY GENERAL

The licensure status of an LEA employee is part of that employee's confidential personnel file, so an LEA is prohibited from routinely releasing it. See opinion of Attorney General to Lowell Harris, Director Exceptional Children Division N. C. Department of Public Instruction, 1998 N.C.A.G. 47 (11/20/98).

§ 115C-320. Certain records open to inspection.

Each local board of education shall maintain a record of each of its employees, showing the following information with respect to each employee: name, age, date of original employment or appointment, the terms of any contract by which the employee is employed whether written or oral, past and current, to the extent that the board has the written contract or a record of the oral contract in its possession, current position, title, current salary, date and amount of most recent increase or decrease in salary, date of most recent promotion, demotion, transfer, suspension, separation, or other change in position classification, and the office or station to which the employee is currently assigned. For the purposes of this section, the term "salary" includes pay, benefits, incentives, bonuses, and deferred and all other forms of compensation paid by the employing entity. Subject only to rules and regulations for the safekeeping of records adopted by the local board of education, every person having custody of the records shall permit them to be inspected and examined and copies made by any person during regular business hours. The name of a participant in the Address Confidentiality Program established pursuant to Chapter 15C of the General Statutes shall not be open to inspection and shall be redacted from any record released pursuant to this section. Any person who is denied access to any record for the purpose of inspecting, examining or copying the record shall have a right to compel compliance with the provisions of this section by application to a court of competent jurisdiction for a writ of mandamus or other appropriate relief. (1987, c. 571, s. 1; 2002-171, s. 4; 2007-508, s. 1.)

Editor's Note. — Session Laws 2002-171, s. 9, provides: "No General Fund appropriations shall be used to implement this act. The Attorney General and all other agencies to which this act applies shall implement the provisions of this act with funds that are or will become available as a result of the settlement of the case entitled State of Florida, et al. v. Nine West Group, Inc., and John Does 1-500, Civil Action No. 00 CIV 1707 (BDP), U.S.D.C., Southern District of New York, or other grants or funds that are not appropriated from the General Fund."

(b) Notwithstanding any other provision of this Chapter, any superintendent may, in his discretion, or shall at the direction of the Board of Education, inform any person or corporation of any promotion, demotion, suspension, reinstatement, transfer, separation, dismissal, employment or nonemployment of any applicant, employee or former employee employed by or assigned to the local board of education or whose personnel file is maintained by the board and the reasons therefor and may allow the personnel file of the person or any portion to be inspected and examined by any person or corporation provided that the board has determined that the release of the information or the inspection and examination of the file or any portion is essential to maintaining the integrity of the board or to maintaining the level or quality of services provided by the board; provided, that prior to releasing the information or making the file or any portion available as provided herein, the superintendent shall prepare a memorandum setting forth the circumstances which he and the board deem to require the disclosure and the information to be disclosed. General Regulations.

Part 1. Health Certificate.

§ 115C-323. Employee health certificate.

(a) Any person initially employed in a public school or reemployed in a public school after an absence of more than one school year shall provide to the superintendent a certificate certifying that the person does not have any physical or mental disease, including tuberculosis in the communicable form or other communicable disease, that would impair the person's ability to perform his or her duties effectively. A local board or a superintendent may require any school employee to take a physical examination when considered necessary.

Any public school employee who has been absent for more than 40 successive school days because of a communicable disease shall, before returning to work, provide to the superintendent a certificate certifying that the individual is free from any communicable disease.

(b) One of the following individuals shall prepare any certificate required under this section:

(1) A physician licensed to practice in North Carolina.
(2) A nurse practitioner approved under G.S. 90-18(14).
(3) A physician's assistant licensed to practice in North Carolina.

(c) Notwithstanding subsection (b) of this section, in the case of a person initially employed in a public school, any of the following who holds a current unrestricted license or registration in another state may prepare the certificate so long as evidence of that license or registration is on the certificate:

(1) A physician.
(2) A nurse practitioner.
(3) A physician's assistant.

(d) The certificate shall be prepared on a form supplied by the Superintendent of Public Instruction. The certificate shall be issued only after a physical examination has been conducted, at the time of the certification, in accordance with rules adopted by the Superintendent of Public Instruction, with approval of the Secretary of Health and Human Services. These rules may require an X-ray chest examination for all new employees of the public school system.

(e) It shall be the duty of the superintendent of the school in which the person is employed to enforce the provisions of this section. Any person violating any of the provisions of this section shall be guilty of a Class 1 misdemeanor. (1955, c. 1372, art. 17, s. 1; 1957, c. 1357, ss. 2, 14; 1973, c. 476, s. 128; 1975, c. 72; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 20; 1991, c. 342, s. 4; 1993, c. 539, s. 886; 1994, Ex. Sess., c. 24, s. 14(c); 1997-443, s. 11A.50; 2001-118, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Sufficiency of Health Card. — A health card furnished by the public health department was sufficient as a proper certification for food service employees and janitors if it contained the certification required by former G.S. 115-143, which was similar to this section. A true copy of such health card furnished by the public health department was sufficient if furnished to the superintendent of schools. This requirement applied also to substitute teachers. See opinion of the Attorney General to Mr. Harry C. Corbin, Superintendent, Transylvania County Schools, 40 N.C.A.G. 273 (1969), rendered under former Chapter 115.

Part 2. Payment of Wages After Death of Employee.

§ 115C-324. Disposition of payment due employees at time of death.

In the event of the death of any superintendent, teacher, principal, or other school employee to whom payment is due for or in connection with services rendered by such person or to whom has been issued any uncashed voucher for or in connection with services rendered, when there is no administration upon the estate of such person, such voucher may be cashed by the clerk of the superior court of the county in which such deceased person resided, or a voucher due for such services may be made payable to such clerk, who will treat such sums as a debt owed to the intestate under the provisions of G.S.

28A-25-6. (1955, c. 1372, art. 18, s. 8; 1965, c. 395; 1981, c. 423, s. 1; 2009-570, s. 38.)

Effect of Amendments. — Session Laws 2009-570, s. 38, effective August 28, 2009, substituted "G.S. 28A-25-6" for "G.S. 28-68" at the end of the section.

A retired teacher at a school other than a charter school shall be treated the same as a probationary teacher except that (i) a retired teacher is not eligible for career status and (ii) the performance of a retired teacher who had attained career status prior to retirement shall be evaluated in accordance with a local board of education's policies and procedures applicable to career teachers.

"Retired teacher" also means a beneficiary of the Teachers' and State Employees' Retirement System of North Carolina who retired after October 1, 2007, after attaining (i) the age of at least 65 with five years of creditable service; or (ii) the age of at least 60 with 25 years of creditable service; or (iii) 30 years of service; who has been retired at least six months, has not been employed in any capacity for at least six months immediately preceding the effective date of reemployment, is determined by a local board of education or a charter school to have had satisfactory performance during the last year of employment by a local board of education or a charter school, and who is employed to teach as provided in G.S. 135-3(8)c. A retired teacher at a school other than a charter school shall be treated the same as a probationary teacher except that (i) a retired teacher is not eligible for career status and (ii) the performance of a retired teacher who had attained career status prior to retirement shall be evaluated in accordance with a local board of education's policies and procedures applicable to career teachers.

(7) **(See note)** Redesignated as (a)(5a).

(8) "Year" for purposes of computing time as a probationary teacher shall be not less than 120 workdays performed as a probationary teacher in a full-time permanent position in a school year. Workdays performed pending the outcome of a criminal history check as provided in G.S. 115C-332 are included in computing time as a probationary teacher.

(b) Personnel Files. — The superintendent shall maintain in his office a personnel file for each teacher that contains any complaint, commendation, or suggestion for correction or improvement about the teacher's professional conduct, except that the superintendent may elect not to place in a teacher's file (i) a letter of complaint that contains invalid, irrelevant, outdated, or false information or (ii) a letter of complaint when there is no documentation of an attempt to resolve the issue. The complaint, commendation, or suggestion shall be signed by the person who makes it and shall be placed in the teacher's file only after five days' notice to the teacher. Any denial or explanation relating to such complaint, commendation, or suggestion that the teacher desires to make shall be placed in the file. Any teacher may petition the local board of education to remove any information from his personnel file that he deems invalid, irrelevant, or outdated. The board may order the superintendent to remove said information if it finds the information is invalid, irrelevant, or outdated.

The personnel file shall be open for the teacher's inspection at all reasonable times but shall be open to other persons only in accordance with such rules and regulations as the board adopts. Any preemployment data or other information obtained about a teacher before his employment by the board may be kept in a file separate from his personnel file and need not be made available to him. No data placed in the preemployment file may be introduced as evidence at a hearing on the dismissal or demotion of a teacher, except the data may be used to substantiate G.S. 115C-325(e)(1)g. or G.S. 115C-325(e)(1)o. as grounds for dismissal or demotion.

(c)(1) Election of a Teacher to Career Status. — Except as otherwise provided in subdivision (3) of this subsection, when a teacher has been employed by a North Carolina public school system for four consecutive years, the board, near the end of the fourth year, shall vote upon whether to grant the teacher career status. The teacher has a right to notice and hearing prior to the board's vote as provided in G.S. 115C-325(m)(3) and G.S. 115C-325(m)(4). The board shall give the teacher written notice of that decision by June 15 or such later date as provided in G.S. 115C-325(m)(7). If a majority of the board votes to grant career status to the teacher, and if it has notified the teacher of the decision, it may not rescind that action but must proceed under the provisions of this section for the demotion or dismissal of a teacher if it decides to terminate the teacher's employment. If a majority of the board votes against granting career status, the teacher shall not teach beyond the current school term. If the board fails to vote on granting career status, the teacher shall be entitled to an additional month's pay for every 30 days or portion thereof after June 16 or such later date as provided in G.S. 115C-325(m)(7) if a majority of the board belatedly votes against granting career status.

(2) Employment of a Career Teacher. — A teacher who has obtained career status in any North Carolina public school system need not serve another probationary period of more than one year. The board may grant career status immediately upon employing the teacher, or after the first year of employment. The teacher has a right to notice and hearing prior to the board's vote as provided in G.S. 115C-325(m)(3) and G.S. 115C-325(m)(4). The board shall give the teacher written notice of that decision by June 15 or such later date as provided in G.S. 115C-325(m)(7). If a majority of the board votes against granting career status, the teacher shall not teach beyond the current term. If after one year of employment, the board fails to vote on the issue of granting career status, the teacher shall be entitled to one additional month's pay for every 30 days or portion thereof beyond June 16 or such later date as provided in G.S. 115C-325(m)(7) if a majority of the board belatedly voted against granting career status.

(2a) Notice of Teachers Eligible to Achieve Career Status. — At least 30 days prior to any board action granting career status, the superintendent shall submit to the board a list of the names of all teachers who are eligible to achieve career status. Notwithstanding any other provision of law, the list shall be a public record under Chapter 132 of the General Statutes.

(3) Ineligible for Career Status. — No employee of a local board of education except a teacher as defined by G.S. 115C-325(a)(6) is eligible

to obtain career status or continue in a career status as a teacher if he no longer performs the responsibilities of a teacher as defined in G.S. 115C-325(a)(6). No person who is employed as a school administrator who did not acquire career status as a school administrator by June 30, 1997, shall have career status as an administrator. Further, no director or assistant principal is eligible to obtain career status as a school administrator unless he or she has already been conferred that status by the local board of education.

(4) Leave of Absence. — A career teacher who has been granted a leave of absence by a board shall maintain his career status if he returns to his teaching position at the end of the authorized leave.

(5) Consecutive Years of Service. — If a probationary teacher in a full-time permanent position does not work for at least 120 workdays in a school year because the teacher is on sick leave, disability leave, or both, that school year shall not be deemed to constitute (i) a consecutive year of service for the teacher or (ii) a break in the continuity in consecutive years of service for the teacher.

(6) Status of Exchange Teachers. — Exchange teachers shall not be eligible to obtain career status. However, for purposes of determining eligibility to receive employment benefits under this Chapter, including personal leave, annual vacation leave, and sick leave, an exchange teacher shall be considered a permanent teacher if employed with the expectation of at least six full consecutive monthly pay periods of employment and if employed at least 20 hours per week.

(d) Career Teachers and Career School Administrators.

(1) A career teacher or career school administrator shall not be subjected to the requirement of annual appointment nor shall he be dismissed, demoted, or employed on a part-time basis without his consent except as provided in subsection (e).

(2)a. The provisions of this subdivision do not apply to a person who is ineligible for career status as provided by G.S. 115C-325(c)(3).

b. Repealed by Session Laws 1997, c. 221, s. 13(a).

c. Subject to G.S. 115C-287.1, when a teacher has performed the duties of supervisor or principal for three consecutive years, the board, near the end of the third year, shall vote upon his employment for the next school year. The board shall give him written notice of that decision by June 1 of his third year of employment as a supervisor or principal. If a majority of the board votes to reemploy the teacher as a principal or supervisor, and it has notified him of that decision, it may not rescind that action but must proceed under the provisions of this section. If a majority of the board votes not to reemploy the teacher as a principal or supervisor, he shall retain career status as a teacher if that status was attained prior to assuming the duties of supervisor or principal. A supervisor or principal who has not held that position for three years and whose contract will not be renewed for the next school year shall be notified by June 1 and shall retain career status as a teacher if that status was attained prior to assuming the duties of supervisor or principal.

A year, for purposes of computing time as a probationary principal or supervisor, shall not be less than 145 workdays performed as a full-time, permanent principal or supervisor in a contract year.

A principal or supervisor who has obtained career status in that position in any North Carolina public school system may be required by the board of education in another school system to serve an additional three-year probationary period in that position before being eligible for career status. However, he may, at the option of the board of education, be granted career status immediately or after serving a probationary period of one or two additional years. A principal or supervisor with career status who resigns and within five years is reemployed by the same school system need not serve another probationary period in that position of more than two years and may, at the option of the board, be reemployed immediately as a career principal or supervisor or be given career status after only one year. In any event, if he is reemployed for a third consecutive year, he shall automatically become a career principal or supervisor.

(e) Grounds for Dismissal or Demotion of a Career Employee.

(1) Grounds. — No career employee shall be dismissed or demoted or employed on a part-time basis except for one or more of the following:

a. Inadequate performance.
b. Immorality.
c. Insubordination.
d. Neglect of duty.
e. Physical or mental incapacity.
f. Habitual or excessive use of alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes.
g. Conviction of a felony or a crime involving moral turpitude.
h. Advocating the overthrow of the government of the United States or of the State of North Carolina by force, violence, or other unlawful means.
i. Failure to fulfill the duties and responsibilities imposed upon teachers or school administrators by the General Statutes of this State.
j. Failure to comply with such reasonable requirements as the board may prescribe.
k. Any cause which constitutes grounds for the revocation of the career teacher's teaching certificate or the career school administrator's administrator certificate.
l. A justifiable decrease in the number of positions due to district reorganization, decreased enrollment, or decreased funding, provided that there is compliance with subdivision (2).
m. Failure to maintain his certificate in a current status.
n. Failure to repay money owed to the State in accordance with the provisions of Article 60, Chapter 143 of the General Statutes.
o. Providing false information or knowingly omitting a material fact on an application for employment or in response to a preemployment inquiry.

(2) Reduction in Force. — Before recommending to a board the dismissal or demotion of the career employee pursuant to G.S. 115C-325(e)(1)l., the superintendent shall give written notice to the career employee by certified mail or personal delivery of his intention to make such recommendation and shall set forth as part of his recommendation the grounds upon which he believes such dismissal or demotion is justified. The notice shall include a statement to the effect that if the career employee within 15 days after receipt of the notice requests a review, he shall be entitled to have the proposed recommendations of the superintendent reviewed by the board. Within the 15-day period after receipt of the notice, the career employee may file with the superintendent a written request for a hearing before the board

within 10 days. If the career employee requests a hearing before the board, the hearing procedures provided in G.S. 115C-325(j3) shall be followed. If no request is made within the 15-day period, the superintendent may file his recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if there is one, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such dismissal. Provisions of this section which permit a hearing by a case manager shall not apply to a dismissal or demotion recommended pursuant to G.S. 115C-325(e)(1)l.

When a career employee is dismissed pursuant to G.S. 115C-325(e)(1)l. above, his name shall be placed on a list of available career employees to be maintained by the board. Career employees whose names are placed on such a list shall have a priority on all positions in which they acquired career status and for which they are qualified which become available in that system for the three consecutive years succeeding their dismissal. However, if the local school administrative unit offers the dismissed career employee a position for which he is certified and he refuses it, his name shall be removed from the priority list.

(3) Inadequate Performance. — In determining whether the professional performance of a career employee is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance with the published policy of the employing local school administrative unit and to any published standards of performance which shall have been adopted by the board. Failure to notify a career employee of an inadequacy in his performance shall be conclusive evidence of satisfactory performance.

(4) Three-Year Limitation on Basis of Dismissal or Demotion. — Dismissal or demotion under subdivision (1) above, except paragraphs g. and o. thereof, shall not be based on conduct or actions which occurred more than three years before the written notice of the superintendent's intention to recommend dismissal or demotion is mailed to the career employee. The three-year limitation shall not apply to dismissals or demotions pursuant to subdivision (1)b. above when the charge of immorality is based upon a career employee's sexual misconduct toward or sexual harassment of students or staff.

(f)(1) Suspension without Pay. — If a superintendent believes that cause exists for dismissing a career employee for any reason specified in G.S. 115C-325(e)(1) and that immediate suspension of the career employee is necessary, the superintendent may suspend the career employee without pay. Before suspending a career employee without pay, the superintendent shall meet with the career employee and give him written notice of the charges against him, an explanation of the bases for the charges, and an opportunity to respond. Within five days after a suspension under this paragraph, the superintendent shall initiate a dismissal, demotion, or disciplinary suspension without pay as provided in this section. If it is finally determined that no grounds for dismissal, demotion, or disciplinary suspension without pay exist, the career employee shall be reinstated immediately, shall be paid for the period of suspension, and all records of the suspension shall be removed from the career employee's personnel file.

(2) Disciplinary Suspension Without Pay. — A career employee recommended for suspension without pay pursuant to G.S. 115C-325(a)(4a) may request a hearing before the board. If no request is made within

15 days, the superintendent may file his recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such suspension.

a. Board hearing for disciplinary suspensions for more than 10 days or for certain types of intentional misconduct. — The procedures for a board hearing under G.S. 115C-325(j3) shall apply if any of the following circumstances exist:
  1. The recommended disciplinary suspension without pay is for more than 10 days; or
  2. The disciplinary suspension is for intentional misconduct, such as inappropriate sexual or physical conduct, immorality, insubordination, habitual or excessive alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes, any cause that constitutes grounds for the revocation of the teacher's or school administrator's certificate, or providing false information.

b. Board hearing for disciplinary suspensions of no more that 10 days. — The procedures for a board hearing under G.S. 115C-325(j2) shall apply to all disciplinary suspensions of no more than 10 days that are not for intentional misconduct as specified in G.S. 115C-325(f)(2)a.2.

(f1) Suspension with Pay. — If a superintendent believes that cause may exist for dismissing or demoting a career employee for any reasons specified in G.S. 115C-325(e)(1), but that additional investigation of the facts is necessary and circumstances are such that the career employee should be removed immediately from his duties, the superintendent may suspend the career employee with pay for a reasonable period of time, not to exceed 90 days. The superintendent shall notify the board of education within two days of his action and shall notify the career employee within two days of the action and the reasons for it. If the superintendent has not initiated dismissal or demotion proceedings against the career employee within the 90-day period, the career employee shall be reinstated to his duties immediately and all records of the suspension with pay shall be removed from the career employee's personnel file at his request. However, if the superintendent and the employee agree to extend the 90-day period, the superintendent may initiate dismissal or demotion proceedings against the career employee at any time during the period of the extension.

(f2) Procedure for Demotion of Career School Administrator. — If a superintendent intends to recommend the demotion of a career school administrator, the superintendent shall give written notice to the career school administrator by certified mail or personal delivery and shall include in the notice the grounds upon which the superintendent believes the demotion is justified. The notice shall include a statement that if the career school administrator requests a hearing within 15 days after receipt of the notice, the administrator shall be entitled to have the grounds for the proposed demotion reviewed by the local board of education. If the career school administrator does not request a board hearing within 15 days, the superintendent may file the recommendation of demotion with the board. If, after considering the superintendent's recommendation and the evidence presented at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board may by resolution order the demotion. The procedures for a board hearing under G.S. 115C-325(j3) shall apply to all demotions of career school administrators.

(g) Repealed by Session Laws 1997, c. 221, s. 13(a).

(h) Procedure for Dismissal or Demotion of Career Employee.

(1) a. A career employee may not be dismissed, demoted, or reduced to part-time employment except upon the superintendent's recommendation.

b. G.S. 115C-325(f2) shall apply to the demotion of a career school administrator.

(2) Before recommending to a board the dismissal or demotion of the career employee, the superintendent shall give written notice to the career employee by certified mail or personal delivery of his intention to make such recommendation and shall set forth as part of his recommendation the grounds upon which he believes such dismissal or demotion is justified. The superintendent also shall meet with the career employee and give him written notice of the charges against him, an explanation of the basis for the charges, and an opportunity to respond if the career employee has not done so under G.S. 115C-325(f)(1). The notice shall include a statement to the effect that if the career employee within 14 days after the date of receipt of the notice requests a review, he shall be entitled to have the grounds for the proposed recommendations of the superintendent reviewed by a case manager. A copy of G.S. 115C-325 and a current list of case managers shall also be sent to the career employee. If the career employee does not request a hearing with a case manager within the 14 days provided, the superintendent may submit his recommendation to the board.

(3) Within the 14-day period after receipt of the notice, the career employee may file with the superintendent a written request for either (i) a hearing on the grounds for the superintendent's proposed recommendation by a case manager or (ii) a hearing within 10 days before the board on the superintendent's recommendation. If the career employee requests an immediate hearing before the board, he forfeits his right to a hearing by a case manager. If no request is made within that period, the superintendent may file his recommendation with the board. The board, if it sees fit, may by resolution (i) reject the superintendent's recommendation or (ii) accept or modify the superintendent's recommendation and dismiss, demote, reinstate, or suspend the employee without pay. If a request for review is made, the superintendent shall not file his recommendation for dismissal with the board until a report of the case manager is filed with the superintendent.

(4) Repealed by Session Laws 1997, c. 221, s. 13(a).

(5) If the career employee elects to request a hearing by a case manager, the career employee and superintendent shall each have the right to eliminate up to one-third of the names on the approved list of case managers. The career employee shall specify those case managers who are not acceptable in the career employee's request for a review of the superintendent's proposed recommendation under G.S. 115C-325(h)(3). The superintendent and career employee may jointly select a person to serve as case manager. The person need not be on the master list of case managers maintained by the Superintendent of Public Instruction.

(6) If a career employee requests a review by a case manager, the superintendent shall notify the Superintendent of Public Instruction within two days' receipt of the request. The notice shall contain a list of the case managers the career employee and the superintendent have eliminated from the master list or the name of a person, if any,

jointly selected. Failure to exercise the right to eliminate names from the master list shall constitute a waiver of that right.

(7) The Superintendent of Public Instruction shall select a case manager within three days of receiving notice from the superintendent. The Superintendent of Public Instruction shall designate the person jointly selected by the parties to serve as case manager provided the person agrees to serve as case manager and can meet the requirements for time frames for the hearing and report as provided in G.S. 115C-325(i1)(1). If a case manager was not jointly selected or if the case manager is not available, the Superintendent of Public Instruction shall select a case manager from the master list. No person eliminated by the career employee or superintendent shall be designated case manager.

(8) The superintendent and career employee shall provide each other with copies of all documents submitted to the Superintendent of Public Instruction or to the designated case manager.

(h1) Case Managers; Qualifications; Training; Compensation.

(1) Each year the State Board of Education shall select and maintain a master list of no more than 42 qualified case managers.

(2) Persons selected by the State Board as case managers shall be: (i) certified as a North Carolina Superior Court mediator; (ii) a member of the American Arbitration Association's roster of arbitrators and mediators; or (iii) have comparable certification in alternative dispute resolution. Case managers must complete a special training course approved by the State Board of Education.

(3) The State Board of Education shall determine the compensation for a case manager. The State Board shall pay the case manager's compensation and reimbursement for expenses.

(i) Repealed by Session Laws 1997, c. 221, s. 13(a).

(i1) Report of Case Manager; Superintendent's Recommendation.

(1) The case manager shall complete the hearing held in accordance with G.S. 115C-325(j) and prepare the report within 10 days from the time of the designation. The case manager may extend the period of time by up to five additional days if the case manager informs the superintendent and the career employee that justice requires that a greater time be spent in connection with the investigation and the preparation of the report. Furthermore, the superintendent and the career employee may agree to an extension of more than five days.

(2) The case manager shall make all necessary findings of fact, based upon the preponderance of the evidence, on all issues related to each and every ground for dismissal and on all relevant matters related to the question of whether the superintendent's recommendation is justified. The case manager also shall make a recommendation as to whether the findings of fact substantiate the superintendent's grounds for dismissal. The case manager shall deliver copies of the report to the superintendent and the career employee.

(3) Within two days after receiving the case manager's report, the superintendent shall decide whether to submit a written recommendation to the local board for dismissal, demotion, or disciplinary suspension without pay to the board or to drop the charges against the career employee. The superintendent shall notify the career employee, in writing, of the decision.

(4) If the superintendent contends that the case manager's report fails to address a critical factual issue, the superintendent shall within three days receipt of the case manager's report, request in writing with a copy to the career employee that the case manager prepare a supple-

ment to the report. The superintendent shall specify what critical factual issue the superintendent contends the case manager failed to address. If the case manager determines that the report failed to address a critical factual issue, the case manager may prepare a supplement to the report to address the issue and deliver the supplement to both parties before the board hearing. The failure of the case manager to prepare a supplemental report or to address a critical factual issue shall not constitute a basis for appeal.

(j) Hearing by a Case Manager. — The following provisions shall apply to a hearing conducted by the case manager.

(1) The hearing shall be private.

(2) The hearing shall be conducted in accordance with reasonable rules and regulations adopted by the State Board of Education to govern case manager hearings.

(3) At the hearing the career employee and the superintendent or the superintendent's designee shall have the right to be present and to be heard, to be represented by counsel and to present through witnesses any competent testimony relevant to the issue of whether grounds for dismissal or demotion exist or whether the procedures set forth in G.S. 115C-325 have been followed.

(4) Rules of evidence shall not apply to a hearing conducted by a case manager and the case manager may give probative effect to evidence that is of a kind commonly relied on by reasonably prudent persons in the conduct of serious affairs.

(5) At least five days before the hearing, the superintendent shall provide to the career employee a list of witnesses the superintendent intends to present, a brief statement of the nature of the testimony of each witness and a copy of any documentary evidence the superintendent intends to present. At least three days before the hearing, the career employee shall provide to the superintendent a list of witnesses the career employee intends to present, a brief statement of the nature of the testimony of each witness and a copy of any documentary evidence the career employee intends to present. Additional witnesses or documentary evidence may not be presented except upon a finding by the case manager that the new evidence is critical to the matter at issue and the party making the request could not, with reasonable diligence, have discovered and produced the evidence according to the schedule provided in this subdivision.

(6) The case manager may subpoena and swear witnesses and may require them to give testimony and to produce records and documents relevant to the grounds for dismissal.

(7) The case manager shall decide all procedural issues, including limiting cumulative evidence, necessary for a fair and efficient hearing.

(8) The superintendent shall provide for making a transcript of the hearing. If the career employee contemplates a hearing before the board or to appeal the board's decision to a court of law, the career employee may request and shall receive at no charge a transcript of the proceedings before the case manager.

(j1) Board Determination.

(1) Within two days after receiving the superintendent's notice of intent to recommend the career employee's dismissal to the board, the career employee shall decide whether to request a hearing before the board and shall notify the superintendent, in writing, of the decision. If the career employee can show that the request for a hearing was postmarked within the time provided, the career employee shall not forfeit the right to a board hearing. Within two days after receiving the

career employee's request for a board hearing, the superintendent shall request that a transcript of the case manager hearing be made. Within two days of receiving a copy of the transcript, the superintendent shall submit to the board the written recommendation and shall provide a copy of the recommendation to the career employee. The superintendent's recommendation shall state the grounds for the recommendation and shall be accompanied by a copy of the case manager's report and a copy of the transcript of the case manager hearing.

(2) If the career employee contends that the case manager's report fails to address a critical factual issue the career employee shall, at the same time he notifies the superintendent of a request for a board hearing pursuant to G.S. 115C-325(j1)(1), request in writing with a copy to the superintendent that the case manager prepare a supplement to the case manager's report. The career employee shall specify the critical factual issue he contends the case manager failed to address. If the case manager determines that the report failed to address a critical factual issue, the case manager may prepare a supplement to the report to address the issue and shall deliver the supplement to both parties before the board hearing. The failure of the case manager to prepare a supplemental report or to address a critical factual issue shall not constitute a basis for appeal.

(3) Within two days after receiving the superintendent's recommendation and before taking any formal action, the board shall set a time and place for the hearing and shall notify the career employee by certified mail or personal delivery of the date, time, and place of the hearing. The time specified shall not be less than seven nor more than 10 days after the board has notified the career employee, unless both parties agree to an extension. If the career employee did not request a hearing, the board may, by resolution, reject the superintendent's decision, or accept or modify the decision and dismiss, demote, reinstate, or suspend the career employee without pay.

(4) If the career employee requests a board hearing, it shall be conducted in accordance with G.S. 115C-325(j2).

(5) The board shall make a determination and may (i) reject the superintendent's recommendation or (ii) accept or modify the recommendation and dismiss, demote, reinstate, or suspend the employee without pay.

(6) Within two days following the hearing, the board shall send a written copy of its findings and determination to the career employee and the superintendent.

(j2) Board Hearing. — The following procedures shall apply to a hearing conducted by the board:

(1) The hearing shall be private.

(2) If the career employee requested a hearing by a case manager, the board shall receive the following:

a. The whole record from the hearing held by the case manager, including a transcript of the hearing, as well as any other records, exhibits, and documentary evidence submitted to the case manager at the hearing.

b. The case manager's findings of fact, including any supplemental findings prepared by the case manager under G.S. 115C-325 (i1)(4) or G.S. 115C-325(j1)(2).

c. The case manager's recommendation as to whether the grounds in G.S. 115C-325(e) submitted by the superintendent are substantiated.

d. The superintendent's recommendation and the grounds for the recommendation.

(3) If the career employee did not request a hearing by a case manager, the board shall receive the following:

a. Any documentary evidence the superintendent intends to use to support the recommendation. The superintendent shall provide the documentary evidence to the career employee seven days before the hearing.

b. Any documentary evidence the career employee intends to use to rebut the superintendent's recommendation. The career employee shall provide the superintendent with the documentary evidence three days before the hearing.

c. The superintendent's recommendation and the grounds for the recommendation.

(4) The superintendent and career employee may submit a written statement not less than three days before the hearing.

(5) The superintendent and career employee shall be permitted to make oral arguments to the board based on the record before the board.

(6) No new evidence may be presented at the hearing except upon a finding by the board that the new evidence is critical to the matter at issue and the party making the request could not, with reasonable diligence, have discovered and produced the evidence at the hearing before the case manager.

(7) The board shall accept the case manager's findings of fact unless a majority of the board determines that the findings of fact are not supported by substantial evidence when reviewing the record as a whole. In such an event, the board shall make alternative findings of fact. If a majority of the board determines that the case manager did not address a critical factual issue, the board may remand the findings of fact to the case manager to complete the report to the board. If the case manager does not submit the report within seven days receipt of the board's request, the board may determine its own findings of fact regarding the critical factual issues not addressed by the case manager. The board's determination shall be based upon a preponderance of the evidence.

(8) The board is not required to provide a transcript of the hearing to the career employee. If the board elects to make a transcript and if the career employee contemplates an appeal to a court of law, the career employee may request and shall receive at no charge a transcript of the proceedings. A career employee may have the hearing transcribed by a court reporter at the career employee's expense.

(j3) Board Hearing for Certain Disciplinary Suspensions, Demotions of Career School Administrators, and for Reductions in Force. — The following procedures shall apply for a board hearing under G.S. 115C-325(e)(2), G.S. 115C-325(f2), and G.S. 115C-325(f)(2)a:

(1) The hearing shall be private.

(2) The hearing shall be conducted in accordance with reasonable rules adopted by the State Board of Education to govern such hearings.

(3) At the hearing, the career employee and the superintendent shall have the right to be present and to be heard, to be represented by counsel, and to present through witnesses any competent testimony relevant to the issue of whether grounds exist for a disciplinary suspension without pay under G.S. 115C-325(f)(2)a., a demotion of a career school administrator under G.S. 115C-325(f2), or whether the grounds for a dismissal or demotion due to a reduction in force is justified.

(4) Rules of evidence shall not apply to a hearing under this subsection and the board may give probative effect to evidence that is of a kind

commonly relied on by reasonably prudent persons in the conduct of serious affairs.

(5) At least eight days before the hearing, the superintendent shall provide to the career employee a list of witnesses the superintendent intends to present, a brief statement of the nature of the testimony of each witness, and a copy of any documentary evidence the superintendent intends to present.

(6) At least six days before the hearing, the career employee shall provide the superintendent a list of witnesses the career employee intends to present, a brief statement of the nature of the testimony of each witness, and a copy of any documentary evidence the career employee intends to present.

(7) No new evidence may be presented at the hearing except upon a finding by the board that the new evidence is critical to the matter at issue and the party making the request could not, with reasonable diligence, have discovered and produced the evidence according to the schedule provided in this subsection.

(8) The board may subpoena and swear witnesses and may require them to give testimony and to produce records and documents relevant to the grounds for suspension without pay.

(9) The board shall decide all procedural issues, including limiting cumulative evidence, necessary for a fair and efficient hearing.

(10) The superintendent shall provide for making a transcript of the hearing. If the career employee contemplates an appeal of the board's decision to a court of law, the career employee may request and shall receive at no charge a transcript of the proceedings.

(k), (*l*) Repealed by Session Laws 1997, c. 221, s. 13(a).

(m) Probationary Teacher.

(1) The board of any local school administrative unit may not discharge a probationary teacher during the school year except for the reasons for and by the procedures by which a career employee may be dismissed as set forth in subsections (e), (f), (f1), and (h) to (j3) above.

(2) The board, upon recommendation of the superintendent, may refuse to renew the contract of any probationary teacher or to reemploy any teacher who is not under contract for any cause it deems sufficient: Provided, however, that the cause may not be arbitrary, capricious, discriminatory or for personal or political reasons.

(3) The superintendent shall provide written notice to a probationary teacher no later than May 15 of the superintendent's intent to recommend nonrenewal and the teacher's right, within 10 days of receipt of the superintendent's recommendation, to (i) request and receive written notice of the reasons for the superintendent's recommendation for nonrenewal and the information that the superintendent may share with the board to support the recommendation for nonrenewal; and (ii) request a hearing for those teachers eligible for a hearing under G.S. 115C-325(m)(4). The failure to file a timely request within the 10 days shall result in a waiver of the right to this information and any right to a hearing. If a teacher files a timely request, the superintendent shall provide the requested information and arrange for a hearing, if allowed, and the teacher shall be permitted to submit supplemental information to the superintendent and board prior to the board making a decision or holding a hearing as provided in this section. The board shall adopt a policy to provide for the orderly exchange of information prior to the board's decision on the superintendent's recommendation for nonrenewal.

(4) **(Applicable to proceedings initiated after August 31, 2010)** If the probationary teacher is eligible for career status pursuant to G.S.

115C-325(c)(1) and (c)(2) and the superintendent recommends not to give the probationary teacher career status, the probationary teacher has the right to a hearing before the board unless the reason is a justifiable board- or superintendent-approved decrease in the number of positions due to district reorganization, decreased enrollment, or decreased funding.

(5) For probationary contracts that are not in the final year before the probationary teacher is eligible for career status, the probationary teacher shall have the right to petition the local board of education for a hearing, and the local board may grant a hearing regarding the superintendent's recommendation for nonrenewal. The local board of education shall notify the probationary teacher making the petition of its decision whether to grant a hearing.

(6) Any hearing held according to this subsection shall be pursuant to the provisions of G.S. 115C-45(c).

(7) The board shall notify a probationary teacher whose contract will not be renewed for the next school year of its decision by June 15; provided, however, if a teacher submits a request for information or a hearing, the board shall provide the nonrenewal notification by July 1 or such later date upon the written consent of the superintendent and teacher.

(n) Appeal. — Any career employee who has been dismissed or demoted under G.S. 115C-325(e)(2), or under G.S. 115C-325(j2), or who has been suspended without pay under G.S. 115C-325(a)(4a), or any school administrator whose contract is not renewed in accordance with G.S. 115C-287.1, or any probationary teacher whose contract is not renewed under G.S. 115C-325(m)(2) shall have the right to appeal from the decision of the board to the superior court for the superior court district or set of districts as defined in G.S. 7A-41.1 in which the career employee is employed. This appeal shall be filed within a period of 30 days after notification of the decision of the board. The cost of preparing the transcript shall be determined under G.S. 115C-325(j2)(8) or G.S. 115C-325(j3)(10). A career employee who has been demoted or dismissed, or a school administrator whose contract is not renewed, who has not requested a hearing before the board of education pursuant to this section shall not be entitled to judicial review of the board's action.

(o) Resignation. — A teacher, career or probationary, should not resign without the consent of the superintendent unless he has given at least 30 days' notice. If the teacher does resign without giving at least 30 days' notice, the board may request that the State Board of Education revoke the teacher's certificate for the remainder of that school year. A copy of the request shall be placed in the teacher's personnel file.

(p) Section Applicable to Certain Institutions. — Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Correction, or Juvenile Justice and Delinquency Prevention regardless of the age of the students.

(p1) Procedure for Dismissal of School Administrators and Teachers Employed in Low-Performing Residential Schools. —

(1) Notwithstanding any other provision of this section or any other law, this subdivision shall govern the dismissal by the Secretary of Health and Human Services of teachers, principals, assistant principals, directors, supervisors, and other certificated personnel assigned to a residential school that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Part 3A of Article 3 of Chapter 143B of the General Statutes. The Secretary shall dismiss a teacher, principal, assistant principal,

director, supervisor, or other certificated personnel when the Secretary receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher or school administrator.

The Secretary may dismiss a teacher, principal, assistant principal, director, supervisor, or other certificated personnel when:

a. The Secretary determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under Part 3A of Article 3 of Chapter 143B of the General Statutes; and

b. That assistance team makes the recommendation to dismiss the teacher, principal, assistant principal, director, supervisor, or other certificated personnel for one or more grounds established in G.S. 115C-325(e)(1) for dismissal or demotion of a career employee.

Within 30 days of any dismissal under this subdivision, a teacher, principal, assistant principal, director, supervisor, or other certificated personnel may request a hearing before a panel of three members designated by the Secretary. The Secretary shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this subdivision. Decisions of the panel may be appealed on the record to the Secretary, with further right of judicial review under Chapter 150B of the General Statutes.

(2) Notwithstanding any other provision of this section or any other law, this subdivision shall govern the dismissal by the Secretary of Health and Human Services of certificated staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the certified staff member.

Within 30 days of any dismissal under this subdivision, a certificated staff member may request a hearing before a panel of three members designated by the Secretary of Health and Human Services. The Secretary shall adopt procedures to ensure that due process rights are afforded to certificated staff members recommended for dismissal under this subdivision. Decisions of the panel may be appealed on the record to the Secretary, with further right of judicial review under Chapter 150B of the General Statutes.

(3) The Secretary of Health and Human Services or the superintendent of a residential school may terminate the contract of a school administrator dismissed under this subsection. Nothing in this subsection shall prevent the Secretary from refusing to renew the contract of any person employed in a school identified as low-performing under Part 3A of Article 3 of Chapter 143B of the General Statutes.

(4) Neither party to a school administrator contract is entitled to damages under this subsection.

(5) The Secretary of Health and Human Services shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this subsection.

(q) Procedure for Dismissal of School Administrators and Teachers Employed in Low-Performing Schools.

(1) Notwithstanding any other provision of this section or any other law, this subdivision governs the State Board's dismissal of principals

assigned to low-performing schools to which the Board has assigned an assistance team:

a. The State Board through its designee may, at any time, recommend the dismissal of any principal who is assigned to a low-performing school to which an assistance team has been assigned. The State Board through its designee shall recommend the dismissal of any principal when the Board receives from the assistance team assigned to that principal's school two consecutive evaluations that include written findings and recommendations regarding the principal's inadequate performance.

b. If the State Board through its designee recommends the dismissal of a principal under this subdivision, the principal shall be suspended with pay pending a hearing before a panel of three members of the State Board. The purpose of this hearing, which shall be held within 60 days after the principal is suspended, is to determine whether the principal shall be dismissed.

c. The panel shall order the dismissal of the principal if it determines from available information, including the findings of the assistance team, that the low performance of the school is due to the principal's inadequate performance.

d. The panel may order the dismissal of the principal if (i) it determines that the school has not made satisfactory improvement after the State Board assigned an assistance team to that school; and (ii) the assistance team makes the recommendation to dismiss the principal for one or more grounds established in G.S. 115C-325(e)(1) for dismissal or demotion of a career employee.

e. If the State Board or its designee recommends the dismissal of a principal before the assistance team assigned to the principal's school has evaluated that principal, the panel may order the dismissal of the principal if the panel determines from other available information that the low performance of the school is due to the principal's inadequate performance.

f. In all hearings under this subdivision, the burden of proof is on the principal to establish that the factors leading to the school's low performance were not due to the principal's inadequate performance. In all hearings under sub-subdivision d. of this subdivision, the burden of proof is on the State Board to establish that the school failed to make satisfactory improvement after an assistance team was assigned to the school and to establish one or more of the grounds established for dismissal or demotion of a career employee under G.S. 115C-325(e)(1).

g. In all hearings under this subdivision, two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team are substantial evidence of the inadequate performance of the principal.

h. The State Board shall adopt procedures to ensure that due process rights are afforded to principals under this subdivision. Decisions of the panel may be appealed on the record to the State Board, with further right of judicial review under Chapter 150B of the General Statutes.

(2) Notwithstanding any other provision of this section or any other law, this subdivision shall govern the State Board's dismissal of teachers, assistant principals, directors, and supervisors assigned to schools that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Article 8B of

this Chapter. The State Board shall dismiss a teacher, assistant principal, director, or supervisor when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher or school administrator.

The State Board may dismiss a teacher, assistant principal, director, or supervisor when:

a. The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under G.S. 115C-105.38; and

b. That assistance team makes the recommendation to dismiss the teacher, assistant principal, director, or supervisor for one or more grounds established in G.S. 115C-325(e)(1) for dismissal or demotion of a career teacher.

A teacher, assistant principal, director, or supervisor may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this subdivision. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this subdivision. Decisions of the panel may be appealed on the record to the State Board, with further right of judicial review under Chapter 150B of the General Statutes.

(2a) Notwithstanding any other provision of this section or any other law, this subdivision shall govern the State Board's dismissal of certified staff members who have engaged in a remediation plan under G.S. 115C-105.38A(a) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the certified staff member.

A certified staff member may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this subdivision. The State Board shall adopt procedures to ensure that due process rights are afforded to certified staff members recommended for dismissal under this subdivision. Decisions of the panel may be appealed on the record to the State Board, with further right of judicial review under Chapter 150B of the General Statutes.

(3) The State Board of Education or a local board may terminate the contract of a school administrator dismissed under this subsection. Nothing in this subsection shall prevent a local board from refusing to renew the contract of any person employed in a school identified as low-performing under G.S. 115C-105.37.

(4) Neither party to a school administrator contract is entitled to damages under this subsection.

(5) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this subsection. I. IN GENERAL.

Editor's Note. — *Many of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Constitutionality. — The procedures provided by former corresponding statute did not violate the due process guarantees of the United States Constitution. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

Subdivision (e)(1)b is constitutional. Barringer v. Caldwell County Bd. of Educ., 123 N.C. App. 373, 473 S.E.2d 435 (1996).

Subdivision (e)(1) Not Void for Vagueness. — Subdivision (e)(1), which authorizes the dismissal of a career teacher for "inadequate performance," is not unconstitutionally void for vagueness. The term "inadequate performance," in regard to a job, can be readily understood by any person of ordinary intelligence who knows what the job entails. Crump v. Durham County Bd. of Educ., 77 N.C. App. 74, 327 S.E.2d 599 (1985).

Legislative Intent. — When subdivision (e)(1)*l* of this section is read in pari materia with other relevant portions of this section, it is apparent that the legislature intended to grant local school boards wide discretion in deciding whether to reduce personnel in response to decreased funding. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

The manifest purpose of this section is to provide teachers of proven ability for the children of this State, by protecting such teachers from dismissal for political, personal, arbitrary or discriminatory reasons. Bennett v. Hertford County Bd. of Educ., 69 N.C. App. 615, 317 S.E.2d 912, cert. denied, 312 N.C. 81, 321 S.E.2d 893 (1984).

Teachers Provided with Greater Security. — Tenure in employment has long been a laudable objective of the teaching profession, and former provisions corresponding to this section provided teachers with much greater security than they had theretofore had. Taylor v. Crisp, 21 N.C. App. 359, 205 S.E.2d 102 (1974), aff'd and remanded, 286 N.C. 488, 212 S.E.2d 381 (1975).

Former corresponding section represented a legislative attempt to provide the public school teachers of this State a greater amount of job security than had previously existed. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

Former corresponding section provided greater job security for career public school teachers, as defined, than existed under prior law. Thompson v. Wake County Bd. of Educ., 292 N.C. 406, 233 S.E.2d 538 (1977).

Civil Action Dismissed for Failure to Exhaust Administrative Remedies. — See Church v. Madison County Bd. of Educ., 31 N.C. App. 641, 230 S.E.2d 769 (1976), cert. denied and appeal dismissed, 292 N.C. 264, 233 S.E.2d 391 (1977).

Coaches Distinguished from Career Teachers. — Subdivision (a)(4) distinguishes between teaching and coaching because the statute classifies coaching as a "special duty" in addition to regular teaching duties; coaching is not protected by the tenure provisions of subsection (d), which apply to career teachers and protect them from dismissal, demotion, or employment on a part time basis. Babb v. Harnett County Bd. of Educ., 118 N.C. App. 291, 454 S.E.2d 833, cert. denied, appeal dismissed, 340 N.C. 358, 458 S.E.2d 184 (1995).

II. PROBATIONARY TEACHERS.

"Probationary Teacher". — The General Assembly did not intend that the "temporary personnel" authorized by G.S. 115C-295 be included within the definition of "probationary teacher" contained in subdivision (a)(5) of this section. Campbell v. Board of Educ., 76 N.C. App. 495, 333 S.E.2d 507 (1985), cert. denied, 315 N.C. 390, 338 S.E.2d 878 (1986).

Subdivision (m)(2) imposes duty on boards of education to determine substantive basis for recommendations of nonrenewal and to assure that nonrenewal is not for a prohibited reason. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

As the legislature intended to afford probationary teachers minimum protection against arbitrary nonrenewal permitted under the common law. The discretion of the boards with respect to probationary teachers remains very broad, of course, but the decision not to renew must have some nonarbitrary basis. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

Board Must Ascertain Basis for Superintendent's Recommendation. — The advisory nature of the superintendent's recommendation to not rehire a nontenured teacher places the responsibility on the board to ascertain the rational basis for the recommendation before acting upon it. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

As Ultimate Responsibility Rests with Board. — School board may refuse to renew probationary teacher's contract upon recommendation of the superintendent. That recommendation is only advisory, however; ultimate responsibility rests with the board. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

Formal order is not required to be prepared each time Board of Education decides not to renew probationary teacher's contract, but the board's records should reflect the specific substantive reason for the nonrenewal of his contract. Abell v. Nash County Bd. of Educ., 71 N.C. App. 48, 321 S.E.2d 502 (1984).

As to board's consideration of the renewal of a probationer's contract or the employment of a teacher who is not under contract, see also Taylor v. Crisp, 286 N.C. 488, 212 S.E.2d 381 (1975); Sigmon v. Poe, 564 F.2d 1093 (4th Cir. 1977).

Computation of Notice Period. — The employment period for salary purposes is the appropriate period to use in computing the requisite 30-day notice period for probationary teacher. Fleming v. Vance County Bd. of Educ., 60 N.C. App. 263, 298 S.E.2d 733 (1983).

Probationary Teacher Has No Right to Hearing. — Where a local school board determined not to renew the contract of a teacher who did not have tenure or any "equivalent of tenure," he was not entitled to a full due-process adversary hearing. Williams v. Hyde County Bd. of Educ., 490 F.2d 1231 (4th Cir. 1974), cert. denied, 501 U.S. 1238, 111 S. Ct. 2870, 115 L. Ed. 2d 1035 (1991).

When a school superintendent recommended to a school board that a probationary teacher's contract, which had expired, not be renewed, G.S. 115C-325(n) did not give the teacher a right to an evidentiary hearing before the board because, while specifying that career employees or school administrators whose contracts were not renewed had to seek a hearing before a school board as a prerequisite to judicial review, the general assembly made no such provision for probationary teachers. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

G.S. 115C-325(m) did not give the teacher a right to an evidentiary hearing before the board because, while it specified that a probationary teacher whose contract was not renewed during the school year could exercise the procedures in G.S. 115C-325(h) through (j3) available to career employees regarding non-renewals, which included a hearing before the board, it stated that, upon the expiration of a probationary teacher's contract, the board could refuse to renew the contract for any cause it deemed sufficient, and did not state that a probationary teacher had a right to an evidentiary hearing before the board. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

When a school superintendent recommended to a school board that a probationary teacher's contract, which had expired, not be renewed, G.S. 115C-325(o) did not give the teacher a right to an evidentiary hearing before the board because a reasonable construction of that statute was that the board only had to notify a probationary decision of the board's decision not to renew the teacher's contract once that decision was made, rather than the prior notice required, under G.S. 115C-287.1(d), in the cases of school administrators and career teachers. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

Hearing afforded to probationary teacher satisfied minimum due process standards to which he would have been entitled, had he had a valid claim to a hearing. Satterfield v. Edenton-Chowan Bd. of Educ., 530 F.2d 567 (4th Cir. 1975).

Criteria for Renewal of Contract of Probationary Teacher Who Serves as Coach. — Given the broad legislative grant of authority over the status of probationary teachers and the legislative grant to local boards under G.S. 115C-47(4), requiring them to promulgate rules and regulations for interscholastic athletics, a board may properly consider coaching changes as a basis for determining whether to renew a probationary teacher's contract when the teacher also serves as a coach. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

Nonrenewal Must Have Non-Arbitrary Basis. — The discretion of school boards regarding the status of probationary teachers remains very broad, but a nonrenewal decision must have some non-arbitrary basis in order to comply with subdivision (m)(2) of this section. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

An arbitrary or capricious reason is one without any rational basis in the record, such that a decision made thereon amounts to an abuse of discretion. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

Whether school board's action in not renewing contracts was "arbitrary or capricious" is a mixed question of law and fact. The jury determines the factual issues involved and the judge applies these findings to determine whether the nonrenewals were arbitrary or capricious as a matter of law. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

Arbitrary or Capricious Failure to Renew Contract Gives Rise to Right of Action. — Any claim of an arbitrary or capricious denial of renewal of a probationary teacher's contract gives rise to a right of action, which is to be resolved by a proper court and not by the board. Sigmon v. Poe, 528 F.2d 311 (4th Cir. 1975).

And Question Is Not to Be Resolved by Board. — Whether there has been a denial of renewal of plaintiff's contract for "arbitrary, capricious, discriminatory or for personal or political reasons" is not a question to be resolved by the board. Sigmon v. Poe, 528 F.2d 311 (4th Cir. 1975).

If there is a claim of "arbitrary or capricious" nonrenewal, it is an independent right of action, triable, not by the school board, but by the court. Satterfield v. Edenton-Chowan Bd. of Educ., 530 F.2d 567 (4th Cir. 1975).

Following Superintendent's Recommendation Against Rehiring Not Arbitrary or Capricious. — A school board's failure to renew a probationary teacher's contract because the principal and superintendent recommended that he not be rehired would not be arbitrary, capricious, or for personal reasons, since the superintendent is entitled to make such recommendations. Hasty v. Bellamy, 44 N.C. App. 15, 260 S.E.2d 135 (1979).

Failure to Rehire Based on Teacher's Refusal to Sign Document. — Failure to rehire a probationary teacher who would have become a career teacher upon the removal of his contract, based solely on the teacher's refusal to sign a document which to a layman might easily appear damaging, though it in fact had no practical effect, might be an arbitrary and capricious cause for not hiring the teacher. Hasty v. Bellamy, 44 N.C. App. 15, 260 S.E.2d 135 (1979).

Protection Against Discharge for Probationary Teacher During School Year. — A probationary teacher may not be dismissed at mid-year except for reasons that a career teacher may be dismissed, such as lack of funding, and may only be dismissed according to the procedures applicable to mid-year or discharge of a career teacher. Thus, the statutory protections are greater for probationary teachers sought to be discharged at mid-year. Taborn v. Hammonds, 83 N.C. App. 461, 350 S.E.2d 880 (1986).

Burden of Proof. — Section 115C-44(b) clearly places the burden of proof on plaintiff probationary school teachers to establish that the actions of the board in failing to renew their contracts were arbitrary or capricious. Moreover, the burden of proof includes not only the burden of going forward with the evidence, but also the burden of persuasion. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

Nonrenewals Upheld. — Evidence was not sufficient to support a finding that nonrenewals of probationary teachers' contracts were "arbitrary or capricious," and instead established a rational basis for the nonrenewals. Abell v. Nash County Bd. of Educ., 89 N.C. App. 262, 365 S.E.2d 706 (1988).

In deciding not to renew a teacher's contract, a school board satisfied its duties to determine the substantive basis for the recommendation of nonrenewal and to ensure that the nonrenewal was not for a prohibited reason; the administrative record showed that the teacher's contract was not renewed because the teacher threatened to be a counterproductive force concerning faculty morale, based upon several instances of the teacher's conduct. Davis v. Macon County Bd. of Educ., 178 N.C. App. 646, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

III. CAREER TEACHERS.

Career Teacher Status Created. — Former corresponding section created the status of "career teacher," to which various rights and privileges are attached. Perhaps the most important of these rights is that a career teacher may not be dismissed or demoted except upon specified grounds and in accordance with the statutory procedures provided. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

But Grant of Career Status Not Instantaneous. — Since former corresponding section conferred upon career teachers additional security in their employment, it did not grant instant career status to all teachers presently employed, but provided appropriate methods through which a teacher could acquire career status. Taylor v. Crisp, 21 N.C. App. 359, 205 S.E.2d 102 (1974), aff'd and remanded, 286 N.C. 488, 212 S.E.2d 381 (1975).

Board Confers Career Status. — Under former statute (see now subsection (c)), the board of education votes upon the continued employment of a probationary teacher when such reemployment has the effect of granting career status. This is not simply a matter of renewing the contract of a probationary teacher who will again be considered before being granted career status. The board of education is reaching a decision which confers career status, and the legislature has determined that this decision shall be made by the elected board, which has ultimate control and supervision of all matters pertaining to the public schools. Taylor v. Crisp, 21 N.C. App. 359, 205 S.E.2d 102 (1974), aff'd and remanded, 286 N.C. 488, 212 S.E.2d 381 (1975).

Board is not required to follow the recommendation of the superintendent when it considers the election of career teachers. Taylor v. Crisp, 286 N.C. 488, 212 S.E.2d 381 (1975).

Case Manager's Findings of Fact Binding When Supported by Substantial Evidence. — Respondent school board was bound by the findings of the case manager under subdivision (j2)(7) and, therefore, erred in making alternative findings of fact where there was substantial evidence to support the case manager's findings of fact. Farris v. Burke County Bd. of Educ., 143 N.C. App. 77, 544 S.E.2d 578, 2001 N.C. App. LEXIS 224 (2001), cert. granted, 353 N.C. 725, 550 S.E.2d 773 (2001), cert. granted, 353 N.C. 725, 550 S.E.2d 772 (2001).

A school board initially reviewing the results of a case manager's hearing, regarding the termination of a career employee, is bound by the whole record admitted and considered by the case manager; but, because G.S. 115C-325(j2)(7) contemplates a remand to the case manager if a majority of the board determines that the case manager did not address a critical factual issue, the school board may nevertheless view evidence excluded by the case manager but later submitted to the board in making its initial determination whether the case manager addressed all critical issues. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

If a school board chooses not to accept a case manager's report concerning the termination of a career employee as submitted to it, then pursuant to G.S. 115C-325(j2)(7), the board should determine either (1) that the case manager's findings of fact are not supported by substantial evidence admissible under G.S. 115C-325, in which case it can make alternative findings of fact; or (2) that the case manager failed to consider a critical factual issue, in which case the board should remand the matter for the case manager to make additional findings of fact; and where a board's conclusion that the case manager failed to consider a critical factual issue is based upon the case manager's rulings excluding evidence, the case manager, on remand, remains bound by the provisions of G.S. 115C-325 limiting the evidence which may properly be considered and within those limits may either reconsider or reaffirm those evidentiary rulings. A board may thereafter substitute its findings of fact for those of the case manager only if the case manager does not respond to the board's request within seven days. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

When a school board does not follow proper procedures in reviewing a case manager's report and recommendation concerning the termination of a career employee, it is bound by the case manager's findings of fact, pursuant to G.S. 150B-51(b)(3). Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

Dismissal. — Plaintiff who had attained the status of a career teacher under subsection (c) could not be dismissed or demoted except for reasons specified in subdivision (e)(1); therefore, plaintiff's claim based on the tort of wrongful discharge was correctly dismissed by the trial court. Wagoner v. Elkin City Schs. Bd. of Educ., 113 N.C. App. 579, 440 S.E.2d 119, cert. denied, 336 N.C. 615, 447 S.E.2d 414 (1994).

IV. PRINCIPALS AND SUPERVISORS.

Principal Included in Definition of "Teacher". — This section governs the hiring, firing, tenure and resignation of public school teachers, and its definition of "teacher" includes those who directly supervise teaching, as plaintiff did when he was principal of high school. Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986).

Legislature intended in subsection (d)(2) to protect persons who have served as principals and supervisors for at least three consecutive years, regardless of whether this time was served prior to obtaining career teacher status. Faison v. New Hanover County Bd. of Educ., 75 N.C. App. 334, 330 S.E.2d 511 (1985), decided under facts existing prior to 1983 amendment.

Board Need Not Consider Superintendent's Recommendation to Rehire Principal. — The board was not required to consider the recommendation of a superintendent that a principal be rehired for the school year 1973-74, but was free to refuse to rehire him as it chose. Taylor v. Crisp, 21 N.C. App. 359, 205 S.E.2d 102 (1974), aff'd and remanded, 286 N.C. 488, 212 S.E.2d 381 (1975).

Plaintiff, as a probationary principal, had a statutorily protected right in his job as a career teacher, and absent plaintiff's resignation as a career teacher, defendant board of education could not take this right away without affording him the statutorily mandated procedures of notice and hearing.

Rose v. Currituck County Bd. of Educ., 83 N.C. App. 408, 350 S.E.2d 376 (1986).

Cause of Action Against Board of Education for Negligent Employment and Retention of Principal. — For a case involving cause of action under common law against county board of education for negligent employment and retention of principal who sexually assaulted a student, see Medlin v. Bass, 327 N.C. 587, 398 S.E.2d 460 (1990).

Authority of Board of Education. — When a merger of a county and two city school systems was ratified by the General Assembly, the ratification impliedly repealed the former county board of education's ability to enter into an employment contract to be in effect after the effective date of the merger. Therefore, the attempt by the Board to enter into an employment contract with the superintendent, which would be binding if the merger were approved, was made without actual authority and was unenforceable. Guilford County Bd. of Comm'rs v. Trogdon, 124 N.C. App. 741, 478 S.E.2d 643 (1996).

V. GROUNDS FOR DISMISSAL OR DEMOTION.

Decision of School Board Must Be Justifiable. — The issue to be resolved by the courts in reviewing a teacher dismissal under subdivision (e)(1)*l* of this section is whether the board's decision to reduce teaching positions is supported by a rational basis, and given the presumption in favor of a board's decision under G.S. 115C-44(b), a career teacher is entitled to relief in such cases only upon showing that the board's action was personal, political, discriminatory, without a rational basis or simply a subterfuge to avoid the protections extended the teacher by law due to his or her status as a career teacher. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

A school superintendent is not required to set out the facts supporting a case for termination of a career employee in complete detail prior to a hearing before a case manager, as the provisions of Chapter 115C, G.S. 115C-1 et seq., do not mirror the discovery proceedings in either criminal or civil cases. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

The issue to be resolved by the courts in reviewing a teacher dismissal under paragraph (e)(1)*l* is whether the board's decision to reduce teaching positions is supported by a rational basis; given the presumption in favor of the board's decision under G.S. 115C-44(b), a career teacher is entitled to relief in such cases only upon a showing that the board's action was personal, political, discriminatory, without a rational basis, or simply a subterfuge to avoid the protections extended the teacher by law due to his or her status as a career teacher. Moreover, the role of the reviewing court is to assure the proper application of this standard, not to substitute its preferences for those of the board. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

Rational Basis for Board's Decision. — Where board of education stated that the basis for its decision to make a reduction-in-force was that remaining funds were inadequate to meet the salaries of existing personnel, and program quality could be maintained with a smaller instructional staff, there was a rational basis for the board's decision, and no more was required under paragraph (e)(1)*l*. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

Evidence to Show Arbitrariness or Capriciousness. — While there is no independent right of action against a school board pursuant to (former) G.S. 115C-326, the failure of the school board to comply with evaluation procedures established under that section may be submitted as evidence in an action brought by a claimant pursuant to this section, to establish that his dismissal was arbitrary or capricious. Clinton v. Wake County Bd. of Educ., 108 N.C. App. 616, 424 S.E.2d 691 (1993).

Immorality. — Characterization of a female student as a whore did not warrant a finding of immorality. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

Actionable Sexual Harassment. — Given the provisions of G.S. 143-422.2, 115C-335.5, 115C-325 and 14-395.1, there was no question that the right to be free of sexual harassment in the workplace was implicated in declaration of North Carolina's public policy. Whitt v. Harris Teeter, Inc., 165 N.C. App. 32, 598 S.E.2d 151, 2004 N.C. App. LEXIS 1160 (2004), cert. denied, 359 N.C. 75, 605 S.E.2d 151 (2004).

Sexual Harassment and Inappropriate Conduct by Principal. — Affidavits showing that school principal propositioned for sex, pressed his body against others, unzipped his pants, and touched buttocks, among other things, provided substantial evidence to support school board's decision to terminate his employment; affidavits were properly received documentary evidence, under G.S. 115C-325(j2). Smith v. Richmond County Bd. of Educ., 150 N.C. App. 291, 563 S.E.2d 258, 2002 N.C. App. LEXIS 488 (2002).

Insubordination — Defined. — Insubordination under paragraph (e)(1)c imports a willful disregard of express or implied directions of the employer and a refusal to obey reasonable orders. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977); Crump v. Board of Educ., 79 N.C. App. 372, 339 S.E.2d 483, cert. denied, 317 N.C. 333, 346 S.E.2d 137 (1986).

Same — Repeated Misconduct. — Repeated acts of teacher misconduct which are obviously contrary to accepted standards of behavior in the teaching profession and the community in general should constitute insubordinate conduct. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

Same — Dismissal Upheld. — The Board of Education's dismissal of a driver's education instructor on the ground of insubordination would be upheld, where there was substantial evidence to support the Board's conclusion that by twice driving alone with a female student, after a complaint from a female student about his conduct, the instructor willfully disregarded and refused to obey the principal's reasonable directive that at least two students be in the car any time a female was taking the road work phase of driver's education. Crump v. Board of Educ., 79 N.C. App. 372, 339 S.E.2d 483, cert. denied, 317 N.C. 333, 346 S.E.2d 137 (1986).

Neglect of Duty. — The term "neglect of duty" is defined as a failure to perform some duty imposed by contract or law and encompasses, clearly, the failure to report for work. However, a dismissal upon this ground alone cannot be sustained unless it is proven that a reasonable man would have recognized the duty and would have considered himself obliged to conform. Overton v. Goldsboro City Bd. of Educ., 304 N.C. 312, 283 S.E.2d 495 (1981).

Physical Incapacity. — Physical incapacity under this section refers to a present and continuing inability to perform the duties and meet the responsibilities and physical demands customarily associated with the individual's job as a career teacher in the public schools. The incapacity must be in effect at the time action is taken by the board of education. The projected duration of the incapacity must be long-term or indefinite, with no reasonable prospect for rapid rehabilitation. Bennett v. Hertford County Bd. of Educ., 69 N.C. App. 615, 317 S.E.2d 912, cert. denied, 312 N.C. 81, 321 S.E.2d 893 (1984).

While physical incapacity may adversely affect a teacher's job performance, it does not necessarily follow that poor performance will always accompany less than perfect health. Bennett v. Hertford County Bd. of Educ., 69 N.C. App. 615, 317 S.E.2d 912, cert. denied, 312 N.C. 81, 321 S.E.2d 893 (1984).

Habitual or Excessive Use of Alcohol. — Evidence that teacher, during the 1980-81 school year, consumed some form of alcoholic beverages at school or had the odor of alcohol on his breath at school during instructional hours, and that during the school day on occasions during the 1981-1982 school year, after reprimand and warning against the same, consumed alcoholic beverages, or had the odor of alcohol on his breath, showed conduct which, when ascribed to a career teacher in North Carolina, constituted "habitual or excessive use of alcohol" within the meaning and intent of this section, becoming thereby lawful grounds for dismissal. Faulkner v. New Bern-Craven County Bd. of Educ., 311 N.C. 42, 316 S.E.2d 281 (1984).

County board of education was entirely proper in concluding that a course of conduct involving the use of alcohol by a teacher on school property during school hours, the same being obvious to his students and other school personnel and parents, repeated after continued warnings, was "excessive" within the meaning of this section, and having properly found this course of conduct to exist, the board acted lawfully in exercising its authority to dismiss this teacher. Faulkner v. New Bern-Craven County Bd. of Educ., 311 N.C. 42, 316 S.E.2d 281 (1984).

Going to Pool Room with Loaded Shotgun. — A reasonable public school teacher of ordinary intelligence would know that going to a pool room with a loaded shotgun constituted conduct likely to become known to the general student population and would manifest a poor example; thus, teacher was properly dismissed. Barringer v. Caldwell County Bd. of Educ., 123 N.C. App. 373, 473 S.E.2d 435 (1996).

The regulations prescribing a teacher's speech and conduct are necessarily broad; they cannot possibly mention every specific kind of misconduct. The application of the regulations in each case depends on many factors, such as the age and sophistication of the students, the closeness of the relation between the specific technique used and some concededly valid educational objective, and the context and manner of presentation. Frison v. Franklin County Bd. of Educ., 596 F.2d 1192 (4th Cir. 1979).

Teachers who are entrusted with the care of small children and adolescents are intended by parents, citizenry, and lawmakers alike to serve as good examples for their young charges. Their character and conduct may be expected to be above those of the average individual not working in so sensitive a relationship as that of teacher to pupil. Faulkner v. New Bern-Craven County Bd. of Educ., 311 N.C. 42, 316 S.E.2d 281 (1984).

In balancing teacher's free speech interest and employer's administrative interest, the concern is weighing the degree of public interest in the particular expression by the teacher against the degree to which the teacher's conduct was justifiably viewed by a superintendent acting on behalf of the Board of Education as an actual or potential disruption of the operations for which the board is responsible. Stated generally, the factors to be taken into consideration include: whether the employee's personal employment situation is substantially involved in the subject matter of his speech; whether the employee's speech would tend to harm the professional reputation of its target; whether the employee's speech would tend to undermine working relationships essential to the efficient operation of the governmental activity involved; and whether the personnel actions being challenged would tend to chill the employee's exercise of his free speech rights. Gregory v. Durham County Bd. of Educ., 591 F. Supp. 145 (M.D.N.C. 1984).

Decrease in Funding. — When subsection (e)(1)*l* is read in pari materia with other relevant provisions of this section, it is apparent that the legislature intended to grant local school boards wide discretion in deciding whether to reduce personnel in response to decreased funding. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

Program-Specific Remedy to Funding Reduction. — When faced with funding reductions in a particular program, it was justifiable for a board of education to fashion a remedy that was program-specific; a board of education is not required to look across its entire budget to provide the salary for teaching positions when money originally available becomes unavailable due to a reduction of funds for an external grant program. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

Reduction of Teaching Positions in Program for Which Funds Are Cut. — City board of education was justified in reducing the number of teaching positions for its exceptional children program, where the city schools had lost a substantial portion of State and federal funds for that program; a board of education is not required to look across its entire budget to provide the salary for teaching positions when money originally available becomes unavailable due to a reduction of funds for an external grant program. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

Compensation for Improper Demotion. — Director of vocational education, demoted without statutory procedural safeguards, was entitled to salary adjustment to compensate him for any loss of salary and benefits which he suffered because of his improper demotion. Faison v. New Hanover County Bd. of Educ., 75 N.C. App. 334, 330 S.E.2d 511 (1985).

Teacher suspended without pay need not have requested reinstatement to his position when the ninety-day time period elapsed; this reinstatement was automatic. Davis v. Public Schs., 115 N.C. App. 98, 443 S.E.2d 781, cert. denied, 337 N.C. 690, 448 S.E.2d 519 (1994).

Subsequent Dismissal Proceedings Not Barred. — The General Assembly, in enacting this section, did not intend to prohibit the initiation of dismissal proceedings against a teacher who has been suspended with pay once 90 days beyond the date of such suspension have lapsed. Evers v. Pender County Bd. of Educ., 104 N.C. App. 1, 407 S.E.2d 879 (1991), aff'd, 331 N.C. 380, 416 S.E.2d 3 (1992).

While this section clearly requires the reinstatement of a teacher who has been suspended with pay once 90 days without the initiation of dismissal proceedings have lapsed, it does not prohibit the subsequent initiation of dismissal proceedings against such teacher. Evers v. Pender County Bd. of Educ., 104 N.C. App. 1, 407 S.E.2d 879 (1991), aff'd, 331 N.C. 380, 416 S.E.2d 3 (1992).

VI. NOTICE AND HEARING.

The purpose of the private hearing provision is as much for the protection of the teacher involved as for the school officials. It is a provision that finds a counterpart in other types of proceedings, since the public hearing or trial concept, while embedded in U.S. Const., Amend. VI as a requirement of criminal trials, is not inflexibly applied in all civil proceedings. Satterfield v. Edenton-Chowan Bd. of Educ., 530 F.2d 567 (4th Cir. 1975).

The Rules of Evidence, § 8C-1, are not applicable to teacher dismissal hearings before a board of education. Evers v. Pender County Bd. of Educ., 104 N.C. App. 1, 407 S.E.2d 879 (1991), aff'd, 331 N.C. 380, 416 S.E.2d 3 (1992).

Rules of Evidence and Civil Procedure Not Applicable. — The procedures prescribed by this section for the dismissal of a career teacher are essentially administrative rather than judicial. The board is not bound by the formal rules of evidence which would ordinarily obtain in a proceeding in a trial court. Nor are the Rules of Civil Procedure, G.S. 1A-1, applicable. Baxter v. Poe, 42 N.C. App. 404, 257 S.E.2d 71, cert. denied, 298 N.C. 293, 259 S.E.2d 298 (1979).

Advance Notice of Witnesses and Evidence. — Although G.S. 115C-325(j)(4) provides that formal rules of evidence do not apply to a hearing before a case manager regarding the termination of employment of a career employee of a board of education, there is no ambiguity in the notice requirements applicable to such a hearing set out in G.S. 115C-325(j)(5), which require that the employee be given advance notice of witnesses, their testimony, and documentary evidence. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

Latitude Permitted in Procedure and Reception of Evidence. — While a board of education conducting a hearing must provide all essential elements of due process, it is permitted to operate under a more relaxed set of rules than is a court of law. Boards of education, normally composed in large part of nonlawyers, are vested with the general control and supervision of all matters pertaining to the public schools in their respective administrative units, a responsibility differing greatly from that of a court. The carrying out of such a responsibility requires a wider latitude in procedure and in the reception of evidence than is allowed a court. Baxter v. Poe, 42 N.C. App. 404, 257 S.E.2d 71, cert. denied, 298 N.C. 293, 259 S.E.2d 298 (1979).

Kind of Evidence Admitted. — As long as evidence which is proffered at a teacher dismissal hearing can be said to be of a kind commonly relied upon by reasonably prudent persons in the conduct of serious affairs, such evidence is competent and may properly be admitted into evidence. Evers v. Pender County Bd. of Educ., 104 N.C. App. 1, 407 S.E.2d 879 (1991), aff'd, 331 N.C. 380, 416 S.E.2d 3 (1992).

Evidence Must Be Based on Grounds Stated in Notice. — This section was held to prohibit respondent county school board from basing petitioner career teacher's dismissal on grounds not stated in the subdivision (h)(2) notice provided to petitioner; notice of the grounds for her dismissal and an explanation of the basis for her dismissal were based on alleged insubordination, inadequate performance, and neglect of duty, but respondent improperly relied upon evidence excluded by the case manager relating to petitioner's field trips, telephone calls to a psychic hot-line, nonteaching activities, maintenance of Exceptional Children records, and relationship with a particular student. Farris v. Burke County Bd. of Educ., 143 N.C. App. 77, 544 S.E.2d 578, 2001 N.C. App. LEXIS 224 (2001), cert. granted, 353 N.C. 725, 550 S.E.2d 773 (2001), cert. granted, 353 N.C. 725, 550 S.E.2d 772 (2001).

Hearsay Held Not Violative of Due Process. — Certain hearsay testimony, at an informal hearing conducted by the board, did not violate due process. Satterfield v. Edenton-Chowan Bd. of Educ., 530 F.2d 567 (4th Cir. 1975).

Evidence of Events More Than Three Years Past Is Admissible. — While a board of education is prohibited from basing dismissal "on conduct or actions which occurred more than three years before the written notice of the superintendent's intention to recommend dismissal is mailed to the teacher," there is no prohibition against the board hearing evidence of events which occurred more than three years before the hearing. Baxter v. Poe, 42 N.C. App. 404, 257 S.E.2d 71, cert. denied, 298 N.C. 293, 259 S.E.2d 298 (1979).

But Only as Background Information. — Although a personnel file may be consulted with regard to disciplinary matters, information in it regarding conduct occurring more than three years prior may not serve as a basis for a dismissal or demotion, but only as background for such action. Gregory v. Durham County Bd. of Educ., 591 F. Supp. 145 (M.D.N.C. 1984).

Evidence Used to Refresh Recollection Only. — In hearing before board of education regarding teacher's dismissal, superintendent's use of a document containing a summary of standardized test results was used only to refresh the principal's recollection and was never presented into evidence; therefore, there was no violation of subdivision (j)(5). Hope v. Charlotte-Mecklenburg Bd. of Educ., 110 N.C. App. 599, 430 S.E.2d 472 (1993).

Case Manager Not Authorized to Make Conclusions of Law. — Nowhere does G.S. 115C-325 authorize a case manager to reach conclusions of law in hearing a school superintendent's recommendation to terminate a career employee. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

VII. JUDICIAL REVIEW.

Judicial Review Is Part of Statutory Grievance Procedure. — Since judicial review is part of statutory grievance procedure, it should not be conducted in a federal court under the doctrine of pendent jurisdiction. Frison v. Franklin County Bd. of Educ., 596 F.2d 1192 (4th Cir. 1979).

Judicial Review Not Available Where Hearing on Dismissal Was Not Requested. — Under G.S. 115C-325(n), judicial review was not available to a career status teacher who was dismissed without having requested a hearing before the board of education, as failure to request a school board hearing precluded judicial review Hummer v. Pulley, Watson, King & Lischer, P.A., 157 N.C. App. 60, 577 S.E.2d 918, 2003 N.C. App. LEXIS 375 (2003), cert. denied, 357 N.C. 459, 585 S.E.2d 758 (2003).

The role of a court in reviewing a dismissal proceeding is to examine the whole record to determine whether there is substantial evidence on which the findings of the school board are based and whether the conclusions are based on such facts and are not contrary to law. If the school board's findings and conclusions are substantiated in this manner, its order should be affirmed, regardless of the number or nature of the offenses charged. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

Creating Record for Review. — Where an appeal to the superior court, under G.S. 115C-325(n), presents a teacher his or her first opportunity to establish a record supporting allegations of impropriety before a school board considering termination of the teacher's employment, it is incumbent upon the teacher to create a record supporting the allegations at that time for any further reviewing courts. Farris v. Burke County Bd. of Educ., 355 N.C. 225, 559 S.E.2d 774, 2002 N.C. LEXIS 187 (2002).

Standards for Review. — The standards for judicial review set forth in G.S. 150A-51 (see now G.S. 150B-51) are applicable to appeals from school boards to the courts, since no other statute provides guidance for judicial review of school board decisions, in the interest of uniformity in reviewing administrative board decisions. Faulkner v. New Bern-Craven County Bd. of Educ., 311 N.C. 42, 316 S.E.2d 281 (1984).

When a teacher claimed that her contract had not been renewed because of personal reasons, the trial court properly applied a whole-record standard of review; the school board's motivation in not renewing the contract was an issue of fact. Davis v. Macon County Bd. of Educ., 178 N.C. App. 646, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

In determining whether a school board properly determined not to renew a teacher's contract under G.S. 115C-325(m)(2), the trial court had looked at all of the evidence and determined that there was substantial evidence to support the board's determination, even without inaccurate information contained in a memorandum; in doing so, it had properly applied the whole record test to the evidence presented to the board, and this justified its later denial of the teacher's motion for reconsideration. Davis v. Macon County Bd. of Educ., 178 N.C. App. 646, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

When a probationary teacher sought judicial review of a school board's decision not to renew the teacher's contract, a record showing that the school administration investigated allegations that the teacher inappropriately used a ruler and profanity while teaching, found these allegations to be supported by evidence, communicated these findings to the school board, in addition to information about the teacher's "below standard" and "unsatisfactory" performance evaluation with respect to certain elements, and that, in conjunction with all of this information, the superintendent recommended that the teacher's contract not be renewed, was sufficient under the whole record test to support the board's decision as non-arbitrary. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

Scope of Review. — On appeal of dismissal, review was limited to determining whether the superior court correctly decided that the board's decision to dismiss plaintiff on the grounds of immorality and insubordination was supported by substantial evidence in light of the whole record. Crump v. Board of Educ., 79 N.C. App. 372, 339 S.E.2d 483, cert. denied, 317 N.C. 333, 346 S.E.2d 137 (1986).

What Evidence Considered on Review. — Although the reviewing superior court must still look for substantial evidence in the record as a whole which is competent and material, it may not exclude testimony from its consideration merely because it would otherwise violate a rule of evidence. Thompson v. Wake County Bd. of Educ., 31 N.C. App. 401, 230 S.E.2d 164 (1976), rev'd on other grounds, 292 N.C. 406, 233 S.E.2d 538 (1977).

When a probationary teacher sought judicial review of a school board's decision not to renew the teacher's contract, a trial court properly struck exhibits the teacher proffered to the trial court because the trial court's review was limited to the record before the school board. Moore v. Charlotte-Mecklenburg Bd. of Educ., 185 N.C. App. 566, 649 S.E.2d 410, 2007 N.C. App. LEXIS 1936 (2007).

Consideration of Panel Report. — A trial judge reviewing a school board decision must not only consider the complete testimony of all the witnesses, he must also consider the panel report of the Professional Review Committee, which is "deemed to be competent evidence," and when it is introduced, becomes part of the record. Thompson v. Wake County Bd. of Educ., 292 N.C. 406, 233 S.E.2d 538 (1977).

Statute of Limitations. — A civil action in which plaintiff sought reinstatement as a classroom teacher in defendant board of education's school system and back pay and other benefits arising out of defendant's alleged violation of the Teacher Tenure Act was not governed by the two year statute of limitations set out in G.S. 1-53(1), which applies to an action upon a contract against a local unit of government; the applicable statute of limitations was the three year statute in G.S. 1-52(2) "upon a liability created by statute." Rose v. Currituck County Bd. of Educ., 83 N.C. App. 408, 350 S.E.2d 376 (1986).

Plaintiff teacher's claim was properly before the Superior Court even though the complaint was filed approximately two years after the non-renewal decision by defendant school board, where her alleged injury occurred in 1996 when there was no special statutory appeal procedure for probationary teachers and the amendment to this section was not yet codified. Craig v. Asheville City Bd. of Educ., 142 N.C. App. 518, 543 S.E.2d 186, 2001 N.C. App. LEXIS 145 (2001).

Teacher's claim for declaratory judgment under G.S. 115C-325(c)(2) was time-barred by the three year statute of limitations under G.S. 1-52(2), as the teacher did not timely file his claim and the continuing wrong doctrine did not apply. Because the teacher had obtained career status in a public school system, under G.S. 115C-325(c)(2), the board of education was required to vote on his career status by 15 June 2001; however, the teacher did not file his complaint until 15 June 2005. Hicks v. Wake County Bd. of Educ., 187 N.C. App. 485, 653 S.E.2d 236, 2007 N.C. App. LEXIS 2422 (2007).

Dismissal Upheld. — Competent and substantial evidence existed to support the education board's findings and conclusion that petitioner teacher should be dismissed for insubordination. Hope v. Charlotte-Mecklenburg Bd. of Educ., 110 N.C. App. 599, 430 S.E.2d 472 (1993).

Governmental Immunity. — The defendant school board was not entitled to a dismissal of plaintiff's statutory claims under this section via governmental immunity although she requested traditional tort remedies such as damages for emotional distress and future lost wages; governmental immunity is only effective as an affirmative defense against tort claims, and the question of available remedies was not before the court since the defendant failed to cite any authority in support of its argument. Craig v. Asheville City Bd. of Educ., 142 N.C. App. 518, 543 S.E.2d 186, 2001 N.C. App. LEXIS 145 (2001).

VIII. RESIGNATION.

Right to Resign. — A public school teacher can resign whenever he sees fit, though not necessarily with impunity, and his superintendent has the authority to accept his resignation. Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986).

Board's Approval of Resignation. — When plaintiff resigned his position as principal of high school and superintendent accepted it, it was final; the subsequent approval of the resignation by the county board of education was a gratuitous, meaningless formality. Warren v. Buncombe County Bd. of Educ., 80 N.C. App. 656, 343 S.E.2d 225 (1986).

OPINIONS OF ATTORNEY GENERAL

As to applicability of former corresponding section, see opinion of Attorney General to Mr. William A. Dees, Jr., 41 N.C.A.G. 845 (1972).

Personnel File Must Contain Certain Items But Is Not Limited in What It May Contain. — See opinion of Attorney General to Mr. William A. Dees, 41 N.C.A.G. 782 (1972).

Career Status of School Psychologists And Speech Pathologists. — Neither Section 110 of the 1990 Current Appropriations Act, 1989 N.C. Sess. Laws ch. 1066 nor Section 28.14(d) of the 1996 Current Appropriations Act, 1996 N.C. Sess Laws ch. 18 (1996 Second Extra Session) had the effect, or were intended by the General Assembly to have the effect, of making either school psychologists or speech pathologists ineligible for career status. See opinion of Attorney General to Mr. Jim Deni, Vice-Chair Watauga County Board of Education, 1997 N.C.A.G. 53 (8/21/97).

Evidentiary Scope of A School Board Hearing. — If a career employee chooses to bypass the case manager hearing, the record before the board in a hearing pursuant to subdivision (j2)(3) of this section must include the superintendent's recommendation and grounds for the recommendation as defined in subdivision (h)(2) of this section, documentary evidence submitted by the superintendent and the employee, the parties' briefs on the law and evidence in the record, and oral arguments. The career employee waives his right to present nondocumentary evidence unless the board exercises its discretion under G.S. G.S. 115C-45 to subpoena additional evidence or testimony that might aid in its decision. See opinion of Attorney General to Mr. L. P. Hornthal, Jr. Hornthal, Riley, Ellis & Maland, LLP, 1997 N.C.A.G. 69 (12/5/97).

Part 3A. Job Sharing by School Employees.

§ 115C-326.5. Job sharing by school employees.

(a) The General Assembly finds that there is a shortage of qualified public school employees available in certain geographical areas of the State. The elimination of administrative and fiscal limitations on job-sharing arrangements would make employment in a public school an attractive option for well-qualified persons who do not wish to work full time.

(b) A "school employee in a job-sharing position" is a person who is employed by a local board of education as a public school employee for at least fifty percent (50%) of the applicable workweek, as defined by that local board of education.

(c) The State Board of Education shall adopt rules to facilitate job sharing by public school employees. These rules shall provide that an employee in a job-sharing position shall receive paid legal holidays, annual vacation leave, sick leave, and personal leave on a pro rata basis. Such an employee shall also receive service credit under the Teachers' and State Employees' Retirement System as provided in G.S. 135-4(b) and insurance benefits as provided in Article 3 of Chapter 135 of the General Statutes. (2003-358, s. 2.)

Editor's Note. — Session Laws 2003-358, s. 5, provides: "Nothing in this act shall be construed to require local school administrative units to place part-time employees in job-sharing positions or to hire employees in job-sharing positions."

Part 4. Personnel Administration Commission for Public School Employees.

§§ 115C-327 through 115C-329: Repealed by Session Laws 1997-18, s. 10.

Part 5. Employment of Handicapped.

§ 115C-330. Employment of handicapped.

The Board and each local educational agency shall make positive efforts to employ and advance in employment qualified handicapped individuals. (1977, c. 927, s. 1; 1981, c. 423, s. 1.)

§ 115C-331: Reserved for future codification purposes.

Part 6. Criminal History Checks.

§ 115C-332. School personnel criminal history checks.

(a) As used in this section:

(1) "Criminal history" means a county, state, or federal criminal history of conviction of a crime, whether a misdemeanor or a felony, that indicates the employee (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as public school personnel. Such crimes include the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 5A, Endangering Executive and Legislative Officers; Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 14, Burglary and Other Housebreakings; Article 15, Arson and Other Burnings; Article 16, Larceny; Article 17, Robbery;

Article 18, Embezzlement; Article 19, False Pretense and Cheats; Article 19A, Obtaining Property or Services by False or Fraudulent Use of Credit Device or Other Means; Article 20, Frauds; Article 21, Forgery; Article 26, Offenses Against Public Morality and Decency; Article 26A, Adult Establishments; Article 27, Prostitution; Article 28, Perjury; Article 29, Bribery; Article 31, Misconduct in Public Office; Article 35, Offenses Against the Public Peace; Article 36A, Riots and Civil Disorders; Article 39, Protection of Minors; and Article 60, Computer-Related Crime. Such crimes also include possession or sale of drugs in violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5. In addition to the North Carolina crimes listed in this subparagraph, such crimes also include similar crimes under federal law or under the laws of other states.

(2) "School personnel" means any:
  a. Employee of a local board of education whether full-time or part-time, or
  b. Independent contractor or employee of an independent contractor of a local board of education, if the independent contractor carries out duties customarily performed by school personnel,

whether paid with federal, State, local, or other funds, who has significant access to students. School personnel includes substitute teachers, driver training teachers, bus drivers, clerical staff, and custodians.

(b) Each local board of education shall adopt a policy on whether and under what circumstances an applicant for a school personnel position shall be required to be checked for a criminal history before the applicant is offered an unconditional job. Each local board of education shall apply its policy uniformly in requiring applicants for school personnel positions to be checked for a criminal history. A local board of education that requires a criminal history check for an applicant may employ an applicant conditionally while the board is checking the person's criminal history and making a decision based on the results of the check.

A local board of education shall not require an applicant to pay for the criminal history check authorized under this subsection.

(c) The Department of Justice shall provide to the local board of education the criminal history from the State and National Repositories of Criminal Histories of any applicant for a school personnel position in the local school administrative unit for which a local board of education requires a criminal history check. The local board of education shall require the person to be checked by the Department of Justice to (i) be fingerprinted and to provide any additional information required by the Department of Justice to a person designated by the local board, or to the local sheriff or the municipal police, whichever is more convenient for the person, and (ii) sign a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the repositories. The local board of education shall consider refusal to consent when making employment decisions and decisions with regard to independent contractors.

The local board of education shall not require an applicant to pay for being fingerprinted.

(d) The local board of education shall review the criminal history it receives on a person. The local board shall determine whether the results of the review indicate that the applicant or employee (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as public school personnel and shall use the information when making employment decisions and decisions with regard to independent contractors. The local board shall make written findings with regard to how it used the information when making employment decisions and decisions with regard to independent contractors. The local board may delegate any of the duties in this subsection to the superintendent.

(e) The local board of education, or the superintendent if designated by the local board of education, shall provide to the State Board of Education the criminal history it receives on a person who is certificated, certified, or licensed by the State Board of Education. The State Board of Education shall review the criminal history and determine whether the person's certificate or license should be revoked in accordance with State laws and rules regarding revocation.

(f) All the information received by the local board of education through the checking of the criminal history or by the State Board of Education in accordance with this section is privileged information and is not a public record but is for the exclusive use of the local board of education or the State Board of Education. The local board of education or the State Board of Education may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(g) There shall be no liability for negligence on the part of a local board of education, or its employees, or the State Board of Education, or its employees, arising from any act taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Articles 31A and 31B of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Chapter 31 of Chapter 143 of the General Statutes.

(h) Any applicant for employment who willfully furnishes, supplies, or otherwise gives false information on an employment application that is the basis for a criminal history record check under this section shall be guilty of a Class A1 misdemeanor. (1995, c. 373, s. 1; 2001-376, s. 1.)

§ 115C-332.1. Sex offender registries checks for certain contractual personnel.

(a) For purposes of this section, the term "contractual personnel" includes any individual or entity under contract with the local board of education whose contractual job involves direct interaction with students as part of the job. For purposes of this section, the term "contractual personnel" does not include any person covered under G.S. 115C-332.

(b) Each local board of education shall require, as a term of any contract the local board of education enters, that employers of a person who is contractual personnel conduct an annual check of that person on the State Sex Offender and Public Protection Registration Program, the State Sexually Violent Predator Registration Program, and the National Sex Offender Registry. As a term of any contract, a local board of education shall prohibit any contractual personnel listed on the State Sex Offender and Public Protection Registration Program, the State Sexually Violent Predator Registration Program, and the National Sex Offender Registry from having direct interaction with students. (2008-117, s. 21.)

Editor's Note. — Session Laws 2008-117, s. 22, made this section effective December 1, 2008, and applicable to offenses committed on or after that date.

Session Laws 2008-117, s. 21.1 is a severability clause.

Part 7. Personnel Evaluations.

§ 115C-333. Evaluation of certified employees including certain superintendents; action plans; State board notification upon dismissal of employees.

(a) Annual Evaluations; Low-Performing Schools. — Local school administrative units shall evaluate at least once each year all certified employees assigned to a school that has been identified as low-performing, but has not received an assistance team. The evaluation shall occur early enough during the school year to provide adequate time for the development and implementation of an action plan if one is recommended under subsection (b) of this section. If the employee is a teacher as defined under G.S. 115C-325(a)(6), either the principal, the assistant principal who supervises the teacher, or an assessment team assigned under G.S. 115C-334 shall conduct the evaluation. If the employee is a school administrator as defined under G.S. 115C-287.1(a)(3), either the superintendent or the superintendent's designee shall conduct the evaluation.

Notwithstanding this subsection or any other law, all teachers who have not attained career status shall be observed at least three times annually by the principal or the principal's designee and at least once annually by a teacher and shall be evaluated at least once annually by a principal. All other employees defined as teachers under G.S. 115C-325(a)(6) who are assigned to schools that are not designated as low-performing shall be evaluated annually unless a local board adopts rules that allow specified categories of teachers with career status to be evaluated more or less frequently. Local boards also may adopt rules requiring the annual evaluation of noncertified employees. This section shall not be construed to limit the duties and authority of an assistance team assigned to a low-performing school under G.S. 115C-105.38.

A local board shall use the performance standards and criteria adopted by the State Board unless the board develops an alternative evaluation that is properly validated and that includes standards and criteria similar to those adopted by the State Board. All other provisions of this section shall apply if a local board uses an evaluation other than one adopted by the State Board.

(b) Action Plans. —

(1) If a certified employee in a low-performing school receives an unsatisfactory or below standard rating on any function of the evaluation that is related to the employee's instructional duties, the individual or team that conducted the evaluation shall recommend to the superintendent that: (i) the employee receive an action plan designed to improve the employee's performance; or (ii) the superintendent recommend to the local board that the employee be dismissed or demoted. The superintendent shall determine whether to develop an action plan or to recommend a dismissal proceeding. Action plans shall be developed by the person who evaluated the employee or the employee's supervisor unless the evaluation was conducted by an assistance team or an assessment team. If the evaluation was conducted by an assistance team or an assessment team, that team shall develop the action plan in collaboration with the employee's

supervisor. Action plans shall be designed to be completed within 90 instructional days or before the beginning of the next school year. The State Board shall develop guidelines that include strategies to assist local boards in evaluating certified employees and developing effective action plans within the time allotted under this section. Local boards may adopt policies for the development and implementation of action plans or professional development plans for employees who do not require action plans under this section.

(2) Local boards shall adopt policies to require action plans for all certified employees who receive a below standard or unsatisfactory rating on an evaluation in the event the superintendent does not recommend dismissal, demotion, or nonrenewal.

(c) Reevaluation. — Upon completion of an action plan under subdivision (1) of subsection (b) of this section, the superintendent, the superintendent's designee, or the assessment team shall evaluate the employee a second time. If on the second evaluation the employee receives one unsatisfactory or more than one below standard rating on any function that is related to the employee's instructional duties, the superintendent shall recommend that the employee be dismissed or demoted under G.S. 115C-325. The results of the second evaluation shall constitute substantial evidence of the employee's inadequate performance.

(d) State Board Notification. — If a local board dismisses an employee for any reason except a reduction in force under G.S. 115C-325(e)(1)l. it shall notify the State Board of the action, and the State Board annually shall provide to all local boards the names of those individuals. If a local board hires one of these individuals, within 60 days the superintendent or the superintendent's designee shall observe the employee, develop an action plan to assist the employee, and submit the plan to the State Board. The State Board shall review the action plan and may provide comments and suggestions to the superintendent. If on the next evaluation the employee receives an unsatisfactory or below standard rating on any function that is related to the employee's instructional duties, the local board shall notify the State Board and the State Board shall revoke the employee's certificate under G.S. 115C-296(d). If on the next evaluation the employee receives at least a satisfactory rating on all the functions related to the employee's instructional duties, the local board shall notify the State Board that the employee is in good standing and the State Board shall not continue to provide the individual's name to local boards under this subsection unless the employee is subsequently dismissed under G.S. 115C-325 except for a reduction in force.

(e) Civil Immunity. — There shall be no liability for negligence on the part of the State Board of Education or a local board of education, or their employees, arising from any action taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Articles 31A and 31B of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(f) Local Board Evaluation of Certain Superintendents. — Each year the local board of education shall evaluate the superintendent employed by the local school administrative unit and report to the State Board the results of that evaluation if during that year the State Board designated as low-performing:

(1) One or more schools in a local school administrative unit that has no more than 10 schools.

(2) Two or more schools in a local school administrative unit that has no more than 20 schools.
(3) Three or more schools in a local school administrative unit that has more than 20 schools. (1998-5, s. 4; 1998-220, ss. 14, 15.)

§ 115C-334. Assessment teams.

The State Board shall develop guidelines for local boards to use to create assessment teams. A local board shall assign an assessment team to every low-performing school in the local school administrative unit that has not received an assistance team. Local boards shall ensure that assessment team members are trained in the proper administration of the employee evaluation used by the local school administrative unit. If service on an assessment team is an additional duty for an employee of a local board, the board may pay the employee for that additional work.

Assessment teams shall have the following duties:
(1) Conduct evaluations of certified employees in low-performing schools;
(2) Provide technical assistance and training to principals, assistant principals, superintendents, and superintendents' designees who conduct evaluations of certified employees;
(3) Develop action plans for certified employees; and
(4) Assist principals, assistant principals, superintendents, and superintendents' designees in the development and implementation of action plans. (1998-5, s. 4.)

§ 115C-335. Development of performance standards and criteria for certified employees; training and remediation programs.

(a) Development of Performance Standards. — The State Board, in consultation with local boards of education, shall revise and develop uniform performance standards and criteria to be used in evaluating certified public school employees, including school administrators. These standards and criteria shall include improving student achievement, employee skills, and employee knowledge. The standards and criteria for school administrators also shall include building-level gains in student learning and effectiveness in providing for school safety and enforcing student discipline. The State Board shall develop rules regarding the use of these standards and criteria. The State Board also shall develop guidelines for evaluating superintendents. The guidelines shall include criteria for evaluating a superintendent's effectiveness in providing safe schools and enforcing student discipline.

(b) Training. — The State Board, in collaboration with the Board of Governors of The University of North Carolina, shall develop programs designed to train principals and superintendents in the proper administration of the employee evaluations developed by the State Board. The Board of Governors shall use the professional development programs for public school employees that are under its authority to make this training available to all principals and superintendents at locations that are geographically convenient to local school administrative units. The programs shall include methods to determine whether an employee's performance has improved student learning, the development and implementation of appropriate action plans, the process for contract nonrenewal, and the dismissal process under G.S. 115C-325. The Board of Governors shall ensure that the subject matter of the training programs is incorporated into the masters in school administration programs offered by the constituent institutions. The State Board, in collaboration with the Board of Governors, also shall develop in-service programs for certified public school employees that may be included in an action plan created under G.S. 115C-333(b). The Board of Governors shall use the professional development programs for public school employees that are under its authority to make this training available at locations that are geographically convenient to local school administrative units. (1998-5, s. 4.)

Part 8. Sexual Harassment Policies.

§ 115C-335.5. Policies addressing harassment of school employees; protection against retaliation for reporting harassment.

(a) Each local board of education may adopt a policy addressing the sexual harassment of local board employees by students, other local board employees, or school board members. The policy may, at a minimum, set out (i) the consequences of sexually harassing school employees and (ii) a procedure for reporting incidents of sexual harassment.

(b) No local board of education or employee of a local board shall discharge, threaten, or otherwise retaliate against another employee of the board regarding that employee's compensation, terms, conditions, location, or privileges of employment because the employee files a written complaint alleging sexual harassment by students, other local board employees, or school board members, unless the employee reporting the harassment knew or should have known the report was false. (1999-352, s. 1; 2001-173, s. 1.)

Editor's Note. — This section was enacted as G.S. 115C-335 and was redesignated as G.S. 115C-335.5, under Part 8 of Article 22, at the direction of the Revisor of Statutes.

CASE NOTES

Actionable Sexual Harassment. — Given inter alia, the provisions of G.S. 143-422.2, 115C-335.5, 115C-325, 14-395.1, there was no question that the right to be free of sexual harassment in the workplace was implicated in declaration of North Carolina's public policy. ARTICLE 23.

Employment Benefits.

§ 115C-336. Sick leave.

(a) All public school employees shall be permitted a minimum of five days per school term of sick leave, pursuant to rules and regulations promulgated by the State Board of Education as provided in G.S. 115C-12(8).

(b) The State Board of Education shall adopt rules and regulations for the establishment of voluntary sick leave banks by local boards of education, from which an employee, upon exhaustion of accumulated sick leave and annual leave, when allowable, may withdraw sick leave days in the event of emergency or catastrophic illness. These rules may include, but not be limited to, (i) requirements of minimum service and minimum balance of sick leave before an employee may join the sick leave bank, (ii) enrollment periods for present employees and new hires, (iii) time limits for rejoining the sick leave bank, (iv) limitation on number of days which can be withdrawn by any employee, (v) waiting period before being eligible to withdraw sick leave, (vi) exclusion of illness or injury covered by Workers' Compensation Benefits, (vii) certification by physician attesting to member's illness or accident, (viii) administration of each sick leave bank by a Sick Leave Bank Committee to be made up of representatives of different classifications of employees, and (ix) other requirements to prevent any adverse selection by employees. The rules concerning the establishment of sick leave banks shall include provisions for notifying employees who donate sick leave to and employees who withdraw sick leave from the sick leave bank, of the State retirement credit consequences as to the donated sick leave.

(c) The State Board of Education shall also adopt rules and regulations to authorize an employee who requires a substitute to use annual leave on days that students are in attendance if the employee has exhausted all of the employee's sick leave and if the employee's absence is due to the catastrophic illness of the employee. The employee shall not be required to pay the substitute.

(d) The State Board of Education shall adopt rules relating to the reinstatement of unused sick leave when an employee who was employed on a 10-month contract at the time of separation returns to employment on a 10-month contract. Under these rules, the maximum period of separation after which unused sick leave is reinstated shall be three calendar months longer for school personnel employed on a 10-month contract than for school personnel employed on a 12-month contract. (1981, c. 423, s. 1; 1993, c. 321, s. 72(a); 1995, c. 324, s. 17.4; 2009-144, s. 1.)

Effect of Amendments. — Session Laws 2009-144, s. 1, effective July 1, 2009, added subsection (d).

§ 115C-336.1. Parental leave.

A school employee may use annual leave or leave without pay to care for a newborn child or for a child placed with the employee for adoption or foster care. A school employee may also use up to 30 days of sick leave to care for a child placed with the employee for adoption. The leave may be for consecutive workdays during the first 12 months after the date of birth or placement of the child, unless the school employee and the local board of education agree otherwise. (2002-159, s. 37.5(b).)

§ 115C-337. Workers' compensation for school employees.

(a) Workers' Compensation Act Applicable to School Employees. — The provisions of the Workers' Compensation Act shall be applicable to all school employees, and the State Board of Education shall make arrangements necessary to carry out the provisions of the Workers' Compensation Act applicable to these employees paid from State school funds. Liability of the State for compensation shall be confined to school employees paid by the State from State school funds for injuries or death caused by accident arising out of and in the course of their employment in connection with the state-operated school term. The State shall be liable for this compensation on the basis of the average weekly wage of the employees as defined in the Workers' Compensation Act, to the extent of the proportionate part of each employee's salary that is paid from State funds. The State shall also be liable for workers' compensation for all school employees employed in connection with the teaching of vocational agriculture, home economics, trades and industries, and other vocational subjects, supported in part by State and federal funds, which liability shall cover the entire period of service of these employees, to the extent of the proportionate part of each employee's salary that is paid from State funds. The local school administrative units shall be liable for workers' compensation for school employees, including lunchroom employees, whose salaries or wages are paid by the local units from local or special funds. The local units may provide insurance to cover this compensation liability and to include the cost of this insurance in their annual budgets.

The provisions of this subsection shall not apply to any person, firm, or corporation making voluntary contributions to schools for any purpose, and the person, firm, or corporation shall not be liable for the payment of any sum of money under this Chapter.

(b) Payment of Awards to School Bus Drivers Pursuant to the Workers' Compensation Act. — In the event that the Industrial Commission shall make an award pursuant to the Workers' Compensation Act against any local board of education on account of injuries to or the death of a school bus driver arising out of and in the course of his employment as such driver, the local board of education shall draw a requisition upon the State Board of Education for the amount required to pay such award. The State Board of Education shall honor such requisition to the extent that it shall have in its hands, or subject to its control, available funds which have been or shall thereafter be appropriated by the General Assembly for the support of the school term. It shall be the duty of the local board of education to apply all funds received by it from the State Board of Education pursuant to such requisition to the payment of such award. Neither the State nor the State Board of Education shall be deemed the employer of such school bus driver, nor shall the State or the State Board of Education be liable to any school bus driver or any other person for the payment of any claim, award, or judgment under the provisions of the Workers' Compensation Act or of any other law of this State for any injury or death arising out of or in the course of the operation by such driver of a public school bus. Neither the local board of education, the local school administrative unit, nor the tax levying authorities for the local school administrative unit shall be liable for the payment of any award made pursuant to the provisions of this subsection in excess of the amount paid upon such requisition by the State Board of Education, nor shall the local school board of education, the local school administrative unit, nor the said tax levying authorities be required to provide or carry workers' compensation insurance for such purpose. (1955, c. 1292; c. 1372, art. 18, s. 9; 1979, c. 714, s. 2; 1981, c. 423, s. 1; 1995, c. 324, s. 17(b).)

§ 115C-338. Salaries for employees injured during an episode of violence.

(a) For the purpose of this section, "employee" shall mean any teacher, helping teacher, librarian, principal, supervisor, superintendent of public schools or any full-time employee, city or county, superintendent of public instruction, or any full-time employee of Department of Public Instruction, president, dean or teacher, or any full-time employee in any educational institution supported by and under the control of the State: Provided, that the term "teacher" shall not include any part-time, temporary, or substitute teacher or employee, and shall not include those participating in an optional retirement program provided for in G.S. 135-5.1. In all cases of doubt, the Board of Trustees, as defined in G.S. 135-1(7), shall determine whether any person is a teacher as herein defined.

(b) Any employee who while engaged in the course of his employment or in any activities incidental thereto, suffers any injury or disability resulting from or arising out of any episode of violence by one or more persons shall be entitled to receive his full salary during the shortest of these periods: one year, the continuation of his disability, or the time during which he is unable to engage in his employment because of injury. An episode of violence shall be defined to mean but shall not be limited to any acts of violence directed toward any school building or facility, or to any employee or any student by any person including but not limited to another student. These benefits shall be in lieu of all other income or disability benefits payable under workers' compensation to such employee only during the period prescribed herein. Thereafter, such teacher shall be paid such income or disability payments to which he might be entitled under workers' compensation. If the employment of a substitute is necessitated by the disability of the injured employee the salary of such substitute shall be paid from the same source of funds from which the employee is paid. This section shall in no way limit the right of the injured employee to receive the benefits of medical, hospital, drug and related expense payments from any source, including workers' compensation: Provided, further, that this section shall not apply to any employee who is injured while he participates in or provokes such episode of violence except as is incident to the maintenance or restoration of order or classroom discipline or to defend himself: Provided, further, that this section shall be given liberal construction and interpretation as to any and all definitions, conditions, and factual circumstances set forth herein.

(c) Any employee claiming the benefits of this section shall file claim with the board of education employing such employee within one year after the occurrence giving rise to his alleged injury. That board of education shall, within 30 days after receipt of such claim, decide whether and to what extent that employee is entitled to the benefits of this section and shall forthwith transmit its decision in writing to such employee. That employee shall, however, have the right to appeal the decision of that board of education to the North Carolina Industrial Commission by serving that board of education and the North Carolina Industrial Commission with written notice thereof within 30 days after receipt of the board's written decision. In determining all appeals under this section the North Carolina Industrial Commission shall constitute a court for the purpose of hearing de novo and passing upon all claims thereby presented in accordance with procedures utilized by the Commission in determining claims under the Workers' Compensation Act. The decision of the

Industrial Commission in each instance shall be subject to appeal to the North Carolina Court of Appeals as provided in G.S. 143-293 and 143-294. (1971, c. 640, ss. 1, 2; 1973, c. 753; 1979, c. 714, s. 2; 1981, c. 423, s. 1.)

§ 115C-339. Retirement plan.

Provisions for retirement plans for public school employees may be found in Chapter 135 of the General Statutes. (1981, c. 423, s. 1.)

§ 115C-340. Health insurance.

(a) The State Board of Education may authorize and empower any local board of education, the board of trustees of any community college, or other governing authority, within the State, to establish a voluntary payroll deduction plan for premiums for any type of group insurance, including health insurance, established and authorized by the laws of this State.

(b) Any employee of any local board of education, any community college, or of any educational association, may enter into a written agreement with his employer for the purpose of carrying out the provisions of this section. The State Board of Education is authorized and empowered to make and promulgate rules and regulations to carry out the purposes of this section. (1969, c. 591; 1981, c. 423, s. 1; 1987, c. 564, ss. 12, 16.)

§ 115C-341. Annuity contracts.

Notwithstanding the provisions of this Chapter for the adoption of State and local salary schedules for the pay of teachers, principals, superintendents, and other school employees, local boards of education may enter into annual contracts with any employee of such board which provide for a reduction in salary below the total established compensation or salary schedule for a term of one year. The local board of education shall use the funds derived from the reduction in the salary of the employee to purchase a nonforfeitable annuity contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity contract. Funds used by the local boards of education for the purchase of an annuity contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective.

The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education.

Notwithstanding any other provisions of this section, the amount by which the salary of any employee is reduced pursuant to this section shall be included in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes.

In lieu of the annuity contracts provided for under this section, interests in custodial accounts pursuant to Section 401(f), Section 403(b)(7), and related sections of the Internal Revenue Code of 1986 as amended may be purchased for the benefit of qualified employees under this section with the funds derived from the reduction in the salaries of such employees. (1963, c. 582; 1981, c. 423, s. 1; 1989, c. 526, s. 1.)

§ 115C-341.1. Flexible Compensation Plan.

Notwithstanding any other provisions of law relating to the salaries of employees of local boards of education, the State Board of Education is authorized to provide a plan of flexible compensation to eligible employees of local school administrative units for benefits available under Section 125 and related sections of the Internal Revenue Code of 1986 as amended. This plan shall not include those benefits provided to employees under Articles 1, 3, and 6 of Chapter 135 of the General Statutes nor any vacation leave, sick leave, or any other leave that may be carried forward from year to year by employees as a form of deferred compensation. In providing a plan of flexible compensation, the State Board may authorize local school administrative units to enter into agreements with their employees for reductions in the salaries of employees electing to participate in the plan of flexible compensation provided by this section. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the State Board decide to contract with a third party to administer the terms and conditions of a plan of flexible compensation as provided by this section, it may select such a contractor only upon a thorough and completely advertised competitive procurement process. (1989 (Reg. Sess., 1990), c. 1059, s. 1; 1991 (Reg. Sess., 1992), c. 1044, s. 14(f); 1993, c. 561, s. 42; 1993 (Reg. Sess., 1994), c. 769, s. 7.28A; 1997-443, s. 33.20(a); 1999-237, s. 28.27(a).)

§ 115C-342. Group insurance and credit unions.

(a) The State Board of Education may authorize and empower any local board of education, the board of trustees of any community college, or other governing authority, within the State, to establish a voluntary payroll deduction plan for:

(1) Premiums for any type of group insurance established and authorized by the laws of this State.

(2) Amounts authorized by members of the State Employees' Credit Union or any local teachers' credit unions to be deposited with such organizations.

(3) Loans made to teachers by credit unions.

(b) Any employee of any local board of education, any community college, or of any educational association, may enter into a written agreement with his employer for the purpose of carrying out the provisions of this section. The State Board of Education is authorized and empowered to make and promulgate rules and regulations to carry out the purposes of this section.

(c) Any public school teacher who is a member of a credit union organized and established under Chapter 54 of the General Statutes may, by executing a written consent to the local school administrative unit by whom employed, authorize periodical payment or obligation to such credit union to be deducted from their salaries or wages, and such deductions shall be made and paid to said credit union as and when said salaries and wages are payable. (1969, c. 591; 1981, c. 423, s. 1; 1987, c. 564, ss. 12, 16.)

§ 115C-343. Payroll savings plan for purchase of United States bonds.

(a) The State Board of Education may authorize any local school administrative school unit within the State to establish a voluntary payroll deduction plan for the purchase of United States Savings Bonds by the employees of such local school administrative unit, and to set up the necessary machinery for carrying out the purposes of this section.

(b) Any employee of any local school administrative school unit within the State may enter into a written agreement with the local board of education by which he is employed and which has adopted such payroll savings plan to authorize deductions from his salary of certain designated sums to be invested in United States Savings Bonds of the kind and type specified in such agreement.

(c) Upon execution of such agreement by an employee of any local school administrative unit the local board of education employing such person is authorized and empowered to deduct the sum specified in said agreement from the weekly or monthly salary of such employee and to show deductions on all payrolls in a manner similar to that in the weekly or monthly salary of such employee and to show deductions on all payrolls in a manner similar to that in which withholding tax and retirement are shown. Such sums shall be deposited monthly with a depository authorized by the United States Treasury Department. The sums so deposited shall be held by the depository until sufficient moneys have accumulated to the credit of each individual sufficient to purchase a bond, and such sums shall be invested in United States Savings Bonds for and on behalf of such employee, and the bonds shall be delivered to the employee as soon as practicable: Provided, that no coercion shall be exercised to require any person to participate in such plan.

(d) Such agreement may be canceled by the employee executing the same by giving written notice to the superintendent of schools who is ex officio secretary to the local board of education, not later than the fifteenth day of the month in which he desires such agreement to be terminated; and the local board of education may cancel any agreement herein provided for upon giving 10 days written notice to the affected employee. Upon the termination of the agreement, the depository is hereby authorized and directed to refund any amount of money held for such employee. (1957, c. 751, ss. 1-4; 1981, c. 423, s. 1.)

ARTICLE 24.

Interstate Agreement on Qualifications of Educational Personnel.

§ 115C-349. Purpose, findings, and policy.

(a) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(b) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this Compact can increase the availability of educational manpower. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-350. Definitions.

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(1) "Accept" or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(2) "Designated state official" means the educational official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(4) "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools, is acceptable in accordance with the terms of a contract made pursuant to G.S. 115C-351.

(5) "Receiving state" means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to G.S. 115C-351.

(6) "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-351. Interstate educational personnel contracts.

(a) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this section only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(b) Any such contract shall provide for:

(1) Its duration.

(2) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(3) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(4) Any other necessary matters.

(c) No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

(d) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(e) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(f) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-352. Approved and accepted programs.

(a) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(b) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-353. Interstate cooperation.

The party states agree that:

(1) They will, so far as practicable, prefer the making of multilateral contracts pursuant to G.S. 115C-351 of this agreement.

(2) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-354. Agreement evaluation.

The designated state officials of any party state(s) may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-355. Other arrangements.

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-356. Effect and withdrawal.

(a) This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(b) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(c) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-357. Construction and severability.

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters. (1969, c. 631, s. 1; 1981, c. 423, s. 1.)

§ 115C-358. Designated state official.

For the purposes of the agreement set forth in this Article the "designated state official" for this State shall be the Superintendent of Public Instruction. He shall enter into contracts pursuant to G.S. 115C-351 only with the approval of the specific text thereof by the State Board of Education. (1969, c. 631, s. 2; 1981, c. 423, s. 1.)

There is established the North Carolina Teaching Fellows Commission. This Commission shall exercise its powers and functions independently of the State Board of Education and the Department of Public Instruction. The Public School Forum of North Carolina, Inc., shall provide staff and office space to the Commission. Staff to the Commission are not State employees. (1985 (Reg. § 115C-363.23. Membership.

(a) The Commission shall consist of 11 nonlegislative members as follows:

Terms of commission members appointed under this section expire on June 30 of the year of expiration. In 1990, three members shall be appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives, one for a term to expire June 30, 1992, one for a term to expire June 30, 1993, and one for a term to expire June 30, 1994. In 1990, three members shall be appointed by the General Assembly upon the recommendation of the President of the Senate, one for a term to expire June 30, 1991, one for a term to expire June 30, 1992, and one for a term to expire June 30, 1993. (c) Commission members shall be appointed for four-year terms, with the first appointments to expire July 1, 1990.

(d) In the event a vacancy occurs for any reason, the vacancy shall be filled by appointment by the entity that made the appointment, except that vacancies in appointments by the General Assembly shall be filled under G.S.

§ 115C-363.23A. Teaching Fellows Program established; administration.

(a) A Teaching Fellows Program shall be administered by the North Carolina Teaching Fellows Commission. The Teaching Fellows Program shall be used to provide a four-year scholarship loan of six thousand five hundred dollars ($6,500) per year to North Carolina high school seniors interested in preparing to teach in the public schools of the State. The Commission shall adopt very stringent standards, including minimum grade point average and scholastic aptitude test scores, for awarding these scholarship loans to ensure that only the best high school seniors receive them.

(b) The Commission shall administer the program in cooperation with teacher training institutions selected by the Commission. Teaching Fellows should be exposed to a range of extra-curricular activities while in college. These activities should be geared to instilling a strong motivation not only to remain in teaching but to provide leadership for tomorrow's schools.

(c) The Commission shall form regional review committees to assist it in identifying the best high school seniors for the program. The Commission and the review committees shall make an effort to identify and encourage minority students and students who may not otherwise consider a career in teaching to enter the program.

(d) All scholarship loans shall be evidenced by notes made payable to the Commission that shall bear interest at the rate of ten percent (10%) per year beginning September 1 after completion of the program, or immediately after termination of the scholarship loan, whichever is earlier. The scholarship loan may be terminated by the recipient withdrawing from school or by the recipient not meeting the standards set by the Commission.

(e) The Commission shall forgive the loan if, within seven years after graduation, the recipient teaches for four years at a North Carolina public school or at a school operated by the United States government in North Carolina. The Commission shall also forgive the loan if, within seven years after graduation, the recipient teaches for three consecutive years, unless the recipient takes an approved leave of absence, at a North Carolina public school in a local school administrative unit that, at the time the recipient accepts employment with the unit, is a low-performing school system identified in accordance with Article 6A of this Chapter or is on warning status as defined by the State Board of Education. The Commission shall also forgive the loan if it finds that it is impossible for the recipient to teach for four years, within seven years after graduation, at a North Carolina public school or at a school operated by the United States government in North Carolina, because of the death or permanent disability of the recipient.

(f) All funds appropriated to or otherwise received by the Teaching Fellows Program for scholarships, all funds received as repayment of scholarship loans, and all interest earned on these funds, shall be placed in a revolving fund. This revolving fund shall be used for scholarship loans granted under the Teaching Fellows Program. With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used for campus and summer program support, and costs related to disbursement of awards and collection of loan repayments.

The Public School Forum, as administrator for the Teaching Fellows Program, may use up to eight hundred ten thousand dollars ($810,000) annually from the fund balance for costs associated with administration of the Teaching Fellows Program.

(g) The State Education Assistance Authority is responsible for the collection of a loan awarded under this section if the loan repayment is outstanding for more than 30 days. (1985 (Reg. Sess., 1986), c. 1014, s. 63(a); 1989 (Reg. Sess., 1990), c. 1066, s. 101(a), (b); 1991 (Reg. This transfer has all of the elements of a Type II transfer as defined by G.S. 143A-6."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

SUBCHAPTER VI. STUDENTS.

Article 25.

Admission and Assignment of Students.

§ 115C-364. Admission requirements.

(a) A child who is presented for enrollment at any time during the first 120 days of a school year is entitled to initial entry into the public schools if:

(1) The child reaches or reached the age of 5 on or before August 31 of that school year; or

(2) The child did not reach the age of 5 on or before August 31 of that school year, but has been attending school during that school year in another state in accordance with the laws or rules of that state before the child moved to and became a resident of North Carolina.

(b) A local board may allow a child who is presented for enrollment at any time after the first 120 days of a school year to be eligible for initial entry into the public schools if:

(1) The child reached the age of 5 on or before August 31 of that school year; or

(2) The child did not reach the age of 5 on or before August 31 of that school year, but has been attending school during that school year in another state in accordance with the laws or rules of that state before the child moved to and became a resident of North Carolina.

(c) The initial point of entry into the public school system shall be at the kindergarten level. If the principal of a school finds as fact subsequent to initial entry that a child, by reason of maturity can be more appropriately served in the first grade rather than in kindergarten, the principal may act under G.S. 115C-288 to implement this educational decision without regard to chronological age. The principal of any public school may require the parent or guardian of any child presented for admission for the first time to that school to furnish a certified copy of the child's birth certificate, which shall be furnished by the register of deeds of the county having on file the record of the birth of the child, or other satisfactory evidence of date of birth.

(d) A child who has passed the fourth anniversary of the child's birth on or before April 16 may enter kindergarten if the child is presented for enrollment no later than the end of the first month of the school year and if the principal of the school finds, based on information submitted by the child's parent or guardian, that the child is gifted and that the child has the maturity to justify admission to the school. The State Board of Education shall establish guidelines for the principal to use in making this finding. (1955, c. 1372, art. 19, s. 2; 1969, c. 1213, s. 4; 1973, c. 603, s. 3; 1981, c. 423, s. 1; 1983, c. 656, s. 1; 1997-204, s. 1; 1997-269, s. 1; 2007-173, s. 1.)

Cross References. — As to the use and confidential nature of actual addresses of Address Confidentiality Program participants by boards of elections for election-related purposes, see G.S. 15C-8.

Effect of Amendments. — Session Laws 2007-173, s. 1, effective July 4, 2007, and applicable beginning with the 2009-2010 school year, substituted "August 31" for "October 16" in subdivisions (a)(1), (a)(2), (b)(1), and (b)(2).

OPINIONS OF ATTORNEY GENERAL

Age Requirements For Entry Into Public School. — Unless a child qualifies for one of the two exceptions set out in this section, a principal has no discretion with regard to the age at which a child may initially enroll in public school — by statute a child must have reached age 5 on or before October 16 of the kindergarten year; however, once a child is old enough to enroll in public school, his or her grade placement in the initial year or any subsequent years is governed by G.S. 115C-288(a) which gives the principal the discretion to place a child in any appropriate grade. See opinion of Attorney General to Mr. T. Brooks Skinner, Jr., General Counsel, North Carolina Department of Administration, 2003 N.C.A.G. 12 (9/16/03) (decided prior to 2007 amendment, which changed the date to August 31 beginning with the 2009-2010 school year).

§ **115C-365:** Repealed by Session Laws 1991, c. 719, s. 1.

§ 115C-366. Assignment of student to a particular school.

(a) All students under the age of 21 years who are domiciled in a school administrative unit who have not been removed from school for cause, or who have not obtained a high school diploma, are entitled to all the privileges and advantages of the public schools to which they are assigned by the local boards of education. The assignment of students living in one local school administrative unit or district to a school located in another local school administrative unit or district, shall have no effect upon the right of the local school administrative unit or district to which the students are assigned to levy and collect any supplemental tax heretofore or hereafter voted in that local school administrative unit or district.

(a1) Children living in and cared for and supported by an institution established, operated, or incorporated for the purpose of rearing and caring for children who do not live with their parents are considered legal residents of the local school administrative unit in which the institution is located. These children are eligible for admission to the public schools of the local school administrative unit as provided in this section.

(a2) It is the policy of the State that every child of a homeless individual and every homeless child and youth has access to a free, appropriate public education. The State Board of Education and every local board of education shall ensure compliance with the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001. A local board of education shall not charge a homeless child or youth tuition for enrollment. An unaccompanied youth or a homeless child's or youth's parent, guardian, or legal custodian may apply to the State Board of Education for a determination of whether a particular local board of education shall enroll the homeless child or youth, and this determination shall be binding on the local board of education, subject to judicial review.

(a3) A student who is not a domiciliary of a local school administrative unit may attend, without the payment of tuition, the public schools of that unit if all of the following apply:

(1) The student resides with an adult, who is a domiciliary of that unit, as a result of any one of the following:
  a. The death, serious illness, or incarceration of a parent or legal guardian,
  b. The abandonment by a parent or legal guardian of the complete control of the student as evidenced by the failure to provide substantial financial support and parental guidance,
  c. Abuse or neglect by the parent or legal guardian,
  d. The physical or mental condition of the parent or legal guardian is such that he or she cannot provide adequate care and supervision of the student,
  e. The relinquishment of physical custody and control of the student by the student's parent or legal guardian upon the recommendation of the department of social services or the Division of Mental Health,
  f. The loss or uninhabitability of the student's home as the result of a natural disaster, or
  g. The parent or legal guardian is one of the following:
    (1) On active military duty and is deployed out of the local school administrative unit in which the student resides;
    (2) A member or veteran of the uniformed services who is severely injured and medically discharged or retired, but only for a period of one year after the medical discharge or retirement of the parent or guardian; or

(3) A member of the uniformed services who dies on active duty or as a result of injuries sustained on active duty, but only for a period of one year after death.

For purposes of this sub-subdivision, the term "active duty" does not include periods of active duty for training for less than 30 days. Assignment under this sub-subdivision is only available if some evidence of the deployment is tendered with the affidavits required under subdivision (3) of this subsection.

(2) The student is:

a. Not currently under a term of suspension or expulsion from a school for conduct that could have led to a suspension or an expulsion from the local school administrative unit, or

b. Currently under a term of suspension or expulsion from a school for conduct that could have led to a suspension or an expulsion from the local school administrative unit and is identified as eligible for special education and related services under the Individuals with Disabilities Education Improvement Act, 20 U.S.C. § 1400, et seq., (2004). Assignment under this sub-subdivision is available only if evidence of current eligibility is tendered with the affidavit required under subdivision (3) of this subsection.

(3) The caregiver adult and the student's parent, guardian, or legal custodian have each completed and signed separate affidavits that:

a. Confirm the qualifications set out in this subsection establishing the student's residency,

b. Attest that the student's claim of residency in the unit is not primarily related to attendance at a particular school within the unit, and

c. Attest that the caregiver adult has been given and accepts responsibility for educational decisions for the student.

If the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign the affidavit, then the caregiver adult shall attest to that fact in the affidavit. If the student is a minor, the caregiver adult must make educational decisions concerning the student and has the same legal authority and responsibility regarding the student as a parent or legal custodian would have even if the parent, guardian, or legal custodian does not sign the affidavit. The minor student's parent, legal guardian, or legal custodian retains liability for the student's acts.

Upon receipt of both affidavits or an affidavit from the caregiver adult that includes an attestation that the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign an affidavit, the local board shall admit and assign as soon as practicable the student to an appropriate school, as determined under the local board's school assignment policy, pending the results of any further procedures for verifying eligibility for attendance and assignment within the local school administrative unit.

If it is found that the information contained in either or both affidavits is false, then the local board may, unless the student is otherwise eligible for school attendance under other laws or local board policy, remove the student from school. If a student is removed from school, the board shall provide an opportunity to appeal the removal under the appropriate policy of the local board and shall notify any person who signed the affidavit of this opportunity. If it is found that a person willfully and knowingly provided false information in the affidavit, the maker of the affidavit shall be guilty of a Class 1 misdemeanor and shall pay to the local board an amount equal to the cost of educating the student during the period of enrollment. Repayment shall not include State funds.

Affidavits shall include, in large print, the penalty, including repayment of the cost of educating the student, for providing false information in an affidavit.

(a4) When a student transfers into the public schools of a local school administrative unit, that local board shall require the student's parent, guardian, or legal custodian to provide a statement made under oath or affirmation before a qualified official indicating whether the student is, at the time, under suspension or expulsion from attendance at a private or public school in this or any other state or has been convicted of a felony in this or any other state. This subsection does not apply to the enrollment of a student who has never been enrolled in or attended a private or public school in this or any other state.

(a5) Notwithstanding any other law, a local board may deny admission to or place reasonable conditions on the admission of a student who has been suspended from a school under G.S. 115C-391 or who has been suspended from a school for conduct that could have led to a suspension from a school within the local school administrative unit where the student is seeking admission until the period of suspension has expired. Also, a local board may deny admission to or place reasonable conditions on the admission of a student who has been expelled from a school under G.S. 115C-391 or who has been expelled from a school for behavior that indicated the student's continued presence in school constituted a clear threat to the safety of other students or employees or who has been convicted of a felony in this or any other state. If the local board denies admission to a student who has been expelled or convicted of a felony, the student may request the local board to reconsider that decision in accordance with G.S. 115C-391(d). When a student who has been identified as eligible to receive special education and related services under the Individuals with Disabilities Education Improvement Act, 20 U.S.C. § 1400, et seq., (2004), is denied admission under this subsection, the local board shall provide educational services to the student to the same extent it would if the student were enrolled in the local school administrative unit at the time of the suspension or expulsion, as required by G.S. 115C-107.1(a)(3).

(a6) A child who is placed in or assigned to a licensed facility is eligible for admission, without the payment of tuition, to the public schools of the local school administrative unit in which the licensed facility is located. If an agency or person, other than the student's parent or guardian, is the student's legal custodian and if that person or agency placed or assigned the student to a licensed facility under this subsection, then that agency or person must provide in writing to the school the name, address, and phone number of the individual who has authority and the responsibility to make educational decisions for the student. This individual shall reside or be employed within the local school administrative unit and shall provide in writing to the school a signed statement that the individual understands and accepts this authority and responsibility to make educational decisions for the student. If the student's parent or legal guardian retains legal custody of a child who is placed in or assigned to a licensed facility under this subsection, then the requirements of subsection (a3) of this section must be met.

(a7) A student who is a resident of a local school administrative unit because the student resides with a parent, guardian, or legal custodian who is a (i) student, employee, or faculty member of a college or university or (ii) visiting scholar at the National Humanities Center is considered domiciled in that unit for purposes of this section.

(a8) A student is considered domiciled in a local school administrative unit for purposes of this section if the student resides (i) with a legal custodian who is not the student's parent or guardian and the legal custodian is domiciled in the local school administrative unit, or (ii) in a preadoptive home following placement by a county department of social services or a licensed child-placing agency.

(b) Each local board of education shall assign to a public school each student qualified for assignment under this section. Except as otherwise provided by law, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final.

(c) Any child who is qualified under the laws of this State for admission to a public school and who has a place of residence in a local school administrative unit incident to the child's parent's or guardian's service in the General Assembly, other than the local school administrative unit in which the child is domiciled, is entitled to attend school in the local school administrative unit of that residence as if the child were domiciled there, subject to the payment of applicable out-of-county fees in effect at the time.

(d) A student domiciled in one local school administrative unit may be assigned either with or without the payment of tuition to a public school in another local school administrative unit upon the terms and conditions agreed to in writing between the local boards of education involved and entered in the official records of the boards. The assignment shall be effective only for the current school year, but may be renewed annually in the discretion of the boards involved.

(e) The boards of education of adjacent local school administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

(f) This section shall not be construed to allow students to transfer from one local school administrative unit to another for athletic participation purposes in violation of eligibility requirements established by the State Board of Education and the North Carolina High School Athletic Association.

(g) Any local school administrative unit may use the actual address of a program participant for any purpose related to admission or assignment under this Article as long as the address is kept confidential from the public under Chapter 15C of the General Statutes. The substitute address designated by the Attorney General under the Address Confidentiality Program shall not be used as an address for admission or assignment purposes.

(h) The following definitions apply in this section:

(1) Abused or neglected. — A student is considered abused or neglected if there has been an adjudication of that issue. The State Board may adopt an additional definition of abuse and neglect, and that definition also shall apply to this section.

(2) Caregiver adult. — The adult with whom the child resides. For children placed or assigned in a licensed facility, a caregiver adult also may be the child's caretaker, foster parent, or other clearly identifiable adult who resides in the county where the licensed facility is located.

(3) Educational decisions. — Decisions or actions recommended or required by the school concerning the student's academic course of study, extracurricular activities, and conduct. These decisions or actions include enrolling the student, receiving and responding to notices of discipline under G.S. 115C-391, attending conferences with school personnel, granting permission for school-related activities, granting permission for emergency medical care, receiving and taking appropriate action in connection with student records, and any other decisions or actions recommended or required by the school in connection to that student.

(4) Facility. — A group home, a family foster home as defined in G.S. 131D-10.2(8), or a therapeutic foster home as defined in G.S. 131D-10.2(14).

(5) Homeless. — Individuals who lack a fixed, regular, and adequate nighttime residence or are included in the definition of homeless children and youths in the McKinney-Vento Homeless Education Assistance Improvements Act of 2001. The term does not include persons who are imprisoned or otherwise detained pursuant to federal or State law.

(6) Legal custodian. — The person or agency that has been awarded legal custody of the student by a court.

(7) Licensed facility. — A facility licensed under Article 2 of Chapter 122C of the General Statutes or under Article 1A of Chapter 131D of the General Statutes.

(8) McKinney-Vento Homeless Education Assistance Improvements Act of 2001. — 20 U.S.C. § 11431, et seq., as amended, and federal regulations adopted under this act.

Editor's Note. — A bracketed "[or]" was inserted at the end of subdivision (a3)(1)f at the direction of the Revisor of Statutes. The amendments to this section by Session Laws 2008-187, s. 19, corrected the oversight, and the bracketed language has been removed.

Effect of Amendments. — Session Laws 2008-185, s. 2, effective August 7, 2008, rewrote subdivision (a3)(1)g.

Session Laws 2008-187, s. 19, effective August 7, 2008, made minor stylistic changes to subdivision (a3)(1)e and (a3)(1)f.

Session Laws 2009-331, ss. 1 and 2, effective July 24, 2009, added subdivision (a3)(2)b, and made related changes, and added the last sentence in subsection (a5).

CASE NOTES

Editor's Note. — *Most of the cases below were decided under corresponding provisions of former Chapter 115.*

History of Pupil Enrollment Act. — See In re Application for Reassignment, 247 N.C. 413, 101 S.E.2d 359 (1958).

As to the constitutionality of this section, see Harris v. Hall, 572 F. Supp. 1054 (E.D.N.C. 1983).

Domicile Requirement Not Unconstitutional. — The defendants' enrollment policy, effectively denying the plaintiff's daughter access to the school system based on the domiciled requirement of this section, did not violate her due process and equal protection rights. Graham v. Mock, 143 N.C. App. 315, 545 S.E.2d 263, 2001 N.C. App. LEXIS 275 (2001), appeal dismissed, review denied, 353 N.C. 726, 551 S.E.2d 776 (2001).

Constitutionality of Former Statute. — The standards set forth in former G.S. 115-177 as it stood before the 1956 amendment thereto, which standards were the same as those set forth in the next to the last sentence of subsection (b) of this section, were not on their face insufficient to sustain the exercise of the administrative power conferred. Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956), cert. denied, 353 U.S. 910, 77 S. Ct. 665, 1 L. Ed. 2d 664 (1957).

Although the North Carolina Assignment and Enrollment of Pupils Act was declared facially constitutional, use of such a statute to discriminate against black pupils would be an unconstitutional application. Criteria may not be used to screen and deny black applicants to a particular school if they are not used in the same manner to screen and deny white applicants similarly situated. Felder v. Harnett County Bd. of Educ., 349 F.2d 366 (4th Cir. 1965).

Construed with former § 115C-110. — When a more generally applicable statute such as this section conflicts with a more specific, special statute such as former G.S. 115C-110(i) (repealed), the special statute is viewed as an exception to the provisions of the general statute. Accordingly, the specific requirements of G.S. 115-110(i) control where they are in conflict with the general requirements of subsection (a) of this section. Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

Authority for Assignment and Enrollment of Pupils Is Vested Solely in Local Boards. — While State officials are given broad general powers over the public school system, specific authority for the assignment and enrollment of pupils in all city and county administrative units throughout the State is vested solely in county and city boards of education. There is no provision giving State officials any authority or control whatever over local school officials relating to the enrollment and assignment of pupils in the public schools. Jeffers v. Whitley, 165 F. Supp. 951 (M.D.N.C. 1958); McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959).

The duty to recognize the constitutional rights of pupils rests primarily upon the school board, and there it should be placed by an appropriate order of the court, for the United States district court has a secondary duty of enforcement of individual rights and of supervision of the steps taken by the school board to bring itself within the requirements of the law. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

State Board No Longer Has Authority to Assign Children from One Unit to Another. — By virtue of the comprehensive rewriting of former Chapter 115 by Session Laws 1955, c. 1372, the State Board no longer has the authority formerly vested in it to assign children from one administrative unit or district to another for the school term. In re Assignment of School Children, 242 N.C. 500, 87 S.E.2d 911 (1955).

Power of Local Boards Is Subject Only to Standards and Limitations of Statute. — The State has entrusted to the county and city boards of education the "full and complete" power to assign and reassign each child residing within its unit to a public school, subject only to the standards and limitations prescribed by the Pupil Assignment Law, including the power of the courts of North Carolina to hear de novo an appeal from the final order of the board and, thereupon, to enter the appropriate order. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

County Board of Education could not require the payment of an exit tuition fee as a condition to approving the transfer of a county resident student to a school system in a different county, as the exit tuition fee is not provided for by the constitution and statutes of this State. Streeter v. Greene County Bd. of Educ., 115 N.C. App. 452, 446 S.E.2d 107 (1994).

And Board May Not Delegate Its Duty. — The Pupil Assignment Law does not authorize the school board to abdicate or delegate its duty to exercise the power so entrusted to it for the best interests of the applying child. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

The school board is endowed with "full and complete" and "final" authority to assign students to whatever schools the board chooses to assign them. The board may not shift this statutory burden to others. Swann v. Charlotte-Mecklenburg Bd. of Educ., 306 F. Supp. 1299 (W.D.N.C. 1969), reh'g den., 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 689 (1971).

Hence, Board May Not Transfer Its Power to Federal Employee. — The school board may not, in the hope of receiving money for its school, shut its eyes to the mandate of the statute. It may not, by contract or otherwise, transfer its power to an employee of the federal government, or bind itself to exercise it as he may direct, or in any other manner than that provided by statute, or for any purpose other than that for which the State conferred the power upon it. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

It is the local school board, and not the court, which has the duty to assign pupils and operate the schools, subject to the requirements of the Constitution. It is the court's duty to assess any pupil assignment plan in terms of the Constitution, which is the supreme law of the land. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

De jure segregation was outlawed by the decisions of the United States Supreme Court in Brown v. Board of Educ., 347 U.S. 483, 74 S. Ct. 686, 98 L. Ed. 873, 38 A.L.R.2d 1180 (1954) and 349 U.S. 294, 75 S. Ct. 753, 99 L. Ed. 1083 (1955); Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

In the field of public education the doctrine of "separate but equal" has no place. Separate educational facilities are inherently unequal. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Assignments on a racial basis are neither authorized nor contemplated by the permissive Pupil Enrollment Act. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

And Such Assignments Are Unconstitutional. — It is an unconstitutional administration of the North Carolina Pupil Enrollment Act to assign pupils to schools according to racial factors. Wheeler v. Durham City Bd. of Educ., 309 F.2d 630 (4th Cir. 1962).

"Freedom of Choice". — In desegregating a racially dual school system a plan utilizing "freedom of choice" is not an end in itself. "Freedom of choice" is not a sacred talisman; it is only a means to a constitutionally required end — the abolition of the system of segregation and its effects. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

If a voluntary system is to justify its name, it must, at reasonable intervals, offer to the pupils reasonable alternatives, so that, generally, those who wish to do so may attend a school with members of the other race. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

The neighborhood school theory has no standing to override the Constitution. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The neighborhood school theory was repudiated by the 1955 General Assembly and by the Pupil Assignment Act of 1955-56. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The neighborhood school concept never prevented statutory racial segregation; it may not now be validly used to perpetuate segregation. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The quality of public education should not depend on the economic or racial accident of the neighborhood in which a child's parents have chosen to live — or find they must live — nor on the color of the child's skin. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Where pupils live must not control where they are assigned to school, if some other approach is necessary in order to eliminate racial segregation. Swann v. Charlotte-Mecklenburg Bd. of Educ., 306 F. Supp. 1299 (W.D.N.C. 1969), reh'g den., 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 689 (1971).

Duty to Desegregate Schools. — School officials have the continuing duty to take whatever action may be necessary to create a unitary, nonracial system. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The school board has a duty to promote acceptance of and compliance with the law. Swann v. Charlotte-Mecklenburg Bd. of Educ., 306 F. Supp. 1299 (W.D.N.C. 1969), reh'g den., 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 689 (1971).

School boards are clearly charged with the affirmative duty to desegregate schools "now" by positive measures. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

School boards operating State-compelled racially dual systems were clearly charged with the affirmative duty to take whatever steps might be necessary to convert to a unitary system in which racial discrimination would be eliminated root and branch. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The duty of the local school boards is not simply a negative duty to refrain from active legal racial discrimination, but a duty to act positively to fashion affirmatively a school system as free as possible from the lasting effects of historical apartheid. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The school board has an affirmative duty to promote faculty desegregation and desegregation of pupils, and to deal with the problem of all-black schools. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

The board must fashion steps which promise realistically to convert promptly to a system without a "white" school and a "black" school, but just schools. Swann v. Charlotte-Mecklenburg Bd. of Educ., 306 F. Supp. 1299 (W.D.N.C. 1969), reh'g den., 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 689 (1971).

Desegregation Plan — Burden on School Board. — The burden on a school board is to come forward with a school desegregation plan that promises realistically to work, and promises realistically to work now. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Same — Purpose. — The transition to a unitary, nonracial system of public education was and is the ultimate end to be brought about by a school desegregation plan. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Same — Methods of Desegregation. — In developing a desegregation plan, the school board is free to consider all known ways of desegregation, including bussing; pairing of grades or of schools; enlargement and realignment of existing zones; freedom of transfer coupled with free transportation for those who elect to abandon de facto segregated schools; and any other methods calculated to establish education as a public program operated according to its own independent standards, and unhampered and uncontrolled by the race of the faculty or pupils or the temporary housing patterns of the community. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

Same — Rezoning. — A school desegregation plan should try to avoid any rezoning which tends to perpetuate segregated pupil assignment. Swann v. Charlotte-Mecklenburg Bd. of Educ., 300 F. Supp. 1358 (W.D.N.C. 1969).

As to consideration of factors other than mixture of races in drawing boundaries, see Swann v. Charlotte-Mecklenburg Bd. of Educ., 369 F.2d 29 (4th Cir. 1966).

Assignment to School Outside Administrative Unit. — Former G.S. 115-176 provided for assignment en masse upon the basis of residence to a school outside the administrative unit if the boards agreed in writing, without notice, or the approval of the child or its parents, and without hearing. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964).

The legislature contemplated agreements between boards acting within the framework of the statute and free to accomplish its purpose — the assignment of the individual child to the school where his or her "best interest" would be served without disruption of that school. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

The board of one administrative unit cannot assign a child to a school in another administrative unit without the consent of the board of the other unit. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

Under the Pupil Assignment Law, as amended in 1956, the board of education of one city or county administrative unit could not permit to be enrolled in one of its schools a child who resided in the territory of another unit solely upon its own willingness to do so, plus the desire of the child or its parents to attend that school. Nothing else appearing, the assent of the board of the unit in which the child resides had to be obtained. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

The requirement that a child residing in one unit may not be placed in school in another unit without the assent of his resident unit's board is a protection to each unit against raids upon its student body by another unit so as to gain additional teacher allotment by the State on account of increased enrollment, or so as to gain accomplished athletes, or for any other purpose. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

It is not within the fair intendment of this law that a board may enter into an agreement with some other agency or person that, come what may and regardless of the welfare of the applying child, the board will never agree to assign any child to any school in another county. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

Assignment of Pupils Outside County of Their Residence. — The assignment by a county board of education of the plaintiffs to schools in another county was without authority and of no effect. Plaintiffs had a legal right to the enjoyment of opportunities in the county of their residence, and the administrative board could not justify requiring their resort to opportunities elsewhere. Griffith v. Board of Educ., 186 F. Supp. 511 (W.D.N.C. 1960).

Out-of-County Students. — Judgment for a school board in a suit seeking to strike down the school board's policy of charging "out-of-county" students tuition to attend its schools was proper because a special school district formed by a prior agreement was abolished by former G.S. 115-352, and no new school district was properly formed later; the parents and the students offered no proof of a later agreement nor of approval by the state board of education of any such agreement, and did not show there was a payment of a pro rata share of public school money, as required by the statute if such a school district was officially formed. The school board thus had the authority to charge the contested tuition. Brown v. Chatham County Bd. of Educ., 187 N.C. App. 274, 652 S.E.2d 737, 2007 N.C. App. LEXIS 2366 (2007).

Tuition for "Out-of-County" Students Not Improper. — Judgment for a school board in a suit seeking to strike down the school board's policy of charging "out-of-county" students tuition to attend its schools was proper because a special school district formed by a prior agreement was abolished by G.S. 115-352, and no new school district was properly formed later; therefore, the school board had the authority to charge the contested tuition to the "out-of-county" students. Brown v. Chatham County Bd. of Educ., 187 N.C. App. 274, 652 S.E.2d 737, 2007 N.C. App. LEXIS 2366 (2007).

Place of Child's Actual Abode. — Where child's place of actual abode was clearly in county where he lived with his grandmother, he was a legal resident of the county as long as he continued to live there and was thus entitled to a free appropriate education in this county. Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

A fourteen-year-old who was sent by her mother to live with her uncle after she had been the victim of an attempted sexual assault in her inner city neighborhood was not entitled to enter the public school system there because she was a resident of another state and did not qualify for any of the exceptions from the requirement of domicile. Graham v. Mock, 143 N.C. App. 315, 545 S.E.2d 263, 2001 N.C. App. LEXIS 275 (2001), appeal dismissed, review denied, 353 N.C. 726, 551 S.E.2d 776 (2001).

Final Decision Subject Only to Application for Reassignment. — No authority existed to support a trial court's requirement of informed parental consent prior to a board of education's assignment of student to year-round schools. Under G.S. 115C-366(b), when a local school board exercised its "full and complete" authority to assign a student to a year-round school, that decision was "final" subject only to an application by the student under G.S. 115C-369 for reassignment. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872

(2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Exhaustion of Administrative Remedies. — The administrative remedy provided for persons who feel that they have not been assigned to the schools that they are entitled to attend must be exhausted before the federal courts will give relief. Carson v. Board of Educ., 227 F.2d 789 (4th Cir. 1955); Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956), cert. denied, 353 U.S. 910, 77 S. Ct. 665, 1 L. Ed. 2d 664 (1957); Holt v. Raleigh City Bd. of Educ., 164 F. Supp. 853 (E.D.N.C. 1958), aff'd, 265 F.2d 95 (4th Cir.), cert. denied, 361 U.S. 818, 80 S. Ct. 59, 4 L. Ed. 2d 63 (1959); Jeffers v. Whitley, 165 F. Supp. 951 (M.D.N.C. 1958); Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959).

The administrative remedies provided by statute must be exhausted before the courts of the United States will grant injunctive relief, and rights must be asserted as individuals, not as a class or group. McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959); Jeffers v. Whitley, 197 F. Supp. 84 (M.D.N.C. 1961), aff'd in part and rev'd in part, 309 F.2d 621 (4th Cir. 1962).

The federal court is not authorized to act until administrative remedies have been properly sought and it is shown that the statute is being unconstitutionally administered. After the hearing and final decision thereon, if one is not satisfied, and can show that he has been discriminated against because of his race, he may then apply to the federal court for relief. Morrow ex rel. Morrow v. Mecklenburg County Bd. of Educ., 195 F. Supp. 109 (W.D.N.C. 1961).

A contention that even if the Assignment and Enrollment of Pupils Act was constitutional it did not have to be complied with in the instant case because the provisions of the act were being unconstitutionally applied was untenable in view of the fact there was no allegation that any of the plaintiffs ever sought to comply with the provisions of the act. Not until each of the plaintiffs had applied to the county board of education as individuals, and not as a class, for reassignment, and had failed to be given the relief sought, should the court be asked to interfere in school administration. Covington v. Edwards, 165 F. Supp. 957 (M.D.N.C. 1958), aff'd, 264 F.2d 780 (4th Cir. 1959), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959). But see Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Unless Such Remedies Perpetrate Discrimination. — When an administrative remedy respecting school assignments and transfers, however fair upon its face, has, in practice, been employed principally as a means of perpetration of discrimination and of denial of constitutionally protected rights, it is consistently held inadequate. A remedy so administered need not be exhausted or pursued before resort to the courts for enforcement of the protected rights. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Hence, school boards are required to administer the assignment statutes reasonably if pupils are to be required to exhaust their administrative remedies before applying to the courts for relief. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961), rev'd on other grounds, 309 F.2d 630 (4th Cir. 1962).

Assumption That State Officials Will Obey Law. — Until there has been a failure of the administrative process, it should be assumed in a federal court that State officials will obey the law when their official action is properly invoked. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

When, however, administrators have displayed a firm purpose to circumvent the law, when they have consistently employed the administrative processes to frustrate enjoyment of legal rights, there is no longer room for indulgence of an assumption that the administrative proceedings provide an appropriate method by which recognition and enforcement of those rights may be obtained. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Judicial Relief. — For statement of judicial relief to be granted to school children who were initially assigned on a racial basis, see Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

When Class Action in Federal Court Proper. — Where each plaintiff was rejected for the same or similar reasons and each sought in the application the identical relief, having exhausted their administrative remedies they had the right under the law to maintain a class action in the federal courts in behalf of themselves and others likewise qualified. Griffith v. Board of Educ., 186 F. Supp. 511 (W.D.N.C. 1960).

State officials are not indispensable and necessary parties to an action to compel desegregation of schools in a county. Jeffers v. Whitley, 165 F. Supp. 951 (M.D.N.C. 1958).

Members of the State Board of Education and the State Superintendent of Public Instruction are neither necessary nor proper parties in actions involving the assignment and enrollment of pupils. Covington v. Edwards, 165 F. Supp. 957 (M.D.N.C. 1958), aff'd, 264 F.2d 780 (4th Cir.), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959).

Members of the North Carolina State Board of Education are neither necessary nor proper parties to an action against a city board of education. McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959).

Burden of Proof. — The burden of proof is on the plaintiffs to establish by a preponderance of the evidence that they have exhausted their administrative remedies before applying to the federal courts for injunctive relief. McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959).

The burden is upon plaintiffs seeking a transfer to establish by a preponderance of the evidence that they were denied a constitutional right because of their race. Jeffers v. Whitley, 197 F. Supp. 84 (M.D.N.C. 1961), aff'd in part and rev'd in part, 309 F.2d 621 (4th Cir. 1962).

Injunction. — Board of education was enjoined from applying racial considerations to any applications for reassignment under the North Carolina Pupils Enrollment Act. Chance v. Board of Educ., 224 F. Supp. 472 (E.D.N.C. 1963).

Applied in Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

OPINIONS OF ATTORNEY GENERAL

Construction with § 115C-366.1. — Under the rules of statutory construction, this section and G.S. 115C-366.1 must be construed together and the provisions of both must be given effect. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Right to Attend Only Schools of District of Domicile. — Except for certain limited exceptions in former G.S. 115C-140.1 (repealed) and former 115C-366.2 (repealed), principally concerning children in foster or group homes, a student has a right to attend only the schools of the school system within which the student, his parents or legal guardian are domiciled and in which they intend to make their home, permanently or indefinitely. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Refusal to Enroll Students Without Statutory Right to Attend. — Action of a local board of education in refusing to enroll students who do not have a statutory right to attend its schools would not infringe any constitutional rights of students provided such decisions are not based upon discriminatory policies or practices. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Agreement Between Boards to Allow Attendance of Nondomiciled Student. — The only method by which a student domiciled in the State may attend the schools of a school system in which neither he, his parents or guardian is domiciled is, in accordance with subsection (a), through an agreement between the boards involved. Such agreement may provide for the payment of tuition and other reasonable terms and conditions. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Domicile Acquired Immediately upon Move. — Domicile for school attendance usually will be acquired immediately upon moving into a school system with the purpose of making a home permanently or indefinitely in the school system. No "waiting period" is required. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Temporary Move to School System with Intent to Return to Permanent Home. — Domicile for school purposes can be established immediately upon a move to a school system, but a temporary move to a school system with a fixed intention to return to a permanent home will not suffice. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

"Guardian" Not to Be Appointed as Ruse. — The reference in this section to a "guardian" means a guardian appointed for a minor in accordance with the provisions and limitations contained in Chapter 33 (see now Chapter 35A, G.S. 35A-1101 et seq.), and where either parent is living and capable of caring for a child, a guardian, absent unusual circumstances, may not be appointed for the purpose of conferring a right upon a child to attend a school system where the parent is not domiciled. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Conditioning Transfer on Relinquishment of Extracurricular Activities. — Local boards of education which determine that a student should be permitted to transfer from one school system to the other may not condition that transfer upon relinquishment of participation in extracurricular activities, absent some exceptional circumstance. See opinion of Attorney General to Mr. Don W. Viets, Jr., Attorney, Whiteville City School System, 55 N.C.A.G. 11 (1985).

Transfers to Participate in Interscholastic Athletics. — The eligibility of students who transfer from one school system to another to participate in interscholastic athletics is governed by State Board of Education regulations which are made binding upon local boards of education by G.S. 115C-47(4) and cannot be altered by local boards as a part of a transfer agreement. See opinion of Attorney General to

Mr. Don W. Viets, Jr., Attorney, Whiteville City School System, 55 N.C.A.G. 11 (1985).

§ 115C-366.1. Local boards of education; tuition charges.

(a) Local boards of education may charge tuition to the following persons:

(1) Persons of school age who are not domiciliaries of the State.

(2) Persons of school age who are domiciliaries of the State but who do not reside within the school administrative unit or district.

(3) Persons of school age who reside on a military or naval reservation located within the State and who are not domiciliaries of the State. Provided, however, that no person of school age residing on a military or naval reservation located within the State and who attends the public schools within the State may be charged tuition if federal funds designed to compensate for the impact on public schools of military dependent persons of school age are funded by the federal government at not less than fifty percent (50%) of the total per capita cost of education in the State, exclusive of capital outlay and debt service, for elementary or secondary pupils, as the case may be, of such school administrative unit.

(4) Persons who are 21 years of age or older before the beginning of the school year in which they wish to enroll.

(b) The tuition charge for a student shall not exceed the amount of per pupil local funding.

(c) The tuition required in this section shall be determined by local boards of education each August 1 prior to the beginning of a new school year. (1981, c. 567, ss. 2-4; 1982, Ex. Sess., c. 2, ss. 1, 2; 1983 (Reg. Sess., 1984), c. 1034, s. 22; 1985, c. 780, s. 2.)

Local Modification. — Cherokee County: 2006, c. 13, s. 1

CASE NOTES

Residence and Domicile Defined. — Residence simply indicates a person's actual place of abode, whether permanent or temporary, while domicile denotes one's permanent, established home as distinguished from a temporary, although actual, place of residence; furthermore, an unemancipated minor may not establish a domicile different from his parents, surviving parents, or legal guardian, but obviously may reside in a place separate from his parents. Chapel Hill-Carrboro City Sch. Sys. v. Chavioux, 116 N.C. App. 131, 446 S.E.2d 612 (1994).

Although the defendant and her daughter were domiciled outside plaintiff's administrative unit, the daughter resided within that unit; therefore, plaintiff may recover nothing from defendant because it is only empowered to charge tuition to students who do not reside within its administrative unit. Chapel Hill-Carrboro City Sch. Sys. v. Chavioux, 116 N.C. App. 131, 446 S.E.2d 612 (1994).

Tuition for "Out-of-County" Students Not Improper. — Judgment for a school board in a suit seeking to strike down the school board's policy of charging "out-of-county" students tuition to attend its schools was proper because a special school district formed by a prior agreement was abolished by G.S. 115-352, and no new school district was properly formed later; therefore, the school board had the authority to charge the contested tuition to the "out-of-county" students. Brown v. Chatham County Bd. of Educ., 187 N.C. App. 274, 652 S.E.2d 737, 2007 N.C. App. LEXIS 2366 (2007).

County Board of Education could not require the payment of an exit tuition fee as a condition to approving the transfer of a county resident student to a school system in a different county, as the exit tuition fee is not provided for by the constitution and statutes of this State. Streeter v. Greene County Bd. of Educ., 115 N.C. App. 452, 446 S.E.2d 107 (1994).

Out-of-County Students. — Judgment for a school board in a suit seeking to strike down the school board's policy of charging "out-of-county" students tuition to attend its schools was proper because a special school district formed by a prior agreement was abolished by former G.S. 115-352, and no new school district was properly formed later; the parents and the students offered no proof of a later agreement nor of approval by the state board of education of any such agreement, and did not show there was a payment of a pro rata share of public school money, as required by the statute if such a school district was officially formed. The school board thus had the authority to charge the contested tuition. Brown v. Chatham County Bd. of Educ., 187 N.C. App. 274, 652 S.E.2d 737, 2007 N.C. App. LEXIS 2366 (2007).

OPINIONS OF ATTORNEY GENERAL

Construction with § 115C-366. — Under the rules of statutory construction, G.S. 115C-366 and this section must be construed together and the provisions of both must be given effect. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

Discretionary Authority to Enroll Student Domiciled Outside the State. — While this section does not expressly provide that local boards of education may enroll students domiciled outside the State, the authority to charge tuition for such students is necessarily dependent upon the authority, in the first instance, to enroll such students. This discretionary authority to enroll students domiciled outside the State, with or without the payment of tuition, carries with it the authority to establish additional terms and conditions for enrollment (e.g., that an adult within the system, through a guardianship or otherwise, agree to assume responsibility for the student.) See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

§ 115C-366.2: Repealed by Session Laws 2006-65, s. 2, effective July 1, 2006.

Editor's Note. — This section was also amended by Session Laws 2006-69, s. 3(i), effective July 10, 2006, which substituted "G.S. 115C-111.3(a)" for "G.S. 115C-140.1(a)" in clause (ii) of the first sentence. The section is set out above as repealed.

§ 115C-367. Assignment on certain bases prohibited.

No person shall be refused admission to or be excluded from any public school in this State on account of race, creed, color or national origin. No school attendance district or zone shall be drawn for the purpose of segregating persons of various races, creeds, colors or national origins from the community.

Where local school administrative units have divided the geographic area into attendance districts or zones, pupils shall be assigned to schools within such attendance districts: Provided, however, that the board of education of a local school administrative unit may assign any pupil to a school outside of such attendance district or zone in order that such pupil may attend a school of a specialized kind including but not limited to a vocational school or school operated for, or operating programs for, pupils mentally or physically handicapped, or for any other reason which the board of education in its sole discretion deems sufficient.

The provisions of Part 1D of Article 9 of this Chapter, G.S. 115C-366(b), and G.S. 115C-367 to G.S. 115C-370 shall not apply to a temporary assignment due to the unsuitability of a school for its intended purpose nor to any assignment or transfer necessitated by overcrowded conditions or other circumstances which, in the sole discretion of the school board, require assignment or reassignment.

The provisions of Part 1D of Article 9 of this Chapter, G.S. 115C-366(b), and G.S. 115C-367 to G.S. 115C-370 shall not apply to an application for the assignment or reassignment by the parent, guardian or person standing in loco parentis of any pupil or to any assignment made pursuant to a choice made by any pupil who is eligible to make such choice pursuant to the provisions of a freedom of choice plan voluntarily adopted by the board of education of a local school administrative unit. (1969, c. 1274; 1981, c. 423, s. 1; 2006-69, s. 3(j).)

CASE NOTES

Editor's Note. — *The case annotated below was decided under corresponding provisions of former Chapter 115.*

Constitutionality of Former Provisions. — There was nothing unconstitutional in the first paragraph of former G.S. 115-176.1, similar to the first paragraph of this section. Swann v. Charlotte-Mecklenburg Bd. of Educ., 312 F. Supp. 503 (W.D.N.C. 1970), aff'd, 402 U.S. 43, 91 S. Ct. 1284, 28 L. Ed. 2d 586, appeal dismissed, 402 U.S. 47, 91 S. Ct. 1292, 28 L. Ed. 2d 590 (1971).

The first sentence of the second paragraph of former G.S. 115-176.1, similar to the second paragraph of this section, allowed school boards to establish a geographically zoned neighborhood school system, but did not require them to do so. Consequently, this sentence did not prevent the boards from complying with their constitutional duty in circumstances where zoning and neighborhood school plans might not result in a unitary system. The clause in the sentence permitting assignment for "any other reason" in the board's "sole discretion" meant simply that the school boards could assign outside the neighborhood school zone for noninvidious, administrative reasons. So read, it presented no constitutional difficulty. Swann v. Charlotte-Mecklenburg Bd. of Educ., 312 F. Supp. 503 (W.D.N.C. 1970), aff'd, 402 U.S. 43, 91 S. Ct. 1284, 28 L. Ed. 2d 586, appeal dismissed, 402 U.S. 47, 91 S. Ct. 1292, 28 L. Ed. 2d 590 (1971).

The third paragraph of former G.S. 115-176.1, similar to the third paragraph of this section, merely allowed the school board noninvidious discretion to assign students to schools for valid administrative reasons. It did not relate to race at all and, so read, was constitutional. Swann v. Charlotte-Mecklenburg Bd. of Educ., 312 F. Supp. 503 (W.D.N.C. 1970), aff'd, 402 U.S. 43, 91 S. Ct. 1284, 28 L. Ed. 2d 586, appeal dismissed, 402 U.S. 47, 91 S. Ct. 1292, 28 L. Ed. 2d 590 (1971).

The fourth paragraph of former G.S. 115-176.1, similar to the fourth paragraph of this section, relieved school boards from compliance with the statute where they were implementing voluntarily adopted freedom-of-choice plans within their systems. It did not require the boards to adopt freedom of choice in any particular situation, but left them free to comply with their constitutional duty by any effective means available, including, where appropriate, freedom of choice. So interpreted, the paragraph was constitutional. Swann v. Charlotte-Mecklenburg Bd. of Educ., 312 F. Supp. 503 (W.D.N.C. 1970), aff'd, 402 U.S. 43, 91 S. Ct. 1284, 28 L. Ed. 2d 586, appeal dismissed, 402 U.S. 47, 91 S. Ct. 1292, 28 L. Ed. 2d 590 (1971).

Provisions of former G.S. 115-176.1 (not carried over into this section) which prohibited school boards from assigning, compelling, or involuntarily bussing students on account of race or in order to racially "balance" the school system were unconstitutional. North Carolina State Bd. of Educ. v. Swann, 402 U.S. 43, 91 S. Ct. 1284, 28 L. Ed. 2d 586 (1971).

The Constitution does not compel any particular degree of racial balance or mixing, but when past and continuing constitutional violations are found, some ratios are likely to be useful starting points in shaping a remedy. Swann v. Charlotte-Mecklenburg Bd. of Educ., 402 U.S. 1, 91 S. Ct. 1267, 28 L. Ed. 2d 554, rehearing denied, 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 690 (1971).

Just as the race of students must be considered in determining whether a constitutional violation has occurred, so also must race be considered in formulating a remedy. Swann v. Charlotte-Mecklenburg Bd. of Educ., 402 U.S. 1, 91 S. Ct. 1267, 28 L. Ed. 2d 554, rehearing denied, 403 U.S. 912, 91 S. Ct. 2201, 29 L. Ed. 2d 690 (1971).

Applied in Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008).

§ 115C-368. Notice of assignment.

In exercising the authority conferred by G.S. 115C-366(b), each local board of education may, in making assignments of pupils, give individual written notice of assignment, on each pupil's report card or by written notice by any other feasible means, to the parent or guardian of each child or the person standing in loco parentis to the child, or may give notice of assignment of groups or categories of pupils by publication at least two times in some newspaper having general circulation in the local administrative unit. (1955, c. 366, s. 2; 1956, Ex. Sess., c. 7, s. 2; 1981, c. 423, s. 1.)

CASE NOTES

As to good faith and reasonable administration required on the part of public officials, see McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959); Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961), rev'd on other grounds, 309 F.2d 630 (4th Cir. 1962).

§ 115C-369. Application for reassignment; notice of disapproval; hearing before board.

(a) The parent or guardian of any child, or the person standing in loco parentis to any child, who is dissatisfied with the assignment made by a local board of education may, within 10 days after notification of the assignment, or the last publication thereof, apply in writing to the local board of education for the reassignment of the child to a different public school. Application for reassignment shall be made on forms prescribed by the local board of education pursuant to rules and regulations adopted by the board of education. If the application for reassignment is disapproved, the local board of education shall give notice to the applicant by registered or certified mail, and the applicant may within five days after receipt of such notice apply to the local board for a hearing. The applicant shall be entitled to a prompt and fair hearing on the question of reassignment of such child to a different school.

(b) The local board of education shall make a final determination on the question of reassignment. The board of education may establish initial hearings prior to the final determination. If the board of education establishes initial hearings, the board of education shall designate hearing panels composed of not less than two members of the board to hear such appeals in the name of the board of education, and may designate a hearing officer to hear such appeals for fact-finding and a recommended decision, or may designate both. If both are designated, an applicant must select the entity to hold the hearing. The hearing panel's recommendations or the hearing officer's recommended findings of fact and recommended decision shall be submitted to the board of education for final determination.

(c) At the hearing the local board of education shall consider the best interest of the child, the orderly and efficient administration of the public schools, the proper administration of the school to which reassignment is requested and the instruction, health, and safety of the pupils there enrolled, and shall assign said child in accordance with such factors. The local board shall render prompt decision upon the hearing, and notice of the decision shall be given to the applicant by mail, telephone, telefax, e-mail, or any other method reasonably designed to achieve notice. (1955, c. 366, s. 3; 1956, Ex. Sess., c. 7, s. 3; 1981, c. 423, s. 1; 1987, cc. 406, 791; 2007-501, s. 1.)

CASE NOTES

Editor's Note. — The cases below were decided under corresponding provisions of former Chapter 115.

The combination of investigatory and quasi-judicial powers is established practice generally approved by the courts and subject to judicial review in case of abuse. In the operation of the public schools, such an arrangement is well-nigh essential, and the North Carolina statute implies that both functions shall be exercised by the boards of education. Holt v. Raleigh City Bd. of Educ., 265 F.2d

95 (4th Cir. 1959), cert. denied, 361 U.S. 818, 80 S. Ct. 59, 4 L. Ed. 2d 63 (1959).

The authority to make the assignment and enrollment of pupils is placed in the county board of education, and there is no direction for the participation of the State Board of Education in these matters. A motion to amend a complaint to join these officials as additional defendants was denied in the instant case. Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959).

Section Does Not Apply to Board's Rules on School Calendar. — G.S. 115C-369 provides no means for determining whether a board of education's plan for mandatory year-round schools is statutorily or constitutionally permitted. The statute focuses on the individual assignment of a student and would not supply the relief sought in a declaratory judgment complaint regarding the board's plan and regulations. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Reassignment Is Made on Individual Basis. — Reassignment is in the nature of a special case and made on an individual student basis, upon the request of the parent. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964).

And Emphasis Is on Welfare of Child and Effect on School. — Former corresponding statute placed all emphasis on the welfare of the child and the effect upon the school to which reassignment was requested. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964); In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

It is the best interest of the applying child which must guide the deliberations and control the decision of the board, unless the granting of the application will interfere with the proper administration of the school to which the child seeks reassignment or will endanger the proper instruction, the health or the safety of the other children enrolled therein. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

Right to Apply for Reassignment Is Limited to Parent, Guardian or Person in Loco Parentis. — The right to apply for a reassignment is limited to the parent, guardian, or person standing in loco parentis to the child seeking reassignment. Notice of the board's decision must be given to the applicant or his parent. No notice is required to be given to the parents of other children; they are not parties to the hearing, and they are not entitled to notice of the board's decision. In re Application for Reassignment, 247 N.C. 413, 101 S.E.2d 359 (1958).

The parent is authorized to apply to the appropriate public school official for the enrollment of his child or children by name in any public school within the county or city administrative unit in which such child or children reside. But such parent is not authorized to apply for admission of any child or children other than his own, unless he is the guardian of such child or children or stands in loco parentis to such child or children. Joyner v. McDowell County Bd. of Educ., 244 N.C. 164, 92 S.E.2d 795 (1956).

Criteria for Considering Applications for Transfer. — The courts have uniformly approved residence and academic preparedness as appropriate criteria for considering applications for transfer. A variety of other criteria would undoubtedly be appropriate in given situations, so long as such criteria are not used in such a way as to deprive individuals of their constitutional rights. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961), rev'd on other grounds, 309 F.2d 630 (4th Cir. 1962).

After Assignment by School Board, Application Required for Reassignment. — No authority existed to support a trial court's requirement of informed parental consent prior to a board of education's assignment of student to year-round schools. Under G.S.115C-366(b), when a local school board exercised its "full and complete" authority to assign a student to a year-round school, that decision was "final" subject only to an application by the student under G.S. 115C-369 for reassignment. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Failure of Parents and Child to Appear Before Board for Interrogation. — A board of education, requested to transfer a child from one school to another, was clearly within its right before making its initial decision in requesting the child and his parents to appear for interrogation, and they on their part were clearly delinquent in refusing to attend and to furnish all relevant information in their possession. They were not justified in deferring their appearance until the "formal hearing" provided by statute for a review of an adverse decision, or on failing, even at that stage, to appear in person and submit to examination by members of the board. Thus they were not entitled to appeal for relief to the federal court, not having exhausted the remedies afforded them by the statutes of the State. Holt v. Raleigh City Bd. of Educ., 265 F.2d 95 (4th Cir. 1959), cert. denied, 361 U.S. 818, 80 S. Ct. 59, 4 L. Ed. 2d 63 (1959).

Failure to Make Second Application Following Merger of Schools. — Where plaintiffs were assigned by the board to the school structure to which they sought admission, but a merger of two schools was followed in a few days by a series of actions whereby the newly integrated school was disintegrated without notice to the plaintiffs, their desire to attend an integrated school was completely frustrated, and relief should not be denied on the ground that the plaintiffs had failed to make a second application to the board for reassignment after the merger of the two schools had taken place, nor should the plaintiffs be required again to pursue administrative remedies without the aid of the court. McCoy v. Greensboro City Bd. of Educ., 283 F.2d 667 (4th Cir. 1960).

Separate Suit for Each Child Is Not Required. — The dismissal of a suit by several parents of school children on the ground that they had not exhausted their administrative remedies does not mean that there must be a separate suit for each child on whose behalf it is claimed that an application for reassignment has been improperly denied. There can be no objection to the joining of a number of applicants in the same suit as has been done in other cases. The county board of education, however, is entitled, to consider each application on its individual merits, and if this is done without unnecessary delay and with scrupulous observance of individual constitutional rights, there will be no just cause for complaint. Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959).

Exhaustion of State Remedies Required. — Persons aggrieved by the actions of the school officials of a state may not appeal for relief to the federal courts until they have exhausted the remedies afforded them by the statutes of the State. Holt v. Raleigh City Bd. of Educ., 265 F.2d 95 (4th Cir. 1959), cert. denied, 361 U.S. 818, 80 S. Ct. 59, 4 L. Ed. 2d 63 (1959).

Exhaustion of Administrative Remedies Not Required. — Claims for declaratory relief under G.S. 1-254 made by parents of students were not barred for failure to exhaust administrative remedies because the parents challenged the validity of a Board of Education's plan to use year-round schools to alleviate overcrowding, which did not fall within the scope of G.S. 115C-369. None of the factors specified in G.S. 115C-369(c) for consideration by the Board in making a decision under the statute addressed the issues regarding the validity of the plan. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

System of Free Transfers Held Constitutionally Permissible. — Where a system of free transfers was the only means by which many black students could attend integrated schools, and each pupil in the system had the option, the existence of the right to transfer was constitutionally permissible. Swann v. Charlotte-Mecklenburg Bd. of Educ., 369 F.2d 29 (4th Cir. 1966).

Parent's Actions Not Moot on Issue of School Calendar. — Because children's individual reassignments to mandatory year round schools did not terminate the uncertainty and controversy giving rise to their action under G.S. 115C-369 as would a declaration that the Board of Education did or did not have the authority to implement its plan to convert traditional calendar schools to mandatory year round schools, the claims alleged by the parents of those children were not moot. Wake Cares, Inc. v. Wake County Bd. of Educ., 190 N.C. App. 1, 660 S.E.2d 217, 2008 N.C. App. LEXIS 872 (2008), aff'd 363 N.C. 165, 675 S.E.2d 345 (2009).

Assignment to Year-Round School. — County board of education can assign students to year-round schools without parental consent because the General Assembly has conferred broad, specific, and sole authority upon local school boards to determine school calendars; when assignment to a particular school places too great a burden on individual children parents may seek reassignment and judicial review of any assignment decision. Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

§ 115C-370. Judicial review of board's decision.

A decision of a local board under G.S. 115C-369 is final and, except as provided in this section, is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision. (1955, c. 366, s. 4; 1969, c. 44, s. 73; 1981, c. 423, s. 1; 1987, c. 827, s. 51.)

CASE NOTES

Editor's Note. — *The cases below were decided under corresponding provisions of former Chapter 115.*

Who May Appeal. — An appeal to the superior court from the denial of an application made by any parent, guardian or person standing in loco parentis to any child or children for the admission of such child or children to a particular school must be prosecuted in behalf of the child or children by the interested parent, guardian or person standing in loco parentis to such child or children respectively and not collectively. Joyner v. McDowell County Bd. of Educ., 244 N.C. 164, 92 S.E.2d 795 (1956); In re Application for Reassignment, 247 N.C. 413, 101 S.E.2d 359 (1958).

Where a municipal board of education grants the applications for reassignment of certain pupils, appeal from its decision may be taken as to each child only by the child's parent, guardian or person standing in loco parentis; the parents of other children attending the schools to which the reassignments are made are not the parties aggrieved by such reassignments and have no standing in court to contest the assignments. Moreover, each reassignment must be challenged separately; reassignments cannot be challenged en masse. In re Application for Reassignment, 247 N.C. 413, 101 S.E.2d 359 (1958).

No agreement of the board can deprive the courts of this State of jurisdiction conferred upon them by statute, or bar the court before which an appeal from the board's order is brought from entering the judgment prescribed in such case. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

And Courts Will Determine Right to Reassignment According to Statutory Standards. — So long as the Pupil Assignment Law remains the law of North Carolina, the courts of this State, in passing upon appeals from orders of the boards of education concerning applications for the reassignment of children to the public schools, will determine the right to reassignment in accordance with the standards prescribed by the statute, not pursuant to agreements between the board and another or letters from such other party setting forth his ex parte construction of the alleged agreement. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

The court has the authority to reassign the child to the school which he and his parents want him to attend, if that is in the best interest of the child and the child's enrollment therein will not interfere with the proper administration of that school or endanger the instruction, the health or the safety of the other pupils there enrolled. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

Or It May Reassign Him to School in Another Administrative Unit. — Upon appeal, the superior court has the authority to reassign the child to a school of another administrative unit, even though the board of education of the administrative unit wherein the child resides objects. In re Varner, 266 N.C. 409, 146 S.E.2d 401 (1966).

Mandamus. — An application for mandamus, requiring the immediate integration of all black pupils residing in the administrative unit, is neither contemplated nor authorized by this section. Joyner v. McDowell County Bd. of Educ., 244 N.C. 164, 92 S.E.2d 795 (1956).

Federal Remedies. — The appeals provided by the Pupil Assignment Law are judicial and not administrative remedies, and after administrative remedies before the school boards have been exhausted, judicial remedies for denial of constitutional rights may be pursued at once in the federal courts without pursuing state court remedies. Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956), cert. denied, 353 U.S. 910, 77 S. Ct. 665, 1 L. Ed. 2d 664 (1957); Holt v. Raleigh City Bd. of Educ., 164 F. Supp. 853 (E.D.N.C. 1958), aff'd, 265 F.2d 95 (4th Cir.), cert. denied, 361 U.S. 818, 80 S. Ct. 59, 4 L. Ed. 2d 63 (1959); Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959), cert. denied, 361 U.S. 840, 80 S. Ct. 78, 4 L. Ed. 2d 79 (1959).

Applied in Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

§ 115C-371. Assignment to special education programs.

Assignment of students to special education programs is subject to Article 9 of this Chapter. (1981, c. 423, s. 1; 2006-69, s. 3(k).)

§ 115C-372. Assignment to school bus.

Assignment of students to school buses is subject to the provisions of G.S. 115C-244. (1981, c. 423, s. 1.)

ARTICLE 25A.

Special Medical Needs of Students.

§ 115C-375.1. To provide some medical care to students.

It is within the scope of duty of teachers, including substitute teachers, teacher assistants, student teachers, or any other public school employee when authorized by the board of education or its designee, (i) to administer any drugs or medication prescribed by a doctor upon written request of the parents, (ii) to give emergency health care when reasonably apparent circumstances indicate that any delay would seriously worsen the physical condition or endanger the life of the pupil, and (iii) to perform any other first aid or lifesaving techniques in which the employee has been trained in a program approved by the State Board of Education. No employee, however, shall be required to administer drugs or medication or attend lifesaving techniques programs.

Any public school employee, authorized by the board of education or its designee to act under (i), (ii), or (iii) above, shall not be liable in civil damages for any authorized act or for any omission relating to that act unless the act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. Any person, serving in a voluntary position at the request of or with the permission or consent of the board of education or its designee, who has been given the authority by the board of education or its designee to act under (ii) above shall not be liable in civil damages for any authorized act or for any omission relating to the act unless the act amounts to gross negligence, wanton conduct, or intentional wrongdoing.

At the commencement of each school year, but before the beginning of classes, and thereafter as circumstances require, the principal of each school shall determine which persons will participate in the medical care program. (2005-22, s. 2(b); 2006-264, ss. 57(a), (c).)

Editor's Note. — Session Laws 2005-22, s. 1, originally enacted this Article as Article 26A. It has been renumbered as Article 25A at the direction of the Revisor of Statutes.

Session Laws 2005-22, s. 6, provides: "The Department of Health and Human Services, Department of Public Instruction, or other appropriate State agencies shall apply for any federal grants for which the entity is eligible under 42 U.S.C. § 280g or other federal statutes or regulations related to treating, preventing, or training on children's asthma."

Session Laws 2006-264, s. 57(a), effective August 27, 2006, provides: "Article 26A of Chapter 115C of the General Statutes, as enacted by Section 1 of S.L. 2005-22, is recodified as Article 25A of Chapter 115C of the General Statutes."

§ 115C-375.2. Possession and self-administration of asthma medication by students with asthma or students subject to anaphylactic reactions, or both.

(a) Local boards of education shall adopt a policy authorizing a student with asthma or a student subject to anaphylactic reactions, or both, to possess and self-administer asthma medication on school property during the school day, at school-sponsored activities, or while in transit to or from school or school-sponsored events. As used in this section, "asthma medication" means a medicine prescribed for the treatment of asthma or anaphylactic reactions and includes a prescribed asthma inhaler or epinephrine auto-injector. The policy shall include a requirement that the student's parent or guardian provide to the school:

(1) Written authorization from the student's parent or guardian for the student to possess and self-administer asthma medication.

(2) A written statement from the student's health care practitioner verifying that the student has asthma or an allergy that could result in an anaphylactic reaction, or both, and that the health care practitioner prescribed medication for use on school property during the school day, at school-sponsored activities, or while in transit to or from school or school-sponsored events.

(3) A written statement from the student's health care practitioner who prescribed the asthma medication that the student understands, has been instructed in self-administration of the asthma medication, and has demonstrated the skill level necessary to use the asthma medication and any device that is necessary to administer the asthma medication.

(4) A written treatment plan and written emergency protocol formulated by the health care practitioner who prescribed the medicine for managing the student's asthma or anaphylaxis episodes and for medication use by the student.

(5) A statement provided by the school and signed by the student's parent or guardian acknowledging that the local school administrative unit and its employees and agents are not liable for an injury arising from a student's possession and self-administration of asthma medication.

(6) Other requirements necessary to comply with State and federal laws.

(b) The student must demonstrate to the school nurse, or the nurse's designee, the skill level necessary to use the asthma medication and any device that is necessary to administer the medication.

(c) The student's parent or guardian shall provide to the school backup asthma medication that shall be kept at the student's school in a location to which the student has immediate access in the event of an asthma or anaphylaxis emergency.

(d) Information provided to the school by the student's parent or guardian shall be kept on file at the student's school in a location easily accessible in the event of an asthma or anaphylaxis emergency.

(e) If a student uses asthma medication prescribed for the student in a manner other than as prescribed, a school may impose on the student disciplinary action according to the school's disciplinary policy. A school may not impose disciplinary action that limits or restricts the student's immediate access to the asthma medication.

(f) The requirement that permission granted for a student to possess and self-administer asthma medication shall be effective only for the same school and for 365 calendar days and must be renewed annually.

(g) No local board of education, nor its members, employees, designees, agents, or volunteers, shall be liable in civil damages to any party for any act authorized by this section, or for any omission relating to that act, unless that act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. (2005-22, s. 1; 2006-264, s. 57(b).)

Editor's Note. — Session Laws 2005-22, s. 7, provides in part: "G.S. 115C-375.2, as established in Section 1 of this act, applies beginning with the 2005-2006 school year."

§ 115C-375.3. Guidelines to support and assist students with diabetes.

Local boards of education and boards of directors of charter schools shall ensure that the guidelines adopted by the State Board of Education under G.S. 115C- 12(31) are implemented in schools in which students with diabetes are enrolled. In particular, the boards shall require the implementation of the procedures set forth in those guidelines for the development and implementation of individual diabetes care plans. The boards also shall make available necessary information and staff development to teachers and school personnel in order to appropriately support and assist students with diabetes in accordance with their individual diabetes care plans. Local boards of education and boards of directors of charter schools shall report to the State Board of Education annually, on or before August 15, whether they have students with diabetes enrolled and provide information showing compliance with the guidelines adopted by the State Board of Education under G.S. 115C-12(31). These reports shall be in compliance with the federal Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g. (2005-22, s. 3(a), (b); 2009-563, s. 1.)

Editor's Note. — This section was formerly codified as G.S. 115C-47(42). It was recodified as G.S. 115C-375.3 by Session Laws 2005-22, s. 3(a), effective April 28, 2005.

Effect of Amendments. — Session Laws 2009-563, s. 1, effective August 28, 2009, and applicable beginning with the 2009-2010 school year, inserted "and boards of directors of charter schools" in the first sentence; substituted "The boards" for "Local boards" at the beginning of the third sentence; and added the last two sentences of the section.

§ 115C-375.4. Meningococcal meningitis and influenza and their vaccines.

Local boards of education shall ensure that schools provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children. (2005-22, s. 4(a), (b).)

Editor's Note. — This section was formerly codified as G.S. 115C-47(44). It was recodified as G.S. 115C-375.4 by Session Laws 2005-22, s. 4(a), effective April 28, 2005.

Session Laws 2009-574, s. 13.1, provides: "The Department of Health and Human Services, Division of Public Health, may study the feasibility of establishing a school-based influenza vaccination pilot program. The purpose of the program would be to vaccinate against influenza all children ages six months to 18 years in accordance with the recommendations of the National Advisory Committee on Immunization Practices. In conducting the study, the Division may:

"(1) Examine the costs and benefits of establishing a school-based influenza vaccination pilot program;

"(2) Identify any barriers to implementing the school-based influenza vaccination pilot program and recommend strategies for removing the barriers; and

"(3) Determine the fiscal impact to the State of the proposed pilot program."

Session Laws 2009-574, s. 13.2, provides: "The Department of Health and Human Services may report its findings and recommendations to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Governor not later than October 1, 2010."

Session Laws 2009-574, s. 52.1, provides: "For legislative studies authorized by this act, out-of-state travel must be authorized by the President Pro Tempore of the Senate or the Speaker of the House of Representatives, as appropriate."

§ 115C-375.5. Education for pregnant and parenting students.

(a) Pregnant and parenting students shall receive the same educational instruction or its equivalent as other students. A local school administrative unit may provide programs to meet the special scheduling and curriculum needs of pregnant and parenting students. However, student participation in these programs shall be voluntary, and the instruction and curriculum must be comparable to that provided other students.

(b) Local boards of education shall adopt a policy to ensure that pregnant and parenting students are not discriminated against or excluded from school or any program, class, or extracurricular activity because they are pregnant or parenting students and to provide assistance and support to encourage pregnant and parenting students to remain enrolled in school and graduate. The policy shall include, at a minimum, all of the following:

(1) Local school administrative units shall use, as needed, supplemental funds from the At-Risk Student Services allotment to support programs for pregnant and parenting students.

(2) Notwithstanding Part 1 of Article 26 of this Chapter, pregnant and parenting students shall be given excused absences from school for pregnancy and related conditions for the length of time the student's physician finds medically necessary. This includes absences due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent.

(3) Homework and make-up work shall be made available to pregnant and parenting students to ensure that they have the opportunity to keep current with assignments and avoid losing course credit because of their absence from school and, to the extent necessary, a homebound teacher shall be assigned. (2006-69, s. 4(a); 2009-330, s. 3.)

Editor's Note. — Session Laws 2006-69, ss. 4, 7 made this section effective July 10, 2006, and applicable beginning with the 2006-2007 school year.

Effect of Amendments. — Session Laws 2009-330, s. 3, effective July 24, 2009, added "and to provide assistance and support to encourage pregnant and parenting students to remain enrolled in school and graduate" at the end of the first sentence in the introductory paragraph of subsection (b).

§§ 115C-376, 115C-377: Reserved for future codification purposes.

Article 26.

Attendance.

Part 1. Compulsory Attendance.

§ 115C-378. Children required to attend.

(a) Every parent, guardian or custodian in this State having charge or control of a child between the ages of seven and 16 years shall cause the child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session. Every parent, guardian, or custodian in this State having charge or control of a child under age seven who is enrolled in a public school in grades kindergarten through two shall also cause the child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session unless the child has withdrawn from school.

(b) No person shall encourage, entice or counsel any child of compulsory school age to be unlawfully absent from school. The parent, guardian, or custodian of a child shall notify the school of the reason for each known absence of the child, in accordance with local school board policy.

(c) The principal, superintendent, or a designee of the principal or superintendent shall have the right to excuse a child temporarily from attendance on account of sickness or other unavoidable cause that does not constitute unlawful absence as defined by the State Board of Education. The term "school" as used in this section includes all public schools and any nonpublic schools which have teachers and curricula that are approved by the State Board of Education.

(d) All nonpublic schools receiving and instructing children of compulsory school age shall be required to make, maintain, and render attendance records of those children and maintain the minimum curriculum standards required of public schools. If a nonpublic school refuses or neglects to make, maintain, and render required attendance records, attendance at that school shall not be accepted in lieu of attendance at the public school of the district to which the child shall be assigned. Instruction in a nonpublic school shall not be regarded as meeting the requirements of the law unless the courses of instruction run concurrently with the term of the public school in the district and extend for at least as long a term.

(e) The principal or the principal's designee shall notify the parent, guardian, or custodian of his or her child's excessive absences after the child has accumulated three unexcused absences in a school year. After not more than six unexcused absences, the principal or the principal's designee shall notify the parent, guardian, or custodian by mail that he or she may be in violation of the Compulsory Attendance Law and may be prosecuted if the absences cannot be justified under the established attendance policies of the State and local boards of education. Once the parents are notified, the school attendance counselor shall work with the child and the child's family to analyze the causes of the absences and determine steps, including adjustment of the school program or obtaining supplemental services, to eliminate the problem. The attendance counselor may request that a law enforcement officer accompany him or her if the attendance counselor believes that a home visit is necessary.

(f) After 10 accumulated unexcused absences in a school year, the principal or the principal's designee shall review any report or investigation prepared under G.S. 115C-381 and shall confer with the student and the student's parent, guardian, or custodian, if possible, to determine whether the parent, guardian, or custodian has received notification pursuant to this section and made a good faith effort to comply with the law. If the principal or the principal's designee determines that the parent, guardian, or custodian has not made a good faith effort to comply with the law, the principal shall notify the district attorney and the director of social services of the county where the child resides. If the principal or the principal's designee determines that the parent, guardian, or custodian has made a good faith effort to comply with the law, the principal may file a complaint with the juvenile court counselor pursuant to Chapter 7B of the General Statutes that the child is habitually absent from school without a valid excuse. Upon receiving notification by the principal or the principal's designee, the director of social services shall determine whether to undertake an investigation under G.S. 7B-302.

(g) Documentation that demonstrates that the parents, guardian, or custodian were notified and that the child has accumulated 10 absences which cannot be justified under the established attendance policies of the local board shall constitute prima facie evidence that the child's parent, guardian, or custodian is responsible for the absences. (1955, c. 1372, art. 20, s. 1; 1956, Ex. Sess., c. 5; 1963, c. 1223, s. 6; 1969, c. 339; c. 799, s. 1; 1971, c. 846; 1975, c. 678, s. 2; c. 731, s. 3; 1979, c. 847; 1981, c. 423, s. 1; 1985, c. 297; 1991 (Reg. Sess., 1992), c. 769, s. 2; 1998-202, s. 13(aa); 2001-490, s. 2.38; 2003-304, s. 3; 2009-404, s. 1.)

Editor's Note. — Session Laws 2009-574, s. 24.1, proivides: 'The Board of Governors of The University of North Carolina, in coordination with the Department of Public Instruction and the North Carolina Independent Colleges and Universities, may direct the appropriate entity to study the impacts of raising the compulsory public school attendance age prior to completion of a high school diploma from 16 to 17 or 18 and may report to the Joint Legislative Education Oversight Committee prior to May 1, 2010."

Session Laws 2009-574, s. 52.1, provides: "For legislative studies authorized by this act, out-of-state travel must be authorized by the President Pro Tempore of the Senate or the Speaker of the House of Representatives, as appropriate."

Effect of Amendments. — Session Laws 2009-404, s. 1, effective August 5, 2009, and applies beginning with the 2009-2010 school year, inserted subsection designations; in subsection (a), substituted "custodian" for "other person" twice and "the child" for "such child" twice; in subsection (b), substituted "child of compulsory school age" for "such child" and inserted "board"; in subsection (c), substituted "a designee of the principal or superintendent" for "teacher who is in charge of such school," "in this section includes" for "herein is defined to embrace," and "any nonpublic schools which" for "such nonpublic schools as"; rewrote subsection (d), in subsection (e), made gender neutral changes and in the second sentence, inserted "or the principal's designee"; in subsection (f), inserted "or the principal's designee" three times and added the last sentence; and in subsection (g), substituted "documentation that demonstrates" for "evidence that shows," "constitute prima facie evidence" for "establish a prima facie case" and deleted the former last sentence, which read: "Upon receiving notification by the principal, the director of social services shall determine whether to undertake an investigation under G.S. 7B-302."

CASE NOTES

Editor's Note. — *Many of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Purpose of Statute. — The purpose of the compulsory attendance law is to prevent those in charge or control of children from encouraging or enticing said children to be absent from school unlawfully. In re McMillan, 30 N.C. App. 235, 226 S.E.2d 693 (1976).

Jurisdiction. — Trial court did not err in finding defendant guilty of violating the Compulsory Attendance Law, G.S. 115C-378, because the trial court had jurisdiction over the matter when the discretion of a school principal to seek a warrant for a parent's violation of G.S. 115C-378 was not jurisdictional and was not an element of the offense; the procedures set forth in G.S. 115C-378 requiring that the schools take certain steps prior to causing a warrant to be issued are elements of the offense, and once each of these steps have been complied with, then the principal is vested with the discretion of whether or not to seek a criminal warrant for violation of the State's compulsory attendance law, and the exercise of this discretion is not a jurisdictional requirement nor is it an element of the offense. State v. Frady, — N.C. App. —, 673 S.E.2d 751, 2009 N.C. App. LEXIS 243 (2009).

Property Interest Entitles Students to Due Process. — Students in North Carolina have legitimate claims of entitlement to a public education, since by G.S. 115-1 (see now G.S. 115C-1), a uniform system of free public schools is provided throughout the State and students are required to attend by this section. Therefore, students have a property interest in public education and would be entitled to due process in connection with suspension from school. Pegram v. Nelson, 469 F. Supp. 1134 (M.D.N.C. 1979).

There are four ways by which school-aged children in this State may comply with school attendance statutes. First, under this section a child may attend public school. Second, under the same section, a child may attend an "approved", "nonpublic school" which maintains the required records and conducts its curriculum concurrently with the local public school. Third, a child may attend a "private church school or school of religious charter" which meets the requirements of G.S. 115C-547 et seq. Fourth, a child may attend a "nonpublic school" which "qualifies" by meeting the requirements of G.S. 115C-555 et seq. Delconte v. State, 313 N.C. 384, 329 S.E.2d 636 (1985).

Home Instruction of Children. — Plaintiff's home instruction of his school-age children was not prohibited by compulsory school attendance statutes. Delconte v. State, 313 N.C. 384, 329 S.E.2d 636 (1985).

The statute does not compel every child to attend public schools exclusively for the prescribed period. Such a law would be invalid. State v. Vietto, 38 N.C. App. 99, 247 S.E.2d 298, rev'd on other grounds, 297 N.C. 8, 252 S.E.2d 732 (1979).

Parent Asserting Rights Under Vaccination Statute. — Where it appeared that the defendant did everything within his power to keep his child in school, except to waive what he believed to be his rights under former G.S. 130-93.1 (h), so long as the defendant, in good faith, was asserting his rights as he conceived them under the statute, he was not subject to conviction under this section. State v. Miday, 263 N.C. 747, 140 S.E.2d 325 (1965).

Indictment for Noncompliance. — For a conviction of failure to keep children in school it was necessary for the indictment to allege, and for the State to offer evidence tending to show, not only that the parent or guardian of the children within the described age had failed or refused to send them to the public school within the district, but also that such child or children had not been sent to attend school periodically for a period equal to the time during which the public school in the district in which they resided was in session. State v. Johnson, 188 N.C. 591, 125 S.E. 183 (1924).

Where the indictment does not sufficiently allege the failure of the parent or guardian to send the child to a school other than the public school in the district, an amendment may be allowed to cure the defect. State v. Johnson, 188 N.C. 591, 125 S.E. 183 (1924).

An indictment charging a parent with unlawfully and willfully failing to cause his children, between the ages of 8 and 14 (now 7 and 16) years, to attend the public schools of the district of his and the children's residence, is defective in not observing the distinction that the parent, having the custody of his children, may have them attend private schools for the required period, and no conviction may be had under the charge set out in the indictment. State v. Lewis, 194 N.C. 620, 140 S.E. 434 (1927).

Willfulness is not an element of the offense. State v. Vietto, 38 N.C. App. 99, 247 S.E.2d 298, rev'd on other grounds, 297 N.C. 8, 252 S.E.2d 732 (1979).

Burden. — Where the indictment is defective in failing to charge that a parent or guardian had also failed to send the child or children to a school other than the district school, and the State offers no evidence in respect to it, it is not required that the parent or guardian offer evidence to show that he had complied with the proviso of the statute; and an instruction of the court to the jury, placing the burden upon the defendant to so show, is reversible error. State v. Johnson, 188 N.C. 591, 125 S.E. 183 (1924).

Evidence Insufficient to Show That School Was Not Approved. — Defendant's motion for directed verdict should have been allowed, where the evidence showed that defendant removed her twelve-year-old child from the public schools and enrolled her in Learning Foundations of Wilmington, and the only evidence that Learning Foundations was not a nonpublic school approved by the State Board of Education was inherently speculative. State v. Vietto, 297 N.C. 8, 252 S.E.2d 732 (1979).

Competence of Testimony of Public School Officials. — Public school officials were competent to testify as to whether or not the school in which the defendant's daughter was placed was an "approved" nonpublic school. State v. Vietto, 38 N.C. App. 99, 247 S.E.2d 298, rev'd on other grounds, 297 N.C. 8, 252 S.E.2d 732 (1979).

OPINIONS OF ATTORNEY GENERAL

Transmittal of Educational Records. — Local school boards can and should transmit to the Division of Youth Services (DYS) and other Department of Human Resources (DHR) agencies providing educational services to school age children any requested education records of juveniles committed to their custody or control. Once such education records are obtained by DYS or other DHR facilities they are confidential and must not be released except as permitted by the Family Educational Rights and Privacy Act. See opinion of C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

Requirements for Home School. — Parents who establish a school in their home to educate their school-age children must have their home school recognized by the Office of Nonpublic Schools and meet the requirements of Article 39, Chapter 115C in order to meet the requirements of the Compulsory Attendance Law. See opinion of Attorney General to Mr. Charles C. McConnell, Superintendent, Haywood County Schools, 55 N.C.A.G. 86 (1986).

Parents who educate their child in a home school which has not met the requirements of Article 39 of Chapter 115C, but has been created as a satellite by another recognized home school, are not in compliance with the Compulsory Attendance Law. See opinion of Attorney General to Mr. Charles C. McConnell, Superintendent, Haywood County Schools, 55 N.C.A.G. 86 (1986).

Notice of Intent Not Required. — The North Carolina Division of Non-Public Education is not required to accept a notice of intent to operate a home school, and the school is not required to file such notice, where the home school does not enroll any children of compulsory school attendance age. See opinion of Attorney General to The Honorable J. Russell Capps N.C. House of Representatives, 1997 N.C.A.G. 54 (8/25/97).

Release to Attend Private School. — Local boards of education have the discretionary authority to release students from school for a part of the school day to attend a private school so long as the private school meets compulsory attendance requirements. A school board that elects to deny such permission does not violate the constitutional rights of parents or students. A board that elects to grant such permission should recognize, and should advise parents, that the absence from school may affect the student's academic progress. See opinion of Attorney General to Mr. W. Max Walser, Superintendent, Davidson County Schools, 57 N.C.A.G. 26 (1987).

§ 115C-379. Method of enforcement.

It shall be the duty of the State Board of Education to formulate the rules that may be necessary for the proper enforcement of the provisions of this Part. The Board shall prescribe (i) what shall constitute unlawful absence, (ii) what causes may constitute legitimate excuses for temporary nonattendance due to a student's physical or mental inability to attend or a student's participation in a valid educational opportunity such as service as a legislative page or a Governor's page, and (iii) under what circumstances teachers, principals, or superintendents may excuse pupils for nonattendance due to immediate demands of the farm or the home in certain seasons of the year in the several sections of the State. It shall be the duty of all school officials to carry out such instructions from the State Board of Education, and any school official failing to carry out such instructions shall be guilty of a Class 3 misdemeanor: Provided, that the compulsory attendance law herein prescribed shall not be in force in any local school administrative unit that has a higher compulsory attendance feature than that provided herein. (1955, c. 1372, art. 20, s. 2; 1963, c. 1223, s. 7; 1981, c. 423, s. 1; 1993, c. 539, s. 887; 1994, Ex. Sess., c. 24, s. 14(c); 2007-186, s. 1.)

Effect of Amendments. — Session Laws 2007-186, s. 1, effective July 7, 2007, and applicable beginning with the 2007-2008 school year, substituted "the rules that" for "such rules and regulations as" in the first sentence; in the second sentence, inserted the (i), (ii) and (iii) designations, "a student's" and "or a student's participation in a valid educational opportunity such as service as a legislative page or a Governor's page," and made related punctuation changes.

§ 115C-380. Penalty for violation.

Except as otherwise provided in G.S. 115C-379, any parent, guardian or other person violating the provisions of this Part shall be guilty of a Class 1 misdemeanor. (1955, c. 1372, art. 20, s. 4; 1969, c. 799, s. 2; 1981, c. 423, s. 1; 1993, c. 539, s. 888; 1994, Ex. Sess., c. 24, s. 14(c); 2005-318, s. 1.)

Editor's Note. — This section, as amended by Session Laws 2005-318, s. 1, effective December 1, 2005, increasing the penalty from a Class 3 to a Class 1 misdemeanor and adding the exception at the beginning of the section, is applicable to offenses committed on or after that date.

CASE NOTES

Jurisdiction. — Trial court did not err in finding defendant guilty of violating the Compulsory Attendance Law, G.S. 115C-378, because the trial court had jurisdiction over the matter when the discretion of a school principal to seek a warrant for a parent's violation of G.S. 115C-378 was not jurisdictional and was not an element of the offense; the procedures set forth in G.S. 115C-378 requiring that the schools take certain steps prior to causing a warrant to be issued are elements of the offense, and once each of these steps have been complied with, then the principal is vested with the discretion of whether or not to seek a criminal warrant for violation of the State's compulsory attendance law, and the exercise of this discretion is not a jurisdictional requirement nor is it an element of the offense. State v. Frady, — N.C. App. —, 673 S.E.2d 751, 2009 N.C. App. LEXIS 243 (2009).

§ 115C-381. School social workers; reports; prosecutions.

The Superintendent of Public Instruction shall prepare such rules and procedures and furnish such blanks for teachers and other school officials as may be necessary for reporting such case of unlawful absence or lack of attendance to the school social worker of the respective local school administrative units. Such rules shall provide, among other things, for a notification in writing, to the person responsible for the nonattendance of any child, that the case is to be reported to the school social worker of the local school administrative unit unless the law is complied with immediately. Upon recommendation of the superintendent, local boards of education may employ school social workers and such school social workers shall have authority to report and verify on oath the necessary criminal warrants or other documents for the prosecutions of violations of this Part: Provided, that local school administrative units shall provide in their local operating budgets for travel and necessary office expense for such school social workers as may be employed through State or local funds, or both. The State Board of Education shall determine the process for allocating school social workers to the various local school administrative units, establish their qualifications, and develop a salary schedule which shall be applicable to such personnel: Provided, that persons now employed by local boards of education as attendance counselors shall be deemed qualified as school social workers under the terms of this Part subject to the approval of said local boards of education.

The school social worker shall investigate all violators of the provisions of this Part. The reports of unlawful absence required to be made by teachers and principals to the school social worker shall, in his hands, in case of any prosecution, constitute prima facie evidence of the violation of this Part and the burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon an authorized school. (1955, c. 1372, art. 20, ss. 3, 5; 1957, c. 600; 1961, c. 186; 1963, c. 1223, ss. 8, 9; 1981, c. 423, s. 1; 1985, c. 686, s. 3.)

§ 115C-382. Investigation of indigency.

If affidavit shall be made by the parent of a child or by any other person that any child who is required to attend school under G.S. 115C-378 is not able to attend school by reason of necessity to work or labor for the support of himself or the support of the family, then the school social worker shall diligently inquire into the matter and bring it to the attention of some court allowed by law to act as a juvenile court, and said court shall proceed to find whether as a matter of fact such parents, or persons standing in loco parentis, are unable to send said child to school for the term of compulsory attendance for the reasons given. If the court shall find, after careful investigation, that the parents have made or are making bona fide effort to comply with the compulsory attendance law, and by reason of illness, lack of earning capacity, or any other cause which the court may deem valid and sufficient, are unable to send said child to school, then the court shall find and state what help is needed for the family to enable compliance with the attendance law. The court shall transmit its findings to the director of social services of the county or city in which the case may arise for such social services officer's consideration and action. (1955, c. 1372, art. 20, s. 6; 1961, c. 186; 1963, c. 1223, s. 10; 1969, c. 982; 1981, c. 423, s. 1; 1985, c. 686, s. 4; 1991 (Reg. Sess., 1992), c. 769, s. 3.)

§ 115C-383. Attendance of deaf and blind children.

(a) Deaf Children and Blind Children to Attend School; Age Limits; Minimum Attendance. — Every deaf child and every blind child between the ages of six and 18 years of sound mind in North Carolina who shall be qualified for admission into a State school for the deaf or the blind shall attend a school that has an approved program for the deaf or the blind, or in the case of a blind child, such child may attend a public school, for a term of not less than nine months each year. Parents, guardians, or custodians of every such blind or deaf child between the ages of six and 18 years shall send, or cause to be sent, such child to some school for the instruction of the blind or deaf or public school as herein provided. As to any deaf child, or any blind child not attending a public school as herein provided, the superintendent of any school for the blind or deaf may exempt any such child from attendance at any session or during any year, and may discharge from his custody any such blind or deaf child whenever such discharge seems necessary or proper. Such discharge or exemption shall be reviewed by the board of directors upon petition by the parent, guardian, or other interested person or the child who has been exempted or discharged: Provided, however, that such board shall not be required to review such discharge or exemption more than once during each calendar year. Whenever a blind or deaf child reaches the age of 18 years and is still unable to become self-supporting because of his defects, such child shall continue in said school until he reaches the age of 21, unless he becomes capable of self-support at an earlier date.

(b) Parents, etc., Failing to Enroll Deaf Child in School Guilty of Misdemeanor; Provisos. — The parents, guardians, or custodians of any deaf child between the ages of six and 18 years failing to enroll such deaf child or children in some school for instruction as provided herein, shall be guilty of a Class 1 misdemeanor: Provided, that this subsection shall not apply to or be enforced against the parent, guardian, or custodian of any deaf child until such time as the superintendent of any school for the instruction of the deaf shall in his discretion serve written notice on such parent, guardian, or custodian, directing that such child be sent to the institution, advising such parents, guardians, or custodians of the legal requirements of this subsection: Provided, further, that the willful failure of such parent, guardian, or custodian shall constitute a continuing offense and shall not be barred by the statute of limitations.

(c) Parents, etc., Failing to Send Blind Child to School Guilty of Misdemeanor; Provisos. — The parents, guardians, or custodians of any blind child between the ages of six and 18 years failing to send such child to some school for the instruction of the blind or public school shall be guilty of a Class 1 misdemeanor. This subsection shall not be enforced against the parents, guardians, or custodians of any blind child until such time as the superintendent of some school for the instruction of the blind shall in his discretion serve written notice on such parents, guardians, or custodians directing that such child be sent to the said school or to a public school, advising such parents, guardians, or custodians of the legal requirements of this subsection: Provided, further, that the willful failure of such parents, guardians, or custodians shall constitute a continuing offense and shall not be barred by the statute of limitations. The authorities of the Governor Morehead School shall not be compelled to retain in their custody or under their instruction any incorrigible person of confirmed immoral habits.

(d) Local Superintendent to Report Blind and Deaf Children. — It shall be the duty of the local superintendents to report the names and addresses of parents, guardians, or custodians of any deaf or blind children residing within their respective local school administrative units to the superintendent of the institution provided for each. Such report also shall be made to the Department of Public Instruction. (1955, c. 1372, art. 20, ss. 7-10; 1969, c. 749, s. 1; 1981, c. 423, s. 1; 1993, c. 539, ss. 889, 890; 1994, Ex. Sess., c. 24, s. 14(c).)

Part 2. Student Records and Fees.

§ 115C-384. Student records and fees.

(a) In General. — The local board of education has the power to regulate fees, charges and solicitations subject to the provisions of G.S. 115C-47(6).

(b) Refund of Fees upon Transfer of Pupils.

(1) As used in this subsection:
  a. "Month" shall mean 20 school days.
  b. "First semester" shall mean the first 90 teaching days of the 180 days of the school year.
  c. "Second semester" shall mean the last 90 teaching days of the 180 days of the school year.
  d. "Term" shall have the same meaning as that of first semester or second semester.

(2) In all cases where pupils of a local school administrative unit of the public school system transfer to some other public school in another local school administrative unit or such pupils are compelled to leave the school in which they are enrolled because of some serious or permanent illness, or for any other good and valid reason, then such pupils or their parents shall be entitled to a refund of the fees and charges paid by them as follows:
  a. If the transfer or departure of the pupils from the school in which they are enrolled takes place within one month after enrollment, then all such fees and charges shall be refunded in full.
  b. If the transfer or leaving the school on the part of said pupils takes place after the first month and before the middle of the first semester, then one half of the fees for the first semester shall be refunded, and all fees and charges for the second semester shall be refunded.
  c. If the pupils transfer or leave the school after the middle of the first semester, then no first semester fees or charges shall be refunded.
  d. If the fees and charges on the part of such pupils have been paid for a year and such pupils transfer or leave the school at the end of the first semester or within the first month of the second semester, then all second semester fees and charges shall be refunded in full.
  e. If the fees and charges herein described and set forth have been paid for one year, and the pupils transfer or leave the school before the middle of the second semester, then one half of the second semester fees shall be refunded.
  f. The words "fees" and "charges" as used in this subsection shall not include any fees or charges paid for insurance or fees charged for expendable materials.

g. If the pupils transfer or leave the school after the middle of the second semester, then no fees shall be refunded.

h. If the amount of total refund as determined by this subsection shall be less than one dollar ($1.00), no refund shall be paid.

(3) The principal shall be responsible for refunding fees and charges at the place of the collection of the fees and charges by check made payable to the parent or guardian of pupils leaving the school as noted in subdivision (2) above.

(c) Rental Fees for Textbooks Prohibited; Damage Fees Authorized. — No rental fees are permitted for the use of textbooks, but damage fees may be collected pursuant to the provisions of G.S. 115C-100. (1969, c. 756; 1981, c. 423, s. 1.)

§§ 115C-385 through 115C-389: Reserved for future codification purposes.

ARTICLE 27.

Discipline.

§ 115C-390. School personnel may use reasonable force.

Except as restricted or prohibited by rules adopted by the local boards of education, principals, teachers, substitute teachers, voluntary teachers, and teacher assistants and student teachers in the public schools of this State may use reasonable force in the exercise of lawful authority to restrain or correct pupils and maintain order. (1955, c. 1372, art. 17, s. 4; 1959, c. 1016; 1969, c. 638, ss. 2, 3; 1971, c. 434; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 21; 1989, c. 585, s. 6; 1991, c. 269, s. 1.)

CASE NOTES

Editor's Note. *— Most of the cases below were decided under corresponding provisions of former Chapter 115.*

Constitutionality Generally. — The second paragraph of former G.S. 115-146, similar to this section, was constitutional on its face. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

The concept of liberty in U.S. Const., Amend. XIV, embraces the right of a parent to determine and choose between means of discipline of children. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

A parent's right of total opposition to corporal punishment is not fundamental in a constitutional sense. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

A student has an interest, protected by the concept of liberty in U.S. Const., Amend. XIV, in avoiding corporal punishment. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

Liberty under U.S. Const., Amend. XIV embraces the right of parents generally to control means of discipline of their children. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

To implement the statute authorizing corporal punishment without according to students procedural due process would be a violation of U.S. Const., Amend. XIV. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

In their statutory context the words "reasonable" and "lawful" are not intended to be likened to the due process and equal protection clauses of the United States Constitution. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

"Reasonable" and "lawful" seem to embody no more than the traditional tort concepts that a person privileged to use force can use only the force necessary under the circumstances, i.e., reasonable force, and that he can use force only for the purpose for which he is granted the privilege, i.e., pursuant to his lawful authority. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

The State has an interest in the maintenance of order in the schools sufficient to sustain the right of teachers and school officials to administer reasonable corporal punishment for disciplinary purposes. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

And the State historically has been granted broader powers over children than over adults. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

But school officials do not possess absolute authority over their students. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Students Possess Fundamental Rights. — Students in school as well as out of school are "persons" under the North Carolina Constitution, possessed of fundamental rights which the State must respect. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972). See also, Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

Due-Process Requirements. — Teachers and school officials must accord to students minimal procedural due process in the course of inflicting corporal punishment. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

The State has failed to provide any procedural protection to insure that those acting under the authority of the statute authorizing corporal punishment will adhere to its dictates and neither punish arbitrarily nor use unreasonable force. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

Except for those acts of misconduct which are so antisocial or disruptive in nature as to shock the conscience, corporal punishment may never be used unless the student was informed beforehand that specific misbehavior could occasion its use, and, subject to this exception, it should never be employed as a first line of punishment for misbehavior. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

A teacher or principal must punish corporally in the presence of a second school official (teacher or principal), who must be informed beforehand and in the student's presence of the reason for the punishment. The student need not be afforded a formal opportunity to present his side to the second official; the requirement is intended only to allow a student to protest, spontaneously, an egregiously arbitrary or contrived application of punishment. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

An official who has administered corporal punishment must provide the child's parent, upon request, a written explanation of his reasons and the name of the second official who was present. Baker v. Owen, 395 F. Supp. 294 (M.D.N.C. 1975), aff'd, 423 U.S. 907, 96 S. Ct. 210, 46 L. Ed. 2d 137 (1975).

County school board's policy regulating corporal punishment upheld. See Kurtz v. Winston-Salem/Forsyth County Bd. of Educ., 39 N.C. App. 412, 250 S.E.2d 718 (1979).

There can be no recovery for corporal punishment if the punishment is reasonable in light of its purpose. Gaspersohn ex rel. Gaspersohn v. Harnett County Bd. of Educ., 75 N.C. App. 23, 330 S.E.2d 489, cert. denied, 314 N.C. 539, 335 S.E.2d 315 (1985).

Jury Instructions. — A proposed instruction that corporal punishment should never be employed as a first line of punishment except in cases in which the act of the student is so antisocial or disruptive in nature as to shock the conscience was contrary to this section. The court correctly charged the jury that if a school official failed to exercise ordinary care and inflicted permanent or long lasting injury that was the natural and probable result of his action that he would be liable. Gaspersohn ex rel. Gaspersohn v. Harnett County Bd. of Educ., 75 N.C. App. 23, 330 S.E.2d 489, cert. denied, 314 N.C. 539, 335 S.E.2d 315 (1985).

The court could correctly refuse to give an instruction that boys, but not girls, were given, as an alternative to corporal punishment, the choice of raking leaves. When student chose corporal punishment as an alternative to in-school suspension, the question was whether a reasonable amount of force was used, not whether some other form of punishment should have been used. § 115C-391. Corporal punishment, suspension, or expulsion of pupils.

(a) Local boards of education shall adopt policies not inconsistent with the provisions of the Constitutions of the United States and North Carolina, governing the conduct of students and establishing procedures to be followed by school officials in suspending or expelling any student, or in disciplining any student if the offensive behavior could result in suspension, expulsion, or the administration of corporal punishment. Local boards of education shall include a reasonable dress code for students in these policies.

The policies that shall be adopted for the administration of corporal punishment shall include at a minimum the following conditions:

(1) Corporal punishment shall not be administered in a classroom with other children present;

(2) The student body shall be informed beforehand what general types of misconduct could result in corporal punishment;

(3) Only a teacher, substitute teacher, principal, or assistant principal may administer corporal punishment and may do so only in the presence of a principal, assistant principal, teacher, substitute teacher, teacher assistant, or student teacher, who shall be informed beforehand and in the student's presence of the reason for the punishment; and

(4) An appropriate school official shall provide the child's parent or guardian with notification that corporal punishment has been administered, and upon request, the official who administered the corporal punishment shall provide the child's parent or guardian a written explanation of the reasons and the name of the second school official who was present.

Each local board shall publish all the policies mandated by this subsection and make them available to each student and his parent or guardian at the beginning of each school year. Notwithstanding any policy adopted pursuant to this section, school personnel may use reasonable force, including corporal punishment, to control behavior or to remove a person from the scene in those situations when necessary:

(1) To quell a disturbance threatening injury to others;

(2) To obtain possession of weapons or other dangerous objects on the person, or within the control, of a student;

(3) For self-defense;

(4) For the protection of persons or property; or

(5) To maintain order on school property, in the classroom, or at a school-related activity on or off school property.

(b) The principal of a school, or his or her delegate, shall have authority to suspend for a period of 10 days or less any student who willfully violates policies of conduct established by the local board of education. When a student is suspended under this subsection for a period of 10 days or less, the principal, or his or her delegate, shall give notice to the student's parent or guardian of the student's suspension and the student's rights under this subsection. The notice shall be given by telephone, telefax, e-mail, or any other method reasonably designed to achieve actual notice. A student suspended under this subsection shall be provided all of the following:

(1) The opportunity to take textbooks home for the duration of the suspension.

(2) The right to inquire about homework assignments for the duration of the suspension.

(3) The opportunity to take any quarterly, semester, or grading period examinations missed during the suspension period.

(c) The principal of a school, with the prior approval of the superintendent, shall have the authority to suspend for periods of times in excess of 10 school days but not exceeding the time remaining in the school year, any pupil who willfully violates the policies of conduct established by the local board of education. The pupil or his parents may appeal the decision of the principal to the local board of education.

(d) Notwithstanding G.S. 115C-378:

(1) A local board of education may, upon recommendation of the principal and superintendent, expel any student 14 years of age or older whose behavior indicates that the student's continued presence in school constitutes a clear threat to the safety of other students or employees. The local board of education's decision to expel a student under this section shall be based on clear and convincing evidence. Prior to ordering the expulsion of a student pursuant to this subdivision, the local board of education shall consider whether there is an alternative program offered by the local school administrative unit that may provide education services for the student who is subject to expulsion. At any time after the first July 1 that is at least six months after the board's decision to expel a student under this subsection, a student may request the local board of education to reconsider that decision. If the student demonstrates to the satisfaction of the local board of education that the student's presence in school no longer constitutes a threat to the safety of other students or employees, the board shall readmit the student to a school in that local school administrative unit on a date the board considers appropriate.

(2) A local board of education may expel any student subject to G.S. 14-208.18. The local board of education's decision to expel a student under this subdivision shall be based on clear and convincing evidence. Prior to ordering the expulsion of a student pursuant to this subdivision, the local board of education shall consider whether there is an alternative program that may be offered by the local school administrative unit to provide educational services. As provided by G.S. 14-208.18(f), if the local board of education determines that a student shall be provided educational services on school property, the student must be under the supervision of school personnel at all times.

(d1) A local board of education or superintendent shall suspend for 365 calendar days any student who:

(1) Brings onto educational property or to a school-sponsored curricular or extracurricular activity off educational property, or

(2) Possesses on educational property or at a school-sponsored curricular or extracurricular activity off educational property,

a weapon, as defined in G.S. 14-269.2(b), 14-269.2(b1), 14-269.2(g), and 14-269.2(h). The local board of education upon recommendation by the superintendent may modify this suspension requirement on a case-by-case basis that includes, but is not limited to, the procedures established under Article 9 of this Chapter for the discipline of students with disabilities and may also provide, or contract for the provision of, educational services to any student suspended pursuant to this subsection in an alternative school setting or in another setting that provides educational and other services.

(d2)(1) The superintendent shall, upon recommendation of the principal, remove to an alternative educational setting, as provided in subdivision (4) of this subsection, any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative educational setting is available, then the superintendent shall, upon recommendation of the principal, suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.

(2) The superintendent may, upon recommendation of the principal, remove to an alternative educational setting any student who is at least 13 and who does one of the following:
  a. Physically assaults a teacher or other adult who is not a student.
  b. Physically assaults another student if the assault is witnessed by school personnel.
  c. Physically assaults and seriously injures another student.

If no appropriate alternative educational setting is available, then the superintendent may, upon recommendation of the principal, suspend this student for up to 365 days.

(3) For purposes of this subsection, the conduct leading to suspension or removal to an alternative educational setting must occur on school property or at a school-sponsored or school-related activity on or off school property. This subsection shall not apply when the student who is subject to suspension or removal was acting in self-defense. If a teacher is assaulted or injured and as a result a student is suspended or removed to an alternative educational setting under this subsection, then the student shall not be returned to that teacher's classroom unless the teacher consents. If a student is suspended under this subsection, the board may assign the student to an alternative educational setting upon the expiration of the period of suspension.

(4) If the superintendent removes the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred on or before the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and the first 90 school days in the following school year. If the superintendent chooses to remove the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred after the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and for the entire subsequent school year. Notwithstanding these requirements, the superintendent may authorize a shorter or longer length of time a student must remain in an alternative educational setting if the superintendent finds this would be more appropriate based upon the recommendations of the principals of the alternative school and the school to which the student will return.

(d3) A local board of education or superintendent shall suspend for 365 calendar days any student who, by any means of communication to any person or group of persons, makes a report, knowing or having reason to know the report is false, that there is located on educational property or at a school-sponsored curricular or extracurricular activity off educational property any device designed to destroy or damage property by explosion, blasting, or burning, or who, with intent to perpetrate a hoax, conceals, places, or displays any device, machine, instrument, or artifact on educational property or at a school-sponsored curricular or extracurricular activity off educational property, so as to cause any person reasonably to believe the same to be a bomb or other device capable of causing injury to persons or property. The local board upon recommendation by the superintendent may modify either suspension requirement on a case-by-case basis that includes, but is not limited to, the procedures established under Article 9 of this Chapter for the discipline of students with disabilities and may also provide, or contract for the provision of, educational services to any student suspended under this subsection in an alternative school setting or in another setting that provides educational and other services. For purposes of this subsection and subsection (d1) of this section, the term "educational property" has the same definition as in G.S. 14-269.2(a)(1).

(d4) A local board of education or superintendent may suspend for up to 365 days any student who:

(1) By any means of communication to any person or group of persons, makes a report, knowing or having reason to know the report is false, that there is located on educational property or at a school-sponsored curricular or extracurricular activity off educational property any device, substance, or material designed to cause harmful or life-threatening illness or injury to another person;
(2) With intent to perpetrate a hoax, conceals, places, disseminates, or displays on educational property or at a school-sponsored curricular or extracurricular activity off educational property any device, machine, instrument, artifact, letter, package, material, or substance, so as to cause any person reasonably to believe the same to be a substance or material capable of causing harmful or life-threatening illness or injury to another person;
(3) Threatens to commit on educational property or at a school-sponsored curricular or extracurricular activity off educational property an act of terror that is likely to cause serious injury or death, when that threat is intended to cause a significant disruption to the instructional day or a school-sponsored activity or causes that disruption;
(4) Makes a report, knowing or having reason to know the report is false, that there is about to occur or is occurring on educational property or at a school-sponsored curricular or extracurricular activity off educational property an act of terror that is likely to cause serious injury or death, when that report is intended to cause a significant disruption to the instructional day or a school-sponsored activity or causes that disruption; or
(5) Conspires to commit any of the acts described in this subsection.

(d5) When a student is recommended for expulsion or suspension for more than 10 days, the local board shall give written notice to the student's parent. For the purposes of this subsection, the word "parent" shall mean parent, guardian, caregiver, or other person legally responsible for the student. The written notice shall be provided to the student's parent by the end of the workday during which the suspension for more than 10 days or expulsion is recommended when reasonably possible, but in no event later than the end of the following workday. The written notice shall provide at least the following information:

(1) A description of the incident leading to the recommendation that the student be expelled or suspended for more than 10 days;
(2) The specific provisions of the student conduct policy or rule alleged to have been violated;
(3) The specific process by which the parent may request a hearing to contest the suspension for more than 10 days or expulsion, including the number of days within which the hearing must be requested;
(4) The process by which a hearing will be held, including, to the extent provided by law, the student's opportunity to examine evidence and present evidence, to confront and cross-examine witnesses supporting the charge, and to call witnesses to verify the student's version of the incident;
(5) The parent is permitted to retain an attorney to represent the student in the hearing process;
(6) The extent to which the local board policy permits the parent to have an advocate to accompany the student to assist in the presentation of his or her appeal instead of an attorney; and

(7) The parent has a right to review the student's educational records prior to the hearing.

Written notice may be provided by certified mail, telefax, e-mail, or any other written method reasonably designed to achieve actual notice of the recommendation for expulsion or suspension for more than 10 days. If English is the second language of the parent or guardian, the notice shall be written in the parent or guardian's first language when the appropriate foreign language resources are readily available and in English. Both versions shall be in plain language and shall be easily understandable.

(e) A decision of a superintendent under subsection (c), (d1), (d2), (d3), or (d4) of this section may be appealed to the local board of education. A decision of the local board upon this appeal or of the local board under subsection (d) or (d1) of this section is final and, except as provided in this subsection, is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision.

(f) Local boards of education shall ensure they have clear policies governing the conduct of students. At a minimum, these policies shall state the consequences of violent or assaultive behavior, possessions of weapons, and criminal acts committed on school property or at school-sponsored functions. These policies shall provide that when notice is given to students or parents of a suspension of more than 10 days or expulsion, this notice shall identify what information will be included in the student's official record and the procedure for expungement of this information under G.S. 115C-402. The State Board shall develop guidelines to assist local boards in this process.

(g) Notwithstanding the provisions of this section, the policies and procedures for the discipline of students with disabilities shall be consistent with Article 9 of this Chapter and with federal laws and regulations.

(h) Notwithstanding any other law, no officer or employee of the State Board of Education or of a local board of education shall be civilly liable for using reasonable force, including corporal punishment, in conformity with State law, State or local rules, or State or local policies regarding the control, discipline, suspension, and expulsion of students. Furthermore, the burden of proof is on the claimant to show that the amount of force used was not reasonable. CASE NOTES

Editor's Note. *— Most of the cases below were decided under corresponding provisions of former Chapter 115.*

Double Jeopardy. — Expulsion from a school for violation of school policies is not punishment so as to invoke the protection of constitutional double jeopardy restrictions because important, if not essential, nonpunitive purposes are served by administrative suspension and expulsion. State v. Davis, 126 N.C. App. 415, 485 S.E.2d 329 (1997).

School officials do not possess absolute authority over their students. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Students Possess Fundamental Rights. — Students in school as well as out of school are "persons" under the North Carolina Constitution, possessed of fundamental rights which the State must respect. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Extended suspension or exclusion from school deprives a student of important rights and liberties. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Due Process Requirements for Prolonged Suspension. — Where exclusion or suspension for any considerable period of time is a possible consequence of proceedings, due process requires a number of procedural safeguards to students, such as: (1) Notice to parents and student in the form of a written and specific statement of the charges which, if proved, would justify the punishment sought; (2) a full hearing after adequate notice; (3) a hearing conducted by an impartial tribunal; (4) the right to examine exhibits and other evidence against the students; (5) the right to be represented by counsel (though not at public expense); (6) the right to confront and examine adverse witnesses; (7) the right to present evidence on behalf of the student; (8) the right to make a record of the proceedings; and (9) the requirement that the decision of the authorities be based upon substantial evidence. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Due process rights of a student were not violated by a 15-day suspension where the record showed that the student was given notice of the charges, an opportunity to be heard, and an opportunity to examine and cross-examine witnesses. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Lack of Jurisdiction Over Short-Term Suspensions. — By expressly providing for judicial review for disciplinary actions resulting in suspensions of more than 10 days, but failing to indicate that such review is available for shorter suspensions, the legislature did not intend to grant superior courts subject matter jurisdiction over such appeals. Stewart v. Johnston County Bd. of Educ., 129 N.C. App. 108, 498 S.E.2d 382 (1998).

Trial court lacks subject matter jurisdiction to review a two-day suspension imposed on a student because neither G.S. 115C-391 nor G.S. 115C-45 allows an appeal of such to a superior court. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Prohibition Against Distribution of Printed Matter Held Invalid Prior Restraint. — A school rule which prohibited pupils from distributing any printed material without the express permission of the principal was held to be an invalid attempt at prior restraint because it lacked any criteria to be followed by the school authorities in determining whether to grant or deny permission, and any procedural safeguards in the form of an expeditious review procedure of the decision of the school authorities. Quarterman v. Byrd, 453 F.2d 54 (4th Cir. 1971).

Equal Protection Argument Failed. — Even though a student failed to preserve an equal protection challenge to a suspension by failing to assign error or present authority, the argument was meritless at any rate under arbitrary and capricious review because there was a gender-neutral reason for a longer suspension; prior incidents of "shanking" at a high school did not result in the exposure of buttocks or genitalia. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Ban on the use or possession of tobacco products by students at school is a valid exercise of the authority delegated to the various boards of education by the legislature, and does not violate the guarantee of equal protection contained in U.S. Const., Amend. XIV and N.C. Const., Art. I, § 19. Craig v. Buncombe

County Bd. of Educ., 80 N.C. App. 683, 343 S.E.2d 222, appeal dismissed, 318 N.C. 285, 348 S.E.2d 138 (1986).

Suspension from Entire System. — The grant of authority to suspend or expel in this section is not expressly limited to suspensions from the regular classroom, but contemplates suspension from the entire system. In re Jackson, 84 N.C. App. 167, 352 S.E.2d 449 (1987).

The public schools have no affirmative duty to provide an alternate educational program for suspended students, in the absence of a legislative mandate. In re Jackson, 84 N.C. App. 167, 352 S.E.2d 449 (1987).

Court Limited to Available Dispositional Alternatives. — When a student has been lawfully suspended or expelled pursuant to this section and the school has not provided a suitable alternative educational forum, court-ordered public school attendance is not a dispositional alternative available to the juvenile court judge, absent a voluntary reconsideration of or restructuring of the suspension by the school board to allow the student's restoration to an educational program within its system. In re Jackson, 84 N.C. App. 167, 352 S.E.2d 449 (1987).

The primary goal of suspension and expulsion is the protection of the student body. State v. Davis, 126 N.C. App. 415, 485 S.E.2d 329 (1997).

Substantial evidence supported school board's decision to suspend a student for disruptive behavior, hazing, and disorderly conduct where the student pulled a classmate's pants down in front of other people, exposing her buttocks; the principal testified that having the student present while others talked about the incident could have created a disruption to the learning environment. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Appeal of Order Reversing Suspension. — Schools in North Carolina are authorized to suspend students for periods of times in excess of 10 school days but not exceeding the time remaining in the school year; thus, school board's appeal of a trial court's reversal of its decision to suspend a student was moot because, even if an appellate court were to have reversed the trial court's decision, the board would have had no authority to re-suspend the student since the school year had expired. J.S.W. v. Lee County Bd. of Educ., 167 N.C. App. 101, 604 S.E.2d 336, 2004 N.C. App. LEXIS 2075 (2004).

c. Obvious repulsion on the part of observers who cannot reconcile extreme procedures with acceptable, standard practice, for example: electric shock applied to the body; extremely loud auditory stimuli; forcible introduction of foul substances to the mouth, eyes, ears, nose, or skin; placement in a tub of cold water or shower; slapping, pinching, hitting, or pulling hair; blindfolding or other forms of visual blocking; unreasonable withholding of meals; eating one's own vomit; or denial of reasonable access to toileting facilities.

b. As reasonably needed to maintain order or prevent or break up a fight.

c. As reasonably needed for self-defense.

d. As reasonably needed to ensure the safety of any student, school employee, volunteer, or other person present, to teach a skill, to calm or comfort a student, or to prevent self-injurious behavior.

e. As reasonably needed to escort a student safely from one area to another.

f. If used as provided for in a student's IEP or Section 504 plan or behavior intervention plan.

g. As reasonably needed to prevent imminent destruction to school or another person's property.

(2) Except as set forth in subdivision (1) of this subsection, physical restraint of students shall not be considered a reasonable use of force, and its use is prohibited.

(3) Physical restraint shall not be considered a reasonable use of force when used solely as a disciplinary consequence.

(4) Nothing in this subsection shall be construed to prevent the use of force by law enforcement officers in the lawful exercise of their law enforcement duties.

(d) Mechanical Restraint:

(1) Mechanical restraint of students by school personnel is permissible only in the following circumstances:

a. When properly used as an assistive technology device included in the student's IEP or Section 504 plan or behavior intervention plan or as otherwise prescribed for the student by a medical or related service provider.

Article 27A.

Management and Placement of Disruptive Students.

§ 115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student. (1997-443, s. 8.29(b); 2006-69, s. 3(m).)

Protective Provisions and Maintenance of Student Records.

§ 115C-400. School personnel to report child abuse.

Any person who has cause to suspect child abuse or neglect has a duty to report the case of the child to the Director of Social Services of the county, as provided in Article 3 of Chapter 7B of the General Statutes. (1981, c. 423, s. 1; 1998-202, s. 13(bb).)

CASE NOTES

School System Held Not Liable for Principal's Report. — In an action for malicious prosecution, defamation, intentional infliction of emotional distress, and negligence brought by a substitute teacher against a school system, the school system was held not liable where evidence established that the principal's reports were an accurate representation of the students' complaints, and the principal clearly acted in good faith. Davis v. Durham City Schools, 91 N.C. App. 520, 372 S.E.2d 318 (1988).

Abuse by Teacher. — Abuse by a teacher does not fall under the mandatory reporting duty. Ostwalt v. Charlotte-Mecklenburg Bd. of Educ., 614 F. Supp. 2d 603, 2008 U.S. Dist. LEXIS 104102 (W.D.N.C. 2008).

OPINIONS OF ATTORNEY GENERAL

Person Reporting Must Be Person Suspecting Child Abuse. — This section requires the person who has cause to suspect child abuse to be the person to report to Director of Social Services of the county. However, the statute does not prohibit that person from making an additional report of the suspected abuse to a designated person in the school system. See opinion of Attorney General to Mr. Ernest H. Morton, Jr. Morton, Grigg & Phillips, LLP, 1997 N.C.A.G. 62 (10/14/97).

G.S. 7A-543 (see now G.S. 7B-301) and this section did not prohibit 19 schools in the same county school system from hav-

ing the same contact person to receive and report cases of suspected child abuse. See opinion of Attorney General to Mr. Ernest H. Morton, Jr. Morton, Grigg & Phillips, LLP, 1997 N.C.A.G. 62 (10/14/97).

§ 115C-401. School counseling inadmissible evidence.

Information given to a school counselor to enable him to render counseling services may be privileged as provided in G.S. 8-53.4. (1981, c. 423, s. 1.)

§ 115C-401.1. Prohibition on the disclosure of information about students.

(a) It is unlawful for a person who enters into a contract with a local board of education or its designee to sell any personally identifiable information that is obtained from a student as a result of the person's performance under the contract. This prohibition does not apply if the person obtains the prior written authorization of the student's parent or guardian. This authorization shall include the parent's or guardian's original signature. The person shall not solicit this authorization and signature through the school's personnel or equipment or on school grounds.

(b) The following definitions apply in this section:

(1) "Contract" means a contract for the provision of goods or services.

(2) "Personally identifiable information" means any information directly related to a student, including the student's name, birthdate, address, social security number, individual purchasing behavior or preferences, parents' names, telephone number, or any other information or identification number that would provide information about a specific student.

(3) "Sell" means sell or otherwise use for a business or marketing purpose.

(c) A violation of subsection (a) of this section shall be punished as a Class 2 misdemeanor, and when the defendant is an organization as defined in G.S. 15A-773(c) the fine shall be five thousand dollars ($5,000) for the first violation, ten thousand dollars ($10,000) for a second violation, and twenty-five thousand dollars ($25,000) for a third or subsequent violation.

(d) Nothing in this section shall preclude the enforcement of civil remedies as otherwise provided by law.

(e) Nothing in this section prohibits the identification and disclosure of directory information in compliance with federal law and local board of education policy or procedure. (2001-500, s. 1.)

§ 115C-402. Student records; maintenance; contents; confidentiality.

(a) The official record of each student enrolled in North Carolina public schools shall be permanently maintained in the files of the appropriate school after the student graduates, or should have graduated, from high school unless the local board determines that such files may be filed in the central office or other location designated by the local board for that purpose.

(b) The official record shall contain, as a minimum, adequate identification data including date of birth, attendance data, grading and promotion data, and such other factual information as may be deemed appropriate by the local board of education having jurisdiction over the school wherein the record is maintained. Each student's official record also shall include notice of any suspension for a period of more than 10 days or of any expulsion under G.S. 115C-391 and the conduct for which the student was suspended or expelled. The superintendent or the superintendent's designee shall expunge from the record the notice of suspension or expulsion if the following criteria are met:

(1) One of the following persons makes a request for expungement:
  a. The student's parent, legal guardian, or custodian.
  b. The student, if the student is at least 16 years old or is emancipated.

(2) The student either graduates from high school or is not expelled or suspended again during the two-year period commencing on the date of the student's return to school after the expulsion or suspension.

(3) The superintendent or the superintendent's designee determines that the maintenance of the record is no longer needed to maintain safe and orderly schools.

(4) The superintendent or the superintendent's designee determines that the maintenance of the record is no longer needed to adequately serve the child.

(c) Notwithstanding subdivision (b)(1) of this section, a superintendent or the superintendent's designee may expunge from a student's official record any notice of suspension or expulsion provided all other criteria under subsection (b) are met.

(d) Each local board's policy on student records shall include information on the procedure for expungement under subsection (b) of this section.

(e) The official record of each student is not a public record as the term "public record" is defined by G.S. 132-1. The official record shall not be subject to inspection and examination as authorized by G.S. 132-6.

(f) The actual address and telephone number of a student who is a participant in the Address Confidentiality Program established pursuant to Chapter 15C of the General Statutes or a student with a parent who is a participant in the Address Confidentiality Program established pursuant to Chapter 15C of the General Statutes shall be kept confidential from the public and shall not be disclosed except as provided in Chapter 15C of the General Statutes. (1975, c. 624, ss. 1, 2; 1981, c. 423, s. 1; 1985, c. 268; c. 416; 1997-443, s. 8.29(s); 2001-195, s. 1; 2002-171, s. 6.)

CASE NOTES

Confidentiality and Right of Confrontation. — Defendant's confrontation rights under N.C. Const. art. I, § 23 were not violated when the trial court refused to allow defendant to cross-examine the witness about the witness's disciplinary record, as there were confidentiality concerns about the record pursuant to G.S. 115C-402, and defendant failed to show how the disciplinary record was relevant to impeach the witness's credibility under G.S. 8C-1, N.C. R. Evid. 608(b). State v. Oliver, 159 N.C. App. 451, 584 S.E.2d 86, 2003 N.C. App. LEXIS 1494 (2003).

§ 115C-403. Flagging and verification of student records; notification of law enforcement agencies.

(a) Upon notification by a law enforcement agency or the North Carolina Center for Missing Persons of a child's disappearance, the superintendent of a local school administrative unit or his designee shall flag or mark the record of any child who is currently or was previously enrolled in a school of that unit and who is reported as missing. The flag or mark shall be made in such a manner that when a copy of or information regarding the record is requested, school personnel are alerted to the fact that the record is that of a missing child.

Before providing a copy of the school record or other information concerning the child whose record is flagged pursuant to this section, the superintendent or his designee shall notify the agency that requested that the record be flagged of every inquiry made concerning the flagged record, and shall provide a copy to the agency of any written request for information concerning the flagged record.

(b) When any child transfers from one school system to another school system, the receiving school shall, within 30 days of the child's enrollment, obtain the child's record from the school from which the child is transferring. If the child's parent, custodian, or guardian provides a copy of the child's record from the school from which the child is transferring, the receiving school shall, within 30 days of the child's enrollment, request written verification of the school record by contacting the school or institution named on the transferring child's record. Upon receipt of a request, the principal or the principal's designee of the school from which the child is transferring shall not withhold the record or verification for any reason, except as is authorized under the Family Educational Rights and Privacy Act. Any information received indicating that the transferring child is a missing child shall be reported to the North Carolina Center for Missing Persons. (1989, c. 331, s. 1; 1998-220, s. 12.)

OPINIONS OF ATTORNEY GENERAL

Sharing of Educational Records. — G.S. 115C-109 (repealed), 115C-110(a) (repealed) and subsection (b) of this section represent and embody an intention by the General Assembly that public agencies providing education to school age children share the educational records of children who move or are moved from one of those agencies to another. See opinion of Attorney General to C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

§ 115C-404. Use of juvenile court information.

(a) Written notifications received in accordance with G.S. 7B-3101 and information gained from examination of juvenile records in accordance with G.S. 7B-3100 are confidential records, are not public records as defined under G.S. 132-1, and shall not be made part of the student's official record under G.S. 115C-402. Immediately upon receipt, the principal shall maintain these documents in a safe, locked record storage that is separate from the student's other school records. The principal shall shred, burn, or otherwise destroy documents received in accordance with G.S. 7B-3100 to protect the confidentiality of the information when the principal receives notification that the court dismissed the petition under G.S. 7B-2411, the court transferred jurisdiction over the student to superior court under G.S. 7B-2200, or the court granted the student's petition for expunction of the records. The principal shall shred, burn, or otherwise destroy all information gained from examination of juvenile records in accordance with G.S. 7B-3100 when the principal finds that the school no longer needs the information to protect the safety of or to improve the educational opportunities for the student or others. In no case shall the principal make a copy of these documents.

(b) Documents received under this section shall be used only to protect the safety of or to improve the education opportunities for the student or others. Information gained in accordance with G.S. 7B-3100 shall not be the sole basis for a decision to suspend or expel a student. Upon receipt of each document, the principal shall share the document with those individuals who have (i) direct guidance, teaching, or supervisory responsibility for the student, and (ii) a specific need to know in order to protect the safety of the student or others. Those individuals shall indicate in writing that they have read the document and that they agree to maintain its confidentiality. Failure to maintain the confidentiality of these documents as required by this section is grounds for the dismissal of an employee who is not a career employee and is grounds for dismissal of an employee who is a career employee, in accordance with G.S. 115C-325(e)(1)i.

(c) If the student graduates, withdraws from school, is suspended for the remainder of the school year, is expelled, or transfers to another school, the principal shall return all documents not destroyed in accordance with subsection (a) of this section to the juvenile court counselor and, if applicable, shall provide the counselor with the name and address of the school to which the student is transferring. (1997-443, s. 8.29(f); 1998-202, ss. 8, 13(cc); 1998-217, s. 12; 2000-140, s. 25.)

ARTICLE 29A.

Policy Prohibiting Use of Tobacco Products.

§ 115C-407. Policy prohibiting tobacco use in school buildings, grounds, and at school-sponsored events.

(a) Not later than August 1, 2008, local boards of education shall adopt, implement, and enforce a written policy prohibiting at all times the use of any tobacco product by any person in school buildings, in school facilities, on school campuses, and in or on any other school property owned or operated by the local school administrative unit. The policy shall further prohibit the use of all tobacco products by persons attending a school-sponsored event at a location not listed in this subsection when in the presence of students or school personnel or in an area where smoking is otherwise prohibited by law.

(b) The policy shall include at least all of the following elements:

(1) Adequate notice to students, parents, the public, and school personnel of the policy.

(2) Posting of signs prohibiting at all times the use of tobacco products by any person in and on school property.

(3) Requirements that school personnel enforce the policy.

(c) The policy may permit tobacco products to be included in instructional or research activities in public school buildings if the activity is conducted or supervised by the faculty member overseeing the instruction or research and the activity does not include smoking, chewing, or otherwise ingesting the tobacco product.

(d) The North Carolina Health and Wellness Trust Fund Commission shall work with local boards of education to provide assistance with the implementation of this policy including providing information regarding smoking cessation and prevention resources. Nothing in this section, G.S. 143-595 through G.S. 143-601, or any other section prohibits a local board of education from adopting and enforcing a more restrictive policy on the use of tobacco in school buildings, in school facilities, on school campuses, or at school-related or school-sponsored events, and in or on other school property. (2003-421, s. 1; 2007-236, s. 1.)

Kindergarten and First grade entrance age — Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level (including Kindergarten) from a local education agency in the sending state at the time of transition, regardless of age. A student that has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving state on their validated level from an accredited school in the sending state.

ARTICLE V.
PLACEMENT & ATTENDANCE.

A. Course placement — When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

B. Educational program placement — The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. Such programs include, but are not limited to: 1) gifted and talented programs; and 2) English as a second language (ESL). This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services — 1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400 et seq., the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and 2) In compliance with the requirements of Section 504 of the Rehabilitation Act, 29 U.S.C. § 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C. §§ 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility — Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities — A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VI.
ELIGIBILITY.

A. Eligibility for enrollment — Children of military families shall be eligible for enrollment in the public schools of North Carolina pursuant to the provisions of G.S. 115C-366, including the provisions of G.S. 115C-366(a3) that provides for admission, without the payment of tuition, of children of military families not domiciled within the school district, provided that the affidavits provided for in that section and other specified conditions are met.

B. Eligibility for extracurricular participation — State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII.
GRADUATION.

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements — Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams — States shall accept: 1) exit or end-of-course exams required for graduation from the sending state; or 2) national norm-referenced achievement tests or 3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply.

C. Transfers during Senior year — Should a military student transferring at the beginning or during his or her Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

ARTICLE VIII.
STATE COORDINATION.

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

B. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the Governor or as otherwise determined by each member state.

D. The compact commissioner and the military family education liaison designated herein shall be ex-officio members of the State Council, unless either is already a full voting member of the State Council.

ARTICLE IX
INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the "Interstate Commission on Educational Opportunity for Military Children." The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall:

A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

B. Consist of one Interstate Commission voting representative from each member state who shall be that state's compact commissioner.

1. Each member state represented at a meeting of the Interstate Commission is entitled to one vote.
2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.
3. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the Governor or State Council may delegate voting authority to another person from their state for a specified meeting.
4. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

C. Consist of ex-officio, non-voting representatives who are members of interested organizations. Such ex-officio members, as defined in the bylaws, may include but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members.

D. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

E. Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Dept. of Defense shall serve as an ex-officio, nonvoting member of the executive committee.

F. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

G. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:

1. Relate solely to the Interstate Commission's internal personnel practices and procedures;
2. Disclose matters specifically exempted from disclosure by federal and state statute;
3. Disclose trade secrets or commercial or financial information which is privileged or confidential;
4. Involve accusing a person of a crime, or formally censuring a person;
5. Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
6. Disclose investigative records compiled for law enforcement purposes; or
7. Specifically relate to the Interstate Commission's participation in a civil action or other legal proceeding.

H. Shall cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

I. Shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

J. Shall create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission, any member state, or any local education agency.

ARTICLE X.
POWERS AND DUTIES OF THE INTERSTATE COMMISSION.

The Interstate Commission shall have the following powers:

A. To provide for dispute resolution among member states.

B. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact. The rules shall have the force and effect of rules promulgated under the Administrative Procedures Act as found in Chapter 150B of the North Carolina General Statutes and shall be binding in the compact states to the extent and in the manner provided in this compact.

J. To accept any and all donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of it.

K. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use any property, real, personal, or mixed.

7. Providing "start up" rules for initial administration of the compact.

B. The Interstate Commission shall, by a majority of the members, elect annually from among its members a`chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

C. Executive Committee, Officers and Personnel

1. The executive committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:
    a. Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;
    b. Overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and
    c. Planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the Interstate Commission.
2. The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a Member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

D. The Interstate Commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

1. The liability of the Interstate Commission's executive director and employees or Interstate Commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.
2. The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

ARTICLE XII
RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rulemaking Authority — The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rulemaking Procedure — Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. If a majority of the legislatures of the compacting states rejects a Rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as rules promulgated under the Administrative Procedures Act as found in Chapter 150B of the North Carolina General Statutes.
2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Interstate Commission.
3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

B. Default, Technical Assistance, Suspension and Termination — If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.
4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by

the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The state which has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.
6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.
7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

C. Dispute Resolution

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and non-member states.
2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.
2. The Interstate Commission, may by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.
3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV

FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate

Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV
MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

A. Any state is eligible to become a member state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten (10) of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI
WITHDRAWAL AND DISSOLUTION

A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute, which enacted the compact into law.
2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member jurisdiction.
3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.
4. The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.
5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII
SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII
BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws
  1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.
  2. All member states' laws conflicting with this compact are superseded to the extent of the conflict.

B. Binding Effect of the Compact
  1. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.
  2. All agreements between the Interstate Commission and the member states are binding in accordance with their terms.
  3. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state. (2008-185, s. 1; 2009-281, s. 1.)

ARTICLE 29C.

School Violence Prevention.

§ 115C-407.15. Bullying and harassing behavior.

(a) As used in this Article, "bullying or harassing behavior" is any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, that takes place on school property, at any school-sponsored function, or on a school bus, and that:

(1) Places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property; or

(2) Creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits. For purposes of this section, "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior includes, but is not limited to, acts reasonably perceived as being motivated by any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics.

(b) No student or school employee shall be subjected to bullying or harassing behavior by school employees or students.

(c) No person shall engage in any act of reprisal or retaliation against a victim, witness, or a person with reliable information about an act of bullying or harassing behavior.

(d) A school employee who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior shall report the incident to the appropriate school official.

SUBCHAPTER VII. FISCAL AFFAIRS.

ARTICLE 30.

Financial Powers of the State Board of Education.

§ 115C-408. Funds under control of the State Board of Education.

(a) It is the policy of the State of North Carolina to create a public school system that graduates good citizens with the skills demanded in the marketplace, and the skills necessary to cope with contemporary society, using State, local and other funds in the most cost-effective manner. The Board shall have general supervision and administration of the educational funds provided by the State and federal governments, except those mentioned in Section 7 of Article IX of the State Constitution, and also excepting such local funds as may be provided by a county, city, or district.

(b) To insure a quality education for every child in North Carolina, and to assure that the necessary resources are provided, it is the policy of the State of North Carolina to provide from State revenue sources the instructional expenses for current operations of the public school system as defined in the standard course of study.

It is the policy of the State of North Carolina that the facilities requirements for a public education system will be met by county governments.

It is the intent of the 1983 General Assembly to further clarify and delineate the specific financial responsibilities for the public schools to be borne by State and local governments. CASE NOTES

Taken together, under G.S. 115C-12, 115C-408, and 115C-451, the powers of the North Carolina Board of Education (BOE) are limited to the control, administration, and disbursement of state and federal moneys, while the state superior courts maintain jurisdiction to hear disputes between charter schools and their local boards of education; thus, a superior court and not the BOE had jurisdiction to consider the claim of a group of charter schools that a local board of education and its superintendent had violated G.S. 115C-238.29H(b) by failing to transfer to the charter schools a pro rata share of the per pupil moneys included in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Equal Funding Not Required. — Although the State Constitution requires that access to a sound basic education be provided equally in every school district, the equal opportunities clause of Article IX, Section 2(1) does not require substantially equal funding or educational advantages in all school districts. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

Sound Basic Education. — Article I, Section 15 and Article IX, Section 2 of the North

Carolina Constitution combine to guarantee every child of this state an opportunity to receive a sound basic education in our public schools. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

For purposes of our Constitution, a sound basic education will provide the student with at least: (1) sufficient ability to read, write, and speak English and a sufficient knowledge of fundamental math and physical science to enable the student to function in a complex and rapidly changing society; (2) sufficient fundamental knowledge of geography, history and basic economic and political systems to enable the student to make informed choices regarding personal issues or issues that affect the community, state, and nation; (3) sufficient academic and vocational skills to enable the student to successfully engage in post-secondary education or vocational training; (4) and sufficient academic and social skills to enable the student to compete on an equal basis with others in further formal education or gainful employment. Leandro v. State, 346 N.C. 336, 488 S.E.2d 249, 1996 N.C. App. LEXIS 201 (1997).

County board of education can assign students to year-round schools without parental consent because the General Assembly has conferred broad, specific, and sole authority upon local school boards to determine school calendars; the more efficient use by year-round calendar schools of existing school facilities complies with the public policy of the State to create a public school system in the most cost-effective manner while ensuring a sound basic education for all North Carolina children. Wake Cares, Inc. v. Wake County Bd. of Educ., 363 N.C. 165, 675 S.E.2d 345, 2009 N.C. LEXIS 351 (2009).

Duty to Provide School Facilities Is that of Counties. — G.S. 153A-102 did not authorize a county to impose a "school impact fee" upon new residential construction; its plain language limited the power to fix only those fees charged by county officers and employees for performing services or duties permitted or required by law, and under G.S. 115C-408(b), it was the duty of a county itself, not its officers or employees, to provide adequate school facilities. Furthermore, the statute's textual limitations on the power to charge fees indicated that the services were routine, document-oriented tasks. Durham Land Owners Ass'n v. County of Durham, 177 N.C. App. 629, 630 S.E.2d 200, 2006 N.C. App. LEXIS 1187 (2006).

However, the Board is not authorized to accept any such funds upon any condition that the public schools of this State shall be operated contrary to any provisions of the Constitution or statutes of this State.

(b) The State Board of Education or any other State agency designated by the Governor shall have the power and authority to provide library resources, textbooks, and other instructional materials purchased from federal funds appropriated for the funding of the Elementary and Secondary Education Act of 1965 (Public Law 89-10, 89th Congress, HR 2362, effective April 11, 1965) or other acts of Congress for the use of children and teachers in private elementary and secondary schools in the State as required by acts of Congress and rules and regulations promulgated thereunder. 969; 1963, c. 448, ss. 24, 27; c. 688, ss. 1, 2; c. 1223, s. 1; 1965, c. 1185, s. 2; 1967, c. 643, s. 1; 1969, c. 517, s. 1; 1971, c. 704, s. 4; c. 745; 1973, c. 476, s. 138; c. 675; 1975, c. 699, s. 2; c. 975; 1979, c. 300, s. 1; c. 935; 1981, c. 423, s. 1.)

§ 115C-411. Authority to invest school funds.

The Board is authorized to direct the State Treasurer to invest in interest-bearing securities any funds which may come into its possession, and which it deems expedient to invest, as other funds of the State are now or may be hereafter invested. (1955, c. 1372, art. 2, s. 2; 1957, c. 541, s. 11; 1961, c. 969; 1963, c. 448, ss. 24, 27; c. 688, ss. 1, 2; c. 1223, s. 1; 1965, c. 1185, s. 2; 1967, c. 643, s. 1; 1969, c. 517, s. 1; 1971, c. 704, s. 4; c. 745; 1973, c. 476, s. 138; c. 675; 1975, c. 699, s. 2; c. 975; 1979, c. 300, s. 1; c. 935; 1981, c. 423, s. 1.)

§ 115C-412. Power to purchase at mortgage sales.

The State Board of Education is authorized to purchase at public sale any land upon which it has a mortgage or deed of trust securing the purchase price, or any part thereof, and when any land so sold and purchased by the said Board of Education is a part of a drainage district theretofore constituted, upon which said land assessments have been levied for the maintenance thereof, such assessments shall be paid by the said State Board of Education, as if said land had been purchased or owned by an individual. (1955, c. 1372, art. 2, s. 2; 1957, c. 541, s. 11; 1961, c. 969; 1963, c. 448, ss. 24, 27; c. 688, ss. 1, 2; c. 1223, s. 1; 1965, c. 1185, s. 2; 1967, c. 643, s. 1; 1969, c. 517, s. 1; 1971, c. 704, s. 4; c. 745; 1973, c. 476, s. 138; c. 675; 1975, c. 699, s. 2; c. 975; 1979, c. 300, s. 1; c. 935; 1981, c. 423, s. 1.)

The Board of Education is further authorized and empowered to sell or otherwise dispose of any such notes, mortgages, trust deeds, or other evidence of indebtedness. (1955, c. 1372, art. 2, s. 2; 1957, c. 541, s. 11; 1961, c. 969; 1963, c. 448, ss. 24, 27; c. 688, ss. 1, 2; c. 1223, s. 1; 1965, c. 1185, s. 2; 1967, c. 643, s. 1; 1969, c. 517, s. 1; 1971, c. 704, s. 4; c. 745; 1973, c. 476, s. 138; c. 675; 1975, c. 699, s. 2; c. 975; 1979, c. 300, s. 1; c. 935; 1981, c. 423, s. 1.)

§ 115C-414. State Board as successor to powers of abolished commissions and boards.

The Board shall have power to provide for the enrichment and strengthening of educational opportunities for the children of the State, and when sufficient State funds are available to provide first for the allotment of such a number of teachers as to prevent the teacher loan from being too great in any school, the Board is authorized, in its discretion, to make an additional allotment of teaching personnel to local school administrative units of the State to be used either jointly or separately, as the Board may prescribe. Such additional teaching personnel may be used in the local school administrative units as librarians, special teachers, or supervisors of instruction and for other special instructional services such as art, music, physical education, adult education, special education, or industrial arts as may be authorized and approved by the Board. The salary of all such personnel shall be determined in accordance with the State salary schedule adopted by the Board.

In addition, the Board is authorized and empowered in its discretion, to make allotments of funds for clerical assistants for classified principals and for school social workers.

The Board is further authorized, in its discretion, to allot teaching personnel to local school administrative units for experimental programs and purposes.

The Board may also allot teaching and other positions, within funds available, to local school administrative units to allow local units to place personnel occupying those positions in private hospitals and treatment facilities for the limited purpose of providing education to students confined to those institutions. The Board shall adopt rules to ensure that any such placements do not contribute to the profitability of private institutions and that they are otherwise in accordance with State and federal law. CASE NOTES

Fund. — County board of education in a budgetary dispute with a county board of commissioners was required to present evidence of the amount of funding needed for the local current expense fund which included the funds provided from the North Carolina State Public School Fund to provide for the current operating expenses of the county schools for the fiscal year concerning the budgetary dispute. Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

Public school system needed to create a special fund where it sought to carry on specific activities or attain certain objectives after it received money from the county board of commissioners to operate it schools. Where it merely placed that money in the local current expense fund, such as in the case of its preschool program, it was required to apportion those funds between itself and the charter schools pursuant to G.S. 115C-238.29(H)(b). Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., 188 N.C. App. 454, 655 S.E.2d 850, 2008 N.C. App. LEXIS 225 (2008).

§ 115C-424. Uniform system; conflicting laws and local acts superseded.

It is the intent of the General Assembly by enactment of this Article to prescribe for the public schools a uniform system of budgeting and fiscal control. To this end, all provisions of general laws and local acts in effect as of July 1, 1976, and in conflict with the provisions of this Article are repealed except local acts providing for the levy or for the levy and collection of school supplemental taxes. No local act enacted or taking effect after July 1, 1976, may be construed to modify, amend, or repeal any portion of this Article unless it expressly so provides by specific reference to the appropriate section. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

Applicability. — Since G.S. 105-472(b)(2) and G.S. 115C-430 are not in conflict, the trial court did not err in concluding that the repealer statute, this section did not apply. Banks v. County of Buncombe, 128 N.C. App. 214, 494 S.E.2d 791 (1998), aff'd, 348 N.C. 687, 500 S.E.2d 666 (1998).

Meaning of "Local Current Expense Appropriation." — The phrase "local current expense appropriation" in G.S. 115C-238.29H(b) of the Charter School Funding Statute (Current Operations Appropriations and Capital Improvement Appropriations Act of 1998) is synonymous with the phrase "local current expense fund" in G.S. 115C-426(e) of the School Budget and Fiscal Control Act. Hence, in addition to an equal per pupil share of the county's annual appropriation to school board's local current expense fund, charter school was entitled to a share of supplemental school taxes and penal fines and forfeitures received by the board. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

Applied in Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Part 2. Budget.

§ 115C-425. Annual balanced budget resolution.

(a) Each local school administrative unit shall operate under an annual balanced budget resolution adopted and administered in accordance with this Article. A budget resolution is balanced when the sum of estimated net revenues and appropriated fund balances is equal to appropriations. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget year. The budget resolution shall cover one fiscal year.

(b) It is the intent of this Article that all moneys received and expended by a local school administrative unit should be included in the school budget resolution. Therefore, notwithstanding any other provisions of law, after July

1, 1976, no local school administrative unit may expend any moneys, regardless of their source (including moneys derived from federal, State, or private sources), except in accordance with a budget resolution adopted pursuant to this Article.

(c) Subsection (b) of this section does not apply to funds of individual schools, as defined in G.S. 115C-448. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1993, c. 179, s. 1.)

§ 115C-426. Uniform budget format.

(a) The State Board of Education, in cooperation with the Local Government Commission, shall cause to be prepared and promulgated a standard budget format for use by local school administrative units throughout the State.

(b) The uniform budget format shall be organized so as to facilitate accomplishment of the following objectives: (i) to enable the board of education and the board of county commissioners to make the local educational and local fiscal policies embodied therein; (ii) to control and facilitate the fiscal management of the local school administrative unit during the fiscal year; and (iii) to facilitate the gathering of accurate and reliable fiscal data on the operation of the public school system throughout the State.

(c) The uniform budget format shall require the following funds:

(1) The State Public School Fund.
(2) The local current expense fund.
(3) The capital outlay fund.

In addition, other funds may be required to account for trust funds, federal grants restricted as to use, and special programs. Each local school administrative unit shall maintain those funds shown in the uniform budget format that are applicable to its operations.

(d) The State Public School Fund shall include appropriations for the current operating expenses of the public school system from moneys made available to the local school administrative unit by the State Board of Education.

(e) The local current expense fund shall include appropriations sufficient, when added to appropriations from the State Public School Fund, for the current operating expense of the public school system in conformity with the educational goals and policies of the State and the local board of education, within the financial resources and consistent with the fiscal policies of the board of county commissioners. These appropriations shall be funded by revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7 of the Constitution, moneys made available to the local school administrative unit by the board of county commissioners, supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511, State money disbursed directly to the local school administrative unit, and other moneys made available or accruing to the local school administrative unit for the current operating expenses of the public school system.

(f) The capital outlay fund shall include appropriations for:

(1) The acquisition of real property for school purposes, including but not limited to school sites, playgrounds, athletic fields, administrative headquarters, and garages.
(2) The acquisition, construction, reconstruction, enlargement, renovation, or replacement of buildings and other structures, including but not limited to buildings for classrooms and laboratories, physical and vocational educational purposes, libraries, auditoriums, gymnasiums, administrative offices, storage, and vehicle maintenance.
(3) The acquisition or replacement of furniture and furnishings, instructional apparatus, data-processing equipment, business machines, and similar items of furnishings and equipment.

(4) The acquisition of school buses as additions to the fleet.
(5) The acquisition of activity buses and other motor vehicles.
(6) Such other objects of expenditure as may be assigned to the capital outlay fund by the uniform budget format.

The cost of acquiring or constructing a new building, or reconstructing, enlarging, or renovating an existing building, shall include the cost of all real property and interests in real property, and all plants, works, appurtenances, structures, facilities, furnishings, machinery, and equipment necessary or useful in connection therewith; financing charges; the cost of plans, specifications, studies, reports, and surveys; legal expenses; and all other costs necessary or incidental to the construction, reconstruction, enlargement, or renovation.

No contract for the purchase of a site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G.S. 115C-431 shall, insofar as the same may be applicable, be used to settle the disagreement.

Appropriations in the capital outlay fund shall be funded by revenues made available for capital outlay purposes by the State Board of Education and the board of county commissioners, supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511, the proceeds of the sale of capital assets, the proceeds of claims against fire and casualty insurance policies, and other sources.

(g) Other funds shall include appropriations for such purposes funded from such sources as may be prescribed by the uniform budget format. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

CASE NOTES

Legislative Intent. — The General Assembly clearly intended that the operating expenses of the public school systems be included in a single local expense fund which expressly includes penal fines and forfeitures and supplemental taxes levied by or on behalf of the local school administrative unit. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

What Is Included in Local Current Expense Fund. — Reading G.S. 115C-452 and G.S. 115C-430 in pari materia, it is clear that fines and forfeitures are appropriated to the local current expense fund, which is used for the local school administrative unit's current operating expenses. Therefore, the appropriations included in the local current expense funded — fines and forfeitures, supplemental school taxes and county budgetary appropriations — are local current expense appropriations to the local school administrative unit. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

County board of education in a budgetary dispute with a county board of commissioners was required to present evidence of the amount of funding needed for the local current expense fund which included the funds provided from the North Carolina State Public School Fund to provide for the current operating expenses of the county schools for the fiscal year concerning the budgetary dispute. Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

Fund balance carried over from a previous fiscal year constitutes moneys in a local board of education's local current expense fund; thus, where a local board of education had a balance carry over, under G.S. 115C-238.29H, the carried over money had to be shared with charter schools within the local board's jurisdiction. Sugar Creek Charter Sch., Inc. v. Charlotte-

Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

Charter School Funding. — The phrase "local current expense appropriation" in G.S. 115C-238.29H(b) of the Charter School Funding Statute (Current Operations Appropriations and Capital Improvement Appropriations Act of 1998) is synonymous with the phrase "local current expense fund" in G.S. 115C-426(e) of the School Budget and Fiscal Control Act. Hence, in addition to an equal per pupil share of the county's annual appropriation to school board's local current expense fund, charter school was entitled to a share of supplemental school taxes and penal fines and forfeitures received by the board. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

Public school system was required to follow the uniform budget format of G.S. 115C-426 in allocating funds for various projects after those funds were made available to the system by the county board of commissioners. Too, the system was required to appropriate those funds between itself and the charter schools where it placed funds in the local current expense fund, such as in the case of preschool program funds, or it should have placed funds in the local current expense fund, such as where the board gave it money to improve three high schools. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., 188 N.C. App. 454, 655 S.E.2d 850, 2008 N.C. App. LEXIS 225 (2008).

§ 115C-426.1. Vending facilities.

Moneys received by a local school administrative unit on account of operation of vending facilities shall be deposited, budgeted, appropriated, and expended in accordance with the provisions of this Article. (1983 (Reg. Sess., 1984), c. 1034, s. 168.)

§ 115C-426.2. Joint planning.

In order to promote greater mutual understanding of immediate and long-term budgetary issues and constraints affecting public schools and county governments, local boards of education and boards of county commissioners are strongly encouraged to conduct periodic joint meetings during each fiscal year. In particular, the boards are encouraged to assess the school capital outlay needs, to develop and update a joint five-year plan for meeting those needs, and to consider this plan in the preparation and approval of each year's budget under this Article. (1995 (Reg. Sess., 1996), c. 666, s. 2.)

§ 115C-427. Preparation and submission of budget and budget message.

(a) Before the close of each fiscal year, the superintendent shall prepare a budget for the ensuing year for consideration by the board of education. The budget shall comply in all respects with the limitations imposed by G.S. 115C-432.

(b) The budget, together with a budget message, shall be submitted to the board of education not later than May 1. The budget and budget message should, but need not, be submitted at a formal meeting of the board. The budget message should contain a concise explanation of the educational goals fixed by the budget for the budget year, should set forth the reasons for stated changes from the previous year in program goals, programs, and appropriation levels, and should explain any major changes in educational or fiscal policy. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

CASE NOTES

No Error in Dismissal of Claims Against Superintendent. — Trial court did not err in dismissing plaintiffs' claims against superintendent; although plaintiffs alleged superintendent's representations to both defendant boards "were grossly overstated" and "without foundation in fact," plaintiffs did not allege superintendent was in a decision-making position as to acquisition of the Square D facility. As a matter of law, a superintendent does not vote on appropriations. Moore v. Wykle, 107 N.C. App. 120, 419 S.E.2d 164, cert. denied, 332 N.C. 666, 424 S.E.2d 405 (1992).

§ 115C-428. Filing and publication of the budget; budget hearing.

(a) On the same day that he submits the budget to the board of education, the superintendent shall file a copy of it in his office where it shall remain available for public inspection until the budget resolution is adopted. He may also publish a statement in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county that the budget has been submitted to the board of education, and is available for public inspection in the office of the superintendent of schools. The statement should also give notice of the time and place of the budget hearing authorized by subsection (b) of this section.

(b) Before submitting the budget to the board of county commissioners, the board of education may hold a public hearing at which time any persons who wish to be heard on the school budget may appear. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-429. Approval of budget; submission to county commissioners; commissioners' action on budget.

(a) Upon receiving the budget from the superintendent and following the public hearing authorized by G.S. 115C-428(b), if one is held, the board of education shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15, or such later date as may be fixed by the board of county commissioners.

(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

(c) The board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners, upon request, all books, records, audit reports, and other information bearing on the financial operation of the local school administrative unit.

(d) Nothing in this Article shall be construed to place a duty on the board of commissioners to fund a deficit incurred by a local school administrative unit through failure of the unit to comply with the provisions of this Article or rules and regulations issued pursuant hereto, or to provide moneys lost through misapplication of moneys by a bonded officer, employee or agent of the local school administrative unit when the amount of the fidelity bond required by the board of education was manifestly insufficient. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

CASE NOTES

***Editor's Note.** — Some of the cases annotated below were decided under corresponding provisions of former Chapter 115.*

Close Consideration of Budget Requests. — County commissioners have the right, indeed the duty, to consider budget requests submitted by the board of education on a line-by-line basis. Certainly there can be no doubt but that this must be done where the requests of the board of education, if granted, would require an additional tax levy, and the statutes clearly imply this as a requirement, even where no additional tax levy is necessary. Wilson County Bd. of Educ. v. Wilson County Bd. of Comm'rs, 26 N.C. App. 114, 215 S.E.2d 412 (1975).

Boards of commissioners can only fulfill their duty to the taxpayers by considering closely all budgets presented to them as requests for funds. Wilson County Bd. of Educ. v. Wilson County Bd. of Comm'rs, 26 N.C. App. 114, 215 S.E.2d 412 (1975).

Apportionment of Appropriation. — Trial court should not have concluded that money that the board of commissioners gave to the public school system for a preschool program did not have to be apportioned between the system and the charter school. The money was placed in a local current expense fund, which required that the money be apportioned between the system and charter schools pursuant to G.S. 115-238.29(H)(b) and if the system did not want that result, it was obliged to create a special fund for the preschool program, which it did not do. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., 188 N.C. App. 454, 655 S.E.2d 850, 2008 N.C. App. LEXIS 225 (2008).

Applied in Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

OPINIONS OF ATTORNEY GENERAL

A school employee who serves as a member of a board of county commissioners is not prohibited from voting on the school board's budget request. There may be circumstances, however, when the school employee's vote would violate the employee's duty to vote in the public interest rather than his own interest. In those circumstances, the employee should abstain from voting. See opinion of Attorney General to Dr. Martin Eaddy, Superintendent, Lincoln County Schools, — N.C.A.G. — (July 29, 1987).

§ 115C-430. Apportionment of county appropriations among local school administrative units.

If there is more than one local school administrative unit in a county, all appropriations by the county to the local current expense funds of the units, except appropriations funded by supplemental taxes levied less than countywide pursuant to a local act of G.S. 115C-501 to 115C-511, must be apportioned according to the membership of each unit. County appropriations are properly apportioned when the dollar amount obtained by dividing the amount so appropriated to each unit by the total membership of the unit is the same for each unit. The total membership of the local school administrative unit is the unit's average daily membership for the budget year to be determined by and certified to the unit and the board of county commissioners by the State Board of Education. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 1014, s. 78.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

Construction with Other Provisions. — Since distribution of the residual sales taxes under G.S. 105-472(b)(2) is dependent upon the levy of ad valorem taxes within a taxing district, it does not appear that it was the intent of the legislature for this section to supersede G.S.

105-472(b)(2); therefore, the trial court properly concluded that the two statutes were not in conflict. Banks v. County of Buncombe, 128 N.C. App. 214, 494 S.E.2d 791 (1998), aff'd, 348 N.C. 687, 500 S.E.2d 666 (1998).

Fact that the North Carolina State Board of Education had certified that students who attended school in a school district lived in two counties was not a formal recognition that the school district was located in both counties and did not prevent the Board from approving a plan to merge three school systems located in one county, pursuant to G.S. 115C-68.1, without obtaining approval from county commissioners who governed an adjacent county. Kings Mt. Bd. of Educ. v. N.C. State Bd. of Educ., 159 N.C. App. 568, 583 S.E.2d 629, 2003 N.C. App. LEXIS 1509 (2003).

What Is Included in Current Local Expense Fund. — Reading G.S. 115C-452 and G.S. 115C-430 in pari materia, it is clear that fines and forfeitures are appropriated to the local current expense fund, which is used for the local school administrative unit's current operating expenses. Therefore, the appropriations included in the local current expense fund — fines and forfeitures, supplemental school taxes and county budgetary appropriations — are local current expense appropriations to the local school administrative unit. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

§ 115C-431. Procedure for resolution of dispute between board of education and board of county commissioners.

(a) If the board of education determines that the amount of money appropriated to the local current expense fund, or the capital outlay fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners' decision on the school appropriations.

Prior to the joint meeting, the Senior Resident Superior Court Judge shall appoint a mediator unless the boards agree to jointly select a mediator. The mediator shall preside at the joint meeting and shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the boards' differences.

At the joint meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good-faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, the mediator shall, at the request of either board, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Unless otherwise agreed upon by both boards, the following individuals shall constitute the two working groups empowered to represent their respective boards during the mediation:

(1) The chair of each board or the chair's designee;
(2) The superintendent of the local school administrative unit and the county manager or either's designee;
(3) The finance officer of each board; and
(4) The attorney for each board.

Members of both boards, their chairs, and representatives shall cooperate with and respond to all reasonable requests of the mediator to participate in the mediation. Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings involving the two working groups shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. Reports by members of either working group to their respective boards shall be made in compliance with Article 33C of Chapter 143 of the General Statutes.

Unless both boards agree otherwise, or unless the boards have already resolved their dispute, the mediation shall end no later than August 1. The mediator shall have the authority to determine that an impasse exists and to discontinue the mediation. The mediation may continue beyond August 1 provided both boards agree. If both boards agree to continue the mediation beyond August 1, the board of county commissioners shall appropriate to the local school administrative unit for deposit in the local current expense fund a sum of money sufficient to equal the local contribution to this fund for the previous year.

If the working groups reach a proposed agreement, the terms and conditions must be approved by each board. If no agreement is reached, the mediator shall announce that fact to the chairs of both boards, the Senior Resident Superior Court Judge, and the public. The mediator shall not disclose any other information about the mediation. The mediator shall not make any recommendations or public statement of findings or conclusions.

The local board of education and the board of county commissioners shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes.

(c) Within five days after an announcement of no agreement by the mediator, the local board of education may file an action in the superior court division of the General Court of Justice. The court shall find the facts as to the amount of money necessary to maintain a system of free public schools, and the amount of money needed from the county to make up this total. Either board has the right to have the issues of fact tried by a jury. When a jury trial is demanded, the cause shall be set for the first succeeding term of the superior court in the county, and shall take precedence over all other business of the court. However, if the judge presiding certifies to the Chief Justice of the Supreme Court, either before or during the term, that because of the accumulation of other business, the public interest will be best served by not trying the cause at the term next succeeding the filing of the action, the Chief Justice shall immediately call a special term of the superior court for the county, to convene as soon as possible, and assign a judge of the superior court or an emergency judge to hold the court, and the cause shall be tried at this special term. The issue submitted to the jury shall be what amount of money is needed from sources under the control of the board of county commissioners to maintain a system of free public schools.

All findings of fact in the superior court, whether found by the judge or a jury, shall be conclusive. When the facts have been found, the court shall give judgment ordering the board of county commissioners to appropriate a sum certain to the local school administrative unit, and to levy such taxes on property as may be necessary to make up this sum when added to other revenues available for the purpose.

(d) An appeal may be taken to the appellate division of the General Court of Justice, and notice of appeal shall be given in writing within 10 days after entry of the judgment. All papers and records relating to the case shall be considered a part of the record on appeal. The conclusion of the school or fiscal year shall not be deemed to resolve the question in controversy between the parties while an appeal is still pending. Any final judgment shall be legally binding on the parties at the conclusion of the appellate process. The payment of any final judgment by the county in favor of the local school administrative unit shall not be considered, or used in any manner, to deny or reduce appropriations to the local school administrative unit by the county in fiscal years subsequent to the one at issue to offset such payment of a final judgment.

(e) If, in an action filed under this section, the final judgment of the General Court of Justice is rendered after the due date prescribed by law for property taxes, the board of county commissioners is authorized to levy such supplementary taxes as may be required by the judgment, notwithstanding any other provisions of law with respect to the time for doing acts necessary to a property tax levy. Upon making a supplementary levy under this subsection, the board of county commissioners shall designate the person who is to compute and prepare the supplementary tax receipts and records for all such taxes. Upon delivering the supplementary tax receipts to the tax collector, the board of county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date of the levy, and the taxes may be paid at par or face amount at any time before the one hundred and twentieth day after the due date. On or after the one hundred and twentieth day and before the one hundred and fiftieth day from the due date there shall be added to the taxes interest at the rate of two percent (2%). On or after the one hundred and fiftieth day from the due date, there shall be added to the taxes, in addition to the two percent (2%) provided above, interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1989, c. 493, s. 2; 1995 (Reg. CASE NOTES

Subject Matter Jurisdiction. — Superior court had jurisdiction to adjudicate a budgetary dispute between a county board of education and a board of county commissioners because the board of county commissioners was required to provide funding to the board of education and upon disagreement as to sufficient funding the board of education was authorized pursuant to G.S. 115C-431(c) to file an action against the board of county commissioners. Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

Mootness. — County board of commissioners filed a notice of appeal from a judgment regarding a school budget dispute that was entered in favor of a county board of education within the fiscal school year in which a budgetary dispute existed. Therefore, the appeal was pending when the fiscal year ended, and, pursuant to G.S. 115C-431(d), the appeal was not moot because the conclusion of the fiscal year did not resolve the question in controversy. Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

Necessary Parties. — State of North Carolina and the North Carolina Board of Education were not necessary parties to an action regarding a school budgetary dispute brought by a county board of education against a county board of commissioners pursuant to G.S. 115C-431(c). Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

Findings of Trial Judge Held Inadequate Under Former Law. — See Wilson County Bd. of Educ. v. Wilson County Bd. of Comm'rs, 26 N.C. App. 114, 215 S.E.2d 412 (1975).

Trial court did not abuse its discretion or err by its denial of a county board of commissioner's motion to continue an action brought by a county board of education to resolve a budgetary dispute because of the specific timing provisions and purposes of the North Carolina School Budget and Fiscal Control Act, N.C. Gen. Stat. ch. 115C, art. 31. Beaufort County Bd. of Educ. v. Beaufort County Bd. of Comm'rs, 188 N.C. App. 399, 656 S.E.2d 296, 2008 N.C. App. LEXIS 230 (2008).

§ 115C-432. The budget resolution; adoption; limitations; tax levy; filing.

(a) After the board of county commissioners has made its appropriations to the local school administrative unit, or after the appeal procedure set out in G.S. 115C-431 has been concluded, the board of education shall adopt a budget resolution making appropriations for the budget year in such sums as the board may deem sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education.

(b) The following directions and limitations shall bind the board of education in adopting the budget resolution:

(1) If the county budget ordinance allocates appropriations to the local school administrative unit pursuant to G.S. 115C-429(b), the school budget resolution shall conform to that allocation. The budget resolution may be amended to change allocated appropriations only in accordance with G.S. 115C-433.

(2) Subject to the provisions of G.S. 115C-429(d), the full amount of any lawful deficit from the prior fiscal year shall be appropriated.

(3) Contingency appropriations in a fund may not exceed five percent (5%) of the total of all other appropriations in that fund. Each expenditure to be charged against a contingency appropriation shall be authorized by resolution of the board of education, which resolution shall be deemed an amendment to the budget resolution, not subject to G.S. 115C-429(b) and 115C-433(b), setting up or increasing an appropriation for the object of expenditure authorized. The board of education may authorize the superintendent to authorize expenditures from contingency appropriations subject to such limitations and procedures as it may prescribe. Any such expenditure shall be reported to the board of education at its next regular meeting and recorded in the minutes.

(4) Sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into shall be appropriated.

(5) The sum of estimated net revenues and appropriated fund balances in each fund shall be equal to appropriations in that fund.

(6) No appropriation may be made that would require the levy of supplemental taxes pursuant to a local act or G.S. 115C-501 to 115C-511 in excess of the rate of tax approved by the voters, or the expenditure of revenues for purposes not permitted by law.

(7) In estimating revenues to be realized from the levy of school supplemental taxes pursuant to a local act or G.S. 115C-501 to 115C-511, the estimated percentage of collection may not exceed the percentage of that tax actually realized in cash during the preceding fiscal year, or if the tax was not levied in the preceding fiscal year, the percentage of the general county tax levy actually realized in cash during the preceding fiscal year.

(8) Amounts to be realized from collection of supplemental taxes levied in prior fiscal years shall be included in estimated revenues.

(9) No appropriation may be made to or from the capital outlay fund to or from any other fund, except as permitted by G.S. 115C-433(d).

(c) If the local school administrative unit levies its own supplemental taxes pursuant to a local act, the budget resolution shall make the appropriate tax levy in accordance with the local act, and the board of education shall notify the county or city that collects the levy in accordance with G.S. 159-14.

(d) The budget resolution shall be entered in the minutes of the board of education, and within five days after adoption, copies thereof shall be filed with the superintendent, the school finance officer and the county finance officer. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1987 (Reg. Sess., 1988), c. 1025, s. 13; 1993, c. 57, s. 1.)

§ 115C-433. Amendments to the budget resolution; budget transfers.

(a) Subject to the provisions of subsection (b) of this section, the board of education may amend the budget resolution at any time after its adoption, in any manner, so long as the resolution as amended continues to satisfy the requirements of G.S. 115C-425 and 115C-432.

(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that (i) increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or (2), or (ii) increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: Provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ten percent (10%).

(c) The board of education may by appropriate resolution authorize the superintendent to transfer moneys from one appropriation to another within the same fund, subject to such limitations and procedures as may be prescribed by the board of education or State or federal law or regulations. Any such transfers shall be reported to the board of education at its next regular meeting and shall be entered in the minutes.

(d) The board of education may amend the budget to transfer money to or from the capital outlay fund to or from any other fund, with the approval of the board of county commissioners, to meet emergencies unforeseen and unforeseeable at the time the budget resolution was adopted. When such an emergency arises, the board of education may adopt a resolution requesting approval from the board of commissioners for the transfer of a specified amount of money to or from the capital outlay fund to or from some other fund. The resolution shall state the nature of the emergency, why the emergency was not foreseen and was not foreseeable when the budget resolution was adopted, what specific objects of expenditure will be added or increased as a result of the transfer, and what objects of expenditure will be eliminated or reduced as a result of the transfer. A certified copy of this resolution shall be transmitted to the board of county commissioners for (its) approval and to the boards of education of all other local school administrative units in the county for their information. The board of commissioners shall act upon the request within 30 days after it is received by the clerk to the board of commissioners or the chairman of the board of commissioners, after having afforded the boards of education of all other local school administrative units in the county an opportunity to comment on the request. The board of commissioners may either approve or disapprove the request as presented. Upon either approving or disapproving the request, the board of commissioners shall forthwith so notify the board of education making the request and any other board of education that exercised its right to comment thereon. Upon receiving such notification, the board of education may proceed to amend the budget resolution in the manner indicated in the request. Failure of the board of county commissioners to act within the time allowed for approval or disapproval shall be deemed approval of the request. The time limit for action by the board of county commissioners may be extended by mutual agreement of the board of county commissioners and the board of education making the request. A budget resolution amended in accordance with this subsection need not comply with G.S. 115C-430. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-434. Interim budget.

In case the adoption of the budget resolution is delayed until after July 1, the board of education shall make interim appropriations for the purpose of paying salaries and the usual ordinary expenses of the local school administrative unit for the interval between the beginning of the fiscal year and the adoption of the budget resolution. Interim appropriations so made and expended shall be charged to the proper appropriations in the budget resolution. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Part 3. Fiscal Control.

§ 115C-435. School finance officer.

Each local school administrative unit shall have a school finance officer who shall be appointed or designated by the superintendent of schools and approved by the board of education, with the school finance officer serving at the pleasure of the superintendent. The duties of school finance officer may be conferred on any officer or employee of the local school administrative unit or, upon request of the superintendent, with approval by the board of education and the board of county commissioners, on the county finance officer. In counties where there is more than one local school administrative unit, the duties of finance officer may be conferred on any one officer or employee of the several local school administrative units by agreement between the affected superintendents with the concurrence of the affected board of education and the board of county commissioners. The position of school finance officer is hereby declared to be an office that may be held concurrently with other appointive, but not elective, offices pursuant to Article VI, Sec. 9, of the Constitution. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Dismissal Authority. — A superintendent of schools has the authority to dismiss a school finance officer without the approval of the board of education. See opinion of Attorney General to Grady L. Hunt Locklear, Jacobs & Hunt, 1998 N.C.A.G. 45 (10/29/98).

§ 115C-436. Duties of school finance officer.

(a) The school finance officer shall be responsible to the superintendent for:

(1) Keeping the accounts of the local school administrative unit in accordance with generally accepted principles of governmental accounting, the rules and regulations of the State Board of Education, and the rules and regulations of the Local Government Commission.

(2) Giving the preaudit certificate required by G.S. 115C-441.

(3) Signing and issuing all checks, drafts, and State warrants by the local school administrative unit, investing idle cash, and receiving and depositing all moneys accruing to the local school administrative unit.

(4) Preparing and filing a statement of the financial condition of the local school administrative unit as often as requested by the superintendent, and when requested in writing, with copy to the superintendent, by the board of education or the board of county commissioners.

(5) Performing such other duties as may be assigned to him by law, by the superintendent, or by rules and regulations of the State Board of Education and the Local Government Commission.

All references in other portions of the General Statutes or local acts to school treasurers, county treasurers, or other officials performing any of the duties conferred by this section on the school finance officer shall be deemed to refer to the school finance officer.

(b) The State Board of Education has authority to issue rules and regulations having the force of law governing procedures for the disbursement of money allocated to the local school administrative unit by or through the State. The Local Government Commission has authority to issue rules and regulations having the force of law governing procedures for the disbursement of all other moneys allocated or accruing to the local school administrative unit. The State Board of Education and the Local Government Commission may inquire into and investigate the internal control procedures of a local school administrative unit with respect to moneys under their respective jurisdictions and may require any modifications in internal control procedures which may be necessary or desirable to prevent embezzlements or mishandling of public moneys. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-437. Allocation of revenues to the local school administrative unit by the county.

Revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7, of the Constitution and taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511 shall be remitted to the school finance officer by the officer having custody thereof within 10 days after the close of the calendar month in which the revenues were received or collected. The clear proceeds of all penalties and forfeitures and of all fines collected for any breach of the penal laws of the State, as referred to in Article IX, Sec. 7 of the Constitution, shall include the full amount of all penalties, forfeitures or fines collected under authority conferred by the State, diminished only by the actual costs of collection, not to exceed ten percent (10%) of the amount collected. Revenues appropriated to the local school administrative unit by the board of county commissioners from general county revenues shall be made available to the school finance officer by such procedures as may be mutually agreeable to the board of education and the board of county commissioners, but if no such agreement is reached, these funds shall be remitted to the school finance officer by the county finance officer in monthly installments sufficient to meet its lawful expenditures from the county appropriation until the county appropriation to the local school administrative unit is exhausted. Each installment shall be paid not later than 10 days after the close of each calendar month. When revenue has been appropriated to the local school administrative unit by the board of county commissioners from funds which carry specific restrictions binding upon the county as recipient, the board of commissioners must inform the local school administrative unit in writing of those restrictions. CASE NOTES

Applicability of 1985 Amendment. — The 1985 amendment to this section, defining "clear proceeds," could only be effective as to monies collected because of traffic violations occurring on and after July 17, 1985. Cauble v. City of Asheville, 314 N.C. 598, 336 S.E.2d 59 (1985).

Use of Penal Fines. — Where a local ordinance was passed to enforce state-mandated air quality standards was a penal law, the penalties imposed for the violation of the ordinance were punitive in nature, and the payment of those penalties was payable to the school board under G.S. 115C-437. Donoho v. City of Asheville, 153 N.C. App. 110, 569 S.E.2d 19, 2002 N.C. County board of education was entitled to funds derived from a city's red light camera program, which program was implemented by an ordinance pursuant to G.S. 160A-300.1(c), as N.C. Const. art. IX, § 7 applied to the civil penalties assessed by the city for violations of the ordinance regarding the failure to stop for a red stoplight. Further, pursuant to G.S. 115C-437, the city was to pay 90 percent of the amount collected by its red light camera program to the board. Shavitz v. City of High Point, 177 N.C. § 115C-438. Provision for disbursement of State money.

The deposit of money in the State treasury to the credit of local school administrative units shall be made in monthly installments, and additionally as necessary, at such time and in such a manner as may be most convenient for the operation of the public school system. Before an installment is credited, the school finance officer shall certify to the State Board of Education the expenditures to be made by the local school administrative unit from the State Public School Fund during the month. This certification shall be filed on or before the fifth day following the end of the month preceding the period in which the expenditures will be made. The State Board of Education shall determine whether the moneys requisitioned are due the local school administrative unit, and upon determining the amount due, shall cause the requisite amount to be credited to the local school administrative unit. Upon receiving notice from the State Treasurer of the amount placed to the credit of the local school administrative unit, the finance officer may issue State warrants up to the amount so certified.

The State Board of Education may withhold money for payment of salaries for administrative officers of local school administrative units if any report required to be filed with State school authorities is more than 30 days overdue. The State Board of Education shall withhold money for payment of salaries for the superintendent, finance officer, and all other administrative officers charged with providing payroll information pursuant to G.S. 115C-12(18), if the local school administrative unit fails to provide the payroll information to the State Board in a timely fashion and substantially in accordance with the standards set by the State Board. The State Board of Education shall also withhold money used for payment of salaries for the superintendent, transportation director, and all other administrative officers or employees charged by the local board of education or the local superintendent with implementing the Transportation Information Management System, pursuant to G.S. 115C-240(d), if the State Board finds that a local school administrative unit is not progressing in good faith and is not using its best efforts to implement the Transportation Information Management System.

Money in the State Public School Fund and State bond moneys shall be released only on warrants drawn on the State Treasurer, signed by such local official as may be required by the State Board of Education. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1987, c. 414, s. 14; 1987 (Reg. Sess., 1988), c. 1025, s. 15; 1989 (Reg. Sess., 1990), c. 1066, s. 106; 1991, c. 689, s. 39.2; 1991 (Reg. Sess., 1992), c. 900, s. 77(b).)

§ 115C-439. Facsimile signatures.

The board of education may provide by appropriate resolution for the use of facsimile signature machines, signature stamps, or similar devices in signing checks and drafts and in signing the preaudit certificate on contracts or purchase orders. The board shall charge the finance officer or some other bonded officer or employee with the custody of the necessary machines, stamps, plates, or other devices, and that person and the sureties on his official bond are liable for any illegal, improper, or unauthorized use of them. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-440. Accounting system.

(a) System Required. — Each local school administrative unit shall establish and maintain an accounting system designed to show in detail its assets, liabilities, equities, revenues, and expenditures. The system shall also be designed to show appropriations and estimated revenues as established in the budget resolution as originally adopted and subsequently amended.

(b) Basis of Accounting. — Local school administrative units shall use the modified accrual basis of accounting in recording transactions.

(c) Encumbrance Systems. — Except as otherwise provided in this subsection, no local school administrative unit is required to record or show encumbrances in its accounting system. The Local Government Commission, in consultation with the State Board of Education, shall establish regulations, based on total membership of the local school administrative unit or some other appropriate criterion, setting forth which units are required to maintain an accounting system that records and shows the encumbrances outstanding against each category of expenditure appropriated in the budget resolution. Any other local school administrative unit may record and show encumbrances in its accounting system.

(d) Commission Regulations. — The Local Government Commission, in consultation with the State Board of Education, may prescribe rules and regulations having the force of law as to:

(1) Features of accounting systems to be maintained by local school administrative units.
(2) Bases of accounting, including identifying in detail the characteristics of a modified accrual basis and identifying what revenues are susceptible to accrual.
(3) Definitions of terms not clearly defined in this Article.

These rules and regulations may be varied according to the size of the local school administrative unit, or according to any other criteria reasonably related to the purpose or complexity of the financial operations involved. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-440.1. Report on county spending on public capital outlay.

(a) It is the purpose of Article 42 of Chapter 105 of the General Statutes for counties to appropriate funds generated under that Article to increase the level of county spending for public elementary and secondary school capital outlay (including retirement of indebtedness incurred by the county for this purpose) above and beyond the level of spending prior to the levy of the additional tax authorized under that Article.

(b) On or before May 1 of each year the Local Government Commission shall furnish to the General Assembly a report of the level of each county's appropriations for public school capital outlay, including appropriations to the public school capital outlay fund, funds expended by counties on behalf of and for the benefit of public schools for capital outlay, monies reserved for future years' retirement of debt incurred or capital outlay, and any other information the Local Government Commission considers relevant. For purposes of this subsection, the term "public schools" includes charter schools, if authorized. The Local Government Commission shall develop and implement by May 1, 1997, a uniform reporting system whereby counties are able to report all county expenditures under this subsection.

(c) Any local board of education may petition the Local Government Commission to make a finding that the funds provided by a county for public school capital outlay purposes are, within the financial resources available and consistent with the fiscal policies of the Board of County Commissioners, inadequate to meet the public school capital outlay needs within that county and that the Board of County Commissioners has not complied with the requirements or intent of this Article. The petition shall be in the form prescribed by the Commission. In making its finding, the Commission shall consider the facts it is required to report under subsection (b) of this section, as well as any other information it deems necessary. The Commission shall report its findings on such petition, together with any recommendations it deems appropriate, to the Joint Legislative Commission on Governmental Operations. (1985 (Reg. Sess., 1986), c. 906, s. 1; 1995, c. 507, s. 17.5; 1995 (Reg. Sess., 1996), c. 666, ss. 4, 5.)

§ 115C-441. Budgetary accounting for appropriations.

(a) Incurring Obligations. — Except as set forth below, no obligation may be incurred by a local school administrative unit unless the budget resolution includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this section. The certificate, which shall be signed by the finance officer, shall take substantially the following form:

"This instrument has been preaudited in the manner required by the School Budget and Fiscal Control Act.

____
(Date)

____
(Signature of finance officer)"

An obligation incurred in violation of this section is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this section.

(b) Disbursements. — When a bill, invoice, or other claim against a local school administrative unit is presented, the finance officer shall either approve or disapprove the necessary disbursement. The finance officer may approve the claim only if he determines the amount to be payable, the budget resolution includes an appropriation authorizing the expenditure and either (i) an encumbrance has been previously created for the transaction or (ii) an unencumbered balance remains in the appropriation sufficient to pay the amount to be disbursed. A bill, invoice, or other claim may not be paid unless it has been approved by the finance officer or, under subsection (c) of this section, by the board of education.

(c) Board of Education Approval of Bills, Invoices, or Claims. — The board of education may, as permitted by this subsection, approve a bill, invoice, or other claim against the local school administrative unit that has been disapproved by the finance officer. It may not approve a claim for which no appropriation appears in the budget resolution, or for which the appropriation contains no encumbrance and the unencumbered balance is less than the amount to be paid. The board of education shall approve payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other claim. The resolution shall be entered in the minutes together with the names of those voting in the affirmative. The chairman of the board or some other member designated for this purpose shall sign the certificate on the check or draft given in payment of the bill, invoice, or other claim. If payment results in a violation of law, each member of the board voting to allow payment is jointly and severally liable for the full amount of the check or draft given in payment.

(c1) Continuing Contracts for Capital Outlay. — An administrative unit may enter into a contract for capital outlay expenditures, some portion or all of which is to be performed and/or paid in ensuing fiscal years, without the budget resolution including an appropriation for the entire obligation, provided:

a. The budget resolution includes an appropriation authorizing the current fiscal year's portion of the obligation;
b. An unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year; and
c. Contracts for capital outlay expenditures are approved by a resolution adopted by the board of county commissioners, which resolution when adopted shall bind the board of county commissioners to appropriate sufficient funds in ensuing fiscal years to meet the amounts to be paid under the contract in those years.

(d) Payment. — A local school administrative unit may not pay a bill, invoice, salary, or other claim except by a check or draft on an official depository, by a bank wire transfer from an official depository, or by a warrant on the State Treasurer. Except as provided in this subsection each check or draft on an official depository shall bear on its face a certificate signed by the finance officer or signed by the chairman or some other member of the board pursuant to subsection (c) of this section. The certificate shall take substantially the following form:

"This disbursement has been approved as required by the School Budget and Fiscal Control Act.

____

(Signature of finance officer)"

No certificate is required on payroll checks or drafts or on State warrants.

(e) Penalties. — If an officer or employee of a local school administrative unit incurs an obligation or pays out or causes to be paid out any funds in violation of this section, he and the sureties on his official bond are liable for any sums so committed or disbursed. If the finance officer gives a false certificate to any contract, agreement, purchase order, check, draft, or other document, he and the sureties on his official bond are liable for any sums illegally committed or disbursed thereby. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985, c. 783, ss. 1, 2; 1997-456, s. 27.)

§ 115C-441.1. Dependent care assistance program.

The State Board of Education is authorized to provide eligible employees of local school administrative units a program of dependent care assistance as available under Section 129 and related sections of the Internal Revenue Code of 1986, as amended. The State Board may authorize local school administrative units to enter into annual agreements with employees who elect to participate in the program to provide for a reduction in salary. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the State Board decide to contract with a third party to administer the terms and conditions of a program of dependent care assistance, it may select a contractor only upon a thorough and completely competitive procurement process. (1989, c. 458, s. 1; 1991 (Reg. Sess., 1992), c. 1044, s. 14(b); 1993, c. 561, s. 42; 1993 (Reg. Sess., 1994), c 769, s. 7.28A; 1997-443, s. 33.20(a); 1999-237, s. 28.27(a).)

§ 115C-442. Fidelity bonds.

(a) The finance officer shall give a true accounting and faithful performance bond with sufficient sureties in an amount to be fixed by the board of education, not less than fifty thousand dollars ($50,000). This bond shall cover the faithful performance of all duties placed on the finance officer by or pursuant to law and the faithful accounting for all funds in his custody except State funds placed to the credit of the local school administrative unit by the State Treasurer. The premium on the bond shall be paid by the local school administrative unit.

(b) The State Board of Education shall provide for adequate and appropriate bonding of school finance officers and such other employees as it deems appropriate with respect to the disbursement of State funds. When it requires such bonds, the State Board of Education is authorized to place the bonds and pay the premiums thereon.

(c) The treasurer of each individual school and all other officers, employees and agents of each local school administrative unit who have custody of public school money in the normal course of their employment or agency shall give a true accounting bond with sufficient sureties in an amount to be fixed by the board of education. The premiums on these bonds shall be paid by the local school administrative unit. Instead of individual bonds, a local school administrative unit may provide for a blanket bond to cover all officers, employees, and agents of the local school administrative unit required to be bonded, except the finance officer. The finance officer may be included within the blanket bond if the blanket bond protects against risks not protected against by the individual bond. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2007-85, s. 1.)

Effect of Amendments. — Session Laws 2007-85, s. 1, effective July 1, 2008, substituted "fifty thousand dollars ($50,000)" for "ten thousand dollars ($10,000) nor more than two hundred fifty thousand dollars ($250,000)" in subsection (a).

§ 115C-443. Investment of idle cash.

(a) A local school administrative unit may deposit at interest or invest all or part of the cash balance of any fund. The finance officer shall manage investments subject to whatever restrictions and directions the board of education may impose. The finance officer shall have the power to purchase, sell, and exchange securities on behalf of the board of education. The investment program shall be so managed that investments and deposits can be converted into cash when needed.

(b) Moneys may be deposited at interest at any bank, savings and loan association, or trust company in this State in the form of certificates of deposit or such other forms of time deposit as the Local Government Commission may approve. Investment deposits shall be secured as provided in G.S. 115C-444(b).

(c) Moneys may be invested in the following classes of securities, and no others:

(1) Obligations of the United States of America.
(2) Obligations of any agency or instrumentality of the United States of America if the payment of interest and principal of such obligations is fully guaranteed by the United States of America.
(3) Obligations of the State of North Carolina.
(4) Bonds and notes of any North Carolina local government or public authority, subject to such restrictions as the Secretary of the Local Government Commission may impose.
(5) Shares of any savings and loan association organized under the laws of this State and shares of any federal savings and loan association having its principal office in this State, to the extent that the investment in such shares is fully insured by the United States of America or an agency thereof or by any mutual deposit guaranty association authorized by the Commissioner of Insurance of North Carolina to do business in North Carolina pursuant to Article 7A of Chapter 54 of the General Statutes.
(6) Obligations maturing no later than 18 months after the date of purchase of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, Fannie Mae, the Banks for Cooperatives, and the Federal Land Banks.
(7) Any form of investment allowed by law to the State Treasurer.
(8) Any form of investment allowed by G.S. 159-30 to local governments and public authorities.

(d) Investment securities may be bought, sold, and traded by private negotiation, and local school administrative units may pay all incidental costs thereof and all reasonable cost of administering the investment and deposit program. Securities and deposit certificates shall be in the custody of the finance officer who shall be responsible for their safekeeping and for keeping accurate investment accounts and records.

(e) Interest earned on deposits and investments shall be credited to the fund whose cash is deposited or invested. Cash of several funds may be combined for deposit or investment if not otherwise prohibited by law; and when such joint deposits or investments are made, interest earned shall be prorated and credited to the various funds on the basis of the amounts thereof invested, figured according to an average periodic balance or some other sound accounting principle. Interest earned on the deposit or investment of bond funds shall be deemed a part of the bond proceeds.

(f) Registered securities acquired for investment may be released from registration and transferred by signature of the finance officer.

(g) It is the intent of this Article that the foregoing provisions of this section shall apply only to those funds received by the local school administrative unit as required by G.S. 115C-437. The county finance officer shall be responsible for the investment of all county funds allocated to the local school administrative unit prior to such county funds actually being remitted to the school finance officer as provided by G.S. 115C-437. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985, c. 246, s. 1; 2001-487, s. 14(h).)

Editor's Note. — Article 7A of Chapter 54, referred to in this section, was repealed by Session Laws 1981, c. 282. See now Article 12 of Chapter 54B, G.S. 54B-236 et seq.

§ 115C-444. Selection of depository; deposits to be secured.

(a) Each board of education shall designate as the official depositories of the local school administrative unit one or more banks, savings and loan associations, or trust companies in this State. It shall be unlawful for any money belonging to a local school administrative unit or an individual school to be deposited in any place, bank, or trust company other than an official depository, except as permitted by G.S. 115C-443(b); however, moneys belonging to an administrative unit or an individual school may be deposited in official depositories in Negotiable Order of Withdrawal (NOW) accounts.

(b) Money on deposit in an official depository or deposited at interest pursuant to G.S. 115C-443(b) shall be secured by deposit insurance, surety bonds, or investment securities of such nature, in a sufficient amount to protect the administrative unit or an individual school on account of deposit of moneys made therein, and in such manner, as may be prescribed by rule or regulation of the Local Government Commission. When deposits are secured in accordance with this subsection, no public officer or employee may be held liable for any losses sustained by a local school administrative unit because of the default or insolvency of the depository. (1975, c. 437, s. 1; 1981, c. 423, s. 1; c. 682, s. 23; c. 866, ss. 1, 2; 1985, c. 246, s. 2.)

§ 115C-445. Daily deposits.

Except as otherwise provided by law, all moneys collected or received by an officer, employee or agent of a local school administrative unit or an individual school shall be deposited in accordance with this section. Each officer, employee and agent of a local school administrative unit or individual school whose duty it is to collect or receive any taxes or other moneys shall deposit his collections and receipts daily. If the board of education gives its approval, deposits shall be required only when the moneys on hand amount to as much as two hundred fifty dollars ($250.00), but in any event a deposit shall be made on the last business day of the month. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer or individual school treasurer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer, employee or agent collecting or receiving any taxes or other moneys, and may prescribe the form and detail of these accounts. The accounts of such an officer, employee or agent shall be audited at least annually. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-446. Semiannual reports on status of deposits and investments.

Each school finance officer shall report to the Secretary of the Local Government Commission on January 1 and July 1 of each year, or such other dates as the Secretary may prescribe, the amounts of money then in his custody and in the custody of treasurers of individual schools within the local school administrative unit, the amount of deposits of such money in depositories, a list of all investment securities and time deposits held by the local school administrative unit and individual schools therein. In like manner, each bank or trust company acting as the official depository of any administrative unit or individual school may be required to report to the Secretary a description of the surety bonds or investment securities securing such public deposits. If the Secretary finds at any time that any moneys of a local school administrative unit or an individual school are not properly deposited or secured, or are invested in securities not eligible for investment, he shall notify the officer in charge of the moneys of the failure to comply with law. Upon such notification, the officer shall comply with the law within 30 days, except as to the sale of securities not eligible for investment which shall be sold within nine months at a price to be approved by the Secretary. The Local Government Commission may extend the time for sale of ineligible securities, but no one extension may cover a period of more than one year. (1975, c. 437, s. 1; 1981, c. 423, s. 1; c. 866, s. 3.)

§ 115C-447. Annual independent audit.

(a) Each local school administrative unit shall have its accounts and the accounts of individual schools therein audited as soon as possible after the close of each fiscal year by a certified public accountant or by an accountant certified by the Local Government Commission as qualified to audit local government accounts. The auditor who audits the accounts of a local school administrative unit shall also audit the accounts of its individual schools. The auditor shall be selected by and shall report directly to the board of education. The audit contract shall be in writing, shall include all its terms and conditions, and shall be submitted to the Secretary of the Local Government Commission for his approval as to form, terms and conditions. The terms and conditions of the audit contract shall include the scope of the audit, and the requirement that upon completion of the examination the auditor shall prepare a typewritten or printed report embodying financial statements and his opinion and comments relating thereto. The financial statements accompanying the auditor's report shall be prepared in conformity with generally accepted accounting principles. The auditor shall file a copy of the audit report with the Secretary of the Local Government Commission, the State Board of Education, the board of education and the board of county commissioners, and shall submit all bills or claims for audit fees and costs to the Secretary of the Local Government Commission for his approval. It shall be unlawful for any local school administrative unit to pay or permit the payment of such bills or claims without this approval. Each officer, employee and agent of the local school administrative unit having custody of public money or responsibility for keeping records of public financial or fiscal affairs shall produce all books and records requested by the auditor and shall divulge such information relating to fiscal affairs as he may request. If any member of a board of education or any other public officer, employee or agent shall conceal, falsify, or refuse to deliver or divulge any books, records, or information, with an intent thereby to mislead the auditor or impede or interfere with the audit, he is guilty of a Class 1 misdemeanor.

The State Auditor shall have authority to prescribe the manner in which funds disbursed by administrative units by warrants on the State Treasurer shall be audited.

(b) When the State Board of Education finds that incidents of fraud, embezzlement, theft, or management failures in a local school administrative unit make it appropriate to review the internal control procedures of the unit, the State Board of Education shall so notify the unit. If the incidents were discovered by the firm performing the audit under subsection (a) of this section, the board of the local school administrative unit shall submit the audit together with a plan for any corrective actions relative to its internal control procedures to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit. Where the firm preparing the audit under subsection (a) of this section identifies significant problems with internal control procedures the local school administrative unit shall submit the audit together with a plan for any corrective actions relative to its internal control procedures to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit.

If the incidents were not discovered by the firm performing the audit under subsection (a) of this section, the State Board of Education and the Local Government Commission shall employ an audit firm to review the internal control procedures of that local school administrative unit. Upon completion of this review, the audit firm shall report publicly to the State Board of Education, the Local Government Commission, and the board of the local school administrative unit. If the State Board of Education determines that significant changes are needed in the internal control procedures of the local school administrative unit, the local board shall submit a plan of corrective actions to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit. The local school administrative unit shall pay the cost of this audit. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1983, c. 913, s. 17; 1987 (Reg. Sess., 1988), c. 1025, s. 14; 1993, c. 539, s. 891; 1994, Ex. Sess., c. 24, s. 14(c); 2005-276, s. 7.58.)

§ 115C-448. Special funds of individual schools.

(a) The board of education shall appoint a treasurer for each school within the local school administrative unit that handles special funds. The treasurer shall keep a complete record of all moneys in his charge in such form and detail as may be prescribed by the finance officer of the local school administrative unit, and shall make such reports to the superintendent and finance officer of the local school administrative unit as they or the board of education may prescribe. Special funds of individual schools shall be deposited in an official depository of the local school administrative unit in special accounts to the credit of the individual school, and shall be paid only on checks or drafts signed by the principal of the school and the treasurer. The board of education may, in its discretion, waive the requirements of this section for any school which handles less than three hundred dollars ($300.00) in any school year.

(b) Nothing in this section shall prevent the board of education from requiring that all funds of individual schools be deposited with and accounted for by the school finance officer. If this is done, these moneys shall be disbursed and accounted for in the same manner as other school funds except that the check or draft shall not bear the certificate of preaudit.

(c) For the purposes of this section, "special funds of individual schools" includes by way of illustration and not limitation funds realized from gate receipts of interscholastic athletic competition, sale of school annuals and newspapers, and dues of student organizations. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-449. Proceeds of insurance claims.

Moneys paid to a local school administrative unit pursuant to contracts of insurance against loss of capital assets through fire or casualty shall be used to repair or replace the damaged asset, or if the asset is not repaired or replaced, placed to the credit of the capital outlay fund for appropriation at some future time. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-450. School food services.

School food services shall be included in the budget of each local school administrative unit and the State Board of Education shall provide for school food services in the uniform budget format required by G.S. 115C-426. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-451. Reports to State Board of Education; failure to comply with School Budget Act.

(a) The State Board of Education shall have authority to require local school administrative units to make such reports as it may deem advisable with respect to the financial operation of the public schools.

(b) The State Board of Education shall be responsible for assuring that local boards of education comply with State laws and regulations regarding the budgeting, management, and expenditure of funds. When a local board of education willfully or negligently fails or refuses to comply with these laws and regulations, the State Board of Education shall issue a warning to the local board of education and direct it to take remedial action. In addition, the State Board may suspend the flexibility given to the local board under G.S. 115C-105.21A and may require the local board to use funds during the term of suspension only for the purposes for which they were allotted or for other purposes with the specific approval from the State Board.

(c) If the local board of education, after warning, persists in willfully or negligently failing or refusing to comply with these laws and regulations, the State Board of Education shall by resolution assume control of the financial affairs of the local board of education and shall appoint an administrator to exercise the powers assumed. The adoption of a resolution shall have the effect of divesting the local board of education of its powers as to the adoption of budgets, expenditure of money, and all other financial powers conferred upon the local board of education by law. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1991, c. 529, s. 5; 1997-443, s. 8.7.)

CASE NOTES

Taken together, under G.S. 115C-12, 115C-408, and 115C-451, the powers of the North Carolina Board of Education (BOE) are limited to the control, administration, and disbursement of state and federal moneys, while the state superior courts maintain jurisdiction to hear disputes between charter schools and their local boards of education; thus, a superior court and not the BOE had jurisdiction to consider the claim of a group of charter schools that a local board of education and its superintendent had violated G.S. 115C-238.29H(b) by failing to transfer to the charter schools a pro rata share of the per pupil moneys included in the local board's local current expense fund. Sugar Creek Charter Sch., Inc. v. Charlotte-Mecklenburg Bd. of Educ., — N.C. App. —, 673 S.E.2d 667, 2009 N.C. App. LEXIS 154 (2009).

§ 115C-452. Fines and forfeitures.

The clear proceeds of all penalties and forfeitures and of all fines collected in the General Court of Justice in each county shall be remitted by the clerk of the superior court to the county finance officer, who shall forthwith determine what portion of the total is due to each local school administrative unit in the county and remit the appropriate portion of the amount to the finance officer of each local school administrative unit. Fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit as determined by and certified to the local school administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

The term "penal laws," as used in the context of this section, means laws that impose a monetary payment for their violation. The payment is punitive rather than remedial in nature and is intended to penalize the wrongdoer rather than to compensate a particular party. Mussallam v. Mussallam, 321 N.C. 504, 364 S.E.2d 364, rehearing denied, 322 N.C. 115, 367 S.E.2d 915 (1988).

Two Distinct Funds for Public Schools. — The provisions of this section relating to the clear proceeds from penalties, forfeitures and fines identify two distinct funds for the public schools. These are (1) the clear proceeds of all penalties and forfeitures in all cases, regardless of their nature, so long as they accrue to the state, and (2) the clear proceeds of all fines collected for any breach of the criminal laws. Mussallam v. Mussallam, 321 N.C. 504, 364 S.E.2d 364, rehearing denied, 322 N.C. 115, 367 S.E.2d 915 (1988).

What Is Included in Local Current Expense Fund. — Reading G.S. 115C-452 and G.S. 115C-430 in pari materia, it is clear that fines and forfeitures are appropriated to the local current expense fund, which is used for the local school administrative unit's current operating expenses. Therefore, the appropriations included in the local current expense fund — fines and forfeitures, supplemental school taxes and county budgetary appropriations — are local current expense appropriations to the local school administrative unit. Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

Proceeds of Bond Payable to Board of Education. — In custody case in which wife sought to regain custody of child who had been removed outside the country, bond set by superior court judge was to ensure husband's appearance, as the punishment for his failure to so appear would be immediate forfeiture of the bond, and since the terms of the bond specifically made its proceeds payable to the State of North Carolina should it be forfeited, such bond was penal in nature and accrued to the Board of Education. Mussallam v. Mussallam, 321 N.C. 504, 364 S.E.2d 364, rehearing denied, 322 N.C. 115, 367 S.E.2d 915 (1988), reversing 83 N.C. App. 213, 349 S.E.2d 618 (1986).

Article 31A.

Civil Penalty and Forfeiture Fund.

§ 115C-457.1. Creation of Fund; administration.

(a) There is created the Civil Penalty and Forfeiture Fund. The Fund shall consist of the clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by a State agency and that the General Assembly is authorized to place in a State fund pursuant to Article IX, Section 7(b) of the Constitution.

(b) The Fund shall be administered by the Office of State Budget and Management. The Fund and all interest accruing to the Fund shall be faithfully used exclusively for maintaining free public schools. (1997-443, s. 8.20; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2003-423, s. 2.)

Editor's Note. — Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

Session Laws 2003-423, which amended subsection (a), in ss. 4 through 6, provides: "The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the statewide general election in November of 2004, which election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[ ] FOR [ ] AGAINST

"Constitutional amendment to provide that the General Assembly may place the clear proceeds of civil penalties, civil forfeitures, and civil fines collected by a State agency in a State fund to be used exclusively for maintaining free public schools.

"If a majority of votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The Secretary of State shall enroll the amendment so certified among the permanent records of that office. The amendment set out in Section 1 of this act shall become effective January 1, 2005.

"Sections 2 through 3 of this act become effective only if the voters approve the constitutional amendment set out in Section 1 of this act. If the voters approve the constitutional amendment, Sections 2 through 3 of this act shall become effective January 1, 2005." The constitutional amendment was approved November 2004.

CASE NOTES

Statute Properly Articulates the Necessary Details to Effect the Constitutional Purpose of Maintaining Free Public Schools. — Section 115C-457.1, which created the civil penalty fund, is consistent with the intent and purpose of N.C. Const. art. IX, § 7, that civil penalties be used exclusively to support the State's public schools; because art. IX, § 7 fails to unambiguously specify how that is to be accomplished, it requires legislation to give it effect, and G.S. 115C-457.1 properly articulates the necessary details to effect the constitutional purpose. N.C. Sch. Bds. Ass'n v. Moore, 160 N.C. App. 253, 585 S.E.2d 418 (2003).

Meaning of "Local Current Expense Appropriation". — The phrase "local current expense appropriation" in G.S. 115C-238.29H(b) of the Charter School Funding Statute (Current Operations Appropriations and Capital Improvement Appropriations Act of 1998) is synonymous with the phrase "local current expense fund" in G.S. 115C-426(e) of the School Budget and Fiscal Control Act. Hence, in addition to an equal per pupil share of the county's annual appropriation to school board's local current expense fund, charter school was entitled to a share of supplemental school taxes and penal fines and forfeitures received by the board. OPINIONS OF ATTORNEY GENERAL

Disposition of Proceeds of Environmental Civil Penalties. — The clear proceeds of environmental civil penalties controlled by Article IX, Section 7 which were collected from offending local school administrative units before September 1, 1997, may not be returned to the offending local units but rather should be deposited into the General Fund. The clear proceeds of environmental civil penalties controlled by Article IX, Section 7 which are collected from offending local school administrative units on or after September 1, 1997, may not be returned to the offending local units. However, in compliance with this section, these funds should be remitted to the Civil Penalty and Forfeiture Fund, transferred to the State School Technology Fund and allocated to all eligible local school administrative units, except the offending unit, on the basis of average daily membership. See opinion of Attorney General to Richard Whisnant, General Counsel Department of Environment, Health & Natural Resources, 1997 N.C.A.G. 65 (11/4/97).

§ 115C-457.2. Remittance of moneys to the Fund.

The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by a State agency and that the General Assembly is authorized to place in a State fund pursuant to Article IX, Section 7(b) of the Constitution shall be remitted to the Office of State Budget and Management by the officer having custody of the funds within 10 days after the close of the calendar month in which the revenues were received or collected. Notwithstanding any other law, all such funds shall be deposited in the Civil Penalty and Forfeiture Fund. The clear proceeds of these funds include the full amount of all civil penalties, civil forfeitures, and civil fines collected under authority conferred by the State, diminished only by the actual costs of collection, not to exceed twenty percent (20%) of the amount collected. The collection cost percentage to be used by a State agency shall be established and approved by the Office of State Budget and Management on an annual basis based upon the computation of actual collection costs by each agency for the prior fiscal year. (1997-443, s. 8.20; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2003-423, s. 3; 2005-276, s. 6.37(v); 2006-66, s. 6.9(c).)

Editor's Note. — Session Laws 2005-276, s. 6.37(w), provides: "The Office of State Budget and Management shall develop a methodology for computing the actual costs of collection of civil penalties by State departments and agencies. This methodology shall apply to all State departments and agencies, effective July 1, 2006."

Session Laws 2005-276, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2005'."

Assumption of School District Indebtedness by Counties.

§ 115C-473. Method of assumption; validation of proceedings.

The county board of education, with the approval of the board of commissioners, and when the assumption of such indebtedness is approved at an election as hereinafter provided, if such election is required by the Constitution, may include in the debt service fund in the school budget all outstanding indebtedness for school purposes of every city, town, school district, school taxing district, township, city administrative unit or other political subdivision in the county, hereinafter collectively called "local districts," lawfully incurred in erecting and equipping school buildings necessary for the school term. The election on the question of assuming such indebtedness shall be called and held in accordance with the provisions of Chapter 159 of the General Statutes, known as "The Local Government Finance Act," insofar as the same may be made applicable, and the returns of such election shall be canvassed and a statement of the result thereof prepared, filed and published as provided in the Local Government Finance Act. No right of action or defense founded upon the invalidity of the election shall be asserted, nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement of result. When such indebtedness is taken over for payment by the county as a whole and the local districts are relieved of their annual payments, the county funds provided for such purpose shall be deducted from the debt service fund prior to the division of such fund among the schools of the county as provided in Article 31 of this Chapter.

The assumption, as herein provided, by any county, at any time prior to the 28th day of February, 1951, of the indebtedness of local districts for school purposes and all proceedings had in connection therewith are hereby in all respects ratified, approved, confirmed, and validated: Provided, that nothing herein shall prevent counties and local taxing districts from levying taxes to provide for the payment of their debt service requirements if they have not been otherwise provided for. (1955, c. 1372, art. 12, s. 1; 1981, c. 423, s. 1.)

CASE NOTES

Former Section Considered in Pari Materia with Special School Bond Act. — Where former G.S. 115-109, similar to this section, and a special school bond act (Session Laws 1957, c. 1078) dealt with the same general subject, namely, assumption by counties of school district indebtedness, these statutory provisions would be regarded as in pari materia. It was presumed that the earlier general act was known to the legislature when it enacted the later special act, and that the later statute was enacted in the light of and in reference to the former general statute on the same subject. Strickland v. Franklin County, 248 N.C. 668, 104 S.E.2d 852 (1958).

§ 115C-474. Taxes levied and collected for bonds assumed to be paid into school debt service fund of county; discharge of sinking fund custodian.

In any county where the bonds of a local district have been assumed under the provisions of this Article, all taxes levied and collected for the purpose of paying the principal of and interest on said bonds, or for creating a sinking fund for the retirement of said bonds, shall be deposited in the school debt service fund of the county. The custodian of all moneys and other assets of a sinking fund created for the retirement of said bonds is hereby authorized to turn over such moneys and assets to the county treasurer, the county sinking fund commissioner or other county officer charged with the custodianship of sinking funds, and such custodian shall thereby be discharged from further responsibility for administration of and accounting for such sinking fund. (1955, c. 1372, art. 12, s. 2; 1981, c. 423, s. 1.)

§ 115C-475. Allocation to district bonds of taxes collected.

The collections of taxes levied for debt service on all taxable property of a county in which local district bonds have been assumed shall be proportionately allocated to each issue of such bonds. (1955, c. 1372, art. 12, s. 3; 1981, c. 423, s. 1.)

§§ 115C-476 through 115C-480: Reserved for future codification purposes.

ARTICLE 34.

Refunding and Funding Bonds of School Districts.

§ 115C-481. School district defined.

The term "school district" as used in this Article shall be deemed to include any special school taxing district, local tax district, special charter district, city administrative unit or other political subdivision of a county by which or on behalf of which bonds have been issued for erecting and equipping school buildings, or for refunding the same, and such bonds are outstanding. (1955, c. 1372, art. 13, s. 1; 1981, c. 423, s. 1.)

§ 115C-482. Continuance of district until bonds are paid.

Notwithstanding the provisions of any law which affect the continued existence of a school district or the levy of taxes therein for the payment of its bonds, such school district shall continue in existence with its boundaries unchanged from those established at the time of issuance of its bonds, unless such boundaries shall have been extended and thereby embrace additional territory subject to the levy of such taxes, until all of its outstanding bonds, together with the interest thereon, shall be paid. (1955, c. 1372, art. 13, s. 2; 1981, c. 423, s. 1.)

§ 115C-483. Funding and refunding of bonds authorized; issuance and sale or exchange; tax levy for repayment.

The board of commissioners of the county in which any such school district is located is hereby authorized to issue bonds at one time or from time to time for the purpose of refunding or funding the principal or interest of any bonds of such school district then outstanding. Such refunding or funding bonds shall be issued in the name of the school district and they may be sold or delivered in exchange for or upon the extinguishment of the obligations or indebtedness refunded or funded. Except as otherwise provided in this Article, such refunding and funding bonds shall be issued in accordance with the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act.

The tax-levying body or bodies authorized by law to levy taxes for the payment of the bonds, the principal or interest of which shall be refunded or funded, shall levy annually a special tax on all taxable property in such school district sufficient to pay the principal and interest of said refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 3; 1981, c. 423, s. 1.)

§ 115C-484. Issuance of bonds by cities and towns; debt statement; tax levy for repayment.

In case the governing body of any city or town is the body authorized by law to levy taxes for the payment of the bonds of such district, whether the territory embraced in such district lies wholly or partly within the corporate limits of such city or town, such governing body of such city or town is hereby authorized to issue bonds at the time or from time to time for the purpose of refunding or funding the principal or interest of any bonds then outstanding which were issued by or on behalf of such school district. Except as otherwise provided in this Article, such refunding and funding bonds shall be issued in accordance with the provisions of the Local Government Bond Act, relating to the issuance of refunding and funding bonds under that act, and the provisions of the Local Government Finance Act, except in the following respects:

(1) The bonds shall be issued in the name and on behalf of the school district by the governing body of such city or town.

(2) It shall not be necessary to include in the ordinance authorizing the bonds, or in the notice required to be published after the passage of the ordinance, any statement concerning the filing of a debt statement, and, as applied to said bonds, G.S. 159-54 and G.S. 159-55 (the Local Government Bond Act,) shall be read and understood as if they contained no requirements in respect to such matters.

(3) The governing body of such city or town shall annually levy and collect a tax ad valorem upon all the taxable property in such school district sufficient to pay the principal and interest of such refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 4; 1981, c. 423, s. 1.)

Critical School Facility Needs Fund.

§§ 115C-489.1 through 115C-489.2: Repealed by Session Laws 1995, (Reg. Sess., 1996), c. 631, s. 14, effective 30 days after the last school administrative unit on the priority list established in 1988 by The Commission on School Facility Needs is funded.

Editor's Note. — Session Laws 1995 (Reg. Sess., 1996), c. 631, s. 14, provides: "Effective 30 days after the last local school administrative unit on the priority list established in 1988 by The Commission on School Facility Needs is funded under G.S. 115C-489.2, Article 34A of Chapter 115C of the General Statutes is repealed. Any unexpended funds in the Critical School Facility Needs Fund, as provided for in G.S. 115C-489.1, which is repealed by this section, are transferred to the Public School Building Capital Fund created in G.S. 115C-546.1." The contingency was met in October 2003, when Wake County became the last school system to receive targeted funding under the program.

Session Laws 1995 (Reg. Sess., 1996), c. 631, s. 17, provides in part: "This act does not obligate the General Assembly to appropriate funds."

§§ 115C-489.3, 115C-489.4: Repealed by Session Laws 1995 (Regular Session, 1996), c. 631, s. 13.

Cross References. — For provisions regarding erection of school buildings, see G.S. 115C-521.

Editor's Note. — Former G.S. 115C-489.3(c) provided that the statewide school facility minimum standards adopted by the State Board of Education pursuant to that section should apply to the construction, reconstruction, enlargement, and improvement of all school buildings after the standards were adopted, regardless of the source of the funds for the project. For provisions regarding erection of school buildings, see G.S. 115C-521.

Session Laws 1995 (Reg. Sess., 1996), c. 631, s. 17, provides in part: "This act does not obligate the General Assembly to appropriate funds."

Session Laws 1996, Second Extra Session, c. 18, s. 18.17(b), effective August 3, 1996, repealed G.S. 115C-489.3(c), regarding application of the statewide school facility minimum standards. Because this section was repealed by Session Laws 1995 (Regular Session, 1996), c. 631, s. 13, this separate repeal of subsection (c) is not set out.

ARTICLE 34B.

Qualified Zone Academy Bonds and Qualified School Construction Bonds.

§ 115C-489.5. Qualified zone academy bonds and qualified school construction bonds; findings.

The General Assembly finds:

(1) Section 226 of the Taxpayer Relief Act of 1997, as codified at 26 U.S.C. § 54E, provides funds for school improvements through taxable qualified zone academy bonds. Ninety-five percent (95%) or more of the proceeds of a qualified zone academy bond issue must be used for a qualified purpose with respect to a qualified zone academy established by an eligible local education agency.

(2) Partnerships between private entities and local schools are promoted through the use of qualified zone academy bonds. Issuers must certify that they have received written commitments from one or more private entities to make qualified contributions valued at ten percent (10%) of the proceeds of the issue.

(2a) Section 1521, et seq., of the American Recovery and Reinvestment Tax Act of 2009 (ARRTA), enacted as 26 U.S.C. § 54F, provides a new source of funds for construction, rehabilitation, or repair of public school facilities or for acquisition of land for public school facilities through the issuance of qualified school construction bonds.

(3) Eligible taxpayers may receive federal tax credits for holding the qualified zone academy bonds or qualified school construction bonds. It is intended that the qualified zone academy bonds and qualified school construction bonds be sold at a price so that the tax credits received produce the economic equivalent of interest that otherwise would have been paid on the bonds. Therefore, issuers of qualified zone academy bonds or qualified school construction bonds are obligated to repay the principal amount of the qualified zone academy bonds or qualified school construction bonds but need not make interest payments.

(4) Applicable federal law limits the amount of qualified zone academy bonds and qualified school construction bonds that may be issued in

North Carolina in a calendar year. The amount of qualified school construction bonds that may be issued in the State is divided between amounts specifically designated for identified local school districts pursuant to ARRTA ("local allocation") and amounts allocated to the entire State for use throughout the State ("statewide allocation"). (2000-69, s. 1; 2009-140, s. 1.)

Editor's Note. — Subdivisions (1) through (4) were enacted as (a) through (d) and have been redesignated at the direction of the Revisor of Statutes.

Session Laws 2000-69, s. 4, in part, provides: "Interpretation of Act.

"(a) Additional Method. This act provides an additional and alternative method for the doing of the things it authorizes and is as supplemental and additional to powers conferred by other laws. Except as otherwise expressly provided, it does not derogate any powers now existing.

"(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

"(c) Liberal Construction. This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes."

Session Laws 2000-69, s. 4(d) contains a severability clause.

Effect of Amendments. — Session Laws 2009-140, s. 1, effective June 19, 2009, added "and Qualified School Constructions Bonds" at the end of the article heading; inserted "and qualified school construction bonds" in the section heading; in subdivision (1), substituted "26 U.S.C. § 54E" for "26 U.S.C. § 1397E"; added subdivision (2a); in subdivision (3), inserted "or qualified school construction bonds" three times, in the second sentence, substituted "and qualified school construction bonds be sold at a price so that the tax credits received produce the economic equivalent" for "be sold at par value so that the tax credits received are instead"; and in subdivision (4), inserted "and qualified school construction bonds" in the first sentence, and added the second sentence.

§ 115C-489.6. Administration; consultation; issuance of bonds.

(a) QZAB Program. — The State Board of Education is designated the State education agency responsible for administering the qualified zone academy bond program in North Carolina for the purposes of 26 U.S.C. § 54E. The State Board of Education shall perform all activities required to implement and carry out the qualified zone activity bond program in North Carolina. Those activities include:

(1) Defining those areas and schools that are eligible under federal law to participate in the qualified zone academy bond program in North Carolina.

(2) Designing an application process under which proposals may be solicited from qualified zone academies.

(3) Determining the eligibility of an applicant to be a participating qualified zone academy.

(4) Awarding the State's allocation of total funds among selected applicants and establishing conditions upon the usage of the allocation. These conditions must include:

  a. Requiring that the bond proceeds be used only for rehabilitating or repairing the public school facility in which the qualified zone academy is located, which may include (i) wiring and other infrastructure improvements related to providing technology and (ii) equipment related to the rehabilitation or repair, but not personal computers or similar technology equipment.

  b. Conditions designed to assure that the allocation is used in a timely manner.

(5) Confirming that the terms of any qualified zone academy bonds issued in accordance with this program are consistent with the terms of the federal program.

(a1) Qualified School Construction Bond Program. — The State Board of Education is designated the State education agency responsible for administering the statewide allocation of authority to issue qualified school construction bonds under 26 U.S.C. § 54F. The State Board of Education shall perform all activities required to implement and carry out the statewide allocation for the qualified school construction bond program in North Carolina. Those activities include:

(1) Designing an application process under which proposals may be solicited from issuers wishing to issue qualified school construction bonds pursuant to the statewide allocation.

(2) Awarding the State's allocation of total funds among selected applicants and establishing conditions upon the usage of the allocation. These conditions may include:

  a. Requiring that the bond proceeds be used for purposes permitted under 26 U.S.C. § 54F.

  b. Conditions designed to assure that the allocation is used in a timely manner and that the allocations are made in accordance with the requirements of federal statutes, regulations, and rulings.

(3) Confirming that the terms of any qualified school construction bonds issued in accordance with this program are consistent with the terms of the federal program.

(4) Acting as the State entity designated to receive notice from any local school district that it will not utilize its local allocation so that the unused resource will become part of the statewide allocation. Local school districts receiving a local allocation are hereby directed to coordinate the use of such allocation with the State Board of Education so that any local allocation that will not be used by the local school district becomes eligible for use as part of the statewide allocation.

(b) Assistance. — The Department of Public Instruction shall provide the State Board of Education any support it requires in carrying out this section.

(c) Consultation. — In reviewing applications and awarding allocations, the State Board of Education shall consult with the Local Government Commission to determine whether a prospective issuer of qualified zone academy bonds or qualified school construction bonds is able to issue or incur marketable obligations.

(d) Issuance of Bonds. — Any qualified zone academy bonds or qualified school construction bonds may be issued pursuant to the applicable provisions of and in compliance with the Local Government Bond Act, Article 4 of Chapter 159 of the General Statutes, or pursuant to the applicable provisions of and in compliance with G.S. 160A-20, to the extent authorized by G.S. 153A-158.1. As provided in G.S. 159-123(b), qualified zone academy bonds or qualified school construction bonds to be issued pursuant to the Local Government Bond Act may be sold by the Local Government Commission at private sale. (2000-69, s. 1; 2009-140, s. 1.)

Article 35.

Voluntary Endowment Fund for Public Schools.

§ 115C-490. Creation of endowment funds; administration.

Any local board of education is hereby authorized and empowered upon the passage of a resolution to create and establish a permanent endowment fund which shall be financed by gifts, donations, bequests or other forms of voluntary contributions. Any endowment fund established under the provisions of this Article shall be administered by the members of such board of education who, ex officio, shall constitute and be known as "The Board of Trustees of the Endowment Fund of the Public Schools of __________ County or __________ City or Town" (in which shall be inserted the name of the county, city or town). The board of trustees so established shall determine its own organization and methods of procedure. (1961, c. 970; 1981, c. 423, s. 1.)

§ 115C-491. Boards of trustees public corporations; powers and authority generally; investments.

Any board of trustees created and organized under this Article shall be a body politic, public corporation and instrumentality of government and as such may sue and be sued in matters relating to the endowment fund and shall have the power and authority to acquire, hold, purchase and invest in all forms of property, both real and personal, including, but not by way of limitation, all types of stocks, bonds, securities, mortgages and all types, kinds and subjects of investments of any nature and description. The board of trustees of said endowment fund may receive pledges, gifts, donations, devises and bequests, and may in its discretion retain such in the form in which they are made, and may use the same as a permanent endowment fund. The board of trustees of any endowment fund created hereunder shall have the power to sell any property, real, personal or choses in action, of the endowment fund, at either public or private sale. The board of trustees shall be responsible for the prudent investment of any funds or moneys belonging to the endowment fund in the exercise of its sound discretion without regard to any statute or rule of law relating to the investment of funds by fiduciaries. (1961, c. 970; 1981, c. 423, s. 1.)

§ 115C-492. Expenditure of funds; pledges.

It is not the intent that such endowment fund created hereunder shall take the place of State appropriations or any regular appropriations, tax funds or other funds made available by counties, cities, towns or local school administrative units for the normal operation of the public schools. Any endowment fund created hereunder, or the income from same, shall be used for the benefit of the public schools of the county, city or town involved and to supplement regular and normal appropriations to the end that the public schools may improve and increase their functions, may enlarge their areas of service and may become more useful to a greater number of people. The board of trustees in its discretion shall determine the objects and purposes for which the endowment fund shall be spent. Nothing herein shall be construed to prevent the board of trustees of any such endowment fund established hereunder from receiving pledges, gifts, donations, devises and bequests and from using the same for such lawful school purposes as the donor or donors designate: Provided, always, that the administration of any such pledges, gifts, donations, devises and bequests, or the expenditure of funds from same, will not impose any financial burden or obligation on the State of North Carolina or any subdivisions of government of the State. The board of trustees may, with the consent of the donor of any pledges, transfer and assign such pledges as security for loans. This consent by the donor may be made at the time of the pledge or at any time before said pledges are paid off in full. It is the purpose of this provision to enable the board of trustees to have the immediate use of funds which the donor may desire to pledge as payable over a period of years. (1961, c. 970; 1981, c. 423, s. 1.)

§ 115C-493. When only income from fund expended.

Where the donor of said pledges, gifts, donations, devises and bequests so provides, the board of trustees shall keep the principal of such gift or gifts intact and only the income therefrom may be expended. (1961, c. 970; 1981, c. 423, s. 1.)

§ 115C-494. Property and income of board of trustees exempt from State taxation.

All property received, purchased, contributed or donated to the board of trustees for the benefit of any endowment fund created hereunder and all donations, gifts and bequests received or otherwise administered for the benefit of said endowment fund, as well as the principal and income from said endowment fund, shall at all times be free from taxation, of any nature whatsoever, within the State. (1961, c. 970; 1981, c. 423, s. 1.)

§§ 115C-495 through 115C-499: Reserved for future codification purposes.

SUBCHAPTER VIII. LOCAL TAX ELECTIONS.

Article 36.

Voted Tax Supplements for School Purposes.

§ 115C-500. Superintendents must furnish boundaries of special taxing districts.

It shall be the duty of superintendents to furnish tax listers at tax listing time the boundaries of each taxing district as provided in G.S. 115C-276(m). (1981, c. 423, s. 1.)

Local Modification. — (As to Article 36) Transylvania: 1983, c. 363.

§ 115C-501. Purposes for which elections may be called.

(a) To Vote a Supplemental Tax. — Elections may be called by the local tax-levying authority to ascertain the will of the voters as to whether there shall be levied and collected a special tax in the several local school administrative units, districts, and other school areas, including districts formed from contiguous counties, to supplement the funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget. When supplementary funds are authorized by the carrying of such an election, such funds may be used to employ additional teachers other than those allotted by the State, to teach any grades or subjects or for kindergarten instruction, to establish and maintain approved summer schools, to make the contribution to the Teachers' and State Employees' Retirement System of North Carolina for such teachers, or for any object of expenditure: Provided, that elections may be called to ascertain the will of the voters of an entire county, as to whether there shall be levied and collected a special tax on all the taxable property within the county for the purposes enumerated in this subsection. In such event, the supplemental tax shall be apportioned among the local school administrative units in the county pursuant to G.S. 115C-430.

(b) To Increase a Supplemental Tax Rate. — Elections may be called in any school area which has previously voted a supplemental tax of less than the maximum for the purpose of increasing the rate of tax previously voted but not to exceed the maximum.

(c) To Enlarge City Administrative Units. — Elections may be called in any districts, or other school areas, of a county administrative unit to ascertain the will of the voters in such districts or other school areas, as to whether an adjoining city administrative unit shall be enlarged by consolidating such districts, or other school areas, with such city administrative unit, and whether after such enlargement of the city administrative unit there shall be levied in such other districts, or other school area or areas, so consolidated with the city administrative unit the same school taxes as shall be levied in the other portion of the city administrative unit.

(d) To Supplement and Equalize Educational Advantages. — Elections may be called in any area of a county administrative unit which is enclosed in one common boundary line to ascertain the will of the voters as to whether there shall be levied and collected a special tax to supplement and equalize the standards on which the schools in such areas are operated, and at the same time repeal any special taxes heretofore voted by any parts of such area.

(e) To Abolish a Special School Tax. — Elections may be called in any local school administrative unit, district or other school area which has previously voted a supplemental tax, to ascertain the will of the people as to whether such tax shall be abolished.

(f) To Vote School Bonds. — Boards of county commissioners are authorized as provided by law to call elections to ascertain the will of the voters as to whether bonds for school purposes may be issued.

(g) To Provide a Supplemental Tax on a Countywide Basis after Petition for Consolidation of City or County Administrative Units. — Elections may be called for an entire county on the question of a special tax to supplement the funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget, where the boards of education of all the city administrative units in said county have petitioned the county board of education for a consolidation with the county administrative unit pursuant to the provisions of the first paragraph of G.S. 115C-70(a) and prior to the approval of said petitions by the county and State boards of education. In which event, and provided the petitions so specify, if said election for a countywide supplemental tax fails to carry, said petitions may be withdrawn and any existing supplemental tax theretofore voted in any of the city administrative units involved or in the county administrative unit shall not be affected. If the vote for the countywide supplemental tax carries, said tax shall not be levied unless and until the consolidation of the units involved shall be completed according to the requirements of the first paragraph of G.S. 115C-70(a).

(h) To Annex or Consolidate Areas or Districts from Contiguous Counties and to Provide a Supplemental School Tax in Such Annexed Areas or Consolidated Districts. — An election may be called in any districts or other school areas, from contiguous counties, as to whether the districts in one county shall be enlarged by annexing or consolidating therewith any adjoining districts, or other school area or areas from an adjoining county, and if a special or supplemental school tax is levied and collected in the districts of the county to which the territory is to be annexed or consolidated, whether upon such annexation or consolidation there shall be levied and collected in the territory to be annexed or consolidated the same special or supplemental tax for schools as is levied and collected in the districts in the other county. If such election carries, the said special or supplemental tax shall be collected pursuant to G.S. 115C-511 and remitted to the local school administrative unit on whose behalf such special and supplemental tax is already levied: Provided, that notwithstanding the provisions of G.S. 115C-508, if the notice of election clearly so states, and the election shall be held prior to August 1, the annexation or consolidation shall be effective and the tax so authorized shall be levied and collected beginning with the fiscal year commencing July 1 next preceding such elections.

(i) To Vote School Bonds and Taxes in Certain Merged School Administrative Units. — Elections for the purpose of authorizing the levy of certain taxes and the issuance of bonds shall be called by a merged school administrative unit described in G.S. 115C-513 with the consent of the boards of county commissioners of both counties in which the merged unit is located. The election shall be conducted and the results canvassed by the boards of elections of both counties. The boards of elections shall certify the results of the election to the board of education of the merged school administrative unit. The board of education shall certify and declare the result of the election, which shall be determined on an aggregate basis from the results certified by the boards of elections. The board of education shall publish a statement of the result once as provided in the Local Government Bond Act, Article 4 of Chapter 159 of the General Statutes. (1955, c. 1372, art. 14, s. 1; 1957, c. 1066; c. 1271, s. 1; 1959, c. 573, s. 9; 1961, c. 894, s. 2; c. 1019, s. 1; 1975, c. 437, ss. 2-4; 1981, c. 423, s. 1; 1991, c. 325, s. 2.)

Editor's Note. — G.S. 115C-70, referred to in this section, was repealed by Session Laws 1985 (Reg. Sess., 1986), c. 975, s. 24.

Session Laws 2002-159, s. 91.1, provides: "Nothing in the General Statutes or any local act entitles any charter school, prior to July 1, 2003, to recover retroactively any funds from penalties, fines, and forfeitures or supplemental school taxes."

CASE NOTES

Editor's Note. — *Most of the cases below were decided under corresponding provisions of former Chapter 115 and earlier statutes.*

Intent of Former Article. — The clear intent of Article 14 of former Chapter 115, similar to this Article, was to provide a method by which the county commissioners could be compelled to call an election to obtain a tax levy or for other purposes. Harris v. Board of Comm'rs, 1 N.C. App. 258, 161 S.E.2d 213, aff'd, 274 N.C. 343, 163 S.E.2d 387 (1968).

Additional Tax to Supplement Teachers' Salaries. — In levying an additional tax for the purpose of supplementing teachers' salaries pursuant to former G.S. 115-80(a), the board of county commissioners acted as an agency of the State under a delegation of authority from the General Assembly to carry out the duty imposed upon it by the state Constitution, to maintain a system of public schools. Harris v. Board of Comm'rs, 1 N.C. App. 258, 161 S.E.2d 213, aff'd, 274 N.C. 343, 163 S.E.2d 387 (1968).

Additional Decisions Under Former Statutes. — As to local tax elections for schools, see Gill v. Board of Comm'rs, 160 N.C. 176, 76 S.E. 203 (1912); Chitty v. Parker, 172 N.C. 126, 90 S.E. 17 (1916); Sparkman v. Board of Comm'rs, 187 N.C. 241, 121 S.E. 531 (1924); Evans v. Mecklenburg County, 205 N.C. 560, 172 S.E. 323 (1934); Forester v. Town of North Wilkesboro, 206 N.C. 347, 174 S.E. 112 (1934); Freeman v. City of Charlotte, 206 N.C. 913, 174 S.E. 453 (1934); Onslow County Bd. of Educ. v. Onslow County Bd. of Comm'rs, 240 N.C. 118, 81 S.E.2d 256 (1954).

As to elections on the question of enlarging local tax districts, see Perry v. Board of Comm'rs, 183 N.C. 387, 112 S.E. 6 (1922); Hicks v. Board of Educ., 183 N.C. 394, 112 S.E. 1 (1922); Barnes v. Board of Comm'rs, 184 N.C. 325, 114 S.E. 398 (1922); Board of Educ. v. Bray Bros. Co., 184 N.C. 484, 115 S.E. 47 (1922); Vann v. Board of Comm'rs, 185 N.C. 168, 116 S.E. 421 (1923); Plott v. Board of Comm'rs, 187 N.C. 125, 121 S.E. 190 (1924); Blue v. Board of Trustees, 187 N.C. 431, 122 S.E. 19 (1924); Jones v. Board of Educ., 187 N.C. 557, 122 S.E. 290 (1924); Carr v. Little, 188 N.C. 100, 123 S.E. 625 (1924).

Meaning of "Local Current Expense Appropriation". — The phrase "local current expense appropriation" in G.S. 115C-238.29H(b) of the Charter School Funding Statute (Current Operations Appropriations and Capital Improvement Appropriations Act of 1998) is synonymous with the phrase "local current expense fund" in G.S. 115C-426(e) of the School Budget and Fiscal Control Act. Hence, in addition to an equal per pupil share of the county's annual appropriation to school board's local current expense fund, charter school was entitled to a share of supplemental school taxes and penal fines and forfeitures received by the board. Floyd v. Lumberton City Bd. of Educ., 71 N.C. App. 670, 324 S.E.2d 18 (1984); Francine Delany New Sch. for Children, Inc. v. Asheville City Bd. of Educ., 150 N.C. App. 338, 563 S.E.2d 92, 2002 N.C. App. LEXIS 490 (2002), cert. denied, 356 N.C. 670, 577 S.E.2d 117 (2003).

§ 115C-502. Maximum rate and frequency of elections.

(a) A tax for supplementing the public school budget shall not exceed fifty cents (50¢) on the one-hundred-dollar ($100.00) value of property subject to taxation by the local school administrative unit: Provided, that in any local school administrative unit, district, or other school area having a total population of not less than 100,000 said local annual tax that may be levied shall not exceed sixty cents (60¢) on one-hundred-dollars ($100.00) valuation of said property.

(b) If a majority of those who vote in any election called pursuant to the provisions of this Article do not vote in favor of the purpose for which such election is called, another election for the same purpose shall not be called for and held in the same local school administrative unit, district, or area until the lapse of six months after the prior election. However, the foregoing time limitation shall not apply to any election held in a local school administrative unit, district, or other school area which is larger or smaller than the local school administrative unit, district, or area in which the prior election was held, or to any election held for a different purpose than the prior election. (1955, c. 1231; c. 1372, art. 14, s. 2; 1957, c. 1271, s. 2; 1959, c. 573, s. 10; 1975, c. 437, s. 5; 1981, c. 423, s. 1.)

§ 115C-503. Who may petition for election.

Local boards of education may petition the board of county commissioners for an election in their respective local school administrative units or for any school areas therein.

A majority of the qualified voters who have resided for the preceding 12 months in an area which is adjacent to a city administrative unit may petition the county board of education for an election on the question of annexing such area to the city administrative unit. For any of the other purposes enumerated in G.S. 115C-501, twenty-five percent (25%) of the qualified voters who reside in a local school administrative unit may petition the local board of education for an election. (1955, c. 1372, art. 14, s. 3; 1961, c. 1019, s. 2; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 975, s. 7.)

§ 115C-504. Necessary information in petitions.

The petition for an election shall contain such of the following information as may be pertinent to the proposed election:

(1) Purpose for calling the proposed election.

(2) A legally sufficient description of the area, by metes and bounds or otherwise, in which the election is requested.

(3) The maximum rate of tax which is proposed to be levied. This subdivision shall not apply to a petition for an election to enlarge a city administrative unit.

(4) If the petition is for an election to enlarge a city administrative unit, it shall state therein that, if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement, such area shall be consolidated with the city administrative unit, effective July 1 next following such election, and that there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax to provide for the payment of school bonds theretofore issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

(5) If the petition for an election is to supplement and equalize educational advantages, and if any school districts in the area in which it is proposed to vote such a tax have heretofore voted a supplementary tax, the petition and the notice of election shall state that in the event such election is carried, it will repeal all local taxes heretofore voted in any district except those in effect for debt service in any district, unless such debt service obligation is assumed by the county or otherwise provided for. (1955, c. 1372, art. 14, s. 4; 1957, c. 1271, ss. 3-5; 1981, c. 423, s. 1.)

§ 115C-505. Boards of education must consider petitions.

The board of education to whom the petition requesting an election is addressed shall receive the petition and give it due consideration. If, in the discretion of the board of education, the petition for an election shall be approved, it shall be endorsed by the chairman and the secretary of the board and a record of the endorsement shall be made in the minutes of the board. Petitions for an election to enlarge a city administrative unit shall be subject to the approval and endorsement of both county and city boards of education which are therein affected.

Local boards of education shall have no discretion in granting an election to abolish a special school tax in any local school administrative unit, or district, or other school area, which has previously voted a supplemental tax, whenever a majority of the qualified voters residing in said local school administrative unit, district or school area shall petition for an election. When such a petition, showing the proper number of names of qualified voters, is presented to a board of education, it is hereby made mandatory that such petition shall be granted and the election held. If at the election a majority of those in the district who have voted thereon have voted "against local tax," the tax shall be deemed revoked and shall not be levied: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes Counties, petition of twenty-five percent (25%) of the number of voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient.
